Prayer

O Lord, we would know Thee better that we might love Thee more and thus be more useful as leaders of this state. Forgive us for our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in our fellows and the evil in ourselves. Let us not break faith with any of yesterday's promises nor leave unrepaid any of yesterday's wrongs. Help us to make the most of this day and thus prepare for tomorrow. Show us what we can do to make our state a better place in which all men may dwell. Amen.

6 joint use of a consolidated communications system by

7 departments, agencies, and subdivisions of state govern-
8 ment. It is, therefore, declared to be the purpose of
9 this act and the policy of the state to provide for the
10 development of an efficient and reliable communications

11 in any communications common carrier or other company
12 engaged in the furnishing of communication services or

15 of Administrative Services to be not significant shall
16 not be considered disqualifying.

Sec. 4. The director shall have the following
2 duties, powers and responsibilities:

3 (1) To coordinate the purchase, lease, and use of
4 communications services for state government;

5 (2) To advise departments and agencies of the
6 state and political subdivisions thereof as to systems
7 or methods to be used to meet requirements efficiently
8 and effectively;

9 (3) To consolidate the communications systems and

22 emergencies;

23 (7) To use or acquire communications facilities

32 and repair procedures and facilities so far as possible
33 in the light of good business practice and the require-
34 ments of the agencies and departments concerned;

35 (11) To contract with qualified suppliers and
36 communications common carriers for communications
37 facilities or services, including private line services;

38 (12) To apply for, receive, and hold, or, if
39 appropriate, assist agencies in applying for, receiving,
40 or holding such authorizations, licenses, and allocations
41 of channels and frequencies as are necessary to carry out
42 the purposes of this act;

43 (13) To acquire real estate, equipment, and other
44 property as an agency of the state, subject to the pro-

7 of Administrative Services, and the Director of Aeronau-
8 tics. The board shall organize by electing one of its
9 members as chairman, who shall serve for a period of one
10 year and may succeed himself in this office if reelected

12 or upon call of the chairman, the Communications Director,
13 or any two members of the board. The board shall provide
14 advice in the development, management, administration,
15 and operation of a consolidated communications system
16 to meet the communications requirements of all depart-
17 ments and agencies of state government. Board members
18 shall receive no compensation for duties performed as
19 members of the board, but shall be reimbursed for actual
20 expenses incurred while engaged in the performance of
21 their duties under the provisions of this act.

Sec. 6. The division shall have authority to pur-
2 chase or lease communications facilities, services, or
3 channels on terms which are for the best interests of
4 the State of Nebraska. In making the decision as to what
5 proposal is for the best interests of the state, the de-

10 or foregone, interest rates, and obsolescence; (2) the
11 quality of the service offered; (3) the comprehensiveness
12 of the proposed facilities or plan; (4) the financial re-

14 proposal; (5) the repair and maintenance capabilities of
15 the supplier or carrier; (6) the experience as a communi-
16 cations carrier or supplier, as applicable; and (7) the
17 alternate methods or facilities available.

Sec. 7. Personnel of all departments, offices, and
2 agencies of state government shall cooperate and assist

3 to the maximum extent possible in the consolidation and
4 joint use of communications systems and services used
5 by and under the direction of such departments or agencies.

Sec. 8. The Communications Director shall develop
2 a system of equitable billings and charges for communi-
3 cation services provided in any consolidated or joint-
4 use system of communications. Such system of charges
5 shall reflect, as nearly as may be practical, the actual
6 share of costs incurred on behalf of or for services to
7 each department, agency, or political subdivision pro-

9 Services shall be performed or provided upon the request
10 of state departments or agencies covered by the provisions

12 out of appropriated or available funds. All payments
13 shall be deposited in the Communications Revolving Fund.

Sec. 9. There is hereby established a revolving
2 fund to be known as the Communications Revolving Fund.
3 Appropriations made to the Department of Administrative
4 Services for the purposes of this act shall be credited
5 to the revolving fund. All funds received under the
6 provisions of this act, and all funds received for com-
7 munications services provided to any agency, department
8 or other user shall be credited by the division to such
9 revolving fund. The division shall, under policies and
10 procedures established by the director, expend funds from
11 time to time credited to the Communications Revolving
12 Fund for the communications purposes enumerated in this
13 act.

Sec. 10. This act shall not apply to the Nebraska
2 educational television network except for such services
3 or assistance as may be mutually beneficial and agreed
4 upon by and between the communications division and the

6 ditions of emergency declared by the Governor, the com-

11 public assistance and providing aid and protection to
12 life and property.

Sec. 11. In the event of an emergency, the Governor
2 may direct civil defense assumption of control over all
3 or part of the state communications system.

Sec. 12. The Communications Director is hereby
2 authorized to receive gifts, contributions, property

3 and equipment from public or private sources to be util-
4 ized in providing communications services, and to par-
5 ticipate with the federal government in carrying out
6 programs for communications services within the State of
7 Nebraska. Whenever the federal government or any agency
8 or officer thereof shall offer to the state, or through
9 the state to any political subdivision thereof, comuni-

Sec. 14. The state communications system and the
2 director shall not function as a public information or
3 news agency. Communications transmitted on or through
4 the state communications system shall be the privileged
5 information of the sender and receiver; *Provided*, that

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SIXTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska

Tuesday, April 11, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, give us open minds, minds that are ready to receive and to welcome such new light of knowledge as it Thy will to reveal. Let not the past ever be so dear to us as to set a limit to the future. Give us the courage to change our minds when that is necessary. Let us be tolerant of the ideas of others for we never know in what voice Thou wilt speak. Wilt Thou keep our ears open to Thy voice and make us a little more deaf to the whispers of men who would persuade us from our highest duty. For we know in our hearts that only in Thy will is our peace. We pray in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Holmquist, Mahoney and Nore, who were excused.

10 belief that the business will be operated fairly and
11 honestly within the purposes of this act and that the
12 applicant or the applicant and the members thereof or
13 the applicant and the officers and directors thereof have
14 not been convicted of a felony, or that such person has

Sec. 6. Each licensee on or before December 1
2 may make application to the secretary for renewal of its
3 license. The application shall be on the form prescribed
4 by the secretary, and shall be accompanied by a fee of
5 fifty dollars, together with a bond as in the case of an
6 original application. A separate application shall be
7 made for each office.

Sec. 7. (1) The secretary may deny, revoke or
2 suspend any license issued or applied for under this act
3 for the following causes:

- 4 (a) Conviction of a felony;
5 (b) For violating any of the provisions of this
6 act;

17 with the secretary, whereupon a hearing shall be had as
18 to the reasons for any denial, revocation or suspension
19 and a certified copy of the charges shall be served on
20 the licensee or applicant for license not less than ten
21 days nor more than thirty days prior to the hearing.

- 22 (3) No license shall be transferable or assignable.

Sec. 8. Rules and regulations issued by the sec-

3 nish the debtor with a true copy of the contract. The
4 contract shall set forth the complete list of the debtor's
5 obligations to be adjusted, a complete list of the credi-
6 tors holding such obligations, the total charges agreed
7 upon for the services of the licensee and the beginning
8 and expiration date of the contract. No contract shall
9 extend for a period longer than thirty-six months.

Sec. 10. A licensee shall maintain a separate
2 bank account for the benefit of debtors in which all pay-
3 ments received from debtors for the benefit of creditors
4 shall be deposited and in which all payments shall remain
5 until a remittance is made to either the debtor, creditor,
6 or the licensee for fees. Every licensee shall keep, and
7 use in his business, books, accounts and records which
8 will enable the secretary to determine whether such li-
9 censee is complying with the provisions of this act and

10 with the rules and regulations of the secretary. Every
11 licensee shall preserve such books, accounts and records
12 for at least five years after making the final entry on
13 any transaction recorded therein.

Sec. 11. The secretary may examine without notice
2 the condition and affairs of each licensee. In connection

5 tomer, creditor or stockholder of a licensee concerning
6 the affairs and business of the licensee. The secretary
7 shall ascertain whether the licensee transacts its busi-
8 ness in the manner prescribed by law and the rules and
9 regulations issued thereunder. The licensee shall pay
10 the actual cost of the examination as determined by the
11 secretary, which fee shall be deposited in the state
12 treasury to the credit of the General Fund. Failure to
13 pay the examination fee within thirty days of receipt
14 of demand from the secretary shall automatically sus-
15 pend the license until the fee is paid.

16 In the investigation of alleged violations of
17 this act, the secretary may compel the attendance of

20 oath all persons in attendance pursuant thereto.

Sec. 12. (1) The fee of the licensee to be

4 case of cancellation or prepayment shall be clearly stated
5 in the contract. The total fee to be charged by the li-
6 censee shall not be more than fifteen per cent of the
7 amount of money agreed to be paid through the licensee.
8 Fees shall be amortized over the length of the contract
9 and no more than the monthly amortized amount may be ap-

11 effect, except that the licensee may require an initial
12 payment by the debtor of an amount not to exceed twenty-
13 five dollars which shall be credited to the total fee to
14 be charged. In the event of cancellation, the licensee
15 shall be entitled to receive not more than twenty-five
16 per cent of the remaining unamortized fee agreed upon in
17 the contract. No licensee shall be entitled to any fee
18 or charge against the debtor, upon any contract until the

22 creditors.

Sec. 13. Each licensee shall:

- 2 (1) Keep complete and adequate records during the
3 term of the contract and for a period of five years from
4 the date of cancellation or completion of the contract
5 with each debtor, which records shall contain complete

7 payments, disbursements and charges, which records shall
8 be open to inspection by the secretary and his duly ap-
9 pointed agents during normal business hours;
- 10 (2) Make remittances to creditors within fifteen
11 days after receipt of any funds, and within seven days
12 if such funds are in the form of cash, less fees and costs,
13 unless the reasonable payment of one or more of the debtor's
14 obligations requires that such funds be held for a longer
15 period so as to accumulate a sum certain. In no case may
16 the licensee retain funds longer than thirty-five days
17 after receipt from the debtor;
- 18 (3) Upon request furnish the debtor a written state-
19 ment of his account each ninety days, or a verbal account-
20 ing at any time the debtor may request it during normal
21 business hours;
- 22 (4) Accept no account unless a written and thorough
23 budget analysis indicates that the debtor can reasonably
24 meet the payments required by the budget analysis; and
- 25 (5) In the event a compromise of a debt is arranged
26 by the licensee with any one or more creditors, the debtor
27 shall have the full benefit of that compromise.

Sec. 14. No licensee shall:

- 2 (1) Purchase from a creditor any obligation of a
3 debtor;
- 4 (2) Operate as a collection agent and as a licensee
5 as to the same debtor's account;

7 by the debtor unless the contract or agreement is fully
8 and completely filled in and finished;
- 9 (4) Receive or charge any fee in the form of a
10 promissory note or other promise to pay, or receive or
11 accept any mortgage or other security for any fee, either
12 as to real or personal property;

13 (5) Pay any bonus or other consideration to any
14 person for the referral of a debtor to his business, nor
15 shall he accept or receive any bonus, commission or other
16 consideration for referring any debtor to any person for
17 any reason; or

18 (6) Advertise his services, display, distribute,
19 broadcast or televise or permit to be displayed, adver-
20 tised, distributed, broadcasted or televised his services
21 in any manner whatsoever wherein is made any false, mis-
22 leading or deceptive statement or representation with re-
23 gard to the services to be performed by the licensee or
24 the charges to be made therefor.

Sec. 15. (1) Any person, partnership, association,
2 corporation or any other group of individuals, however or-
3 ganized, or any owner, partner, member, officer, director,
4 employee, agent or representative thereof who willfully
5 or knowingly engages in the business of debt management
6 without the license required by this act, shall be guilty
7 of a misdemeanor and shall, upon conviction thereof be
8 punished by a fine of not more than five hundred dollars,
9 or by imprisonment in the county jail for not more than
10 six months, or by both such fine and imprisonment.

Sec. 16. All actions in any of the courts of this
2 state under the provisions of this act shall be commenced
3 within five years next after the cause of action shall
4 accrue.

Sec. 17. All fees collected under the provisions

Prayer was offered by the Chaplain.

Prayer

O God, prepare our hearts and minds for the business of this day that we may throughout behave with genuine courtesy and honor before our colleagues. Help us to be just and honest in all our dealings. May we listen to those who have something to say but never lose our own capacity to discriminate between right and wrong. Save us from the fallacy of depending upon our personality or ingenuity to solve our problems, and make us more willing to do the hard work that is necessary to be well informed. Since we believe Thou art the source of truth, may we listen to Thee at the beginning of this day so that at the end we may hear Thy blessing, "Well done, thou good and faithful servant." Amen.

SEVENTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 14, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

O God, in the midst of the troubles that surround us, when compromises come home to roost and expediciencies return to plague us, keep us this day from adding to the mistakes of the past. Save us from accepting a little of what we know to be wrong in order to gain of what we imagine to be right. Help us to stand up consistently and with courage for the rights of the people and the principles to which we hold. Above the many loud voices that would tell us what to do, may we listen for Thy still small voice within speaking to our hearts. Amen.

The roll was called and all members were present except Messrs. Batchelder, Moylan, Harsh, Holmquist, Ruhnke, Carstens and Messrs. Swanson and Danner who were excused until 10:30 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SEVENTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska

Monday, April 17, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Lord, make me a channel of Thy peace; that where there is hatred I may bring love. That where there is wrong I may bring the spirit of forgiveness. That where there is discord I may bring harmony. That where there is error, I may bring truth. That where there is doubt I may bring faith. That where there is despair I may bring hope. That where there are shadows I may bring light. That where there is sadness I may bring joy. Lord, grant that I may seek rather to comfort than to be comforted. To understand than to be understood. To love than to be loved. For it is by giving that one receives, it is by forgetting that one finds, by forgiving that one is forgiven. It is by dying that one awakens to eternal life. Amen.

The roll was called and all members were present except Messrs. Adamson, Gerdes, Proud, E. Rasmussen; Knight who was excused until 9:25 a.m. and Viehmeyer who was excused until 10:00 a.m.

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer

In the name of Jesus Christ who was never in a hurry, we take this minute, O God, praying that Thou wilt slow us down for we know that we are living too fast. If we are to burn ourselves out, may it be in causes worth dying for. With all of eternity set before us, make us take time to live, time to get acquainted with Thee, time to enjoy Thy blessings, and time to know one another. Deliver us from wasting time and teach us how to use it wisely and well, in the spirit of Christ. Amen.

The roll was called and all members were present except Messrs. Adamson, E. Rasmussen and Skarda who were excused.

UNANIMOUS CONSENT—Print Letter

Mr. Carpenter asked unanimous consent that the following letter be printed in the Journal. No objections. So ordered.

18 April 1967

The Honorable Terry Carpenter
Nebraska State Legislature
State Capitol Building
Lincoln, Nebraska 68509

Dear Senator Carpenter:

In answer to your inquiry, made while you were attending the regular meeting of the Board of Health yesterday, the Board has directed me to answer that it is entirely practical and feasible to incorporate laboratory facilities for the Department of Health and the Department of Agriculture within the proposed new State Office Building. When space in such an office building is designed initially for laboratory use, it can be made completely free from features which would be objectionable or hazardous to the other occupants of the building.

In the opinion of the Board of Health, it would be much preferable to have our laboratory facilities incorporated into the State Office Building, rather than have a splendid, well-designed separate laboratory building erected on a thoroughly undesirable site.

The Board has also directed me to call your attention to the fact that, should it be possible to find a building site without the undesirable features present in the one which was selected for the Agriculture-Health Laboratory building, this would be entirely ac-

ceptable and would give us relief from the present crowded and undesirable conditions at a much earlier date.

Yours truly,

(Signed) E. A. Rogers, M.D., M.P.H.
Director of Health

MOTION—Letting of Contracts

Mr. President: I move the Capitol Building Commission be requested to delay any further action on the letting of any contracts for the laboratory facilities of the State Department of Health until the Legislature shall have the opportunity to determine whether or not such facilities should be incorporated into a new office building which is now being considered to be built by the City of Lincoln at lease to the State of Nebraska.

(Signed) Terry Carpenter

The motion prevailed.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SEVENTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 19, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

As we take these moments to pause in Thy presence, we know that in our relations with others there is a time to speak and a time to keep silent. Help us to tell the one from the other. When we should speak, give us the courage of our convictions; when we would keep silent, restrain us from speaking lest in our desire to appear wise we give ourselves away. Teach us the sacraments of silence that we may use them to know ourselves, to understand one another, and above all else to know Thee. Then we shall truly be wise, through Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Bloom and Kremer who were excused.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SEVENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 20, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, save us from ever feeling fatally resigned to things as they are. Where need exists, goad us on to doing goodness which requires our actions. Where we see the possibility of a better society, lead us to those actions which bring about that society. Where we hold convictions, stir us to stand up for them. Where we hold to faith, quicken us to live by it in the presence of our colleagues. Save us from merely hoping for a better society and move us to make this a better place to live, by our thinking, by our talking, by our voting, and by our praying, in the name of Christ. Amen.

The roll was called and all members were present.

The Journal for the Seventy-fourth Day was approved.

SEVENTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 21, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer

Speak, silent God, for we wait upon Thee with expectation. Move, motionless God, for we yearn to see Thee in life. Create, creator God, for we look for Thy works in our days. Save, redeemer God, for without Thee life is a great probing after light. Dwell with us, Thou ever present God, for apart from Thee we live alone. Live in us, Thou who are Spirit, for apart from Thee we strive in vain to build the structures of peace and certainty in this state. Thus do we invoke Thy presence in our lives not because Thou dost ever absent Thyself from us but because we absent ourselves from Thee. Amen.

39-722.01. (1) The Department of Roads or the Nebraska Safety Patrol with respect to highways under their jurisdiction and county authorities with respect to highways under their jurisdiction may in their discretion upon application and good cause being shown therefor, issue a special permit in writing authorizing the applicant to operate or move a vehicle, a combination of vehicles or objects of a size or weight of vehicle or load exceeding the maximum specified by law when such permit is necessary to further the national defense or the general welfare, or to permit movement of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment, or is necessary because of an emergency, an unusual circumstance, or a very special situation; *Provided*, no permit shall be issued for a vehicle carrying a load unless such vehicle is loaded with an object which exceeds the size or weight limitations and which object cannot be dismantled or reduced in size or weight without great difficulty and which of necessity must be moved over the highways to reach its intended destination; and *provided*

23 *further*, no permit shall be required for the temporary move-
24 ment on roads other than dustless-surfaced state highways
25 and for necessary access to points on such highways dur-
26 ing daylight hours of cost-saving equipment to be used in

28 land treatment where such temporary movement is necessary
29 and for a reasonable distance.

30 (2) The application for any such permit shall
31 specifically describe the vehicle and the load to be
32 operated or moved and whenever possible the particular
33 highways, roads, or streets for which permit to operate
34 is requested, and whether such permit is requested for
35 a single trip or for continuous operation.

36 (3) The department or county authority is au-

38 tion; or, if such permit is issued, to limit the number
39 of days during which the permit is valid, to limit the
40 number of trips, or to establish seasonal or other time
41 limitations within which the vehicles described may be

46 cles or products produced by such manufacturer subject
47 to reasonable conditions as to periodic renewal of such
48 permit and as to operation or movement of such vehicles,

55 roadway or road structure.

56 (4) Every such permit shall be carried in the

60 terms or conditions of such special permit and in case
61 of any violation the permit shall be deemed automatically
62 revoked and the penalty of the original limitations shall
63 be applied unless the violation consists solely of exceed-
64 ing the size or weight specified by the permit, in which
65 case only the penalty of the original size or weight
66 limitation exceeded shall be applied, or unless the
67 total gross load is within the maximum authorized by the
68 permit and no axle is more than ten per cent in excess

69 of the maximum load for such axle or group of axles au-
70 thorized by the permit and such load can be shifted to
71 meet the weight limitations of wheel and axle loads au-

80 permit.

81 (5) The department or county authority issuing

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SEVENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 25, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Eternal Father, grant to the members and officers of this body a moment of quiet before they pick up the duties of the day. Turn their thoughts to Thee, and open their minds to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgements. Let them not think, when the prayer is said, that their dependence on Thee is over, and forget Thy counsels for the rest of the day. Rather from these moments of heart searching may there come such a sweetness of disposition that all may know Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, "Well done, thou good and faithful servant." So help us this day through Christ our Lord. Amen.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

SEVENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska

Wednesday, April 26, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, before whom we will all have to give account, lend us Thine aid, that this day's work may be well pleasing to Thee. If there be any here sulking as children will, deal with him and enlighten him. Make it a bright day for that person, so he shall see himself and be changed. May he forgive himself and his own failures and concentrate on what can yet be done, and help his neighbors so that they may not hinder him. Forgetful ourselves, help us to bear cheerfully the forgetfulness of others. Give us courage and faith and a quiet mind. Give life to our good intentions, lest they be stillborn. Bless us in all that is right and correct us in all that is wrong. We ask Thee this day Thy help and mercy for Christ's sake. Amen.

The roll was called and all members were present except Miss Reynolds, who was excused until 10:00 a.m. and Mr. Bloom, who was excused until 11:00 a.m.

Mr. Hugo Srb
Clerk of the Legislature
Room 2020, State Capitol
Lincoln, Nebraska

Dear Mr. Srb:

In compliance with the laws of the State of Nebraska, Section 84-1315, an annual audit has been made of the State Employees Retirement System by the Director of Insurance for the period January 1, 1966 to December 31, 1966.

The report made to the Director of Insurance by the Department Actuary reveals that:

Schedule 1. Gross Contributions amounted to \$2,002,332.53

Schedule 2. Balances in funds and activity during the year

Past Service Balance	\$ 862,941.73
Future Service Balance	\$4,624,831.48
Total	<hr/> \$5,487,773.21
Interest Accumulations for Calendar Year	
Past Service	\$ 33,517.25
Future Service	\$ 199,368.64

The carrier paid interest for the year of 1966 above the guaranteed rate of 5% on the average monthly balance. It actually amounted to 5.9% on the future service as compared to 5.74% in 1964 and 5.78% in 1965.

Also included in the report is a section dealing with funding of the liability of the system.

We are enclosing copies of the 1966 audit for the Lieutenant Governor and each member of the Legislature.

Yours very truly,

(Signed) P. Merle Humphries, Chairman
State Employees Retirement Board

Mr. Warner asked unanimous consent that the following report be printed in the Journal. No objections. So ordered.

April 7, 1967

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Seventh Session of the Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The 1959 Legislature created the Nebraska Retirement Systems Advisory Committee (50-416, 50-417, R.R.S. 1943). According to the statutes the Committee "shall study any legislative proposal, bill, or amendment, other than an amendment proposed by the Committee on Enrollment and Review, affecting any public retirement system, existing or proposed, established by the State of Nebraska or any political subdivision thereof and report the results of such study to the Legislature, which report shall, when applicable, include an actuarial analysis and cost estimate and the recommendation of the committee regarding passage of any bill or amendment."

The Nebraska Retirement Systems Advisory Committee is composed of the following members: Senators Jerry Warner, chairman;

Fern Hubbard Orme, Eric Rasmussen, George Gerdes, and Pat Moulton.

The Committee herewith submits its report of the studies it has made of the following bills affecting public retirement systems or proposing new retirement systems: LB 173, LB 375, LB 689, LB 713, LB 691, LB 714, and LB 804. The Committee has employed the services of a professional actuary as it is authorized to do by statute to assist it in its studies.

LB 173

Purpose of the Bill. Federal Internal Revenue Service regulations permit school employees, under certain conditions, to purchase individual annuities with before-tax dollars. The purpose of this bill is to allow employees of the four state colleges to take advantage of these regulations. Public school employees in the state currently are permitted to take advantage of these regulations on a voluntary basis.

Cost to the State. Passage of the bill would result in no cost to the state.

Committee's Recommendation. The Committee recommends that the bill be passed.

Reasons for Committee Recommendation. The bill would in no way affect any existing retirement system, and is purely permissive legislation.

However, the Committee believes that the wording of the bill is vague and should be improved. First, it should be spelled out that the employee contributes his own money on a voluntary basis, thus resulting in no cost to the state. Second, it would be desirable to specifically refer to the IRS regulations so that the purpose of the bill is clear.

LB 375

Purpose of the Bill. This bill proposes a change in the county employees retirement plan adopted by the 1965 Legislature. It would eliminate the requirement in the original law that counties with a total payroll of over \$100,000 must certify to the Governor that the retirement plan has been approved by the voters before the Governor can appoint the retirement board.

Cost to the State. Passage of the bill would result in no cost to the state.

Committee's Recommendation. The Committee recommends that the bill be passed, but with the following clarification. It is unclear whether the present \$100,000 restriction applies to each individual county or to all participating counties taken together. The Commit-

tee recommends passage of the bill if the \$100,000 limitation is retained, but only after it is amended to make clear that this figure applies to a group of participating counties and not to each county individually.

Reasons for Committee Recommendation. The Committee believes the retirement plan is a sound one and should be continued. With the suggested clarification of the \$100,000 provision it would require the participation of enough counties to make it effective. If it was intended that this limitation be applied to counties individually it would hold up implementation of the system.

LB 689 and LB 713

Purpose of the Bills. These bills were considered together as they attempt to accomplish the same thing but in different ways. Under the present State Employees Retirement Plan past service benefits are funded through a 1% deduction from the salary of each employee who is covered. Both of these bills seek to eliminate this 1% deduction as the method of funding past service benefits.

LB 689 would fund these benefits by transferring \$15,000 per month from the State Employees Retirement Fund as premium payments to the primary insurance carrier. LB 713 would fund them by transferring an amount equal to 1% of the total salaries of all persons who are members of the retirement system.

Cost to the State. The cost to the state would be \$180,000 per year.

Committee's Recommendations. The Committee recommends that LB 689 be passed and that LB 713 not be passed.

Reasons for Committee Recommendations. First, the Committee feels that the present 1% deduction from employees' wages to finance past service benefits should be eliminated. It creates employee dissatisfaction for one thing. Second, there is no relationship between benefits and contributions; many people who contribute to the past service will receive no past service benefits. A person who works for the state long enough to come under the plan, but who terminates before becoming eligible for vesting, is worse off financially under the present system. This is because his future service contributions are returned to him, but his past service contributions are not. A major reason for past service benefits is to allow the state to have compulsory retirement with some reasonable benefits to older employees. This may result in savings through retiring superannuated employees and improving the morale of younger employees. Thus, if past service benefits are to the state's advantage, they should be paid for by the taxpayers as a whole rather than by the state employees.

LB 689 is preferred over LB 713 because it establishes a definite amount per month (\$15,000) for the funding of past service. The 1% of total payroll in LB 713 was probably chosen just for convenience, and there is nothing magic about the figure. Under LB 689 the cost is precise and makes budgeting easier.

The \$15,000 figure is actuarially sound and will fund past service over a reasonable period of time, probably around 1974.

LB 691

Purpose of the Bill. This bill would enable the trustees of Wyuka Cemetery to establish a retirement plan for its employees and to establish other benefit plans for its employees and their dependents.

Cost to the State. The passage of this bill would result in no cost to the state since the cemetery is self-supporting and receives no state funds.

Committee's Recommendation. The Committee recommends that this bill be passed.

Reasons for Committee Recommendation. This is merely enabling legislation which would cost the state no money. The Committee believes it is good policy to extend to new groups of public employees the opportunity to participate in retirement and other benefit programs.

LB 714

Purpose of the Bill. This bill would give the City of Lincoln more flexibility than it now has in the investment of funds from its fire and police pension plan and from its pension plan for other employees. In particular, it would allow such funds: (1) to be placed in trust, or (2) to be placed with a trust company, or (3) to be placed with a life insurance company.

Cost to the State. Passage of this bill would result in no cost to the state.

Committee's Recommendation. The Committee recommends that this bill be passed.

Reasons for Committee Recommendation. This bill is desired by the City of Lincoln, would result in no cost to the state, and the Committee sees no objection to its passage.

LB 804

Purpose of the Bill. At the present time the participants in the State Employees' Retirement Plan contribute 3% of the first \$4,800 of annual salary, and 6% of salary in excess of \$4,800. The state

contributes 104% of the employee contributions. This bill would replace the \$4,800 figure with \$6,600, which is the current Social Security base. \$4,800 was the Social Security base when the original plan was adopted in 1963.

Cost to the State. The passage of this bill would actually save the state money. Under the present provision the employee contributes 7.4% of the first \$4,800 (3% state retirement + 4.4% Social Security) and 10.4% between \$4,800 and \$6,600. Under this proposed bill the employee would contribute only 7.4% on the amount between \$4,800 and \$6,600. Thus, the state's contributions would be reduced in the same manner that the employee's contributions are reduced.

Committee's Recommendation. The Committee recommends that LB 804 not be passed.

Reasons for Committee Recommendation. First, the bill would result in a considerable reduction in the retirement benefits payable to many employees. This is because it would result in a reduction of both his contributions and those of the state over the years. Second, it is felt the bill would set an undesirable precedent, since the Social Security base may be changed again many times. The state employees' retirement system is not integrated with Social Security, and it would be unwise to continually change the plan every time Social Security changes.

It would be unfair to decrease the expected retirement benefits of employees from what they were when they entered the state service. Finally, the \$4,800 dividing line in the original legislation was chosen as a convenient number with no necessary relationship to the Social Security base. Presumably higher paid employees can afford to contribute a higher percentage of salary than lower paid employees, and \$4,800 is a reasonable dividing line.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

EIGHTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 27, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, save this moment from being a mere gesture to custom or convention, and make it a genuine experience for each of us in this place, as we call upon Thee for guidance and help. We have felt Thee near and beside us in the experience of worship; help us now to feel Thy nearness in the business of the day—the unseen Senator, present and voting. Vote through these men and women, that what they say and do may be in accordance with Thy will for this state that we love so dearly. Thou hast said, “When ye stand praying, forgive; if ye have anything against anyone.” Give us grace to lay aside all bitterness or resentment we may be nursing in our hearts, lest their acid eat into our peace and corrode our spirits. Thou hast said, “It is more blessed to give than to receive.” Give us grace to think not of what we can get but of what we can give, that a new spirit may come into our work here with a new vision and a new purpose, that Thou wilt delight to bless. In the name of Christ. Amen.

The roll was called and all members were present.

Prayer

Our Father who art in heaven, we acknowledge that Thou dost govern in the affairs of men. And if a sparrow cannot fall to the ground without Thy notice how can we think Thou art indifferent to what we say and do here?

If this day Thou dost want us to do or not to do any particular thing, we pray that Thou wilt make it plain to us, for Thou knowest how blind we can be and how stubborn, in our own intentions. We pray for Thy help in our thinking and Thy love in our hearts. Through Jesus Christ. Amen.

EIGHTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 1, 1967

Pursuant to adjournment, the Legislature met at 8:00 a.m.,
Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, before we become involved in the routine of the day, we pause to seek Thy guidance. Experienced in the ways of mankind, we know all too little of the ways of God. But Thou knowest us, each of us, by name and by need. Turn our wayward minds and hearts to Thee. Forgive the faults and failures of the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct which we demand of others. Forgive our slowness to see the good in others and the evil in ourselves. In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us and through us in our beloved state. Amen.

The roll was called and all members were present except Mr. Carpenter who was excused and Mr. Nore, who was excused until 9:15 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

EIGHTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, May 2, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Whenever we are downcast, O Lord, help us to remember the people we have enjoyed and loved. Beset here by pressures and deadlines, problems to be solved and people to be placated, help us to remember those whom we represent, those who believed we had a contribution to make in this place. May we never forget them when we are separated from them, nor take them for granted while we are with them. Those who have meant so much to us, may we mean increasingly more to them. Bind us together, O Lord, in such a way that our lives may share the glory and the pain that comes to each of us, and grant that as we walk in the strength of the ones who are stronger than us, we may also suffer for the sake of those who are weaker than us, gladly accepting our role as servant. In the name of Christ who served. Amen.

The roll was called and all members were present except Messrs. Robinson, Skarda and Miss Reynolds, who were excused.

MOTION—Adopt Report

Mr. Warner moved the adoption of the following report:

May 1, 1967

FROM: The Executive Board of the Legislative Council

TO: The Seventy-Seventh Session of the Nebraska Legislature

This report is submitted pursuant to the motion adopted by the Legislature on January 11, 1967, directing the Executive Board of the Legislative Council to develop a plan for the construction of a state office building, such plan to be subject to the acceptance or rejection of the Legislature. This report contains the Board's recommendation concerning the location of the building.

The Executive Board recommends that the following land be acquired for the proposed facility: the north half of the block bounded by 14th street on the west, 15th street on the east, K street on the south, and L street on the north; as well as the entire block bounded by 14th street on the west, 15th street on the east, L street on the south, and M street on the north. (See the attached map.) The Board further recommends that the building be constructed between L and M streets facing 15th street.

The Board realizes that a space utilization study needs to be made prior to developing the final plans for the building, but that a definite site needs to be decided upon before such a study is undertaken. The Board is making the above recommendation so that something specific can be placed before the Legislature as a basis for discussion.

The motion prevailed with 42 ayes, 0 nays and 7 not voting.

Pursuant to adjournment, the Legislature met at 9:00 a.m.,

Prayer

O God, let the light of Thy spirit dwell within the minds and hearts of Thy servants in this place of responsibility and decision, that all who sincerely seek the truth may find it, and finding it may follow it, whatever the cost, knowing that it is the truth that makes men free. When we have the truth, let us not hit each other over the head with it, but rather use it as a lamp to light the dark places, in order that we may see where we are going. This we ask in the name of Christ, our Lord. Amen.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

EIGHTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, May 4, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we remember Thy promise that wherever two or three are gathered together in Thy name, there Thou art in the midst of them. We claim that promise this morning, and pray that each of us may be aware of Thy presence, for Thou knowest our needs, and how inadequate we feel ourselves to be in the presence of problems and challenges. If Thou wilt help us, O Lord, then shall we be better than we are, wiser than we know, and stronger than we dream. In this prayer we bring to Thee the members of this body, its officers and its servants, for thy blessing; men and women who feel the weight of responsibility and the need of divine guidance; men and women who are often tempted and who need the support of thy grace. Give them the courage to do the right as Thou hast given them the wisdom to see the right, and may we do the right in the spirit of harmony and love. For Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Burbach, Carstens, Gerdes, Holmquist, Mahoney, Marvel and Skarda, who were excused and Mr. Stryker, who was excused until 10:30 a.m.

Amendments "A" would leave LB 323 as originally submitted to the committee

Amendments "B" would repeal 53-186 and remove the restriction of consumption on state owned land.

Amendments "C" would prohibit the further issuances of licenses on state owned or controlled land but keep those presently in existence.

Amendments "A" and "B" can be used together to remove the restrictions and give the Game Commission authority to specify regulations of how

they might want to run areas under its ownership or control and also permit the issuances on state owned land of liquor licenses.

Amendment "C" must be used separately to keep the present restrictions

but still permit present license holders to hold their licenses.

In 1939 an Attorney General's opinion was written on facts from the land where the Omaha Airport is located and for a license on those premises. The opinion stated that the word "owned" in 53-186 meant those in possession, so that if there was a lease to a private party the restrictions in the section did not apply and that it was proper to issue a liquor license. Subsequent opinions have followed and the Liquor Commission has issued licenses on governmental subdivision owned land leased to private parties. But the question always remains

whether these licenses are actually legally issued.

The amendments that the committee have reported out on LB 323 declares

null and void licenses issued on land owned or controlled by the Game

Commission or on public power and irrigation district. This will affect

approximately 12 licenses (the exact number is impossible to determine

because it is not known what exact land areas the Game Commission owns or controls by lease arrangements) and in addition if these parties

are to lose their licenses it could be anticipated that they would question the validity of the licenses issued on other governmental

subdivision land, ie. airports, city halls in several small towns, city parks in several small towns (again the exact number can not be

determined without reviewing several thousand files).

As the law presently stands in 53-186, no liquor can be consumed in the Governors mansion, in rented cabins on state parks, in private mobile trailers on state parks.

“(A)”

1. Amend Standing Committee Amendment by striking amendments 2 and 4.

“(B)”

1. Amend section 2 of the bill by inserting “53-186,” after “sections”.

“(C)”

1. Amend Standing Committee Amendment 2, line 6 by inserting after “control” the following:

“; Provided, nothing in this subsection shall prohibit the Nebraska Liquor Control Commission from renewing licenses heretofore issued and which are in effect on the effective date of this act on any area under control or ownership of the Game, Forestation and Parks Commission”.

2. Amend Standing Committee Amendment 2, line 12 by inserting after “control” the following:

“; except as further provided in this section”.

3. Amend Standing Committee Amendment 4, section 2, line 20 by inserting after “void” the following:

“; Provided, nothing in this section shall prohibit the Nebraska Liquor Control Commission from renewing licenses heretofore issued and which are in effect on the effective date of this act on any area under the control or ownership of the state or any governmental or political subdivision of the state”.

LICENSE ON PROPERTY LEASED FROM CITY BEER LICENSE — OMAHA AIRPORT

A letter to J. A. McEachen, Chairman, Liquor Control Commission, written by Edwin Vail, Special Assistant, Attorney General's Office, dated May 29, 1939.

We have your letter of May 27, advising that you have an application for a beer license at the Airport in Omaha which has been granted by the City Council and sent to you for approval. It would appear that this application covers license for property leased by the City for a period of ten years. The question arises whether it may be approved under the provisions of Section 53-344, making it unlawful for any person to consume alcoholic liquor upon property owned by any governmental subdivision

While the fee title to this property rests in the City, a somewhat different situation is presented than that of a city park or municipal building in which a concession might be granted for the sale of beer. While the Airport is being operated under what is technically a lease, still the entire control of the tract in question has been given to a private interest and is not operated like a city park where the public generally may resort for amusement purposes, neither is public business transacted therein as in case of a municipal building. It is entirely under the control of the transportation facility and is operated in entirely the same way as the Burlington and Union Railway stations.

Undoubtedly, the main purpose in making the lease was not to acquire revenue for the City of Omaha, but to foster and encourage travel by airway for the purpose of making Omaha an attractive point as an aviation center where planes may be encouraged to stop and effect connection with other air lines. While the lease is for a term of years, still there is a certain degree of permanency implied and we do not take it that the ordinary commercial considerations would control in the extension or renewal of the lease, but that the same would always be available to the lessee or its successors on such terms as would be favorable to foster the enterprise. To exclude the sale of beer from the premises in question would, under the prevailing public sentiment, operate to the prejudice of the Omaha Airport in the eyes of the traveling public who patronize the airline. There seems to be a demand for such sale in all large railway stations and the fact that there is a demand for the same at the Omaha Airport is evidenced from the fact that such sale has been permitted under license granted by the City and approved by this Commission for some years past. The question now arises merely as a technical objection by reason of the form of the application and not be reason of any protest. We, therefore, are inclined to the view that the word "owned", as used in Section 53-344, C. S. Supplement for 1937, so far as it relates to property of governmental subdivisions does not apply to the instant property. This is not a strained or unusual interpretation of the law. The term "Owner" does not always indicate an absolute ownership of the fee, but under many circumstances, has been construed to mean the one who is entitled to the possession or usufruct of the premises.

Without going into an unnecessary detailed examination of the authorities, we would call attention to the following holding, which is to be found in 6 Words and Phrases, First Series, 5145:

"The word 'owner' is a general term, which, under varying conditions, may include different estates. As applied to real estate, it doubtless means prima facie one who holds the fee, but it may mean less. So the word 'owner' is defined as any person who has the usufruct, control, or occupation of the land whether his interest in it be less than a fee. * * * McKee v. McCardell, 46 Atl. 181, 22 R. I. 71."

We think you may properly approve the license.

This was not an official opinion.

April 20, 1967

Mr. M. O. Steen, Director
Nebraska Game, Forestation and Parks Commission
State Capitol Building
Lincoln, Nebraska 68509

Dear Mr. Steen:

Your letter of April 7, 1967, addressed to Mr. Walter C. Haase, Secretary of the Nebraska Liquor Control Commission, inquiring as to whether or not the Commission will favorably consider applications for sale of alcoholic liquor for consumption on premises on land owned by Central Nebraska Public Power and Irrigation District at Lake McConaughy, has been referred to me for answering.

We direct your attention to our letter addressed to you on January 17, 1967, wherein this office stated that we cannot advise the Nebraska Liquor Control Commission, as a matter of law, that the opinion written in 1939 permitting consumption on land leased from the city should be extended to political subdivisions of the state. Nothing further has come to our attention to change our answer to you of January 17, 1967. It is felt that this is a Legislative matter and should be handled by them while they are in session.

Yours very truly,

Clarence A. H. Meyer
Attorney General

Nebraska Retirement Systems Advisory Committee Report

May 4, 1967

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Seventh Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is here-with submitting its second report to the Seventy-Seventh Session of the Nebraska Legislature on proposed retirement legislation. This report covers the following measures: LB 211, LB 423, LB 711, and LB 757.

LB 211

Purpose of the Bill. This bill pertains to the retirement plan for state colleges. It has the following two purposes: (1) to remove the 9% limitation on combined contributions to the retirement plan and Social Security; and (2) to include Mr. Freeman Decker and Mr. Albin Larson in the state college retirement plan instead of the school employees retirement plan.

Cost to the State. The passage of this bill would result in an annual cost of approximately \$18,975.40.

Committee's Recommendation. The Committee recommends that this bill be passed.

Reasons for Committee Recommendation. The Committee feels that there are serious disadvantages to the present 9% limitation. For example, on salaries below \$6,600 the state is restricted to a contribution of 4.6% (9% minus 4.4% Social Security) instead of 6% which is supposed to be its contribution under the law. It also complicates the administration of the plan, and is not a feature of other state retirement plans.

This recommendation is made with the understanding that the same 9% limitation in the University of Nebraska retirement plan will also be removed.

LB 423

Purpose of the bill. This bill has three main purposes. First, specific provisions regarding the retirement plan are deleted from the statutes and the Board of Regents is given the discretionary

power to establish rules and regulations for the various provisions of the plan, such as eligibility rules and contribution rates. Second, the University now may pay the entire cost for an employee who becomes disabled after 20 years of service. This bill liberalizes this provision by removing the 20 years of service requirement. Third, Federal IRS regulations permit school employees, under certain conditions, to purchase individual annuities on a voluntary basis with before-tax dollars. This bill would allow employees of the University of Omaha to participate in this program.

Cost to the State. The passage of this bill would result in no immediate cost to the state.

Committee's Recommendation. The Committee recommends that this bill not be passed. This decision, however, is not based on the substantive provisions included in it. LB 736, the bill providing for the merger of the University of Nebraska and the University of Omaha, provides that all current and future employees of the Omaha branch of the University (assuming the merger is ultimately consummated) will participate in the current retirement plan rather than in the University of Nebraska plan. It is believed that in the long run the employees of both branches should be under the same retirement system. A study could be undertaken prior to the 1969 legislative session on the best method of combining the two retirement plans.

LB 711

Purpose of the Bill. This bill would make three changes in the retirement plan for the University of Nebraska. First, it would eliminate the maximum University contribution of 6% of salary for each employee. Second, the requirement that the employee contribute an amount at least equal to the University's contribution would be eliminated, allowing the University to change to a non-contributory plan. Third, the combined University contribution to the retirement plan and to Social Security is now subject to a limitation of 9% of salary. This limitation would be eliminated.

Cost to the State. The principal purpose of the bill is to enable the University to establish a non-contributory retirement plan. The intent is that the University will use part of the funds which would go for salary increases to instead replace the employee's contribution to the retirement plan. There would be no cost to the state in the sense that the increased University contributions would come from funds which would otherwise go to pay salary increases.

Committee's Recommendation. The Committee recommends that this bill not be passed. As mentioned in the report on LB 211, however, the Committee approves of that part of the bill which

would remove the 9% limitation, and would have this added to LB 211.

LB 757

Purpose of the Bill. This bill would establish a Committee on Judicial Qualifications (to implement the recently adopted constitutional amendment) which would determine whether or not judges were qualified to serve and would provide for removal or retirement of judges (including early retirement for reasons of disability).

The principal portion of the bill concerns the establishment of this Committee on Judicial Qualifications. This is a non-actuarial matter with which this Committee is not concerned.

One portion of the bill would amend Section 24-709 regarding early retirement for reasons of disability, and provides that the proposed new Committee would decide whether or not a judge is disabled rather than the Board of Educational Lands and Funds.

Cost to the State. The passage of this bill would result in no cost to the state, insofar as the retirement provisions are concerned.

Committee's Recommendation. The Committee recommends that the bill be passed. However, there is an error in the drafting of the bill which should be corrected. Section 24-712 contains several references to disability which need to be amended to be consistent with Section 24-709. This was apparently just an oversight.

The commission shall have the power to act by a majority of the members present at any meeting at which a quorum is in attendance. The commission may delegate to one or more of its members, or to its officers, agents and employees, such powers and duties as it may deem proper.

Section 4. The commission shall continue so long as it shall have any bonds or other obligations outstanding and until its existence shall be terminated by law. Upon the termination of the existence of the commission all of its rights and properties shall pass to and be vested in the state or otherwise disposed of in such manner as the Legislature may then determine and specify.

Section 5. The purposes of the commission shall be:

- (1) To assist municipalities in the planning and financing of waste water treatment works, waste water collecting systems and solid waste disposal facilities; and
- (2) To provide financing arrangements furnishing municipalities the ways and means by which they can

participate in state or federal programs for the prevention, abatement and control of water pollution.

It is hereby found and declared that such purposes are in all respects for the benefit of the people of the State of Nebraska and the commission shall be regarded as performing an essential governmental function in carrying out its purposes and in exercising the powers granted by this act.

Sec. 6. Except as otherwise limited by this article, the commission shall have the following powers:

- (1) To sue and be sued;
- (2) To have a seal and alter the same at pleasure;
- (3) To make and alter rules and regulations for its organization and internal management, and rules and regulations governing the exercise of its powers and the fulfillment of its purposes under this act;
- (4) To appoint officers and employees as may be required for the performance of its duties, to fix and determine their qualifications, duties and compensation and to retain or employ counsel, auditors, and private consultants on a contract basis or otherwise for rendering professional or technical services and advice;
- (5) To coordinate its efforts in the accomplishment of the purposes herein assigned with the objectives and purposes of Chapter 71, article 30, Reissue Revised Statutes of Nebraska, 1943;
- (6) To enter into contracts, leases, and agreements necessary, convenient or desirable for carrying out the purposes of the commission and the powers granted under this article with appropriate agencies, municipalities, corporations and persons, and to execute all documents and instruments essential thereto;
- (7) To fix and collect fees and other charges for the services provided by the commission and to provide for the imposition of reasonable penalties for any fees and charges that are delinquent;
- (8) To acquire, hold and dispose of real or personal property in the exercise of its powers;
- (9) To borrow money and issue negotiable bonds, notes or other obligations and to provide for the rights of the holders thereof;

(10) To invest any money held in reserve or sinking funds or any money not required for immediate use or disbursement in such securities as it shall determine;

(11) To purchase municipal bonds and notes, make loans or loan commitments to, and to enter into option arrangements with, municipalities for the purchase of municipal bonds and notes;

(12) To sell municipal bonds and notes or other securities acquired by the commission whenever it is determined by the commission that the sale thereof is desirable. Municipal bonds and notes acquired by the commission may be sold, at public or private sale, at such price or prices as it shall determine. The proceeds of the sale of any municipal bonds and notes shall be held for the benefit of the bonds and notes and interest thereon entitled to be paid therefrom, or shall be used to purchase, or be applied towards the redemption of bonds and notes, at not more than the applicable redemption price, plus accrued interest to any date fixed for redemption, or, if not then redeemable, at a premium of not more than the redemption price applicable on any date fixed for redemption, plus accrued interest to said date, all subject to such agreements with bondholders or noteholders as may then prevail;

(13) To obtain loans and accept grants from the United States, its agencies, the State of Nebraska, and its agencies. The commission shall have the right to participate in and be the beneficiary of any plan or program which may be evolved by the federal or state government for guaranteeing or otherwise subsidizing its bonds, notes or other obligations;

(14) To appoint such advisory committees as may be necessary, convenient or desirable to the effectuation of the purposes and powers of the commission; and

(15) To do all things necessary, convenient or desirable to carry out its purposes and for the exercise of the powers granted in this article.

Sec. 7. The commission may advise any municipality on matters relating to the planning and financing of waste water treatment works, waste water collecting systems and solid waste disposal facilities or generally on the ways and means of financing such projects in conjunction with any state or federal program for the control, pre-

vention and abatement of water pollution whenever such advice is requested by such municipality. In connection with rendering such services the commission may make and collect such fees and charges as it shall determine to be reasonable.

Sec. 8. The commission may make loans to any municipality for the construction of any waste water treatment works, waste water collecting systems or solid waste disposal facilities. The commission may accept as evidence of the indebtedness of any such municipality its municipal bonds and notes. Any such loan shall be in an amount or amounts not to exceed the actual cost of construction of any such waste water treatment works, waste water collecting system or solid waste disposal facility, including financing and other costs related to construction. In connection with the making of any such loans, the commission may make and collect such fees and charges as it shall determine to be reasonable.

Sec. 9. To avoid a duplication of effort and in the interest of economy, the commission may make use of existing studies, reports, plans, data and other materials in the possession of any state agency or any municipality. Each state agency or municipality is hereby authorized to make the same available to the commission and otherwise to assist it in the performance of its functions. The officers and personnel of such agencies or municipalities and of any other government or agency whatever may serve at the request of the commission upon such advisory committees as the commission shall create, which service shall be without forfeiture of office or employment and with no loss or diminution in the compensation, status, rights and privileges otherwise enjoyed.

Sec. 10. The commission shall have the power to issue from time to time its negotiable bonds, notes or other obligations in such principal amount as, in the opinion of the commission, shall be necessary to provide sufficient funds for achieving its purposes, including the planning and financing of waste water treatment works, waste water collecting systems and solid waste disposal facilities, the purchase of municipal bonds and notes, the payment of interest on the bonds and notes of the commission, the establishment of reserves to secure such bonds and notes, the provision of working capital and all other expenditures of the commission incident to and necessary or convenient to carry out its purposes and powers.

Sec. 11. The commission shall have the power to issue renewal notes, to issue bonds to pay notes and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any other purpose.

Sec. 12. Except as may be otherwise expressly provided by the commission, the bonds, notes or other obligations of the commission shall be special obligations of the commission payable solely from the revenues and other monies of the commission available therefor.

Sec. 13. Whether or not the bonds and notes are of such form and character as to be negotiable instruments under Article 8 of the Uniform Commercial Code, the bonds and notes shall be and hereby are made negotiable instruments within the meaning and for all the purposes of Article 8 of the Uniform Commercial Code, with the exception of any provisions thereof pertaining to registration.

Section 14 The bonds, notes or other obligations shall be authorized by resolution of the commission, shall bear such date or dates, shall mature at such time or times, shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption as such resolution or resolutions may provide. The bonds, notes or other obligations of the commission may be sold, at public or private sale, at such price or prices as the commission shall determine.

Sec. 15. Any resolution or resolutions authorizing any bonds and notes or any issue thereof may contain provisions, which shall be a part of the agreement with the holders thereof, as to:

(1) Pledging all or any part of the fees and charges made or received by the commission and other monies received or to be received from the planning and financing of any waste water treatment works, waste water collecting system or solid waste disposal facilities and all or any part of the monies received in payment of the principal or interest on municipal bonds and notes

acquired by the commission, to secure the payment of the bonds and notes or of any issue thereof, subject to such agreements with bondholders or noteholders as may then prevail;

(2) Pledging all or any part of the assets of the commission, including municipal bonds and notes acquired by the commission, to secure the payment of the bonds and notes or of any issue thereof, subject to such agreements with bondholders or noteholders as may then prevail;

(3) The use and disposition of fees and charges made or received by the commission;

(4) The setting aside of reserves or sinking funds and the regulation and disposition thereof;

(5) Limitations on the purpose to which the proceeds from the sale of the bonds and notes may be applied and pledging such proceeds to secure the payment of the bonds and notes or of any issue thereof;

(6) Limitations on the issuance of additional bonds and notes and on the refunding of outstanding or other bonds and notes;

(7) The procedure, if any, by which the terms of any contract with bondholders and noteholders may be amended or abrogated, the amount of bonds and notes the holders of which must consent thereto, and the manner in which such consent may be given;

(8) Limitations on the amount of money to be expended by the commission for administrative or other expenses;

(9) Vesting in a trustee or trustees such property, rights, powers and duties in trust as the commission may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this article, and limiting or abrogating the right of the bondholders to appoint a trustee under this article or limiting the rights, powers and duties of such trustee; and

(10) Any other matters, of like or different character, which in any way affect the security or protection of the bonds and notes.

Sec. 16. The commission, subject to such agreements with bondholders and noteholders as may then pre-

vail, shall have the power, out of any funds available therefor, to purchase bonds and notes of the commission.

Sec. 17. In addition to the powers herein conferred upon the commission to secure its bonds and notes, the commission shall have the power in connection with the issuance of bonds and notes to enter into such agreements as it may deem necessary, convenient or desirable concerning the use or disposition of its money or property including the pledging or creation of any security interest in any other money or property and the doing of or refraining from doing any act which the commission would have the right to do in the absence of such agreements. The commission shall have the power to enter into amendments of any such agreements within the powers granted to the commission by this article and to perform such agreements. The provisions of any such agreements may be made a part of the agreement with the holders of the bonds and notes of the commission.

Sec. 18. It is the intent of the Legislature that any pledge or security instrument made by the commission shall be valid and binding from the time when the pledge or security instrument is made; that the money or property so pledged and entrusted and thereafter received by the commission shall immediately be subject to the lien of such pledge or security instrument without any physical delivery thereof or further act; and that the lien of any such pledge or security instrument shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the commission, irrespective of whether such parties have notice thereof. Neither the resolution nor any security instrument nor other instrument by which a pledge or other security is created need be recorded or filed and the commission shall not be required to comply with any of the provisions of the Uniform Commercial Code.

Section 19. Neither the State of Nebraska nor any municipality nor the members of the commission nor any person executing the bonds and notes for and on behalf of the commission shall be liable on the bonds and notes of the commission. Such bonds and notes shall not be a debt of the state or any municipality, and they shall contain on the face thereof a statement to such effect.

Sec. 20. The commission may create and establish one or more reserve funds to be known as debt service reserve funds and may pay into such funds:

- (1) Any money appropriated and made available by the state for the purposes of such funds;
- (2) Any proceeds from the sale of notes and bonds, to the extent provided in the resolution of the commission authorizing the issuance thereof; and
- (3) Any other money which may be made available to the commission for the purpose of such funds from any other source or sources.

Sec. 21. Except as hereinafter provided, the money held in or credited to any debt service reserve fund established under section 20 of this act shall be used solely for the payment of the principal of the bonds secured by such debt service reserve fund as the same mature, the purchase of such bonds, the payment of interest on such bonds, or the payment of any redemption premium when such bonds are redeemed prior to maturity; provided, that the commission shall have power to provide that the money in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than two times the maximum amount of the principal and interest maturing and becoming due in any succeeding calendar year on the bonds of the commission then outstanding and secured by such debt service reserve fund, except for the purpose of paying the principal of and interest on such bonds of the commission secured by such debt service reserve fund maturing and becoming due the payment of which other money of the commission is not available. Any income or interest earned by, or increment to, any such debt service reserve fund due to the investment thereof may be transferred by the commission to any other fund or account of the commission provided that any such transfer shall not reduce the amount of such debt service reserve fund below two times the maximum amount of the principal and interest maturing and becoming due in any succeeding calendar year on all the bonds of the commission then outstanding and secured by such debt service reserve fund.

Sec. 22. The commission shall not issue bonds at any time if the maximum amount of the principal and interest maturing and becoming due in any succeeding calendar year on the bonds outstanding and then to be issued and secured by a debt service reserve fund exceeds one-half the amount of such debt service reserve fund at the time of issuance, unless the commission at

the time of the issuance of such bonds shall deposit in such debt service reserve fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in such debt service reserve fund, will be not less than two times the maximum amount of the principal and interest maturing and becoming due in any succeeding calendar year on the bonds then to be issued and on all other bonds of the commission then outstanding and secured by such debt service reserve fund.

Sec. 23. No later than August 1 of each even numbered year the chairman of the commission shall ascertain and determine the sum necessary to provide for the maintenance of the commission's debt service reserve fund in the respective amounts provided therefor by the commission in the issuance of its bonds and notes secured thereby for the next succeeding two years and shall no later than September 1 of that year certify to the Governor such amounts, if any, as are necessary to supplement any such debt service reserve funds in order that they may be maintained at the full amount provided therefor by the commission, considering the bonds and notes then outstanding and those anticipated for issuance in the next two succeeding calendar years. The amounts so certified, if and when appropriated by the Legislature, shall be apportioned and paid to the commission out of the general revenue fund of the state. It shall be the policy of the state and it does hereby pledge and agree that, to the extent appropriations may be made from state funds for the limited purposes herein indicated, the provisions hereof are intended as compensation to the commission as an agent of the state for the accomplishment of a state governmental purpose.

Sec. 24. In computing the amount of any debt service reserve fund for the purposes of sections 20 through 23 of this act, the securities in which all or a portion of such fund shall be invested shall be valued at par or, if purchased at less than par, at their cost to the commission.

Sec. 25. No provision of this act shall be construed to authorize the giving or lending of the state's credit to the commission or to be a pledge of the state's credit for the payment of the commission's bonds and notes, it being declared that such bonds and notes shall remain solely the indebtedness of the commission according to their term and tenor. Further, and excepting

only the policy of the state to apportion, to the extent available, general revenues of the state for the limited purposes set out in sections 20 through 23 of this act, this act is not to be construed as obligating the state to the holders of any such bonds and notes nor to constitute a contract on the part of the state to make money available for any of the commission debt service reserve funds. The state, however, does pledge and agree with the holders of any bonds and notes issued under this act, that it will not limit or alter the rights hereby vested in the commission to fulfill the terms of any agreements made with the holders thereof consistent herewith, or in any way impair the rights and remedies of such holders until such bonds and notes, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the commission is liable in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The commission is authorized to include this pledge and agreement of the state in any agreements it may make with the holders of such bonds and notes.

Sec. 26. Notwithstanding and in addition to any provisions for the redemption of bonds which may be contained in any agreement with the holders of the bonds, the state may, upon furnishing sufficient funds therefor, require the commission to redeem, prior to maturity, as a whole, any bonds which are then subject to redemption in accordance with the provisions therefor prescribed by the bond resolutions or indentures.

Sec. 27. (1) In the event that the commission shall default in the payment of the principal of or interest on any issue of bonds and notes after the same shall become due, whether at maturity or upon call for redemption, or in the event that the commission shall fail or refuse to comply with the provisions of this act or shall default in any agreement made with the holders of any issue of bonds and notes and such default shall continue for a period of thirty days, the district court of Lancaster County may, upon the petition of the holders of twenty-five per centum in the aggregate principal amount of the bonds and notes of such issue then outstanding, appoint a trustee who shall perform such functions as may be assigned by the court for their protection.

(2) Such trustee may in his or its own name:

(a) Bring any suit or action to enforce all the rights of the bondholders and noteholders, including the right to require the commission to collect fees and charges and to collect interest and amortization payments on municipal bonds and notes held by it adequate to carry out any agreement as to, or pledge of, such fees and charges and of such interest and amortization payments, and to require the commission to carry out any other agreement with the holders of such bonds and notes and to perform its duties under this article;

(b) Bring any suit upon such bonds and notes;

(c) Bring any suit or action to require the commission to account as if it were the trustee of an express trust for the holders of such bonds and notes;

(d) Bring any suit or action to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds and notes; and

(e) Declare all such bonds and notes due and payable, and, if all defaults shall be made good, then with the consent of the holders of twenty-five per centum of the principal amount of such bonds or notes then outstanding to annul such declaration and its consequences; provided that before so declaring all such bonds and notes due and payable, the trustee shall first give thirty-days' notice in writing to the Governor, to the Attorney General of the state and to the commission.

(3) Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders and noteholders in the enforcement and protection of their rights.

(4) The district court of Lancaster County shall have jurisdiction of any suit, action or proceeding by the trustee on behalf of such bondholders and noteholders.

Sec. 28. The bonds and notes of the commission are hereby made securities in which all public officers and bodies of the state and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, trust companies, savings associations, including

savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons who are now or who may hereafter be authorized to invest in bonds, notes or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding any other provisions of law, the bonds of the commission are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized.

Sec. 29. It is hereby found, determined and declared that the creation of the commission and the carrying out of its purposes are in all respects for the benefit of the people of the State of Nebraska and for the improvement of their health, welfare and prosperity and constitute a public purpose, and that the commission will be performing an essential governmental function in the exercise of the powers conferred upon it by this act and that the commission shall not be required to pay any fees, taxes or assessments, whether state or local, including but not limited to fees, taxes or assessments on its real estate, franchise taxes, sales taxes, excise taxes and income taxes on its fees, charges, revenues or other income and that the bonds and notes of the commission, the income therefrom, and the profit from the sale thereof shall at all times be exempt from taxation. This section shall constitute a covenant and agreement with the holders of all bonds and notes issued by the commission.

Sec. 30. The commission shall not be required to give any bond as security for costs, supersedeas, or any other security in any suit or action brought by or against it, or in proceedings to which it may be party in any court in this state or the United States, and the commission shall have the remedies of appeal of whatever kind to all courts without bond, supersedeas or security of any kind. No builder's, materialman's, contractor's, laborer's or mechanic's liens of any kind or character shall ever attach to or become a lien upon any property, real or personal, belonging to the commis-

sion, and no assignment of wages shall be binding upon or recognized by the commission.

Sec. 31. This act is supplemented to existing statutes and confers upon the commission powers not heretofore granted and shall not be construed as repealing or amending any existing statute, and shall be construed harmoniously and implemented compatibly with existing statutes.

Sec. 32. Money expended under the provisions of this act by the commission or by a municipality shall constitute the matching funds for such instrumentality under any applicable federal law.

Sec. 33. This act may be cited as the Nebraska Clean Waters Commission Act.

Sec. 34. If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration shall not affect the validity of the remaining portions thereof.

2. In the title strike lines 2 to 17 and insert the following:

“FOR AN ACT relating to public health and welfare; to create the Nebraska Clean Waters Commission: to provide definitions; to provide for the appointment of members; to provide for the planning and financing of waste water treatment works, waste water collecting systems and solid waste disposal facilities; to provide financial arrangements for municipal participation in water pollution control programs; to provide the powers for the commission; to provide for the issuance of bonds and notes secured solely by the revenues and receipts derived from the operation of such waste water treatment works, waste water collecting systems and solid waste disposal facilities; and to provide a severability clause.

Amendments pending.

Mr. Carpenter asked unanimous consent to have the following statement printed in the Journal. No objections. So ordered.

BACKGROUND MATERIAL IN RELATION TO L.B. 861

The proposed amendment to L.B. 861 provides that rates of student tuition shall be related to the *total costs of instructional departments*. These costs are immediately identifiable in university accounting records and in biennial budget materials processed by

the Executive Budget Officer and by the Legislative Fiscal Analyst. Any changes in recommended appropriations in these accounts are reflected immediately, and the relationship of tuition rates to these recommended appropriations can be quickly determined.

The proposed amendment to L.B. 861, which identifies total costs of instructional departments as the base to be used, is not considered synonymous with "total costs of instruction." It obviously does not take into account certain indirect costs which a complicated formula would include. On the other hand, total costs of instructional departments include all departmental research costs, which are not necessarily chargeable as costs of instruction. The argument in favor of the proposed amendment to L.B. 861 is that it is simple and direct. Furthermore, significant changes in indirect costs do not arise independently. Changes in indirect costs almost always are caused by changes in direct costs. Hence changes in total costs of instructional departments serve as a practical measure of changes in total costs of instruction.

If a complicated formula is used which involves allocations of indirect costs (including administration and general expense, library costs, operation and maintenance costs in physical plant), detailed analysis is required to determine appropriate and equitable amounts to be allocated to instructional programs. As appropriation recommendations are adjusted upward or downward in the indirect cost categories, effects upon instructional costs are not immediately known. Rather, new analyses are necessary to determine exact amounts of indirect costs to be allocated to instructional programs.

A similar problem of allocation arises whenever an attempt is made to calculate per student costs—on an amortized basis—of buildings used directly or indirectly for instructional purposes. It becomes necessary for both existing buildings and proposed new buildings and improvements to determine proper allocations to be included in "total costs of instruction."

If the proposed method is made effective, the results for the 1967-69 biennium will be as follows. (The figures used in these calculations are taken from the Governor's appropriation recommendations for the University of Nebraska.)

Year	Cost Per FTE Student	33⅓% of Cost Per FTE Student
1967-68	\$ 813.49	\$ 271.16
1968-69	\$ 892.49	\$ 297.50

The present tuition charge (exclusive of special fees in the amount of \$74.00 per academic year) is \$260.00 per academic year. In addition to the amounts shown in the table above, students

would continue to pay no less than \$74.00 per academic year as special fees.

Based on the same information as is shown above, two-thirds of the cost per FTE student would be \$542.32 in 1967-68 and \$595.00 in 1968-69. Non-resident students presently are paying tuition in the amount of \$786 per academic year (exclusive of \$74.00 of special fees also paid by non-resident students).

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

NINETY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Friday, May 12, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by the Rev. Kenneth C. Stewart.

Prayer

O Thou Supreme Ruler of the universe grant to each one of us
this day the quiet assurance that over all our ways brood Thy
wisdom and Thy love. Make us brave to face the adventure of
this day with courage and wisdom sufficient for our task. Give us
a sense of what is important and what is unimportant so that we do
not waste time on trivial details and bog down on important issues
that cry for action. Bless the Governor of this state as he seeks
to steer a straight course toward worthy goals. Uphold with Thy
strengthening grace the President, the Congress of the United States
and those men who at this very hour represent us in distant lands.

"God of justice, save the people from the clash of race and
creed
From the strife of class and faction, make our nation free
indeed
Keep her faith in simple manhood strong as when her life
began
"Til it find its full fruition in the brotherhood of man."

Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 41. Re: Great Plains Conservation Program

Introduced by Ross H. Rasmussen, 15th District; Stanley A. Matzke, 24th District; Arnold Ruhnke, 31st District; C. W. Holmquist, 16th District; Richard F. Proud, 12th District; Maurice A. Kremer, 34th District and George Syas, 13th District.

WHEREAS, the Great Plains Conservation Program (PL-1021) is restricted for operations in Nebraska to sixty western counties; and

WHEREAS, the Great Plains Conservation Program has proved to be eminently successful in converting crop land to permanent grass and in other conservation practices which insure greater economic stability of farms and ranches through complete conservation planning; and

WHEREAS, the thirty-three counties in eastern Nebraska which lie outside of the area of eligibility need an accelerated conservation program tailored to Nebraska farming and ranching conditions for present development and future welfare.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Congress of the United States enlarge the area of eligibility of PL-1021 to include the thirty-three counties in eastern Nebraska.

2. That copies of this resolution be sent to the Vice President of the United States, to the Speaker of the House of Representatives and to each member of Congress from Nebraska.

LEGISLATIVE RESOLUTION 42. Re: Frog Jumping Contest

Introduced by Dale L. Payne, 3rd District; William F. Swanson, 27th District; Clifton B. Batchelder, 10th District; George C. Gerdes, 49th District and Richard F. Proud, 12th District.

WHEREAS, Nebraska will be represented in the near future at the famed Calaveras County, California, frog jumping competition; and

WHEREAS, our entry is known as Admiral Nobby and is fed, trained, cherished, cajoled, encouraged, and conditioned under the direct supervision of the Lieutenant Governor, John E. Everroad; and

WHEREAS, such a close association has brought about a more than casual friendly relationship between the frog, Admiral Nobby and its trainer, Lieutenant Governor Everroad; and

WHEREAS, the frog must be accompanied to California by someone; and

WHEREAS, not being accompanied by Lieutenant Governor Everroad would cause Admiral Nobby to feel unwanted; and

WHEREAS, this monumental task is too important to be entrusted to an assistant to the Lieutenant Governor, a person not directly responsible to the people since he is appointed, not elected; and

WHEREAS, the Lieutenant Governor campaigned on a program of selling Nebraska and can best accomplish this by efforts outside Nebraska; and

WHEREAS, the Legislature has previously been accused—unjustly, to be sure—of being experts in “bumping along,” “hopping from one side to another,” and “jumping fences”.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Governor order Lieutenant Governor John E. Everroad to accompany, assist and supervise Admiral Nobby, our State Centennial Frog, in its efforts to out-jump all rivals in the California competition.

2. That the Clerk of the Legislature send a copy of this resolution to officials of the frog-jumping contest in California.

-----------------	--------	-------	----

10 January 1967

Mr. Chairman, Members of the Budget Committee

Our projections for state fiscal support for the coming bien-nium have been prepared in the light of the following considerations:

(1) First: World conditions which could at any time have a major effect upon the availability of national guard forces in support of state requirements.

(a) Selected Reserve Force (SRF)—In November 1965, from a strength of 718,000 in the Army National Guard and Air National Guard, in the United States, the Department of Defense selected 150,000 men to constitute an elite ready force,

called the Selected Reserve Force. Its mission was to attain the highest possible state of combat readiness at home station. It was authorized 100% T/O strength and 100% equipment. Never before in our history has a reserve component been requested to acquire full strength in peacetime. Approximately 81% of the total Nebraska National Guard both Army and Air was selected for this mission. Whether or not they are federally mobilized is contingent upon the development of future United States military commitments. The Nebraska Guard components did achieve Department of Defense Readiness Goals and are continuing with the intensified training programs which are designed to maintain their readiness for early mobilization and deployment. The remaining 19%, with the exception of a small 50 man group headquarters, has been placed in the 2nd priority category, called "The Immediate Reserve." The troops in the Immediate Reserve are scheduled as an early follow on force, should "The Selected Force" be called.

I feel it is my responsibility to indicate here that in the event even a partial mobilization of the United States Reserve Forces should occur, it is entirely possible that Nebraska could suddenly be denuded of practically its whole military force as well as the federal equipment now on hand and immediately available for use.

Whereas reaction time is now calculated in hours and days as compared with the months and even years we enjoyed immediately prior to 1940. It appeared proper to make the recommendations contained in this presentation for your judgment.

(2) The 2nd consideration—Involves the many natural disasters which historically have required state assistance to stricken communities in the form of meeting the immediate needs, damage assessment and recovery support. This concerns our responsibility to assist political subdivisions to develop plans to be as self sustaining as possible by increasing their emergency preparedness posture.

(3) Thirdly, more recently, the demonstrated need for close military support to law enforcement has been emphasized, for example—the domestic disturbances in Omaha, last July. Additionally, the military department in conjunction with the safety patrol and local law enforcement officers maintain close liaison and have developed action plans in several instances, which fortunately were not required, perhaps because the state of readiness became apparent to those who would disturb the peace.

In summary: It appears that we could experience in the times ahead, some serious problems for Nebraska in all of these fields.

We have submitted what we consider to be the minimum state fiscal needs required to carry out our state emergency responsibilities on a continuing basis.

General Penterman—Will conduct the detailed presentation. He will be supported by staff specialists as required.

Dear General Welch:

You ask if the Governor of Nebraska has the *legal authority* to direct the Nebraska National Guard to take law enforcement action in a political subdivision without receiving a request for such assistance from the governing body of said political subdivision.

We believe that under the provisions of Section 6, Article IV, Constitution of Nebraska, together with Sections 55-180 and 55-182, R. R. S. 1943, that the Governor of Nebraska does have the legal authority to order the Nebraska National Guard into active service for the purpose of preserving law and order in event of riot, rebellion, insurrection, or reasonable apprehension thereof, even though no request has been received from the governing body of a political subdivision.

Yours very truly,

Dear General Welch:

You ask the following question: "When *Emergency Funds* established for the support of National Guard troops in State Disaster Service and in the maintenance of law and order in the State and its political subdivisions have been depleted, do the Nebraska statutes provide for the procurement of additional funds required by any other means than by Legislative Appropriation?"

We are aware of no provision of law or of the Constitution which would permit the procurement of additional funds under such circumstances other than by Legislative Appropriation. Section 25, Article III, Constitution of Nebraska requires a specific appropriation before the funds of the State may be expended. This section further provides that no money shall be diverted from any appropriation by Resolution of the Legislature. Section 22, Article III provides for deficiency appropriations in event such is necessary. We believe that these provisions of the Constitution are controlling. The specific answer to your question is, "No."

Yours very truly,

Clarence A. H. Meyer

LEGISLATIVE BILL 875. Reading waived. Explained.

Mr. Hasebroock Presiding

Mr. Carpenter offered the following amendment which was adopted:

Section 2, line 11, strike "and for" and all of lines 12 and 13.

Advanced to E and R for review with 26 ayes, 0 nays and 23 not voting.

Mr. Carpenter asked unanimous consent to have the following statement on LB 875 printed in the Journal. No objections. So ordered.

The Nebraska Legislature of 1965 passed LB 257 which provided an arbitration procedure within the Court of Industrial Relations when any dispute arises between a city having a population of more than five thousand inhabitants, or a city under civil service of whatever population, and any labor organization as defined in subdivision (7) of section 48-801 or employees of the paid fire department of such city.

This proposed bill would cover the identical groups covered in LB 257, and provides that the Court of Industrial Relations may issue an order that discussions between the parties be begun or renewed, as the case may be, and for such other order or orders as may be appropriate to govern the situation pending such discussions. It is only logical that both parties discuss the issues to determine if in fact a dispute does exist. In the event that after discussions between the parties there actually is a dispute, then either party may take advantage of the arbitration laws that now exist.

A request was made in the bill drafter's office before the cutoff time for drafting bills. It was suggested at that time that another bill already introduced might be amended to accomplish the same purpose.

After more careful study it was determined that amendments to the other bill would not be plausible, and therefore it was necessary that this additional bill be drafted.

Lord, this is a day which Thou hast made and in Thy wisdom thou hast brought us to it. We rejoice in our opportunities. Re-enforce us, O God, with a right spirit as we roll up our sleeves to work. Enable us to have clear judgment concerning the issues before us. Give us convictions and the courage to express them but save us from the embarrassment of hasty speeches spoken in anger. LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

NINETY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, May 18, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Rev. Kenneth C. Stewart.

Prayer

Almighty God, our Heavenly Father who hast bound us together in the bundle of life, once again as we assemble we thank Thee for Thy gift to us of faith and freedom. In these days of unrest and irresponsibility evident in so many ways we pray that Thou wilt deliver us from the failure of moral fiber in our citizenship, from the vulgarity of life and the loss of social conscience.

As we face the work of this new day we pray that Thou wilt give us sympathy and understanding for all sorts and conditions of people whom we represent. Give us imaginative insight into their needs and through our legislation today help us to safeguard the rights of the individual and preserve those basic freedoms upon which this state and the nation were built.

In Thy strong name we ask it. Amen.

The roll was called and all members were present except Messrs. Adamson, Danner, Kokes, R. Rasmussen and Mrs. Orme, who were excused.

O Thou Living Spirit who dost often seem afar off yet who art close beside us as we face our daily tasks, we pause to thank Thee for this legislative assembly—for their determination to get things done, for their diligence and dedication.

As we face the opportunities of a new day help us to serve Thee as Thou deservest, to give and not count the cost, to toil and not ask for rest, to labor and seek no reward save that of knowing we have served Thee, our country and our fellows with an honest heart. In Thy name we ask it. Amen.

Speaker Elvin Adamson
Nebraska State Legislature
State Capitol

RE: Equalization Cases

Dear Speaker Adamson:

The recent decisions of the Supreme Court in **re valuation, Hanna v State Board of Equalization**, et. al., and related cases, have raised many questions which need consideration by all persons concerned.

In an attempt to answer some of the questions, I have scheduled meetings with the State Board of Equalization and Assessment, the Attorney General, the Tax Commissioner's Office, and legislative leaders. The results of these meetings should prove beneficial to all of us in our attempt to resolve the problems raised.

I will transmit to you and the Legislature the information we obtain and any ideas we may arrive at as soon as our meetings are completed. I would hope that legislative action could be deferred pending the transmission of this information.

Very truly yours,

(Signed) Norbert T. Tiemann

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

NINETY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, May 23, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

Almighty God in these Centennial days we thank Thee for the courage and daring of our pioneering fathers who have gone before us. Frontiers like those they faced no longer confront us, but the frontier of human needs and of the social order are still before us. Unto us is the challenge to provide greater opportunities in education, recreation and employment. In our work together today help us to take that kind of action which on the one hand protects the individual right but on the other hand safeguards the common good.

God bless America, land that we love
Stand beside her and guide her
Through the night with a light from above
From the mountains to the prairies
To the oceans white with foam
God bless America, our home sweet home.

Amen.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

NINETY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 24, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

O Lord, as we look to Thee each day it is to seek Thy guidance for our work but today we come out of a deep concern for the people of the world in which we live. Once again the menacing clouds of war and seething unrest are seen on many a front and we seek Thy wisdom which is greater than our own.

For the President of our nation and all who share with him the responsibility of making far-reaching decisions we ask that Thou wilt guide them in their judgment. Save us from the misuse of our power and might as a nation. Strengthen the United Nations and all agencies seeking to advance the peace and good of the world.

Before it is too late bring the people to see the folly of their selfish ways. Grant the rulers of the nations wisdom so that in our time they may choose life and not death, light and not darkness. This we ask in His name who is the light of the world and the Prince of Peace. Amen.

3 79-1256. All teachers, as defined in section
4 79-1255, in the public schools in *third*, fourth and
5 fifth class school districts shall, upon first employ-
6 ment, be classified as probationary teachers and be

9 or may not be renewed as the employing school board
10 shall see fit. After a probationary teacher has once
11 been elected to a position by the school board, such
12 person shall be deemed to be reelected under the same
13 contract until a majority of the members of the school
14 board vote, on or before April 1 of any year, to terminate
15 the contract at the close of the contract period or until
16 the contract is superseded by a new contract mutually
17 agreed to by the school board and the teacher. Any
18 such probationary teacher whose contract is automatically
19 renewed according to the aforesaid provisions shall file
20 written notice with the secretary of the board within
21 fifteen days thereafter of his acceptance of the renewed
22 contract, and failure to file such notice shall be re-
23 garded as conclusive evidence of his nonacceptance of

2 Statutes of Nebraska, 1943, be amended to read as follows:

3 79-1257. Any person who has served or who shall
4 serve under a contract as a teacher for three successive
5 school years in a *third*, fourth or fifth class school
6 district, and who begins a fourth year of service under
7 a contract with such school board shall thereupon become
8 a permanent teacher unless, by a majority vote of the
9 school board, the time be extended one or two years
10 before such teacher becomes a permanent teacher.

Sec. 4. That section 79-1258, Reissue Revised

2 Statutes of Nebraska, 1943, be amended to read as follows:

3 79-1258. The contract issued the teacher in a
4 *third*, fourth or fifth class school district at the
5 time he accepts permanent status shall be known as an
6 indefinite contract and remain in force until the
7 teacher reaches the age of sixty-five years, unless
8 it is succeeded by a new contract signed by both
9 parties or is canceled, as hereinafter provided in
10 sections 79-1259 and 79-1260; *Provided*, that contracts
11 of all permanent teachers shall provide for the annual

15 fixing of the amount of annual compensation from year
16 to year by the school board in each individual case or
17 by a salary schedule adopted by the school district
18 which schedule shall be deemed to be a part of such
19 contract, but no teacher's salary may be reduced unless
20 the same percentage reduction be applicable to a majority
21 of the teachers in the system.

13 of such superintendent to present such recommendations
14 to the school board, within the time fixed by the board.

20 the teacher desires, he must be furnished a written
21 statement of the reasons for such consideration within
22 five days after filing with the board a written request

4 shall prevent the suspension from duty of a permanent

7 Cancellation of an indefinite contract may be made for
8 (1) incompetency; (2) physical disability or sickness
9 of any type which interferes with the performance of
10 duty; (3) insubordination, which shall be deemed to mean
11 a willful refusal to obey the school laws of this state,
12 the rulings of the State Board of Education, or reasonable
13 rules and regulations prescribed for the government of
14 the schools of the district by the school board; (4)
15 neglect of duty; (5) immorality; (6) failure to give
16 evidence of professional growth; or (7) justifiable
17 decrease in the number of teaching positions of other
18 good and just cause, but may not be made for political
19 or personal reasons. When the cause of cancellation of
20 an indefinite contract is for immorality or insubordina-
21 tion, the cancellation shall go into effect immediately.
22 For all other causes cancellation shall take effect at
23 the end of the current school term. The decision of a
24 school board to cancel an indefinite contract shall be
25 final.

Sec. 7. That section 79-1261, Reissue Revised
2 Statutes of Nebraska, 1943, be amended to read as follows:

3 79-1261. Every six years permanent teachers in
4 a *third*, fourth or fifth class school district shall
5 give such evidence of professional growth as is ap-
6 proved by the school board in order to remain eligible
7 to the benefits of sections 79-1255 to 79-1262. Educa-
8 tional travel, professional publications, work on
9 educational committees, six semester hours of college
10 work, or such other activity approved by the school
11 board, may be accepted as evidence of professional
12 growth.

Sec. 8. That section 79-1262, Reissue Revised
2 Statutes of Nebraska, 1943, be amended to read as follows:

3 79-1262. Any school board in a *third*, fourth
4 or fifth class school district, upon written request,
5 may grant a leave of absence to a permanent teacher
6 for study, military service, professional improvement
7 or because of physical disability or sickness, subject
8 to such rules and regulations governing leaves of
9 absence as may be adopted by the board. A school
10 board may require a permanent teacher, because of
11 physical disability or sickness, to take a leave of
12 absence for a period not exceeding one year. In any

- 13 such case, the procedure to be followed and the rights
14 of the teacher shall be the same as those heretofore
15 prescribed for cancellation of an indefinite contract.”.

12 power business, the words public power district. If the pro-
13 posed
14 district is to engage in the business of owning and operating ir-
15 rigation works, the name shall include the words public irriga-
16 tion
17 district; Provided, if electric light and power are the major
18 busi-
19 ness of such district, it need not include these words in its
20 name.
21 A district may be organized to engage only in the electric light
22 and power business, only in the business of owning and operat-
23 ing ir-
24 rigation works, or to engage in both of such businesses;

25 (2) The names of the municipalities constituting the pro-
26 posed
27 district, and the boundaries thereof;

28 (3) A general description of the nature of the business
29 which the district intends to engage in, and the location and
30 method of operation of the proposed power plants and systems
31 or ir-
32 rigation works of the district;

33 (4) The location of the principal place of business of the
34 proposed district;

35 (5) A statement that the proposed district shall not have
36 the power to levy taxes nor to issue general obligation bonds;

37 (6) *Where the Director of Water Resources finds from the*
38 *evidence that subdivisions are necessary or desirable, from which*
39 *di-*
40 *rectors are to be elected or appointed, such subdivision shall*
41 *be*
42 *of substantially equal population; and*

43 (7) Except in a district having within its proposed bound-
44 aries
45 twenty-five or more cities or villages, the names and ad-
46 dresses of the
47 members of the board of directors of the district, not less than
48 five

37 nor more than twenty-one, who shall serve until their suc-
cessors are
38 elected and qualified. In any proposed district having within
its
39 boundaries twenty-five or more cities and villages, the petition
40 shall set forth the number of directors of the district and shall
41 provide that the board of directors, to serve until their suc-
cessors
42 are elected and qualified, shall be appointed by the Governor
within
43 thirty days after the approval of the formation of the district.
In
44 the petition the directors named or to be appointed by the
Governor
45 shall be divided as nearly as possible into three equal groups,
the
46 members of the first group to hold office until their successors,
47 elected at the first general state election thereafter, shall have
48 qualified, the members of the second group to hold office until
their
49 successors, elected at the second general state election there-
after,
50 shall have qualified, and the members of the third group to
hold of-
51 fice until their successors, elected at the third general state elec-
52 tion thereafter, shall have qualified. The group to which each
pro-
53 posed director belongs shall be designated in the petition or, in
54 case the district has within its proposed boundaries twenty-five
or
55 more cities and villages, shall be set forth in the order of ap-
point-
56 ment by the Governor.

Section 2. Except as the same may be further limited or
ex-
2 *panded by requirements in Chapter 70, article 6, Reissue Re-*
vised
3 *Statutes of Nebraska, 1943, the chartered territory of each*
public
4 *power district or public power and irrigation district, organized*
5 *pursuant to and existing by virtue of, or subject to the provi-*
sions
6 *of, Chapter 70, article 6, Reissue Revised Statutes of Nebraska,*
7 *1943, after creation of a district, must include the area in this*
8 *state within which each district renders electric service of the*
9 *nature defined in sections 3 to 6 of this act and termed its*
oper-

10 ating area; except that wherever two or more such districts are
11 associated together whereby all or part of the utility plants and
12 systems of both districts are jointly operated to render electric
13 utility service to an operating area, the chartered territories of
14 each district may be segregated by the Director of the Department
15 of Water Resources so that the aggregate area of the chartered
16 territories of all such districts shall include all of the operating
17 area served by such joint operations in this state. In
18 either the singular or joint case, there may be included within
19 the chartered area of each district areas which are outside the
20 operating area as defined in this act, but which inclusion is
21 nevertheless authorized by other sections of Chapter 70, article
22 6, Reissue Revised Statutes of Nebraska, 1943, or deemed advisable
23 for other reasons.

Section 3. The operating area of a district, for purposes
2 of this act, is the geographical area in this state comprising:

3 (1) The district's retail distribution area, which is
4 that area within which the district delivers electricity by distribution
5 lines directly to those of its customers who consume
6 the electricity; and

7 (2) The district's wholesale distribution area, which is
8 the aggregate of those retail distribution areas of the public
9 electric utilities which purchase electricity from the district
10 for resale either directly or indirectly to their retail customers
11 if the selling district has the responsibility of charging
12 for, and delivery of, the electricity, by transmission lines, to
13 the retail public electric utility distribution lines at one or
14 more points of delivery pursuant to a power contract to deliver
15 firm power and energy having a term of five years or more.

To
16 the extent that a selling district leases its plant or systems to
17 another district to be operated by such other district, or produces
18 electricity which other districts may purchase, and such
19 other districts provide or operate the transmission lines to
20 carry such electricity from the producer to such other districts,
21 the retail and wholesale distribution areas of such other districts
22 are not a part of the operating area of the selling district by
23 reason alone of such leasing or production.

Section 4. To establish boundary lines of an operating
area
2 coincident with voting precinct or county boundary lines, it
shall
3 be permissible to eliminate from, or add to, the operating area

- 4 relatively minor areas containing a limited number of retail
cus-
5 tomers served, so that retail distribution areas are identified by
6 reference to whole voting precincts and wholesale distribution
areas
7 are identified by reference to whole counties.

Section 5. Interconnections of plant or system primarily
2 for the purpose of rendering emergency or temporary electric serv-
3 ice to another electric utility, in order to maintain adequate re-
4 serve capacity for all the electric utilities involved or to pool
5 spare plant or system capacity, shall not in itself establish an
6 electric utility as part of the operating area of another for pur-
7 poses of this act. Where a district which purchases electricity
8 for resale actually segregates its distribution system to its cus-
9 tomers such that only a portion of its total customers normally
10 receive the electricity transmitted by a given wholesale supplier
11 district, that wholesale supplier district may be required to in-
12 clude in its operating area only that portion of the customers of
13 the supplied district who are so indirectly supplied by elec-
tricity
14 from that wholesale supplier district.

Section 6. Where chartered territories must be segregated
2 as provided in section 2 of this act, such segregation shall be
3 accomplished by resort to the usual engineering, economic, and
4 social studies that need be made to partition for the districts in
5 the most feasible way the jointly-served area of customers, as if
6 joint operations were to be dissolved such that despite whether
7 or not an actual partition would be desirable, each district
would
8 have that part of the aggregate operating area needed to carry
on
9 a sound electric utility business. Actual partition between the
10 districts dissolving joint operations shall not be made to accom-
11 plish the requirements of this act. To the extent applicable, the
12 feasibility studies shall take into account:

- 13 (1) The community of interests of the citizenry;
14 (2) Location, impact, ownership, financing, revenue, and
op-
15 eration of electrical facilities and of irrigation and other hy-
draulic
16 facilities connected with the electric utility industry, and the
17 interests of the water users in irrigation and electric facilities;
18 (3) Relationship of operating area boundaries to political
19 subdivisions of this state;

20 (4) Acquisition, ownership, location, operations, and fi-
21 nancing of electric utility plants and systems as efficient and
22 manageable independent utility systems, together with the
quantitative and qualitative service that can be given to, and the reve-
23 nue that can be derived from, their customers; and

25 (5) The potential growth pattern of the electric industry
26 and of the rural and urban economic activities of the areas to
be
27 served by the electric utilities involved.

Section 7. When it appears that a district or districts is
2 or are in noncompliance with the provisions of this act, the cor-
3 porate amendments required to conform to the provisions of
this
4 act shall be made generally in accordance with the procedures
and
5 requirements contained in Chapter 70, article 6, Reissue Revised
6 Statutes of Nebraska, 1943, as well as the additional provisions
7 of this act. In the absence of voluntary amendment, any person
8 residing in the geographical area of alleged noncompliance, or
any
9 public power district, public power and irrigation district, or
10 any two or more of such districts, may file a complaint with
the
11 Department of Water Resources against one or more other
districts
12 alleging the area of noncompliance of such other districts,
where-
13 upon the Director of Water Resources shall issue an order
directed
14 to the alleged noncomplying district granting a hearing and
requir-
15 ing it to show cause why an amended petition for creation
eliminat-
16 ing such noncompliance should not be filed for approval.
Thirty-
17 three days' notice of hearing, which includes mailing time,
shall
18 be given to such alleged noncomplying district by either regis-
19 tered or certified mail. The alleged noncomplying district
may ap-
20 pear by answer or by petition for amended petition for creation
of
21 the district. The burden of proof of noncompliance shall be
upon
22 the complainant and of proposed amendments upon the pro-
poser. If

23 the Director of Water Resources finds that an amended petition
for
24 creation should be made, and the alleged noncomplying district
has
25 not proposed an acceptable one, the director shall frame the
amend-
26 ment to be approved after continuing the hearing to receive
such
27 evidence as may be offered by the parties having appeared be-
fore the
28 department regarding the contents of the amendment to be
framed by
29 the director.

Section 8. An appeal may be taken to the Supreme Court
from
2 any final action of the Director of Water Resources in the same
man-
3 ner as appeals are taken from decisions of the State Railway
Commis-
4 sion.

Section 9. When a district which may otherwise be sub-
ject to
2 the provisions of section 70-609.01 and section 70-614.01 but has
3 filed a petition to comply with the terms of this act, such
district
4 may proceed to obtain an amended certificate of creation un-
der this
5 act and shall not be required to continue compliance with
sections
6 70-609.01 and section 70-614.01 as long as a valid certificate is
7 maintained under this act.
8 Any person or persons elected pursuant to sections 70-609.01
9 and 70-614.01 and acting as director or directors of such district
10 at the time of the effective date of this act shall continue to
11 serve until the expiration of the term of office for which such
12 person or persons have been elected and until his or their
succes-
13 sors are elected and qualified.

Section 10. Except for the amendment to section 70-604, R.
2 R. S., 1966, Reissue, this act shall be construed to be cumula-
3 tive of and in addition to the previous privileges and limita-
tions
4 of Chapter 70, articles 5, 6, and 8, Reissue Revised Statutes of
5 Nebraska, 1943, as amended, and not in derogation or amend-
ment
6 thereof.

Section 11. *If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration of invalidity shall not affect the validity of the remaining portions thereof.*

Section 12. *Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.*

LEGISLATIVE BILL 319. Placed on General File as amended.

Standing Committee amendments to LB 319:

1. Strike all of sections 1 through 7, and in lieu thereof insert the following:

"Section 1. It is declared to be the policy of the State of Nebraska that electric transmission facilities and interconnections which are defined as being electric lines having a rating of thirty-four thousand five hundred volts and higher will be provided and made available to all power agencies under the terms of fair and reasonable contracts developed from negotiations between the interested power agencies so as to result in the lowest possible cost for the transmission and delivery of electric energy over the transmission and interconnected facilities of any public power district, public power and irrigation district, municipality, governmental subdivision, or nonprofit electric cooperative corporation.

Sec. 2. That section 70-626.01, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

70-626.01. A public power district or public power and irrigation district which is engaged in the generation and transmission of electrical energy, both of which are hereinafter referred to in this act by the term generating power agency, shall be required to sell electrical energy at wholesale under the terms and conditions of a fair and reasonable contract directly to any municipality or, other public power or public power and irrigation district, political subdivision in the state which is engaged in the distribution and sale of electrical energy, or any nonprofit electric cooperative corporation organized under Chapter 70, article 7, all of which are hereinafter referred to in this act by the term distribution power agency, when such municipality or political subdivision distribution power agency makes application for the purchase of electrical energy, provided if

19 such district generating power agency has the requested
20 amount of electrical energy available for sale, and the
21 municipality or political subdivision distribution power
22 agency agrees to make or pay for the necessary physical
23 connection with the electrical facilities of such dis-
24 trict generating power agency.

Sec. 3. A generating power agency shall, subject
2 to the provisions of a contract or contracts between the
3 generating power agency and the other interested power
4 agency or agencies, establish a physical connection of
5 its transmission lines and associated facilities with
6 the facilities of the other contracting party and shall
7 make available firm capacity in its transmission lines
8 and associated facilities and provide for the receipt,
9 transmission, and delivery of power and energy for the
10 account of the other party to the extent provided in the
11 contract and only upon payment of rates, tolls, and
12 charges that are reasonable, fair, and nondiscriminatory.

Sec. 4. Transmission facilities owned by any
2 other power agency shall also be available for transmit-
3 ting or delivering electric energy to any Nebraska power
4 agency. Electrical energy shall be transmitted and de-
5 livered over the electric transmission facilities pro-
6 vided by any agency subject to the terms of this act and
7 under the terms and conditions of a fair and reasonable
8 contract developed from negotiations between the interested
9 power agencies and only upon payment of rates, tolls, and
10 charges that are reasonable, fair, and nondiscriminatory.

Sec. 5. In the event of any disagreement between
2 power agencies, whether wholesale or retail, regarding the
3 provisions of this act and compliance therewith, either
4 party may make application to the Nebraska Power Review
5 Board for settlement of such disagreement. The Nebraska
6 Power Review Board shall, upon application by any such
7 power agency and after notice to the parties and hearing,
8 enter a decision with regard to the disagreement, taking
9 into consideration whether the relief requested by the
10 complaining party is necessary or appropriate in the pub-
11 lic interest and will place no undue burden upon the par-
12 ties affected thereby, and it shall enter such order upon
13 any and all other matters as may be appropriate in connec-
14 tion with said controversy. Any provision in an order of
15 the Nebraska Power Review Board regarding any rate to be
16 charged by a public power district or public power and
17 irrigation district which has agreed with the holders of

18 *its outstanding bonds that the district will fix such*
19 *rates shall be advisory only and not binding on the dis-*
20 *trict.*

Sec. 6. That original section 70-626.01, Reissue
2 Revised Statutes of Nebraska, 1943, is repealed.”.

Legislative Chamber, Lincoln, Nebraska
Friday, May 26, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, show us the way to go that we cannot find alone. Help us to see how our colleagues and constituents look to Thee, and put out of our mind how they may seem to us at times. Keep us on the right track; let us never feel so sorry for ourselves that we lose our way. We want more than anything to keep our relationship with people direct, warm, and steady. We know that we cannot always do this; we know we have not always done it. But help us this day to know what is right, give us the spirit of love for those with whom we work and for whom we are responsible, and then give us the power to do the right as we see it by Thy spirit. Amen.

The roll was called and all members were present except Messrs. Carpenter, Harsh, Klaver, Mahoney, Proud and Skarda, who were excused.

The Journal for the Ninety-ninth Day was approved.

Message from the Governor

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-Sixth Session:

I am returning to you herewith LB 565 without my signature for the following reasons:

1. The position of the election commissioner is one of such extreme political sensitivity that all possible care should be taken to insulate the holder of that position from every political pressure. LB 565 removes one of the most significant safeguards against such political pressure by removing the prohibition against the election commissioner running for political office until three months after his term of office ends.
2. It is desirable that there be continuity in the office of election commissioner. The holder of the position of election commissioner should be discouraged from destroying that continuity by resigning during his term. LB 565 removes one of the incentives which encourages the election commissioner to remain in office throughout his term.
3. It is not unfair or unreasonable to require the election commissioner, a public official, to defer the exercise of some of his rights to insure fairness and impartiality in the conduct of his office.

Respectfully submitted,

(Signed) Norbert T. Tiemann
Governor

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 1, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who hast set before us so many and such great choices, Thou knowest that we are divided often in our own hearts and we do not know which way to go. There seems to be some good in so many of the bills before us, yet how can we be expected to understand all the implications of each measure? Help us therefore to remember that there are some things that are wrong and some things that are right and that the responsibility for what we do ultimately rests upon ourselves—our wills, our minds, and our hearts. So give us that awareness of right and wrong which shall enable us to do a good work for the people. In Thy name. Amen.

The roll was called and all members were present except Mr. Luedtke, who was excused and Mr. Budd, excused until 10:30 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska

Friday, June 2, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, deliver us from the foolishness of impatience. Let us not be in such a hurry as to run on without Thee. We know that it takes a lifetime to make a tree; we know that fruit does not ripen in an afternoon; Thou Thyself didst take a week to make the universe. May we remember that it takes time to build the State that can truly be called God's own country. It takes time to find out what we should do; what is right and what is best. Slow us down, O Lord, that we may take time to think, time to pray, and time to find Thy will. Then give us the sense and the courage to do Thy will, for the good of the State and the glory of Thy name. Amen.

The roll was called and all members were present except Mr. Kremer, who was excused until noon.

ONE HUNDRED-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska

Monday, June 5, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Almighty God, we pray for peace in this troubled time, that there may be wisdom and forbearance in the rulers and policies of the Nations. Be Thou with us when we are tried to the upmost. As Thou didst strengthen the will of Christ in Gethsemane and walk with him, his unseen comrade on the road to Calvary, so do Thou walk with us on the straight hard road of duty and the following of Thy will. As we follow the path of sacrifice, grant that we may endure hardship as good soldiers of Jesus Christ. Strengthen us by discipline, refine our spirits as by fire and grant that we steadfastly may set our hearts upon the realities that are eternal. May we hear Thy word, "Blessed are the peacemakers for they shall be called the children of God." Amen.

The roll was called and all members were present except Messrs. Pedersen and R. Rasmussen, who were excused, Messrs. Knight and Warner excused until 9:30 a.m. and Messrs. Carpenter and E. Ramussen excused until 10:20 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska

Tuesday, June 6, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Eternal Father, grant to the members and officers of this legislature a meaningful moment of prayer before they take up the duties of this day. Turn their thoughts to Thee, and open their hearts to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments. Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day. Rather, from these moments of hard searching may there come such a sweetness of disposition that all may know that Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, "Well done, good and faithful servant." So help us all this day. Through Christ our Lord. Amen.

The roll was called and all members were present.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 7, 1967

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Good God, words spill from our lips so casually on so many occasions, but when we appear before Thee silence seems much more comforting. It relieves us of the necessity of confession—until we know that even our silence speaks, speaks more thoroughly than all our words put together. What is it that disturbs us so much when we come into Thy presence? The fact that we so often compromise not mere principles but ourselves; the fact that what we've destroyed is not the idea of another or anything made by man but that within us which we call Thy own image. What we are really sorry for is not in anything specific we have done, but for what we have let ourselves become. So we ask Thee to keep our eyes open to wisdom and truth. Keep us mindful of who we are in Thy sight. And now we thank Thee for that gaiety of the soul which belongs to us through Christ who opened to us not only the mysteries of love but the joy of living in this wonderful world. Amen.

The roll was called and all members were present except Messrs. Skarda and E. Rasmussen, who were excused.

The Journal for the One Hundred-sixth Day was approved.

WHEREAS, the members of the Nebraska State Legislature in Seventy-fifth Session assembled passed Legislative Resolution No. 58 stipulating that generation and transmission of electricity be placed insofar as may efficiently be done under one newly created power agency; and

WHEREAS, the Nebraska Public Power Districts and municipal systems established a Nebraska Power Industry Committee to study Nebraska Power System Planning from the years of 1969 to 1985; and

WHEREAS, there are many competent engineers, technicians and accountants that are employees of the various power districts and municipalities; and

WHEREAS, the Nebraska Power Industry Committee established an engineering committee and a technical subcommittee for the study; and

WHEREAS, the Nebraska Power Industry Committee study is now complete after many man hours and costs to the power systems; and

WHEREAS, this study has three distinct plans with projected costs and capital investment to 1985; and

WHEREAS, the study indicates that by 1985, substantial savings would be made by adopting the policy of large power units, large capacity interconnections, transmission and associated facilities strategically located in the load areas of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

2. That when planning any realignments of public power facilities that are in the best interests of the rate payers of Nebraska, the power districts adhere to prior recommendations of the Nebraska State Legislature that the N.P.S. high voltage grid system be kept intact and that in the future there should be one board of directors responsible for the operation and maintenance of the entire high voltage grid system.

3. That all power districts adhere to the recommendations of the Nebraska Power Industry Committee study and when approving applications for generation, transmission and related facilities, the Nebraska Power Review Board use the Nebraska Power Industry Committee study as one of the information sources for making the decisions.

Legislative Chamber, Lincoln, Nebraska
Thursday, June 8, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we know that we, by ourselves are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen Presence. May Thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these senators, who represent us, represent Thee, and, in Thy spirit be courageous enough to begin anew, fearless enough to make mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud. To the end that we may help to establish Thy way of life for the people of this state. So may all of us do the best we can, by Thy help, and be willing to leave the issue in Thy hands, through Christ our Lord. Amen.

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to have the following letters printed in the Journal. No objections. So ordered.

May 11, 1967

Senator Harold D. Simpson
Nebraska State Legislature
State Capitol Building
Lincoln, Nebraska

Dear Senator:

In order to make certain that there is no misunderstanding as to my views on L. B. 547 in the form in which it now appears, it is my conclusion that the bill is incomplete and unworkable.

Two members of my staff have now also examined the bill and feel that it has shortcomings. To make certain that my feeling about the bill does not result from some personal prejudice, I discussed it with an individual not connected with this office whose judgment I respect, and it is his feeling that the bill is bad.

Although up to this time this office has not been invited to participate in any meetings or discussions relative to the contents of this bill or its amendments, I will be glad to meet with any group at any time to help work on the deficiencies of the bill.

Copies of this letter are being sent to the co-introducers of the bill and to Senators who have expressed an interest in it.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

The Honorable Harold D. Simpson
State of Nebraska Legislature
State Capital Building
Lincoln, Nebraska

Sir:

I am using this means to express to you, and through you to each of the sponsors and supporters of Legislative Bill Number 547, my word of deep appreciation for your efforts on behalf of "progressive" law enforcement in Nebraska. I should like to state here that it is my opinion that passage of LB 547 would advance the cause of "keeping the peace", and I have personal knowledge that an overwhelming majority of county sheriffs approve of the act as it now reads. As you must know, there has been some recent strong disagreement about the provisions of the law enforcement school bill, but informed law officers know that such protest has arisen from a relatively small number of persons, who possess, I am convinced, a large capacity for petty jealousy and mediocrity, rather than a worthy desire to advance the calibre of law enforcement.

As recently as March 16, participants in the South Eastern Sheriff's Association were polled concerning the spirit of LB 547, with the following results: (1) From a possible thirty-seven county sheriffs, approximately twenty-five attended and favored the bill; and (2) Approximately ten to fifteen police department personnel attended, all favoring the bill. The opinion, as I understand it, seems to be that if any problems exist in the structure of the act, they are such as can be easily amended before January 1, 1969, or smoothed over by the capable administration of such a man as Colonel Dan Casey.

In the latter regard, permit me to express my strong approval, also shared by most local and county officers, of the fine manner in which Col. Casey superintends the Nebraska Safety Patrol. As a direct result of his leadership, cooperation between state patrol troopers and local or county officers has never been better or more effective. I therefore respectfully submit that, almost without exception, county

sheriffs and local police personnel can conceive of no better qualified or dedicated an official to head the proposed training center than the present superintendent of Nebraska's Department of Law Enforcement. We understand that the legislation empowers the Attorney General as "Director" of the proposed training facility, but we believe that it is only logical that Colonel Casey should be appointed to the Advisory Commission and serve as actual superintendent of training. Such an appointment would ensure the success of the training center as befits the needs of this state at the present time, and would have our unqualified support.

In closing may I strongly urge that full consideration be given to the positive opinions of those of us who function at the county and municipal level, for it seems that only the negative stand, represented by a very few, has thus far been heard.

Nebraska must raise its quality of law enforcement; professional, comprehensive and knowledgeable training is a necessary step toward that goal. We believe, sir, that enactment of LB 547 is a major step toward quality. Assuring you of my full cooperation at any time in furthering this worthy project, I am,

Respectfully,

(Signed) Robert G. Anderson
Sheriff of Adams County

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-NINTH DAY

Legislative Chamber, Lincoln, Nebraska

Friday, June 9, 1967

Pursuant to adjournment, the Legislature met at 8:30 a.m., Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who hast given us life and made our earth so fair, reveal to us this day Thy heart of infinite tenderness yearning for our love. Help us to feel Thy spirit brooding over us, longing to help us in our decisions, to save us from the pressures that drive us and the tensions that break us down. How strange it is that Thou who art love, who dost give love to human hearts, should Thyself often be the great unloved. Give us therefore love to love Thee for Thy love, and to love Him who first loved us and gave Himself for us. Loving Thee, we shall love one another, and loving one another, we shall do Thy will, and doing Thy will, we shall always do right. We pray in the lovely name of Jesus. Amen.

The roll was called and all members were present except Messrs. Stryker and Viehmeyer, who were excused.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-TENTH DAY

Legislative Chamber, Lincoln, Nebraska

Monday, June 12, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

We confess O Lord, that we think too much of ourselves, for ourselves, and about ourselves, and often our voting record reflects what we feel would personally be best for us rather than what we feel would be the best for the majority of us. This morning help us to contemplate the meaning of the Golden Rule: "Do unto others as you would have others do unto you." If the great men whom we honor for their part in building our state and nation had thought about themselves first, we would have no free republic today. Help us to see that the letter I is in the middle of sin, and let no man among us think more highly of himself than he ought to think, but help us to walk in the ways of justice, equality, integrity, which Thou hast set before us, to the end that we may be used to Thee in Thy service for the good of all men. Through Christ our Lord. Amen.

The roll was called and all members were present except Mr. Fleming, who was excused; Mr. Burbach and Miss Reynolds excused until 9:30 a.m.; Mr. E. Rasmussen excused until 10:00 a.m. and Mr. Kokes excused until 11:00 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-ELEVENTH DAY

Legislative Chamber, Lincoln, Nebraska

Tuesday, June 13, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., Mr. Warner presiding.

Prayer was offered by the Chaplain.

Prayer

O God, be merciful when we pray with half our heart or listen with half our mind, and pity us that we are torn as we are, bedeviled with compromises. Vainly we long for life without such difficult decisions, yet we know that we have only ourselves to blame for the tensions in which we live. We need to pray that our own eyes will be opened to the truth. Deliver us from the reservations that would pray: "Thy kingdom come—but not yet; Thy will be done—by other people." Help each of us to see that if Thou art to lead our State, Thou must be permitted to lead us. If Thy will is to be done, we are the ones who must be doing it. O God, consider not our cowardice, but forgive us our failures. Harken to those prayers of our hearts which come to us in high moments when we forget ourselves and think first of Thee and others. Amen.

The roll was called and all members were present except Messrs. Danner, Luedtke and Swanson, who were excused; Mr. Adamson, who was excused until 9:30 a.m. and Mr. Batchelder, who was excused until 11:15 a.m.

As reported by the Public Works Committee, this bill requires public power districts to sell property they have outside the boundaries where they elect directors or to amend their charters to include all the area where they have property.

Last Wednesday the Legislature amended the committee bill to make it more difficult for Consumers Public Power District to amend its charter to include the area where it will have its new large generating plant and where it now has facilities. These amendments I offer will reamend the provisions for changing Consumers' charter back to those originally suggested by the Public Works Committee. They will carry out the intent that all districts either sell their property outside their chartered area or expand their chartered area.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-TWELFTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 14, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, before we become involved in the routine of another day, we stop to seek Thy help. Experienced in the ways of men so well, we know all too little of the ways of God. But Thou knowest each one of us, by name and by need. Therefore turn our wayward minds and hearts to Thee. Forgive our faults and failures that we have committed in the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in others or to see the evil in ourselves. In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us and through us in our beloved state. For Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Bloom, Danner, Kremer, Mahoney and Miss Reynolds, who were excused and members of the Revenue Committee, excused for a short time.

Prayer was offered by the Chaplain.

Prayer

O God, we turn to Thee in the faith that Thou dost understand and art merciful. Some of us are not sure concerning Thee; not sure how Thou dost reveal Thy will to us; not sure that it is possible for us to know, in every decision, just what Thou desirest us to do. But if we can say, "This is what God wants us to do," none would vote against it, and how much time and temper and money would be saved. Make each one of us willing to yield himself to Thee in prayer and obedience. Come and deliver us therefore, as we wait upon Thee for help. Amen.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-FOURTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, June 16, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, be gracious to Thy servants here, the legislators of this state. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. Yet, a different world cannot be built by indifferent people. So let us never give up hope for the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou art never in a hurry and will not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and to do Thy will. Amen.

The roll was called and all members were present except Messrs. Budd, Burbach, Danner, Harsh, Klaver, Kremer, Moylan, Nore, R. Rasmussen, Ruhnke and Skarda, who were excused and Mrs. Hughes, who was excused until 10:45 a.m.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-FIFTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, June 19, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Adamson presiding.

Prayer was offered by Rev. Glover A. Leitch, The First Presbyterian Church, Lincoln.

Prayer

Lord God, Thou hast made this day and it is thine. At the beginning of it, help us to remember that we do not own the hours, we do not create the time, for our times are in Thy hand. As the sun shines upon the hills and fields of our state, and as it brings light to our nation, so grant, O God, that this day may bring us one day closer to the emancipation of all human spirits; to the accomplishment of peace with justice in every land; to the fulfillment of Thy will for these United States. Bless, O Lord, the men and women of this assembly; that today they may be conscious of Thy guidance, and that, at the close of the day, they may have joy in work faithfully done. We ask this in the Name of Jesus Christ. Amen.

The roll was called and all members were present except Messrs. Batchelder, Bloom and Burbach, who were excused; Mr. E. Rasmussen, excused until 9:30 a.m. and Mr. Viehmeyer, excused until 9:45 a.m.

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Adamson presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

O Thou who hast given us so much in life and hast ordained that through work we earn our daily bread, we thank Thee for the work to which we are called today and would invoke Thy blessing as we face it together. In all our deliberations arm us with strength to fight falsehood with truth. Keep us from contentment that stifles the voice of duty. Arouse us from ease which can be deaf to the cries of the poor and the hurt of our society. Grant us wisdom, O Lord, to order life within our state upon the principles of justice and brotherhood and for the conquest of covetousness and want, for Thy name's sake we ask it. Amen.

UNANIMOUS CONSENT—Print in Journal

Mrs. Hughes asked unanimous consent to print the following letter in the Journal. No objections. So ordered.

April 21, 1967

Senator Lester Harsh
Chairman, Education Committee
Capitol Building

Dear Senator Harsh:

On Tuesday, April 18, Mrs. Havronek and my wife appeared before your committee to support the amendment to L.B. 747. Previously, I had appeared before your committee to oppose L.B. 618. Mr. Brauer has questioned our motives before your committee and I believe it vitally important for you to have a clear understanding of our actions.

The basic problem in Nebraska's Public School education today is the lack of cooperation between rural and town populations. The reason we oppose all legislation which would help form Class VI districts is simply that these districts serve to aggravate the division between town and country. Our state cannot afford such a division if it is to progress. This division is much greater than education. These people in the rural areas are being taught to fear and distrust the businesses of our towns. In our section of the state, we find this distrust penetrating even our churches.

In order to consolidate these feelings into a political entity, the N.S.I.A. was born. We have seen what it is doing to our part of the state and have no doubt that it is spreading all over the state. For the good of our state this process *must be stopped*. School reorganization has been the chosen battlefield and it is our belief that this is where it must be defeated. Unify our schools and we can rebuild the unity between town and country.

In final emphasis, I wish to state that I am a successful Physician and Surgeon. I have been elected to the Board of Directors of the Nebraska Chapter of the American Academy of General Practice and the House of Delegates of the Nebraska State Medical Association where I serve on two standing committees. Therefore, my recent decision to leave Atkinson and find a location in another state or in a unified school district in Nebraska should serve to illustrate how important *we* feel this problem to be. I might add that I know of two other General Practitioners in Nebraska who have reached the same decision. The Law profession can give you the same story about retaining attorneys in the small towns of our state. The Dental profession is having the same problem.

For the sake of our state, our educational system *must* unify the town and country people. Your committee is in the position to do this great task. Please use your prestige for this purpose.

Sincerely,

(Signed) James E. Ramsay, M.D.
Atkinson, Nebraska

Introduced by C. W. Holmquist, 16th District; Albert A. Kjar, 39th District; George C. Gerdes, 49th District and Elmer Wallwey, 17th District.

WHEREAS, the United States Bureau of Reclamation has planned a 345,000 volt transmission line from Ft. Thompson, South Dakota, to Grand Island, Nebraska; and

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Adamson presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

Most gracious and loving God, who didst bring us to birth in a good land and cause us to dwell in this land of peace, Thou hast blessed us with bounty beyond what we have asked or deserved and with a common prayer to Thee we offer our humble thanks. Strengthen us to meet the possibilities of this day with courage and dedication. Let us never be content while men know hunger in our cities. Deliver us from insulating privilege that obscures the needs of humanity; from pride that scorns to do the servant's task; from poverty of faith to discern thy will for us and for our times. To Thee and to our task as legislators we commit the full measure of our devotion in mind and in spirit. Guide us in our discussions and decisions today that we may be instruments of Thy will on behalf of Thy people. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 52. Re: Reappoint Committee on State and Local Highway and Street Problems

Introduced by Terry Carpenter, 48th District.

WHEREAS, the 1965 Nebraska Legislature recognized the critical need for a comprehensive study of all public roads in Nebraska to determine our engineering needs, to attain more equitable financing of our road needs, and to realize improved management of road systems at all levels of government; and

WHEREAS, the 1965 Legislature adopted a resolution implementing such a study under a nine-member committee of the Legislative Council; and

WHEREAS, that committee did conduct an intensive study of our public roads systems over a 20-month period with the technical assistance of three nationally-recognized engineering and management consultant firms; and

WHEREAS, the conclusions and recommendations of the consultants in each of the three phases of study could not be completed until well past the mid-point of the 1967 legislative session which precluded detailed examination of their findings during the 1967 session; and

WHEREAS, the pressing need continues to evaluate the findings of the highway consultants and to propose legislation to implement those recommendations deemed applicable and practical; and

WHEREAS, the Governor of the State of Nebraska has expressed the desire to have the great majority of highway matters considered in an extraordinary session of the Legislature to be called following a decision of the Nebraska Supreme Court on the constitutionality of proposed legislation authorizing bond financing of certain highway improvements,

NOW, THEREFORE, BE IT RESOLVED, BY THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council be directed to reappoint the Legislative Council Committee on State and Local Highway and Street Problems as it was constituted for the 1965-1967 interim as that group of legislators most experienced in public roads problems.

2. That this study committee be directed by the Legislature to continue and complete its study on these public road problems, to

hold public hearings on proposed legislation implementing those recommendations of the consultants it deems most applicable and practical for improvement of Nebraska's public roads.

3. That this study committee draft legislation on public road matters in preparation for the next regular session or an extraordinary session of the Legislature if the Governor should call one to consider highway matters.

WHEREAS, no effort has been made to study the advantages or disadvantages of such mergers of the rural public power districts; and

WHEREAS, the Public Works Committee of the Seventy-seventh Session, Nebraska State Legislature, 1967, deems it desirable to fully investigate this area merger.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Seventy-seventh Session, Nebraska State Legislature, 1967, directs that rural public power districts should take the necessary steps to investigate and implement a voluntary plan to merge and consolidate these political subdivisions where such investigations reveal it would result in a more efficient operation.

2. That these rural public power districts coordinate these investigations in conjunction with an interim study committee established at the wish of the Legislature with any recommendations to the next regular session of the Legislature.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-EIGHTEENTH DAY

Legislative Chamber, Lincoln, Nebraska

Thursday, June 22, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

O Lord as we resume our work today we would invoke the guidance of Thy Spirit. We pray for power to distinguish the wheat from the chaff amidst the pressures of our daily life. Thou knowest full well we are beset on every hand with words and promises without end. We are offered easy solutions without number. Sometimes we are tempted to confuse the big issues with the small, to mistake propaganda for truth. Enable us by Thy searching spirit to discern the true from the false so that we may support that which is genuine and for the good of the people. Guide and strengthen all those who seek peace and pursue it. Bless the efforts of all who seek the quelling of hostilities and the realization of enduring peace. So hear our prayer and accept the service of our lives in his name who taught us how to live and how to serve. Amen.

The roll was called and all members were present except Mr. Swanson, who was excused.

The President, the Speaker and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-Seventh Session:

I am returning to you herewith LB 674 without my signature for the following reasons:

1. This legislation implicitly repeals section 77-201 of the Nebraska statutes which states that "all tangible property . . . in

this state . . . shall be valued at its actual value. . . and shall be assessed at thirty-five percent of such actual value." LB 674 states that if non-railroad property within a county is assessed at a value other than thirty-five percent of actual value, the State Board of Equalization and Assessment shall assess railroad property at the same percentage. In other words, if non-railroad property in County A is assessed at 25% of actual value, railroad property must also be assessed at 25% of actual value. Likewise, if non-railroad property in County B is assessed at 40% of actual value, railroad property must also be assessed at 40% of actual value. The State Board must then *certify* the resulting assessed value to the county clerk. If this procedure is carried out, the State Board will obviously have officially admitted that property within Nebraska is not being assessed at thirty-five percent of actual value—a distinct violation of its present statutory responsibility. In other words, LB 674 becomes a viable statute only if the State Board of Equalization and Assessment fails to carry out its responsibilities under section 77-201.

Although Nebraska no longer has a state property tax, hundreds of other governmental entities levy taxes in two or more counties. As a consequence, it is doubtful that we will ever be able to eliminate the equalization function at the state level. If such function is to be eliminated, it should be accomplished by the express terms of a repealer statute, and not in an implicit manner through passage of a bill such as LB 674.

2. The end result desired in LB 674, i.e., non-discrimination against railroad property, can be provided through proper administration of existing Nebraska statutes. For example, section 77-507 gives the State Board of Equalization and Assessment the power, in equalizing assessments, to increase or decrease the assessed valuation of any class or kind of property whenever necessary to make such assessment conform to law. If the Board carries out its responsibilities under (1) section 77-507, (2) section 77-506, which gives the State Board additional authority to equalize assessments, (3) article VIII, Sec. 1, of the Nebraska Constitution, which requires that tangible property taxes shall be levied by valuation uniformly and proportionately, and (4) section 77-201, discussed above, railroad and other tangible property must be assessed at thirty-five percent of actual value throughout Nebraska.

Respectfully submitted,

(Signed) Norbert T. Tiemann

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED-NINETEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, June 23, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

Almighty God, our Father we have been meeting for many days in this hall as legislators. At the beginning it was with freshness and enthusiasm that we assumed our work. But as time goes on O Lord it is so human to tire and grow weary. We have conscientiously debated many issues and there remain still others to be considered. Help us today to find renewed strength for that which needs to be done remembering thou has bidden us not to be weary in well doing and that in due season we shall reap if we faint not. So bless our efforts this day and thy people whom we serve. For Thy name's sake. Amen.

Almighty God, our Heavenly Father; we thank Thee for the beauty of this morning, and for the strength of life Thou hast given us. The earth shows its richness and fertility; the fields move toward ripening harvests; the abundance of another summer's day is evident all about us. As we meet here to begin the work of this day, give us grateful hearts, we pray; grant that we may not accept Thy gifts ungraciously or thanklessly; but help us, by word and work, to be worthy of the bounty of this land. For our country and its leaders; for this state and these legislators; for all positions of authority and judgment; we ask Thy special blessing and wisdom now. Give us honesty of motive; gladness of heart; ability in work; and strength in worthy action. This we ask in the Name of Christ, our Lord. Amen.

A BILL FOR AN ACT for submission to the electors of amendments to Article III, sections 16 and 19, of the Constitution of Nebraska, relating to legislative power; to remove the restriction on a member of the Legislature receiving an appointment to a state office during his term; to provide that no such member may receive such an appointment while holding membership in the Legislature or while the Legislature is in session during the term for which he was elected; to provide that the compensation of all members of the Legislature may be increased or diminished at the same time; to provide for the submission of the proposed amendments to the electors at the general election in November, 1968; to provide for the manner of submission and form of ballot; and to provide the effective date thereof.

Be it enacted by the people of the State of Nebraska,

Section 1. That at the general election in November, 1968, there shall be submitted to the electors of the State of Nebraska for approval the following amendments to Article III, sections 16 and 19, of the Constitution of Nebraska, which are hereby proposed by the Legislature:

"Sec. 16. No person elected or appointed to the Legislature shall receive any civil appointment to a state office while holding membership in the Legislature or while the Legislature is in session during the term for which he was elected, and all such appointments shall be void; nor shall any member of the Legislature, or any state officer be interested, either directly or indirectly in any contract, with the state or any county or municipality thereof, authorized by any law enacted during the term for which he shall have been elected or appointed, or within one year after the expiration of such term."

"Sec. 19. The Legislature shall never grant any extra compensation to any public officer, agent, or servant after the services have been rendered nor to any contractor after the contract has been entered into, nor shall the compensation of any public officer, including any officer whose compensation is fixed by the Legislature, be increased or diminished during his term of office except that, when there are members elected or appointed to the Legislature or officers elected or appointed to a court, board, or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of the Legislature or of such court, board, or commission may be increased or diminished at the beginning of the full term of any member thereof."

Sec. 2. The proposed amendments shall be submitted to the electors in the manner prescribed by Article XVI, section 1, of the Constitution of Nebraska. The propositions for the submission of the proposed amendments shall be placed upon the ballot in the following forms:

- ☐ For
- ☐ Against"

"Constitutional amendment to provide that when the terms of members of the Legislature commence at different times, the compensation of all members may be increased or diminished at the same time.

- ☐ For
☐ Against"

Sec. 3. That each of the proposed amendments, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

UNANIMOUS CONSENT—LB 494 and LB 815

Mr. Marvel asked unanimous consent to have the following proposed Budget Committee amendments to LB 494 and LB 815 printed in the Journal.

No objections. So ordered.

7. Necessary Amendments

The purpose of this section is to list the various amendments, with a rationale for each, that we believe are necessary to ensure sound and working legislation to carry out the intent behind LB 494. All of these amendments relate to the amended version of LB 494 and the seven amendments to this version.

The first three amendments change the benefit formula in accordance with the discussion in section 5 of this report. The rationale for these amendments was discussed there.

1. In section 8, lines 9-10 strike "plus one per cent of the final excess federal old-age and survivors insurance compensation of the member".
In section 8 strike lines 24-26.
2. In section 8, line 20 change "five" to "ten".
In section 8, line 21 change "sixty" to "one hundred twenty".
In section 8, line 21 change "five" to "ten".
3. Section 6 shall be amended by reinstating stricken language and striking new language.

The remainder of the amendments will be described with a rationale for each.

4. In section 1, subsection (29) strike "administrator of the group annuity contract" and insert "underwriter or trustee of the retirement system".

Rationale: This language is necessary to allow trust companies as well as life insurance companies to invest the funds of the retirement system.

5. Section 3 should be deleted.

Rationale: Section 3 referred to the new administration board established in LB 494. However, the amendments reestablished the Board of Educational Lands and Funds as the administration board. Therefore, section 3 is unnecessary.

6. Strike the amendments to section 4 and insert the following amendments into the original bill: Subsection (1)—In line 4 insert "or trustee" after "underwrite". In line 6 insert after "system" "Provided, that if a bank or trust company is chosen as the primary carrier that the funds shall be invested according to the same rules and regulations imposed on the State Investment Council as specified by statute." Subsection (2)—In line 7 insert "or trustees" after "underwriters". Subsections (3) to (6) remain unchanged.

Rationale: The purpose of these amendments is to ensure that either a life insurance company or a trust company can be selected to invest the funds. They also provide for some restriction on trust company investments (primarily a 25% limitation on common stocks) instead of allowing a full "prudent man rule." This is in line with the recommendation of the Retirement Systems Advisory Committee. We believe these amendments are superior to the previous amendments. In particular we find amendment 1(c) allowing variable annuities and 1(d) allowing the full "prudent man rule" objectionable.

7. In the amendment to section 7, line 29, strike "one hundred" and insert "fifty".

Rationale: Fifty days of substitute teaching would appear to be adequate. One hundred days would allow an annuitant to substitute teach over half the school days in a year and still receive his annuity.

8. In section 7 strike lines 9-17 and insert: "The amount of any individual service annuity for a full time school employee or emeritus member shall be one and one half dollars per month for each year of service prior to July 1, 1967, except that the amount of any individual service annuity for a full time school employee or emeritus member who retired prior to January 1, 1965, and not eligible for Social Security benefits, shall be two dollars and twenty-five cents per month for each year of service; Provided, that no such payments shall be made unless application is made therefor by the person entitled thereto and such application shall carry the verified statement that the applicant is not receiving Social Security benefits. The amount of any individual service annuity for a full time school employee shall be four and one half dollars per month for each year of service thereafter."

Rationale: This amendment is necessary to avoid reducing benefits being paid to certain retirees. It is poor public policy to reduce the retirement benefits being paid to existing retirees.

9. In section 8, line 39 strike "thirty" and insert "forty".

Rationale: This corrects a typographical error. The original LB 494 had "forty".

10. Combine sections 9 and 10 into one section.

Rationale: This clarifies that section 10 is the new version of 79-1530.

This is consistent with the handling in LB 781.

11. Strike section 10 and the amendments to section 10 and insert a new section 10: "At any time before the retirement date a member may elect to receive his school retirement allowance or his disability retirement allowance under any optional form specified in the group annuity contract, if one exists, or under any optional form permitted by the retirement board, if no group annuity contract exists. Such optional annuity shall be the actuarial equivalent to the normal straight life annuity."

Rationale: This language clarifies the problem of what optional forms are permitted if there is no group annuity contract. The amendment was unclear; it also referred to variable annuities which cannot be used to fund the retirement system.

12. Strike section 12 and the amendments to section 12 and insert a new section 12: "On June 30 of each year the retirement board shall credit the account of each member in the School Employees' Savings Fund with interest at the rate determined by the primary carrier."

Rationale: This language clarifies the situation if there is no group annuity contract.

13. Section 14 should be amended by reinserting stricken language and striking new language.

Rationale: The original amendment was a holdover from LB 781 which is not now necessary. There is no need to remove the existing provision.

14. In section 17 strike lines 5-9 and insert: "Not later than January 1 of each year the State Treasurer shall transfer to the Annuity Reserve Fund the amount certified by the retirement board as being necessary to maintain assets in such fund as of the previous June 30 equal to the following percentages of the present value of all future payments of benefits from such fund, namely, the actual percentage of such assets to such present value at June 30, 1966, which percentage shall be increased by 3% for each full year elapsed since that date but not to exceed 100%."

Rationale: The purpose of this section of the statutes is to ensure the funding of the current unfunded liability over a reasonable period of time. The above wording was proposed by Robert Flott, consulting actuary to the NSEA. We believe that this language is preferable to the existing language.

15. In section 19, strike lines 3-8 and insert: "The Annuity Reserve Fund shall be the fund into which shall be transferred upon a retirement the accumulated contributions from the School Employees' Savings Fund, the value of any state service annuity from the Service Annuity Fund, and the value, if any, of a contribution from the School Employers' Savings Fund upon the granting of a formula annuity and from which shall be paid all savings annuities, service annuities, and formula annuities as provided in sections 79-1501 to 79-1553."

Rationale: This amendment is necessary to correct two errors in the present version. First, the provision that, "The Annuity Reserve Fund shall be the fund into which shall be paid the service annuity due that fiscal year by the state" is incorrect since the state contributions go into the Service Annuity Fund. Second, the provision that "the proceeds received under the provisions of section 79-1547.03" is meaningless, since section 79-1547.03 is repealed by LB 494.

16. In section 22 strike "under the group annuity contract", and insert "under the retirement system".

Rationale: This corrects for the fact that there need not be a group annuity contract.

17. In section 25 insert 79-1536 and 79-1546 in the appropriate places.

Rationale: These sections are amended and were omitted by oversight.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, June 27, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by Rev. Darrel E. Berg, Trinity Methodist Church, Lincoln.

Prayer

O Lord of the World, Help us to see that "In the beginning was the idea, and the idea was with God, and the idea was God. All things were made with the idea, and without the idea, was not anything made that was made. In the idea was life, and the life was the light of men."

We who are called to make decisions for our people ask that our eyes may be opened that we may see the ideas that are around us like the air we breathe. And seeing them, let us waste no time receiving them unto ourselves and making those swift, certain sacrifices which are essential if the excellent is to prevail over the acceptable.

This is our prayer this day in the name of Him who is the way, without whom there is no going, the truth, without whom there is no knowing, and the life, without whom there is no living. Amen.

The roll was called and all members were present except Messrs. Ely, E. Rasmussen and Stryker, who were excused.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 28, 1967

Pursuant to adjournment, the Legislature met at 4:30 p.m.,
President Everroad presiding.

Prayer was offered by Rev. Darrel E. Berg.

Prayer

O Lord, our Lord, how excellent is Thy name in all the earth:

We are here on a warm summer afternoon in a centennial year, with a special sense of gratitude that we have had such courageous fathers. We who have come along later have only had to consolidate the gains they fought so hard to make. They were hunters so that we can be farmers. Since we are called to be farmers, make us good stewards of the soil. Let not this land be leached, or bleached, or soured or strained by our greed or ingratitude. Rather, let each layer of this good earth be equipped for its supreme task, namely the sustaining of the most precious thing in the universe, human life.

Forbid that we should allow the love of this vast and verdant land to be confined to ourselves. Forbid that we who are situated on such soil should covet for ourselves any other spot. Forbid that we who bask in the brightness of the sun should be so careless as to let our cities be shrouded in smog. Rather let the vastness of these plains teach us to include all men in our compassion, and let their richness save us from that envy which is the basis of bloodshed, and let our minds be as clear and clean as the living air and the blue sky which even now forms an envelope around us.

These are our prayers this day, and they are made in the spirit of Him who loves all men with an everlasting love. Amen.

The roll was called and all members were present except Messrs. Bloom, Carstens, Danner, Ely, Klaver, Pedersen, Stryker and Syas, who were excused.

- 2 for service after July 1, 1968, any member who is an employee
of a Class I, II, III, IV or
3 VI school district and who becomes eligible to make application
for and receive a school
4 retirement allowance under the provisions of sections 79-1520
and 79-1521, may elect to
5 receive a formula annuity retirement allowance.

- 6 The monthly formula annuity in the normal form shall be
determined by multiplying
7 the number of years of service after July 1, 1968, for which
such member would otherwise
8 receive the service annuity provided by section 79-1522, by the
sum of one-half of one per
9 cent of his final average compensation; Provided, that if the
annuity begins prior to the
10 sixty-fifth birthday of the member, the annuity at the date it
begins shall be the actuarial
11 equivalent of the formula annuity deferred to the sixty-fifth
birthday of the member.

- 12 The normal form of the formula annuity shall be an an-
nuity payable monthly during the
13 remainder of the member's life with the provision that in the
event of his death before sixty

14 monthly payments have been made the monthly payments shall
15 be continued to his estate or
16 to such beneficiary as he shall have designated until sixty
17 monthly payments have been made.
18 A member may elect to receive in lieu of the normal form of
19 annuity an actuarially equivalent
20 annuity in any optional form provided by section 79-1530.

21 Final average compensation shall be determined by divid-
22 ing the member's total
23 compensation subject to required deposits for the ten fiscal
24 years after July 1, 1968, in which
25 such compensation was the highest, by one hundred twenty.
26 If a member has such compensa-
27 tion for less than ten such fiscal years his final average com-
28 pensation shall be determined by
29 dividing his total compensation in all such years by twelve
30 times the total number of years of
31 his service therefor.

32 All formula annuities shall be paid from the Annuity
33 Reserve Fund. Upon the granting
34 of a formula annuity there shall be transferred to the Annuity
35 Reserve Fund: (1) from the
36 Service Annuity Fund the value of the service annuity which
37 would otherwise be payable
38 for service after July 1, 1968; (2) from the School Employees'
39 Savings Fund the accumulated
40 contributions of the member made after July 1, 1968; and (3)
41 from the School Employer's
42 Deposit Fund the value of the formula annuity in excess of the
43 amounts transferred from the
44 Service Annuity Fund and the School Employees' Savings Fund.

45 For the purpose of providing the funds to be transferred
46 from the School Employer's
47 Fund for formula annuities every employer shall be required
48 to make deposits in the School
49 Employer's Deposit Fund. Such deposits shall be a uniform
50 percentage of the required
51 contributions of the school employees of each employer and
52 shall be transmitted to the
53 retirement board at the same time and in the same manner as
54 such required employee contri-
55 butions. In the fiscal year commencing July 1, 1968, such uni-
56 form percentage shall be forty
57 per cent of the required school employee contributions. For
58 each fiscal year thereafter such

- 38 uniform percentage will be determined by the retirement
board upon recommendation of the
39 actuary and shall be determined by deducting from the then
present value of all future amounts
40 to be transferred from the School Employer's Deposit Fund
the amount then credited to such
41 fund and dividing the remainder by the present value of the
prospective future required
42 contributions of all employees of the school districts covered
by this section.

Section 8. That section 79-1530, Reissue Revised Statutes
of Nebraska, 1943, be

- 2 stricken and the following is inserted in lieu thereof:

- 3 79-1530. At any time before the retirement date a member
may elect to receive his
4 school retirement allowance or his disability retirement allow-
ance under any optional form
5 specified in the group annuity contract, if one exists, or under
any optional form permitted
6 by the retirement board, if no group annuity contract exists.

- 3 79-1531. Each member of the retirement system shall be
required to make a deposit
4 in the School Employees' Savings Fund equal to three and one-
half per cent of all compen-
5 sation. All amounts deposited by or on behalf of any school
employee shall be held for the
6 benefit of the individual school employee in the School Em-
ployees' Savings Fund and shall
7 be credited to his account in this fund for the purpose of pro-
viding an annuity or other benefit
8 as provided in sections 79-1501 to 79-1553, except for the pro-
portionate share of administra-
9 tion expense that shall be deducted from each member's ac-
count in the School Employees'
10 Savings Fund, at the beginning of each fiscal year.

Section 10. That section 79-1532, Reissue Revised Statutes
of Nebraska, 1943, be

the compensation as a
4 school employee of each member on each and every payroll
period after such school employee
5 becomes a member of the retirement system three and one-
half per cent of such compensation
6 of such member. The employer, through its proper agents,
the city or county superintendent,
7 or secretary of the school board or board of education, shall
transmit monthly, quarterly, or
8 semiannually if the retirement board shall so direct, a copy of
such payroll, in such form as
9 shall be approved by the retirement board, and a remittance
payable to the order of the State
10 Treasurer for all deductions from the compensation of members
on such payroll. The remit-
11 tances may be by draft, money order or check or otherwise
according to the rule adopted by
12 the retirement board. All such amounts due to the retirement
board shall bear interest at the
13 rate of six per cent per annum if the payment of the same is
delayed more than thirty days
14 after the time prescribed for payment thereof. The proceeds of
said interest charge shall be
15 used to reimburse the account of each school employee, de-
prived of interest by said delay,
16 with regular interest and the balance shall be paid into the
guarantee fund of the retirement
17 system.

Section 12. That section 79-1536, Reissue Revised Statutes

the retirement board,
4 upon its request and in the manner required by it, such in-
formation as the board may require
5 (1) for the identification of school employees, and (2) for the
determination of the membership

- 6 of the system and the obligations of the employer and school
employee to the retirement
7 system; Provided, if an employee, qualified for membership,
fails or refuses to file, within
8 the fiscal year, in complete form, a membership registration

5 Fund, the School Employer's Deposit Fund, the Service An-
nuity Fund, and the Annuity Reserve
6 Fund.

- Section 14. The School Employer's Deposit Fund shall be
the fund in which the

the granting of a formula
3 annuity there shall be transferred from this fund to the Annuity
Reserve Fund the amounts

being necessary to maintain assets
7 in such fund as of the previous June 30 equal to the following
percentages of the present value
8 of all future payments of benefits from such fund, namely, the
actual percentage of such assets
9 to such present value at June 30, 1966, which percentage shall
be increased by 3% for each

Employees' Savings Fund. Any
accumulated contributions forfeited shall be transferred from
the School Employees' Savings
Fund to the Service Annuity Fund. The accumulated contri-

his retirement on a school retirement allowance or a disability

- Section 21. That section 79-1056, Reissue Revised Statutes
of Nebraska, 1943, be
2 amended to read as follows:

- 3 79-1056. If, at any future time, a majority of the eligible
members of the system shall

7 to services performed subsequent to December 31, 1954, shall
each be reduced from five to

be two and three-fourths per
14 cent of salary covered by old age and survivors insurance, and
five per cent above that amount,
15 and the contributions by the district shall be such amount as

18 After such date all employees shall be credited with a mem-
bership service annuity which shall

19 be nine-tenths of one per cent of salary or wage covered by
 20 old age and survivors insurance,
 21 and one and one-half per cent of salary or wages above that

 the retirement system of which such
 employee is a member the actuarial value of the service an-

 the years of service thus certified in the same amount and
 basis as provided for members of
 the state retirement system under section 79-1522 and 79-1524.
 Such employee, in order to

- 10 qualify for prior service credit toward a service annuity, shall have the same qualifications
- 11 as members of the school retirement system of the State of Nebraska who became members on
- 12 or before July 1, 1950, as provided by section 79-1515, but shall not come under the pro-
- 13 visions of sections 79-1501 to 79-1553 while so employed except as provided in section
- 14 79-1551. Such transfer of actuarial value to the retirement system of which such employee is
- 15 a member shall be in lieu of the payment of the service annuity to which he would be entitled;
- 16 Provided, that the monthly payment received by him from such system shall be in the amount
- 17 not less than the sum of his service annuity and the member's annuity which is the actuarial

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 29, 1967

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

Stop us, O God, for a minute of prayer. Stop our anxious minds from wandering, and our weary spirits from desiring anything but to know Thy will. Let us stand at attention before Thee, and hear what Thou has to say to us. We believe Thou canst tell us not only what to do, but also how to do it. If it needs making up our minds, Thou who didst make our minds can show us how to make them up. If it needs changing our minds, Thou canst work that miracle too. Speak, O Lord, and make us hear, for Jesus' sake. Amen.

In Memorial

The members stood for a moment of silence in memory of Mr. Francis Robinson.

The roll was called and all members were present except Messrs. Ely and Stryker, who were excused and Messrs. Bloom and Danner, excused until 9:15 a.m.

Messages from the Governor

June 28, 1967

The President, the Speaker and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-Seventh Session:

As you are well aware, the special consultants on highway matters have now submitted two comprehensive reports on different facets of our highway problems—needs and finances. The third scheduled report—on departmental administration—has not yet been submitted.

Before we embark on a comprehensive program of highway development, we should carefully review all that the consultants have recommended in all the reports. Likewise, just as we want the opportunity to review these data, we should give each and every citizen of the state the same opportunity to make his own review.

I am planning therefore, to call a Special Session of the Legislature to consider the entire highway problem sometime this fall or early winter. This will be after the third report has been submitted and reviewed by everyone. During the period between the adjournment of the regular Session and the commencement of the Special Session, I plan to review and discuss the entire problem with citizens in all parts of the state. I hope that Senators from all areas can join with me in these discussions.

At the commencement of the Special Session, I will present a number of bills dealing with all aspects of the highway problem for your consideration.

Since legislation covering the area should not be considered piecemeal, I would respectfully recommend that all bills currently before the Legislature pertaining to highways be deferred until all aspects of the problem are reviewed in the Special Session. Since the Legislature has already disposed of a number of these bills, the ones remaining that I feel should be deferred are LB 629 and LB 941.

Very truly yours,

(Signed) Norbert T. Tiemann
Governor

Prayer was offered by the Chaplain.

Prayer

Almighty Father, in the next few days we shall be celebrating the anniversary of the signing of our Declaration of Independence. Since that date when men of courage pledged their lives, their fortunes and their sacred honor to the formation of a new nation dedicated to a resistance of tyranny, millions of people of every land, of every creed and color have come to our shores to devote themselves to the building of a great country. Although we are divided by different origins and different philosophies of government we are united in a common purpose to make this land a beacon of freedom and of opportunity. As public servants charged with the responsibility of representing Americans across the State of Nebraska we ask Thy blessing and wisdom that we may so conduct ourselves that our beloved state and nation will continue to remain free and true to those ideals which have made America the land of the free and the home of the brave. Amen.

Sec. 16. Any person not a law enforcement officer who meets the other requirements of subsections (1) through (7) of section 15 may apply for admission to the training center with approval of Commission. Expenses incurred for the training of persons applying under this section shall be paid by the applicant.

Sec. 17. Any person in the employ of a private business or corporation holding an appointment as a deputy state or county sheriff or any other law enforcement commission who meets the requirements of subsections (1) through (7) of section 15 may apply for admission to the training center. Expenses incurred for the training of persons applying under this section shall be paid by the applicant.

Sec. 18. Any person employed by another state or subdivision thereof in a law enforcement capacity who meets the requirements of subsections (1) through (7) of section 15 may apply for admission to the training center; Provided that his admission will not prevent any person designated in sections 15, 16, or 17 from admission. Expenses incurred for the training of persons applying under this section shall be paid by the applicant.

Sec. 19. The commission shall set the tuition and fees of the training center.

Sec. 20. Upon the request of any sheriff, chief of police, or any other person having an equivalent title who is appointed or employed by the state or a subdivision thereof to exercise supervisory authority, the commission may waive any or all of the requirements of subsections (1) through (7) of section 15 for admission to the training center upon a finding that:

(1) The shortage of individuals meeting the requirements of subsections (1) through (7) of section 15 is such that a failure to waive such requirements will result in an inability of a local government to recruit law enforcement officers;

(2) The pay scale and other working conditions of such local government are commensurate with the pay scale and working conditions of other local governments of comparable size and economic circumstances; and

(3) It is in the public interest to waive such requirements.

Sec. 21. (1) On and after January 1, 1971, law enforcement officers already serving under permanent appointment shall not be required to meet any requirement of subsection (2) of this section as a condition of tenure or continued employment; nor shall failure of any law enforcement officer to fulfill such requirements make him ineligible for any promotional examination for which he is otherwise eligible. The Legislature finds, and it is hereby declared to be the policy of this act, that such law enforcement officers have satisfied such requirements by their experience.

(2) On and after January 1, 1971, no person shall receive appointment as a law enforcement officer unless he has been awarded a certificate by the commission attesting to his satisfactory completion of the minimum curriculum as established by the commission or has been awarded a certificate attesting to his satisfactory completion of a training program which the commission finds equivalent thereto; Provided, that any person who has not been awarded such a certificate may receive an appointment conditioned on his satisfactory completion of such training within one year from the date of his appointment. If such training is not completed within one year, his employment shall not be renewed by appointment or otherwise.

(3) The commission shall issue a certificate attesting to a compliance with the requirements of subsection (2) of this section to any applicant who presents evidence of satisfactory completion of a program in another jurisdiction found by the commission to be equivalent to that required by the commission for the award of a certificate in this state.

Sec. 22. There is hereby created the Nebraska Police Standards Advisory Council. The council shall consist of the chairman of the commission and five members appointed by the Governor who shall be full-time officers or employees of a law enforcement agency. The members shall be representative of county, city, village, state, and federal law enforcement agencies. The members appointed shall serve for terms of four years each, provided that of the members first appointed, one shall serve for a term of one year, one shall serve for a term of two years and one shall serve for a term of three years from January 1 next succeeding their appointment. No member shall serve beyond the time when he holds the office or employment by reason of which he was initially eligible for appointment. A member of the council may be removed from office by the Governor for cause upon notice and an opportunity to be heard at a public hearing. Any vacancy occurring otherwise than by expiration of the term shall be filled, for the balance of the unexpired term, in the same manner as the original appointment.

Sec. 23. The chairman of the commission shall act as chairman of the council.

Sec. 24. The members of the council shall serve without compensation, but they shall be entitled to receive reimbursement for any actual expenses incurred as a necessary incident to such service.

Sec. 25. The commission shall consult with the council on all matters dealing with the training center. The council

shall advise the commission concerning the operation and curricula of the training center and the formulation of training policy and procedures for law enforcement officers.

Sec. 26. If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration of invalidity shall not affect the validity of the remaining portions thereof.

Sec. 27. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 10, 1967

Pursuant to adjournment, the Legislature met at 1:00 p.m.,
President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who dost watch over every one of Thy children throughout the world, Thou dost understand how hard it is for these, Thy servants, to keep in mind the thousands of their fellow citizens for whom they must legislate. Thou knowest the clamor of voices in their ears, the constant tugging at their sleeves, forever trying to influence them; the small voices of little men without monies or reputation; the blatant voices of aggressive pressure groups; the big voices of selfish men and those working for personal gain; even the whispering inner voices of personal ambition; those insinuating voices holding out the lure of unmerited reward. Amid all the din of voices, give these Thy servants the willingness to take time to listen to Thy voice, knowing that if they follow the still small voice within, all Thy people will be served fairly, and all groups will get what they deserve. For Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Batchelder and Ely, who were excused.

No objections. So ordered.

MOTION—Reconsider Action

Mr. Whitney moved to place LB 356 on Final Reading for reconsideration.

The motion prevailed with 33 ayes, 0 nays and 16 not voting.

UNANIMOUS CONSENT—Return LB 356 to Select File

Mr. Carpenter asked unanimous consent to return LB 356 to Select File for consideration of the following specific amendments:

1. In Section 1, Line 1, strike the word "any" and insert:

"Corporate trustees authorized by Nebraska law to exercise fiduciary powers and holding retirement or pension funds for the benefit of employees or former employees of cities, villages, school districts, public power districts or other governmental or political subdivisions may invest and reinvest such funds in such securities and investments as are authorized for trustees, guardians, conservators, executors or administrators under the laws of Nebraska. Retirement or pension funds of such cities, villages, districts or subdivisions may be invested in annuities issued by life insurance companies authorized to do business in Nebraska. Any other"

2. In Section 2, Line 6, strike the words "the class of securities and investments described in" and insert the words "accordance with".

3. In Section 3, Line 34, strike the words "the class of securities and investments described in" and insert the words "accordance with".

No objections. So ordered.

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to have the following statement on LB 356 printed in the Journal. No objections. So ordered.

L. B. 356 was a companion bill to L. B. 355. Both bills were designed to implement the amendment to the Nebraska Constitution approved by the voters in November, 1966, relative to the investment of retirement and pension funds. L. B. 355 dealt with the establishment of a state investment council to handle the centralized investment of such funds for the state and its agencies. L. B. 356 deals with the investment of retirement and pension funds of political subdivisions.

In amending L. B. 355 to specify authorized investment of funds by the new state investment council, the same amendatory provisions were impressed upon L. B. 356 which deals with political subdivisions. The specifications of authorized investments for the single state investment board are not appropriate for all the various political subdivisions of the state which range in size from small villages and school districts to large cities such as Omaha and Lincoln and public power districts having substantial numbers of employees. In order to be workable legislation, L. B. 356 must be broad enough in scope to cover the spectrum of all the various size political subdivisions which exist. For example, a retirement program for Omaha city employees or for any one of our large public power districts should not be confined to the type of administration or investments which would be appropriate for a small public body. In point of fact, there are numerous existing retirement programs for employees of large political subdivisions in Nebraska which would require substantial revamping of investment portfolios to the detriment of public employees if L. B. 356 were allowed to become law in its present form.

As originally introduced, L. B. 356 would have permitted investment of employee retirement or pension funds of political subdivisions in such securities or investments as are authorized for trustees, guardian, conservators, executors or administrators under the laws of Nebraska. The proposed amendment would permit this investment authority only for retirement funds administered by corporate trustees authorized to exercise fiduciary powers under Nebraska law. Thus, only competent, experienced and professional administrators of trusts would be authorized to exercise that latitude of investment authority given by state law to those retirement funds of subdivisions which designate them as the administrators of their employee funds. The proposed amendment provides a second alternative for administration of employee retirement funds by permitting their investment in annuities issued by life insurance companies authorized to do business in Nebraska. Finally, the proposed amendment provides that any retirement funds of political subdivisions not administered by corporate trustees or invested in annuities shall be invested in those classes of securities specified in L. B. 356 as passed by the Legislature.

Accordingly, where there is no professional administration of the employee retirement and pension funds of political subdivisions, the authorized investment of such funds is clearly specified.

It is considered that the proposed amendment to L. B. 356 is in the best interest of all political subdivisions of the state while affording maximum protection and benefits to the public employees for whom such retirement plans are established and administered.

(Signed) Terry Carpenter

RESOLUTIONS

LEGISLATIVE RESOLUTION 79. Re: Nebraska State Patrol
Recruiting Program

Introduced by Terry Carpenter, 48th District.

WHEREAS, the Nebraska State Patrol presently employs no troopers of the Negro, Mexican, or Indian races; and

WHEREAS, the Nebraska State Patrol reports the absence of personnel representative of these races results from the lack of applications from persons of these races; and

WHEREAS, the State of Nebraska is on record as opposing segregation among state employees; and

WHEREAS, provision has been made which will enable the Nebraska State Patrol to hire 25 additional patrolmen, and 25 other patrolmen to replace retired personnel during the 1967-69 biennium; and

WHEREAS, only 50 applications have been received to date for these positions, and it is known that a number of these applicants will not qualify for these positions; and

WHEREAS, law enforcement is of supreme importance in the State of Nebraska as it is in every other state; and

WHEREAS, it is anticipated the Nebraska Legislature will recognize the importance of law enforcement through the establishment of special training courses for local law enforcement officers; and

WHEREAS, one of the difficulties in obtaining state troopers stems from the relatively low starting salary of \$400 per month.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE, IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Nebraska State Patrol immediately initiate a recruiting program to find qualified personnel among persons of the Negro, Indian, and Mexican races to employ as troopers.

2. That through such a recruitment program it will halt the implied segregation of the past and bring about a better understanding and working relationship among all the peoples of Nebraska.

3. That the Nebraska State Patrol adopt a wage policy which will assure a starting salary of not less than \$500 per month for troopers when they have completed their training period, which can be accomplished by paying straight overtime pay above the state work week of 40 hours and the actual work week of 50 hours.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, July 11, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

We confess O Lord, that we think too much of ourselves, for ourselves, and about ourselves, and often our voting record reflects what we feel would personally be best for us rather than what we conceive to be the best for the majority of us. This morning help us to contemplate the meaning of the Golden Rule: "Do unto others as you would have others do unto you." If the great men whom we honor for their part in building our state and nation had thought about themselves first, we would have no free republic today. Help us to see that the letter I is in the middle of sin, and let no man among us think more highly of himself than he ought to think, but help us to walk in the ways of justice, equality, integrity, which Thou hast set before us, to the end that we may be used to Thee in Thy service for the good of all men. Through Christ our Lord. Amen.

The roll was called and all members were present except Mr. Batchelder, who was excused and Mr. E. Rasmussen, who was excused until 9:20 a.m.

LEGISLATIVE RESOLUTION 81. Re: Federal Firearms Legislation

Introduced by George Syas, 13th District and Herb Nore, 22nd District.

WHEREAS, antifierearms legislation now being considered by the Congress, if adopted will seriously impair the right of legitimate hunters and target shooters to enjoy their chosen sports; and

WHEREAS, the history of such legislation is that the criminal and psychotic elements are little affected thereby; and

WHEREAS, the second amendment to the United States Constitution sets forth the rights of citizens who have not lost their civil rights to keep and bear arms; and

WHEREAS, tight controls on firearms as attempted in New York and Puerto Rico have not deterred the criminal classes but have only served to disarm the law-abiding citizen; and

WHEREAS, certain Federal officials have indicated a desire to register and control all privately-owned firearms in a manner similar to New York's infamous Sullivan Law; and

WHEREAS, a situation in which our law-abiding citizens would become effectively disarmed by firearms registration or by administrative action of governmental bureaus or by the necessity of complying with complicated and obtuse administrative procedure would be intolerable in these United States; and

WHEREAS, control of crime and misuse of firearms is best accomplished by a combination of effective and stringent law enforcement and justice directed against the criminal himself, not the weapon, coupled with education and alleviation of the known factors that cause crime; and

WHEREAS, no nation in modern times has fallen to tyranny without first imposing upon itself a strict system of firearms controls and registration.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That this body, (a) is opposed to federal legislation which interferes with the rights of our law-abiding citizens under the second amendment to the United States Constitution or which interferes with the rights of such citizens to transport, ship or receive sporting arms and ammunition in interstate commerce, (b) favors enforceable legislation at the federal level which provides stringent and enforceable penalties against the criminal misuse of firearms and ammunition shipped in interstate commerce, (c) is opposed to the federal registration of firearms or legislation whose thrust is in the direction of firearms registration.

2. The Legislature directs the Clerk of the Legislature to furnish suitable copies thereof to the President of the United States, the President pro tempore of the United States Senate, the Speaker of the United States House of Representatives, to the chairman of the Senate Judiciary Committee, to the Nebraska congressional delegation, and to Senator Thomas Dodd, of Connecticut.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska

• Wednesday, July 12, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by Rev. Laurence A. Brown, Jr., of the First Presbyterian Church, Lincoln.

Prayer

Eternal God our Father, before we become absorbed in the affairs of this day, we would turn our hearts and our minds to Thee, seeking Thy guidance and Thy wisdom in all we undertake. As this body moves toward the conclusion of the current Session, we would especially ask Thy help in assisting its members to leave no stone unturned in acting upon all matters of importance affecting this State and its people. Give to the members of this legislature the courage to act according to conscience in the face of adverse reaction, and to put civic duty always above personal gain. Grant to the people of this state the wisdom to trust the good faith of those elected to represent them and the good judgment to support them in their labors. Make us ever aware that we all stand under Thy authority and judgment and that our greatest freedom is that found in serving Thee. This we pray in Jesus' name. Amen.

LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED TWENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 13, 1967

Pursuant to adjournment, the Legislature met at 9:00 am.,
Speaker Adamson presiding.

Prayer was offered by Rev. Laurence A. Brown, Jr.

Prayer

O Lord our God, Who knowest our secret thoughts and our hidden fears, and before Whom all our pretenses melt away; grant us this day freedom from the sham of hypocrisy and deliverance from the poverty of spirit which breeds inaction and delay. Keep us true to our high calling and our best selves, guarding us against dishonor in purpose or in deed.

When we are afraid, grant us Thy courage; When weak—Thy strength; When in doubt—Thy wisdom; When disgruntled—Thy patience; When unmoved by human need—Thy compassion. And in all things keep before us the awareness of Thy overshadowing love for all people, great or small, and make it our resolve to manifest such love to each other and to all those whom we serve.

Bless, we pray O Lord, the President of our nation, the Governor of this state and those who serve with him in executive capacity, and the honorable members of this legislature. Grant to all wisdom commensurate with responsibility and the satisfaction that comes in having served faithfully in their duties.

These things we pray in Jesus' name. AMEN

The roll was called and all members were present except Messrs. Batchelder, Danner, Payne, E. Rasmussen and Skarda who were excused and Mr. Proud who was excused until 10:10 a.m.

Monday, July 17, 1967

Pursuant to adjournment, the Legislature met at 3:00 p.m.,
Speaker Adamson presiding.

Prayer was offered by the Chaplain.

Prayer

Our gracious Father, we have been discovering that troubles are like cannibals—the big ones eat up the little ones. But may it not be so with our duties and responsibilities. Help our Senators to keep a sane perspective, lest the big issues overshadow the lesser ones, and we fail to do Thy will with them. In all things, big and little, reveal to us Thy wisdom and Thy love, that we may give careful attention to those things remaining before us. Through Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Carpenter, Carstens, Pedersen and Syas, who were excused and Mrs. Hughes, who was excused.

WHEREAS, persons of all faiths have made plans for providing such a chapel and meeting hall, to be constructed without cost to the State of Nebraska, and the location and plans for such building shall be subject to the approval and supervision of the Director of Public Institutions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMEERS

OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH
SESSION ASSEMBLED:

1. That such chapel and meeting hall, upon the terms and conditions above set out, be and is hereby approved and its acceptance by the Director of Public Institutions is hereby authorized.

LEGISLATIVE RESOLUTION 86. Re: Legislation Requiring Meat Packers to Post Bond for Purchases of Livestock for Slaughter

Introduced by Jerome Warner, 25th District; William M. Wylie, 40th District; Leslie Robinson, 36th District; Eric Rasmussen, 32nd District; Harold B. Stryker, 23rd District; Arnold Ruhnke, 31st District and Richard L. Ely, 37th District.

WHEREAS, the financial protection provided by the present Packers and Stockyards Act of 1921, against the financial failure of packers is nonexistent. Since packers are not required to be registered under such act, there is no authority to suspend them from engaging in business while in a financially weak position. As long as they are not delinquent in paying for livestock purchased, no action can be taken. In addition, even if they are delinquent in paying for livestock, the only action which can be taken is to obtain a cease and desist order. This involves an elapse of time which can be fatal to sellers of livestock. The Packers and Stockyards Act of 1921, as originally passed, did not specifically authorize the Secretary of Agriculture to require bonds to secure payment for livestock. Many market agencies do require that packers be bonded in order to buy livestock at their market. However, this does not cover the many country buyers and smaller packers that are springing up all over the country; and

WHEREAS, the financial performance of packers during recent years, and the conditions which now exist in the livestock and meat industry, give evidence to the urgency of requiring bonds from all persons engaged in buying livestock for slaughter. The substantial increase in direct negotiation and settlement between packers and feeders makes it paramount to require the same assurance of payment as is required for market dealers and agents. During the early years of the Packers and Stockyards Act of 1921, packers bought over ninety per cent of their cattle, close to eighty per cent of their sheep and lambs at terminal markets where the services of protection of a selling agent were involved. Constrast this to 1965, the most recent year for which complete statistics are available: One thousand three hundred forty-nine packers functioning as slaughterers obtained forty-five and one-tenth per cent of their cattle, sixty-two and nine-tenths per cent of their hogs, and sixty-two and four-tenths per cent of their sheep and lambs other

than at terminal and auction public markets. The upsurge of packing plants being built in the areas of feeding will tend to amplify the need for payment assurance, because such circumstances will further encourage direct sales; and

WHEREAS, producers in the heavily concentrated feeding areas now deal with a large number of packers scattered over a wide area, many of whom buy a long distance from plant location. The large number involved and the far-flung points of operation make it impossible, from a practical standpoint, for livestock feeders to do a thorough job of investigation or to keep current on the financial condition of each and every packer who may purchase their livestock; and

WHEREAS, livestock loses its identity as far as the individual producer is concerned, once title passes to the packer. With respect to product movement, it is not unusual for a packer to purchase livestock in the morning, slaughter it that day, and move it out of his coolers the next day. These industry practices make it extremely difficult, and in most instances impossible, to recover the product if payment is not received; and

WHEREAS, as a general rule, the packing industry is under capitalized. Approximately one thousand five hundred slaughterers file reports with the Packers and Stockyards Division. This includes those handling in excess of one thousand head of cattle or two thousand head of total livestock annually. According to the data submitted for the year 1965, of the one thousand five hundred packers reporting, one hundred thirty-two, nine per cent of the total number of packers, had current liabilities in excess of current assets. Included, were thirty whose total liabilities exceeded their total assets (deficient of their net worth). Twelve other slaughterers, whose current liabilities did not exceed current assets, also had total liabilities exceeding total assets. In other words, one hundred and forty-four slaughterers of the total of one thousand five hundred, nearly ten per cent, had either current liabilities exceeding current assets or total liabilities exceeding total assets, or both. Under such financial circumstances, there can be no sound argument in favor of exempting packers from the bonding provisions to assure payment for livestock purchased; and

WHEREAS, the Packers and Stockyards Division has received information that seventy-six packers closed their businesses owing nine and four-tenths million dollars for livestock from January 1958 to November 1966. Ten of these packers closed from November 1965 to November 1966 owing about three and twenty-five-hundredths million for livestock. What payments, if any were later made is not known. These substantial defaults clearly show the need for protecting producers from packers' failure to pay for livestock; and

WHEREAS, in 1962, the Packers and Stockyards Division reported that forty-five slaughterers were operating with net fixed assets of less than ten thousand dollars. Reports for the year of 1965 showed an increase in this figure to one hundred twenty or eight per cent of those reporting. Also, two hundred forty-five, including the one hundred twenty, reported net fixed assets of less than twenty thousand dollars. The term net, as used here, refers to original cost less depreciation. Since fixed assets include automobiles, trucks, machinery and the like, it can readily be seen that the value of these assets available for payment to creditors would be meager indeed in case the packer became insolvent; and

WHEREAS, a number of states have recognized the need for requiring bonds of meat packers who purchase livestock direct from producers, and thirteen states now require such bonding. Also, there are twenty livestock exchanges and other sellers or industry organizations who require bonds of at least certain packers, and further, the packers are the only purchasers of livestock that are not now required to be bonded; and

WHEREAS, the Legislature of the State of Nebraska is concerned about such financial protection afforded sellers of livestock to meat packing firms.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That this Legislature urge the United States federal government to enact legislation requiring meat packers to post bond for purchases of livestock for slaughter. This Legislature feels this should be done on a national basis in order to insure complete interstate protection and jurisdiction to the livestock producing industry.

2. That copies of this resolution be sent to all members in Congress from Nebraska.

An American Dream—2 Chronicles 7.14

What does the coming holiday mean to you? When a dentist friend of mine asked his young patients this question before the 4th of July, he was amazed that only one in ten thought of anything beyond the firecrackers. At this time it seems appropriate that we Christians ask ourselves that same question.

Our U. S. are facing crises at home and abroad as never before. Present world events force us to rediscover what makes America different from other nations. What makes our nation the hope of a world weary of war, heartsick with human inequalities and hungry? What is America to you? This is a personal question, if we are totally honest. What does it mean that you live in the U.S.A. and not in another country? A color TV; 3 cars in the garage; home-made apple pie at family reunions; the industrious sounds of free enterprise; the privilege to follow one's convictions religiously, politically and economically? In the answers you give we find the fiber of our American dream.

When we ask the soldiers what they are fighting for, what they think of America, their answers are tied up in lofty ideals, a bundle of concepts and within moral principles—nothing concrete—what we call the American dream. In our history this dream has been bright at times, but it has also grown dim at other times.

What is it that makes our country different? Do you know, you who faced enemy fire on land, at sea or in the air? Do you know, you who waited in loneliness for loved ones to return? Do you know, you who read in books about the patriots, purposes and promises of America? When your answer is made, let Christianity influence your citizenship.

One difference between American and other countries is found in what we have to give to the rest of the world. However, if it is only grain, arms, education, entertainment, politics and jobs, then the struggle for ideal and practical leadership is lost. But more is lost—our souls, for America is a covenant nation. We are the only surviving nation which was founded "to the glory of God and the advancement of the Christian faith." For this purpose the Commonwealth of Massachusetts was established by Bradford and Carver. They came from the old—the oppression, fear, coercion

and wars—the old world, to the new world for a new life. They sought religious liberty, freedom to worship God according to one's convictions, and equal opportunity for all. These two principles supported their American dreams. Do they still support our American dream?

Being a covenant nation, America is party to an agreement. As the Declaration of Independence states the first party to this agreement, God, is the source of all human rights. Do we still recognize our dependence upon God?

As the second party of the agreement, we the nation, have a responsibility to God. To demonstrate the righteousness of God in national and international policy is another way to speak about the purpose of a nation founded to the glory of God. That is what our Founding Fathers sought. Besides Bradford and Carver, there were Roger Williams in Rhode Island; William Penn in Pennsylvania; Thomas Jefferson as he wrote the Declaration of Independence. They also fought to preserve the rights of free men. Millions of Americans have—from Lexington on to Iwo Jima, Korea and Vietnam. The American dream has shown brightly.

Today, as in certain moments of the past, The American dream seems to have faded. There seems to be real danger that this dream may soon become forgotten. Peter Marshall referred to the heart of the problem as it involves freedom:

“For freedom is not the right to do as one pleases, but the opportunity to do what is right. Our founding fathers sought freedom. . . not from the law but freedom in the law; not freedom from government but freedom in government; not freedom from speech but freedom in speech; not freedom from the press but freedom in the press; not freedom from religion but freedom in religion.” Let us think on these things earnestly.

Our American dream is fading—look at our confused standard of values. Compare the average teacher's salary with the average major league baseball, football or basketball player's salary. The Norfolk Daily News recently reported that an entertainer had signed a new contract calling for a personal salary of \$5,000,000 per year. These days there are greater rewards for getting people to laugh than there are for getting them to think.

Our American dream is fading when lobbyists, those who try to influence legislation, receive greater financial reward than those who write it. As a nation we feel little obligation to keep laws we don't like or that cramp our personal style of living. What do you do, for example, with a speed limit when you are alone on the street or road and in a hurry? The test of a law should be its morality

and justice, not its popularity. We need more law observance, not law enforcement among us.

Government is within easy reach of self seeking lovers of power when citizens let others do the voting, studying of community problems and meeting community needs. There are situations that should challenge all citizens to put forth the extra effort needed to make this a "government of the people, by the people and for the people" once again. Our American dream fades as we misuse our nation's resources. Plantation owners plowed and planted the land into exhaustion, then moved on west to exploit new land. Feeling no responsibility for conservation of natural resources is an abuse of freedom. Some wild life once plentiful is now scarce because of the ignorant selfishness of so called sportsmen. Will the American dream be forgotten? The answer to that is up to each of us.

Now don't take me wrong. There are so many things right about America—so many things worth fighting for—so many wonderful things. But let us be honest about things that are wrong and set out to remedy them. Living in America means privileges, but it also means responsibilities. If we neglect the responsibilities we can lose our privileges.

So then, we are faced with the greatest freedom of all; the freedom to ignore our heritage, to ignore what others have died to give us. However, in exercising this freedom how long will we have the right to vote, the right to worship God or the right to the open Bible? We are free to ignore the liberty of our heritage, is there any greater freedom than that? Religious liberty is first among the Bill of Rights. Other liberties are based upon this essential freedom. Other liberties crumble eventually when religious freedom is lost or abused. Even this liberty is now in danger. The Supreme Court has declared that it is unconstitutional to teach that our nation was founded "to the glory of God and for the advancement of the Christian faith." Prayers, Bible reading and references to God are to be omitted from the curriculum. As a result we are in danger of rearing a generation of children and youth who are without religious training of any kind. An estimated 30 million Americans are unaware that their souls, made in the image of God, are immortal. The church must teach as never before. But let the church call upon the people to look to God, cause the democracy to return to God and be blessed. Our coins proclaim "In God we trust." Unless this is hypocrisy it means that we seek to make our ways His ways. Practically we will look for government by principle not politics.

Then there will be peace which is the fruit of righteousness. There is no lasting peace by force, political expediency or compromise. The Bible is God's formula: Righteousness, then peace.

Even this peace is costly. Devotion to right, sacrifice, suffering and faith in God—those things which cannot be purchased—are the price of peace.

America has the potential for continued world leadership. But we have not given enough of what makes America different and unique. This does not mean more aid in money or bombs. We need to export more of our philosophy of life. Our concept of human dignity, our faith in God, our American dream. Do we really have a choice in the matter? We have found out that a denial of freedom in Warsaw, Seoul or Saigon means a restriction of liberty in Boston, San Francisco and Norfolk.

As Christians we ought to ask why God has preserved and directed our nation as graciously as He has. Has He preserved us so that we might be a blessing to the world? The privilege of His guidance and protection that we have enjoyed mean responsibilities and opportunities for us all. During the coming week seek to practice righteousness, His ways more than you have in the past. For we cannot fool God about national or personal righteousness. What will you do that will make this a better country in which to live, for which to die? ? ?

God's word for America today is our text:

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

SELECT FILE**LEGISLATIVE BILL 597.**

Messrs. Wylie, Knight, and Wallwey offered the following amendments:

1. Insert four new sections to be known as sections 14 through 17 and to read as follows:

“Sec. 14. That section 83-328, Reissue Revised

2 Statutes of Nebraska, 1943, be amended to read as follows:

3 83-328. As soon as practicable after the certifi-

cate required by this act has been filed, the county board of mental health shall conclude its investigations. The board members shall find (1) whether the person alleged to be mentally ill is mentally ill; (2) if mentally ill, whether he should be admitted to a state hospital for the mentally ill; and (3) whether his legal settlement is in their county, and if not in that county where it is, if ascertained. LEGISLATIVE JOURNAL—SEVENTY-SEVENTH SESSION

ONE HUNDRED THIRTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, July 19, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Adamson presiding.

Prayer was offered by Chaplain Palmer's father.

Prayer

O God, our Father, in whom is our trust, Thou alone dost know the end and the beginning, and we, Thy servants, strive to walk by faith. We are anxious about the consequences of what we say and do here. May that concern restrain us in our private lives as it does in our public responsibilities. In our troubled minds there is confusion and honest perplexity. But we know there is no confusion with Thee. Wilt thou guide us, that we may do what is right; and if we suffer for it, we shall be blest. This we ask in Christ's name, who suffered, having done nothing amiss. Amen.

The roll was called and all members were present except Messrs. Carpenter, Kremer and Pedersen who were excused.

Senator William Wylie
State Capitol Building
Lincoln, Nebraska

Dear Senator Wylie:

We wish to call your attention to the Legislative Journal, One Hundred-Sixteenth Day, June 20, 1967, Page 2522, under the heading "Unanimous Consent".

We were quite surprised to find the letter placed in the daily record of business of our Nebraska State Legislature.

Our concern is to place before the Legislature and the public more of the facts which certainly brought about the writing of such a

letter and point out to you the obvious dangers to constitutional principles if the writer's expressed convictions were promoted and permitted to be the law of this State.

We would like to point out a few of the facts which undoubtedly led up to the letter referred to in the Journal. We call your attention to the Atkinson Graphic, January 29, 1965, which carried maps and information of a proposed Class VI School District, involving an area of some 20 miles wide and approximately 50 miles long. This information alone should tell you why this particular type of District was proposed. There were 32 Class I Districts involved and the majority of these would not have considered voluntarily giving up their elementary Districts. Those involved realized the need for improvement in education within this area, but they also realized the limitations in achieving all one might desire.

The Class VI District was voted into existence on August 16, 1965 by a vote of 434 to 355 against much heated opposition. After the organization of the Class VI District there were three different approaches submitted to the people of Atkinson, Nebraska, a Class III District No. 21, dating from December 30, 1965 to April 4, 1967 to attempt a merger, these being: (1) Using a legally called public meeting to vote on a merger proposal; (2) A legally drawn petition circulated to effect the merger; and (3) Place the issue on the ballot at the spring election.

On December 30, 1965 at the legally called public meeting the vote was 191 for the merger and 36 against. The Atkinson Graphic informed the public that the petitions circulated to effect a merger carried overwhelmingly with over 500 signatures and circulators reporting that very few patrons refused to sign.

On April 4, 1967 the proposal was placed on the ballot with 266 persons voting to effect the merger and 69 against.

No pencil work is necessary for one to see what the majority of the people in Atkinson wanted.

There is no doubt in anyone's mind today whether the town of Atkinson was for or against the Class VI District. The writer of the letter in the Journal was the most prominent in opposing the Class VI District and the merger of District No. 21 with District No. 25.

We leave to your judgment where the agitation toward distrust and division originated. Any person has a right to object to or be in opposition to, and to even cause distrust and division. However, when the majority of an individual governmental subdivision has rendered its decision, continued dogged opposition by the minority only causes distrust and division.

Much, certainly, has been said and more will be said on this matter, but any person who knows education at all, knows that good facilities with good teachers, offering a wide variety of subject material, is the ultimate goal of all school districts. However, a sound tax structure is needed to have these educational tools, irregardless of the Class of the District.

There has been massed together some twenty million dollars worth of valuation to finance the education of 180 to 200 students. We are just getting construction underway on a new \$850,000.00 high school plant which will be second to none in our area. Persons in our community who are genuinely concerned about better educational opportunities for our young people, can only be proud, as we know the majority of the people are.

The writer of the letter in the Journal speaks of motives being questioned. Again in persistent opposition to Class VI Districts and their benefits, we find persons supporting legislation that would deprive individual governmental subdivisions of their constitutional rights because the writer's opinions and proposals were not accepted by the majority of the people. Referring to the amendment to LB 747 asking for a common mill levy over individual governmental subdivisions—this has been declared *unconstitutional* by our State Supreme Court.

We are shocked at the second, third and last paragraph of the writer's letter, to think that one would seek to destroy minority groups protecting the loss of individual rights, and for one to seek legislation to destroy the rights of the people of an individual governmental subdivision, because the majority's will is not one's own.

Who has ever heard of the minority legislating against a majority, and bringing about voluntary unity and cooperation? Who would ask a legislative body to legislate against the majority of one's own school district?

The Legislature deemed it important to place the writer's letter of April 21, 1967 in its Journal. Surely the public, in reading that letter, could only arrive at a one-sided opinion of our community and our Class VI District. We wish to give the readers of the Legislative Journal an opportunity to weigh both sides, so we are asking you to request that this letter be placed in the Legislative Journal.

Thanking you for your kind and prompt attention, we are

Sincerely yours,

Thursday, July 20, 1967

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Everroad presiding.

Prayer was offered by the Chaplain.

Prayer

O God, stop us for a minute of prayer. Stop our anxious minds from wandering, and our wearied spirits from desiring anything but to know Thy will. Let us stand at attention before Thee and hear what Thou hast to say to us. We believe that Thou canst tell us not only what to do, but also how to do it. If it needs making up our minds, Thou who didst make our minds can show us how to make them up. If it needs changing our minds, Thou canst work that miracle too. Speak, O Lord, and make us hear, for Jesus' sake. Amen.

REPORT OF EXECUTIVE BOARD OF LEGISLATIVE COUNCIL

July 20, 1967

Report of the Executive Board of the Nebraska Legislative Council on proposed Studies for the 1967-1969 interim period.

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, Resolutions proposing that studies be made by the Legislative Council are to be referred to the Executive Board of the Legislative Council, which Board is to make recommendations to the Legislature that the proposed studies be made or rejected.

This Report covers the twenty-four Resolutions introduced during the session proposing interim studies.

Studies Recommended

1. **Legislative Resolution 33.** This Resolution proposes that the Revenue Committee as constituted during the 1967 session continue its work during the interim to study the impact of the sales and income tax.

The Executive Board is approving this Resolution with an amendment removing the reference to the Revenue Committee as constituted during the 1967 legislative session. A regular Legislative Council study committee will be appointed to undertake the project.

2. **Legislative Resolution 37.** This proposes a complete study of the question of calling a constitutional convention.

3. **Legislative Resolution 38.** This proposes a study of the laws governing the payment for care of patients in the state hospitals.

The Executive Board is approving this Resolution with the proviso and understanding that the study will also include the problem of assessment of costs as between the state and the counties.

4. **Legislative Resolution 44.** This is a proposed study of problems relating to ground and surface water as well as the proper utilization of water.

The Executive Board is approving this study with the proviso and understanding that it will include the problem of water pollution.

5. **Legislative Resolution 50.** This Resolution proposes a study of emergency communications operations in the state; to coordinate and standardize radio procedures over the entire state and to further coordinate the state emergency operations with the FCC, the Federal Highway Emergency Act, and law enforcement.

6. **Legislative Resolution 53.** This Resolution directs rural public power districts to investigate and implement a voluntary plan of merger and consolidation where more efficient operation would result, and that a Legislative Council committee study the problem in conjunction with the districts.

7. **Legislative Resolution 58.** This Resolution would create a committee to be kept fully advised on the realignment of public power facilities to bring about the results outlined in LR 43 adopted this session (Journal, p. 2291).

8. **Legislative Resolution 59.** This Resolution proposes a study of the problem of alleged discrimination in the acquisition, ownership, possession, and enjoyment of property in this state, the study to include a survey of approaches employed in solving this problem in other states.

9. **Legislative Resolution 60.** This is a proposed study of the scientific reappraisals of property completed or currently under way in the state, with emphasis on costs, methods, and variations in procedures among the various counties.

The Executive Board is approving this Resolution with the understanding that it will also include a study of the appraisal and reappraisal of tracts and lots upon which permanent, semi-permanent, and temporary structures are located and related questions.

10. **Legislative Resolution 66.** This is a proposed study of many facets of the rapidly increasing crime rate as it affects Nebraska.

11. **Legislative Resolution 67.** This Resolution would create a committee to study the Report and Recommendations of the President's Commission on Law Enforcement and Administration of Justice to determine their applicability to the State of Nebraska.

Resolutions 66 and 67 are somewhat related, and it is the intention of the Executive Board to assign them to the same committee.

12. **Legislative Resolution 68.** Under this Resolution a committee would be appointed to maintain liaison with the Department of Economic Development throughout its study of revising and re-editing the laws pertaining to municipal and county government.

13. **Legislative Resolution 71.** This Resolution proposes a study of the establishment of work relief programs for recipients of county general assistance.

The Executive Board approved the study with the understanding that a committee will not be appointed, but that the staff of the Legislative Council will do the necessary research for a proper assessment of such a projected program.

14. **Legislative Resolution 72.** This proposes a study of the need for legislation concerning conflicts of interest in both the legislative and executive branches of government, including the existing Nebraska law and the laws and approaches of other states.

The Executive Board approves this Resolution in a form which omits specific reference to the Executive Board of the Legislative Council as the constituted committee to conduct the study.

15. **Legislative Resolution 73.** This is a proposed study of the feasibility of enacting a State Tort Claims Act so that citizens could sue the state under certain specified circumstances, and to survey the laws of the other states in this area.

16. **Legislative Resolution 74.** This Resolution proposes a study of the laws governing adoption of annual budgets by governmental subdivisions of the state.

17. **Legislative Resolution 77.** This Resolution provides for the appointment of a committee to receive the highway management study report, review the recommendations of the consultants contained therein, and consider possible legislation needed to implement such recommendations.

18. **Legislative Resolution 78.** This is a proposed study of the seed laws of Nebraska and other states.

The Board is approving this study with the understanding that it will be broadened to include feed as well as seed.

19. **Legislative Resolution 82.** This proposes a study of existing state policy in the field of higher education, considering the needs of the people, the needs of the state, and the role of individual public and private institutions within the state in fulfilling these needs.

Studies Not Recommended

1. **Legislative Resolution 56.** This Resolution proposed a study of the problems and needs of all rural and urban schools in all areas of the state.

2. **Legislative Resolution 61.** This Resolution proposed a study of the question of suitable plans for retirement of employees and officers of the state.

The Executive Board rejected this Resolution with the understanding that the regularly constituted Retirement Systems Advisory Committee would consider all retirement problems brought to its attention during the coming interim period.

3. **Legislative Resolution 75.** This Resolution proposed a study of the management and harvest of wildlife resources, outdoor recreation and tourist promotion.

4. **Legislative Resolution 76.** This Resolution proposed a study of the marketability of turnpike or toll road bonds.

5. **Legislative Resolution 64.** This Resolution proposed a study of several aspects of educational television in Nebraska.

Mr. Warner moved the adoption of the report.

Deliver us from the tyranny of trifles during these closing days of the Legislature. May we give our best thought and attention to what is important, that we may continue to accomplish those things which are worth while. Teach us how to listen to the prompting of Thy spirit, and thus save us from floundering in indecision that wastes time, subtracts from our peace, divides our efficiency, and multiplies our troubles. In the name of Christ. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 91. Re: Big Springs Interchange

Introduced by George H. Fleming, 47th District; Eugene T. Mahoney, 5th District; George C. Gerdes, 49th District and Elvin Adamson, 43rd District.

WHEREAS, a great deal of concern and criticism has been recently expressed in western Nebraska over the proposed design of the Big Springs Interchange for Interstate 80; and

WHEREAS, the proposed design would clearly have the effect of diverting traffic south into Colorado and away from western Nebraska and Wyoming; and

WHEREAS, the interchange is being constructed with Nebraska funds and should accommodate Nebraska interests, which can be done in the present case without interfering with the free flow of traffic either south or westward; and

WHEREAS, Interstate 80 South is merely a branch off the principal portion of the transcontinental route, but under the proposed design would have the most and easiest access at the facility.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-SEVENTH SESSION ASSEMBLED:

1. That the Nebraska Legislature shares in the concern over the proposed design of the Big Springs Interchange, and believes that it would be disadvantageous to the interests of western Nebraska.

2. That the Governor should direct the Department of Roads to reevaluate the proposed design and alter it so that traffic westbound, and not that south bound to Colorado, would be more easily and conveniently accommodated.

Mr. Fleming moved to suspend the rules and adopt LR 91.

The motion lost with 21 ayes, 13 nays and 15 not voting.

Governor's Message

Mr. President, Mr. Speaker, members of this distinguished group, ladies and gentlemen: I think it is fitting and important that we in this farewell address to the Legislature, that we talk and devote some time to what might be happening in the future. I would like to review very briefly with you some of the ideas and recommendations that I have with regard to the next session of the Legislature. We have in Nebraska an economy that presently is unbalanced. It is balanced heavily in favor of Agriculture, and that is as it should be presently. We have as part of this agricultural industry a livestock industry—about \$750,000,000 on an annual basis, therefore it is important that we should consider the building of a pilot meat irradiation plant somewhere in Nebraska for the purposes of research and the purposes of preserving one of the most important products that the State of Nebraska produces. We are presently discussing with various segments of private enterprise and the Federal Government in our educational institutions, the research necessary for

the building and developing of the meat irradiation plant. And in the next session of the Legislature, I shall have some recommendations to make to you with regard to this construction. And here in Nebraska again assume the lead in the nation in the matter of food preservation. Number two, we have begun the preliminary discussions and done the preliminary work in setting up a task force to expedite and create efficiency in the various departments of state government. This is patterned after the little Hoover Commission, primarily for lack of a better term. We are again working with private enterprise and we are borrowing from industry and from the professions, individuals who can conduct and be part of this task force, so that the Departments of State Government can be run on a more expeditious and a more efficient basis. Number three, I will recommend to the next session of the Legislature the creation of a Department of Public Safety. This will not be an entirely new department, but will be made up of the merger of old departments and existing departments. Primarily, the Nebraska Safety Patrol, Department of Motor Vehicles, the Accident Record Bureau, the office of the Highway Safety coordinator, the Telecommunications Division, and portions of the Department of Roads. I think it is necessary that we continue at all times with a view toward streamlining and the reorganization of State Government. We have made some strides in this manner in the state government thus far, but more needs to be done. Number four, we expect to streamline budgetary procedures at the State level. And we shall make recommendations for the uniform budgeting procedures at the local level and to make available to the local political subdivisions the computer services that the state presently owns so that budgeting procedures can be uniform. And at the same time to create a sophisticated statistical data gathering procedure that we presently do not have in state government, so that the 1969-71 Budget will be in more detail and more accurate than budgets in previous history. We shall conduct investigation and research into our parole and probation laws, and again we shall utilize talents and individuals from without the framework of government, experts in this area. Number six, we shall review and evaluate existing commissions and committees with the view toward the elimination or the merger of these various commissions that have accumulated over past history. We shall make necessary recommendations for your approval or disapproval at the next session. Number seven, we shall study in depth and in detail the make-up and the procedures of the State Board of Equalization. This is especially important in view of the Supreme Court decision based on the last state Board of Equalization's actions, hopefully we can avoid a duplication of these problems. Number eight, crime is still a problem in Nebraska, and I hope that as a result of the resolution passed by this honorable Body that we can work closely with the interim study committee in making recommendations in the

control of crime and crime prevention before the next session. And I shall be in contact and meeting with Col. Kruger, head of the State Safety Patrol with a view toward the expansion of his training center, so that law enforcement officers in the state of Nebraska charged with the enforcement of our laws, will have made available to them a training center on a voluntary basis and paid for by themselves. We will have more to discuss with the proper committee at the proper time. The need for a constitutional convention still exists. We expect to work closely with the committee based on the resolution passed by this Body in connection with the upgrading and modernizing and updating of our constitution. Number ten, we shall review all legislation that has to do with Vocational Technical Education. The problem of coordinating all institutions of higher learning still remains and I will make recommendations to this Body in the next session for the creation of a Council on Higher Education. Open housing legislation, though defeated in this session will be submitted in the next session. Not necessarily in the same language as LB 358, but similar language in the area of open housing. Number twelve, comprehensive mental health plans will be submitted. Dr. Osborn at the Medical Services Division of the Department of Public Institutions is presently engaged with Mr. Duncan and members of my staff and other people across the state in developing a mental health plan. This will be submitted to you for your approval. An ethics study group will be formed out of this Body and I am hopeful that this ethics study committee will recommend to the Legislature specific language on conduct of governmental officials at whatever level, so that if a conflict of interests does in fact exist, that it can be pinpointed accurately. With regard to a special session, this will depend almost absolutely on the recommendation of the Legislative study committee that will be appointed by the Executive Board of the Legislative Council. We shall make available all in the Executive branch to work with this study committee. Based on their recommendations we shall make the determinations whether we shall call a special session or not to deal with highway legislation. You have just concluded 134 days of the most important segments in the state of Nebraska. You have emerged from this legislative battlefield having passed the most significant legislation in one hundred years history of this great state. And yet you have passed this legislation notwithstanding the great obstructionists pressures from outside of the Legislature that I have witnessed and many observers have witnessed. You have passed this legislation over the myopic principles and attitudes of these groups and you have given Nebraska and Nebraskans the capability of becoming the true leader among states in the 20th Century. You have earned the eternal gratitude of every Nebraskan for centuries to come and I congratulate you on your tremendous courage and valor and wisdom. Thank you so much.

The Committee escorted the Governor from the Chamber.

STANDING COMMITTEE REPORT

Committee on Committees

Mr. President:

The appointments of John Sidner (Page 15, of the Legislative Journal 1967) and Frank Barrett (Page 233, of the Legislative Journal 1967) were not acted upon by the Committee on Committees due to the fact that Sec. 81-109 provides that heads of departments remain in office until a replacement is found, therefore, legislative action was not required for these appointments.

The appointment of Gene Eaton (Page 14, of the Legislative Journal 1967) was not acted upon by the Committee on Committees as Mr. Eaton resigned before legislative action could be taken.

Respectfully submitted,
