LEGISLATIVE JOURNAL

**EIGHTY-SECOND LEGISLATURE
FIRST SESSION**

FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, January 5, 1971

Pursuant to the provisions of Section 10, Article III of the Constitution of Nebraska, the Eighty-Second Session of the Legislature of Nebraska assembled in Legislative Hall of the Capitol Building at the hour of 12:02 o'clock (noon) on Tuesday, January 5, 1971, and was called to order by Mr. John E. Everroad, Lieutenant Governor.

PRAYER

Prayer was offered by Dr. Robert Palmer.

O Lord our God, if ever we needed Thy wisdom and Thy guidance, it is now—as our Legislature begins a new session, standing upon the threshold of a new year, fraught with so many dangerous opportunities.

Some old faces are gone from this chamber—and we remember them; other new faces have come—and we welcome them; many familiar faces have returned—and we are gladdened by them.

We are grateful that somehow our beloved State continues to go on with vitality, vigor and energized faith, and we pray that in this new year we together may move on to loftier heights and nobler achievements, for the good of the people in an invigorating climate of freedom, frankness, fortitude, and faithfulness—to what we believe, to one another, and to Thee. Amen.

ADDRESS BY GOVERNOR

The committee escorted Governor Norbert T. Tiemann to the rostrum where he delivered the following address:

Speech of Governor Norbert T. Tiemann
before the 1971 Session of the Nebraska Legislature-10:30 A.M.
January 6, 1971

Mr. President, Mr. Speaker, Senators of the 82nd Session of the Legislature of the State of Nebraska, Ladies and Gentlemen:

Thank you for inviting me to speak to you today. Quite frankly, I had not intended to make a farewell address for another four years. Apparently I failed to make that point clear. However, I am pleased to have the opportunity to discuss with you some thoughts on the future course of Nebraska.

During the past four years, this Legislature has been the most productive and progressive in Nebraska's history. I sincerely thank you for your willingness to consider the proposals my administration advanced and the innovative enthusiasm with which you undertook to initiate and develop programs for the general good of Nebraska. Your co-operation and consideration in working with my administration has been positive and sincere. I regret that disagreements between the Executive and the Legislative branches have received greater exposure than our co-ordinated effort, but, as you know, disagreement has been infrequent, and I am convinced the thrust and parry of debate led to sound, well-reasoned programs for this state.

The temptation exists to spend time in reviewing what I consider the accomplishments of the last four years. I believe, however, that our time is better spent in giving attention to the future, measured not by terms in office or years, but by needs, goals and hopes. The volumes of the law contain our handiwork, but it is my fervent hope the far reaches of this hall cannot contain our vision.

I have thought long and hard about the nature of State Government. It is a philosophical truism that the State exists only to serve the people. We each surrender to it some measure of our sovereignty, of our free will, so that the many can do what the few cannot.

Government must heed the public good — It must seek out and solve those problems that exist and anticipate those that will arise. Government should not conjure up specters simply so that it can exercise the spirits. Only real problems should be solved. But one of the most difficult and elusive tasks of Government is to strike that fine balance between

anticipating problems that will arise, and coping with them, on the one hand . . . and dealing only with those problems that are manifest to the public, on the other.

Should Government lead, with new plans, new ideas, new directions . . . or should it simply respond when the people cry out, often too late, for help? It would seem that to ask the question is to answer it. I stand firm in my conviction that if the people choose leaders who have promised a certain course of action, those chosen have a responsibility to act.

Progress in Government is difficult to define and is, perhaps, in any ultimate sense, illusory. But so long as we view our efforts as attempts to solve present or foreseeable problems for the common good, we can, I believe, speak in terms of progress.

We must progress, not because we are backward or regressive, but because I am convinced that in our Judeo-Christian society we must strive to do more, to help more, to care more, I speak now not in terms of dollars, but of attitudes, we must constantly seek a better life for all, a life where concepts of liberty and equality are not just a craftsman's carvings in public stone, but, rather, living, breathing things that can be seized and felt and loved.

And foremost among the things we all love is Nebraska. I leave to Willa Cather and Mari Sandoz and John Neihardt the words that capture the beauty of her fresh turned sod, the sweep of Sand Hill grasses, the songs of her birds and running streams. We are a prairie people, and we are proud of our pioneer heritage. But we, too, are pioneers, for it is our task to deal with the hard realities of today and tomorrow, so that our children will enjoy a life even better than ours. Loving what Nebraska was, and is, we also need to love what it will be.

The spirit that drove the Pioneers to Brownville and Plum Creek and Ash Hollow is still present today. We have the soil, and the water, and the air, that our metropolitan cousins covet. But more than these, we have ourselves. Nebraska is, in the final analysis, people. People who cling to life with a zest and tenacity no one else can rival. Nebraskans want to do what is right. They want to move forward. They only ask that their leaders show them where and why, and they will follow. Buttressed by this faith in my fellow citizens, let me suggest to you some specific action which I firmly believe will be accepted and which will bring about a better life for us all.

HUMAN RESOURCES

Society's responsibility of caring for the less fortunate and assisting them, where possible, to become productive citizens of our State is one of Government's primary functions. State concern over the well-being of these members of our society is rightly growing. We must emphasize their humanity, develop their capacity, show them opportunity. It is time to increase our efforts to break the poverty cycle and the resultant

discrimination that exists in our State. The assistance programs directed by the Federal Government are dominant in this area and probably will remain so. However, we Nebraskans must use our ingenuity and inventiveness in understanding the problems peculiar to our state, so that we can move in this area under joint state and federal direction. We need to find jobs for those who have skills and provide skills for those who have none.

Our institutions must improve, both in Mental Health and Corrections. We have come a long way in the improvement of Mental Health facilities and in raising the level of treatment and rehabilitation; however, the need for capital construction is critical, and this State must face its moral obligation to ameliorate existing conditions as rapidly as possible. Confinement to an institution should not be consignment to a trash heap. In this area, assistance in financing from the Federal Government appears certain. We must have our planning and long-range objectives ready. We must be in a posture of readiness, so that we may take the tide at the flood when financing procedures are defined.

In the area of Criminal Correction, our Penal System has not proven to be a satisfactory answer to the criminal activity that pervades the fabric of our society. Violations of the law that jeopardize our personal freedoms must be curbed. The practice in the past, and the rhetoric of the present, have focused on the apprehension of the lawless. However, convicted persons have often been relegated to antiquated and foreboding facilities for periods which often seem meaningless in terms of correction. In my judgment, we must now focus on two areas: First, the prompt and expeditious handling of trial and sentencing procedures, which will require augmenting and upgrading our courts and probation programs, and, second, the establishment of correctional facilities and programs which will rehabilitate inmates and provide them with a trade, with skill, and with pride — the pride of a person who can share the burdens and responsibilities of our society. Without these, law enforcement is a treadmill.

NATURAL RESOURCES

Next to her people, Nebraska's greatest gift is her natural resources. Nonetheless, we have learned that even seemingly boundless assets will not last without vigilant stewardship. We may not have entered the crisis period, but if we do not now fully develop, utilize and conserve our resources, it can become too late to do so. Our resources are there to be used by man and to promote the health and well-being of our people. But I also believe that a prudent husbandry of what we have will give our resources longer life and give their benefits to our children's children.

I urge you to continue to develop programs for fuller utilization for our water supply, as vast amounts of water flow through our state unconserved and unused by our citizens.

We must be concerned about the long-range effects of the continued use of fertilizers, pesticides, and herbicides. We must not shirk from

providing adequate resources for research and investigation of these products; indeed, Nebraska should be the leader in this action.

We should continue to preserve all which is beautiful around us. Providing recreation for ourselves as well as for future generations should rank high in the priorities of State Government. Encouragement of those who are in the conservation services is important. We have dedicated people in our State with deep concern in this area, and I applaud them and feel their efforts should be continually supported.

The regulation of our environmental polluters is a complex responsibility that falls mainly to State Government. I recommend to you that you seriously consider the restructuring of those State Agencies involved in order to create an effective arm of State Government. The restructuring should involve the development of a code department with direct responsibility to the Governor and a full range of statutory authority to do its important and occasionally unpopular work. You have each received a report of the findings of the study committee on this matter. I endorse that report as an effective framework and guideline for the formation of the Department of Ecology for this State.

EDUCATION

The development of our young people, their minds, their hands, is the awesome responsibility of the educational process. Unfortunately, both the need and demand for a full and complete education increase at the same time that the costs of meeting this responsibility skyrocket. We must have a greater degree of co-ordination for all levels of education. The role of the Vocational Technical Schools in conjunction with the Junior Colleges—which are now often referred to as Community Colleges—must be established and expanded.

Concurrently, we must review and define the functions and responsibilities of our educational institutions. We have heaped greater and greater burdens on those institutions, without much thought to tradition, practicality or priorities. Specifically, we have come to expect our universities to educate our young people, not only in abstract knowledge but in professions and in marketable skills; to serve as a focus of State pride, in size and in numbers, in academics and in athletics; to perform research, both of National and International importance, and of immediate practical application in this State; to attract and service industry; to provide technical services to government; and to establish and maintain standards of conduct for students. Even this quick condensation of a university's roles indicates clearly that we have expected too much or have galloped off in all directions.

Most current discussion of our universities has centered on campus unrest, which now, fortunately, appears to be waning. Anyone who has examined the issue should agree that physical order must be maintained, and that campus administrators have the primary responsibility for that order. Beyond that, no university has any real responsibility or authority concerning student morals or conduct. Those are personal, ethical and

family matters. The university's ultimate sanction is dismissal for failure to satisfy the rules of academic conduct, in the classroom and on the campus. We cannot and should not expect our colleges and universities to assume our responsibilities as parents and exemplars for young people.

The universities and colleges of our State must, then, receive direction and purpose, from teachers and administrators, and from citizens and elected leaders as well. I urge your careful and positive consideration of our educational system and your full support of academic excellence for the clear benefit of all Nebraskans. We cannot be satisfied with anything less than the best for our young people.

ECONOMIC DEVELOPMENT

Co-ordinate with managing our natural resources, Nebraska still requires and can sustain a strong policy of economic development. I am hopeful that more of our young people will be staying in the State in the future, and I envision that many residents of the metropolitan areas of our country will be seeking relief from the asphalt jungle within our friendly boundaries. Positive direction of these trends is essential. We must insure that the development of our economy is along desirable lines. We must furnish the economic underpinning, the broad range of challenging and rewarding jobs that will insure opportunity and prosperity for us all.

Our State does need industrial employment. Our percentage of unemployment is not high and our economy is strong, but we have subsurface problems. We have many people in this State who are under-employed, doing work which does not fully tax their capabilities and talent. We must work together to provide the privilege of living in Nebraska without a reduced standard of living. Companies, associations and municipalities across our State are promoting industrial development. State Government has also played an important role. The job of recruiting and promoting industry is immensely complex. The continuation and expansion of the State's efforts in the development role is sound business judgment. I doubt if there is any investment in government which pays a higher return than the investment made in the economic development of our State.

PUBLIC SAFETY

I have been increasingly concerned about the destruction and death on our highways. I am convinced that one of the State's paramount responsibilities is the personal safety of the people. Frequent incidence of tragedy, coupled with the rapidly increasing miles driven on our State Highways, demand that some far-reaching steps be taken. Our State Patrol needs to be expanded in numbers. It is one of the best qualified in the Nation. Its men are conscientious, courteous, and well-trained. But they are too few, and we cannot expect each man to do the work of ten.

In addition, we must expand our efforts to assist local law enforcement wherever possible by consolidation of services, furnishing additional personnel, and increased in-depth training. Ambulance service with adequate vehicles and trained crews should be available for every

Nebraskan. No dollar value can be placed upon the life of any of our citizens and with the growing trend toward centralization of our medical facilities in this State, transportation of the ill and injured becomes an item of critical concern.

Fortunately, the fatality rate on our State Highways has decreased in the last two years but the frequency of these deaths is still a matter of primary concern. I feel that the development of a Department of Public Safety in which the State Patrol would operate together with other agencies concerned with protecting our citizens would be a beneficial reorganization. The various inspection programs now located in the Departments of Agriculture and Labor and the Office of the State Fire Marshal together with other similar programs could be consolidated, avoiding duplication and promoting more effective service and administration.

ROADS

The Legislature has provided progressive highway legislation. As a result, road building has accelerated at a rate unparalleled in Nebraska history. The Department of Roads has been reorganized. Both short and long-range building programs have been designed and begun and adequate financing provided. Nebraska's Department of Roads and financing methods are the envy of the nation. The key to the financing program is the legislative authority to issue limited obligation bonds. It is absolutely mandatory that these bonds be issued as authorized by the Legislature and the people of this state.

Federal Legislation recently passed provides substantial revenues for Nebraska but the availability of these funds is contingent upon the issuance of bonds in Nebraska. A modern, well designed road system is essential if economic progress is to continue and I ask that full support be provided for this system.

The financial situation of the state is a matter which is of interest to you. I asked the Department of Administrative Services the figures. At the end of 1966 there was a general fund balance of approximately \$4,704,000. At the close of this year the unencumbered balance is approximately \$39,500,000. The balance of all funds at the end of 1966 was \$49,891,000. At the end of this year the balances are \$122,433,000. The total of investments and balances is today \$179,912,000. This sound financial situation evidences the planning which you have done during the past four year and the effective administration of the various state agencies.

GOVERNMENTAL REORGANIZATION

The government of this state is indeed fortunate in having dedicated and qualified public servants. Most of these people are well trained and well qualified for their positions and they work long, hard hours to accomplish their assignments. These employees need to be adequately compensated and provided a reasonable standard of living. In many areas, the pay levels of this state government are adequate and have achieved

parity with private industry. I am particularly proud of the efforts of my administration in this regard. We have moved forward in developing a personnel program, undertaking studies of the compensation ranges and centralizing personnel data. I urge you to utilize this information and properly standardize the pay of our employees. Governmental economy is a laudable goal but penury and service are mutually inconsistent.

It had been my hope that within the next four years, A reorganization of the executive branch of government in this state could have been instituted. Government by committee and commission is neither an effective nor efficient way to operate. A chief executive should be responsible for the effective administration of government and should have the authority to carry out the dictates of the people and their representatives.

I believe our state administration should be consolidated into areas aligned as to subject matter so that more effective co-ordination could take place. I envision a department of human resources with supervision over welfare, institutions, and corrections; a department of natural resources with direct supervision over all conservation and resource development, including environmental control; and a department of public safety, as I mentioned. A number of the existing departments would remain, but all would be headed by persons directly responsible to the Governor. Rather than to form additional subdivisions of government, some with substantial autonomy, I feel there are many areas where we should seek consolidation of function and responsibility, to the advantage of the state and the citizen.

There is substantial merit in having citizens directly involved in the operation of state government through advisory committees and commissions, but this involvement should stop short of administrative responsibility, and I would suggest that a substantial majority of those persons who now serve on our various boards and commissions in state government would agree with these reorganization proposals, realizing as they do the baffling complexity of governmental operations. Even the most talented and interested citizens, meeting monthly or even more infrequently, are in no position to effectively administer departments of government.

In another area, the Governor's-Drug Control Commission has made several recommendations that should be supported and implemented. I urge each of you to read and study this report and act quickly on the recommendations. If we are to successfully solve the drug abuse problem, it will be necessary to give the commission statutory authority with proper financial support.

CONCLUSION

Ladies and Gentlemen, I believe very strongly in this state. We must strive constantly and diligently to deserve it.

I wish you well in the years that lie ahead. I shall not miss the pomp and ceremonial trappings of office, but I shall miss the involvement and excitement, the challenges that are sure to come.

The great British statesman Edmund Burke once said:

“Those who would carry on great public schemes, must be proof against the worst fatiguing delays, the most mortifying disappointments, the most shocking insults, and, worst of all, the presumptuous judgment of the ignorant upon their designs.”

When rebuffs occur, you can take comfort in knowing that very often those who strive hardest for the public good encounter the greatest lack of public appreciation for their efforts.

Time has come for me to go. And go I shall, without rancor, but with some regret. As I return to private life, I intend to do all within my power to bring about a better Nebraska. I hope to see you often, and I pledge that I will always be available if I may be of service to you. I shall remain involved, if only to keep faith with those whose dedication and support have sustained me in the past. As Disraeli said, long ago, “Though I sit down now, the time will come when you will hear me.”

Thank you, and goodbye.

Governor Tiemann was escorted from the Chamber.

PRAYER

Prayer was offered by the Chaplain.

We know, our Father, that there is a time to speak and a time to keep silent. Help us to tell the one from the other. When we should speak, give us the courage of our convictions. When we should keep silent, restrain us from speaking, lest, in our desire to appear wise, we give ourselves away. Teach us the sacraments of silence, that we may use them to know ourselves, and, above all, to know thee. Then shall we be wise. Through Jesus Christ our Lord. Amen.

**INAUGURAL ADDRESS OF GOVERNOR
J. JAMES EXON
Governor of the State of Nebraska**

Mr. President

Mr. Speaker

Mr. Chief Justice and Associate Justices of the Supreme Court, Members of the Eighty-Second Session of the Legislature

Ladies and Gentlemen:

It is now of record that today, January 7, 1971, is a very significant day in the life of your new Governor. The oath that I have just

taken, willingly and enthusiastically, but with humility and deepest sincerity, imposes upon me obligations which will be carried out both in its letter and in its spirit.

The oath is not new. Our administration is. The contribution that our administration will make to Nebraska will depend primarily on the programs and policies that we enunciate *and then back with action*.

The assistance of those in this chamber and of the people of this state is necessary if we are to attain our goals.

You will find your new Governor fully appreciative of the separation of powers, mindful of the essential and respective roles of the Legislative, Judiciary, and Executive Branches; but respect for separation of powers does not mean a communications vacuum. We need neither sterile buffer zones which frustrate the growth of ideas nor battlefields of verbal assault and recrimination. Mature judgment of well-developed proposals in an atmosphere of respect for the responsibilities of each is the environment we envision.

Let us set about the task of unifying Nebraska. You will find me seeking understanding, appreciating opposing points of view and expecting cooperation from all Nebraskans for Nebraska.

I find it disturbing when Governmental, Economic, Cultural, and Educational Activities become competitive to the extent that they develop into rivalries which fractionalize our state and its people. This is ridiculous. We are one unit working for the common good under Democratic processes. In State Government it behooves each of us, whether we are Judicial, Legislative, or Executive to bear in mind that our ultimate goal is not the aggrandizement of ourselves, our jobs, or our particular branch of Government. Rather, as the Political and Governmental leaders of this state, we should seek to develop and foster unity. I ask you to join me in pledging to seek this goal.

In this regard the wishes of the people must be considered and ultimately followed. Leadership, as signified by the oaths taken this week, is in a sense a grant of power; but more so it is a grant of responsibility to legislate and to govern for those who have selected us. Likewise we are charged with the obligation to lead as well as to listen; to have not only the courage of our convictions but the ability to communicate those convictions to the people from whence our authority was granted.

In working towards our mutual and individual goals, the dialogue between the Legislature and the Governor's office must flourish. This administration will listen. We seek the suggestions of all Nebraskans. We will be making specific recommendations on many subjects vital to the advancement of Nebraska. For the present, please allow me to briefly identify only a few areas of concern to the Administration:

The Executive Budget. The budget will be austere by some standards, but adequate. It will reflect a concern for priorities. No essential services of the state will be sacrificed, nor will the foundations for the future be surrendered to expedite the present. This must be accomplished within the basic framework of the 1970 sales and income tax levels.

The Courts. The importance of the Judicial Branch is well recognized. Our society could not function without the courts settling our private disputes, determining the constitutionality of Legislative and Executive actions, and dispensing justice to those who would violate society's rules of conduct. I consider the adoption of Amendment 9 to be the most important development in the growth of the Judiciary in this century. In addition, your Governor believes that one of his paramount responsibilities, certainly one that will affect the state tremendously in years to come, is the appointment of quality judges at all levels of our Judicial System.

Taxation. I recommend and urge tax reforms, including the elimination of the sales tax on food at the grocery counter and the closing of the unfair loopholes in the Nebraska income tax. With the authorization in the last session of the Legislature for municipalities to assess a sales tax, a new inequity was introduced into the already unfair tax on food. No complicated formula for credit on the state income tax as a rebate for the food tax is now equitable even if some sincerely believe it was previously. Some citizens of Nebraska are now paying a 3 1/2% tax on food, some 3%, and others 2 1/2%, yet all received the same rebate figure. The only way to eliminate the whole unfair and regressive business of a sales tax on food is to drop it at its source, as sixteen other states already do. I am convinced an overwhelming majority of our citizens want such action. It is my hope we will respond.

Environment. Our choice is not whether to participate, but how to catch up in the desperate race to save our environment, a race that has been basically ignored in Nebraska save for words of concern. We are recommending an emergency appropriation to fund the state's portion and to qualify our cities for Federal matching funds for secondary sewage treatment facilities. This appropriation will allow us to utilize Federal funds which will otherwise lapse by May first. A continuing appropriation for the similar functions will be a recommended budget priority. In addition, we must immediately review the coordination of environmental activities which now involve some eleven separate state agencies. This administration will not be satisfied with mere reaction. Water and air pollution demand positive action.

School Lands. We ask that the laws requiring mandatory sale of school lands be repealed. The present and future generations of Nebraska's school children and their educational environment must not be left to the whims of Wall Street. This administration will fight the shrinking of the Public Domain at all levels of Government.

Meat Inspection and Dairy Standards. I am convinced that this state's programs in meat inspection should be repealed and left to the Federal Agencies, where approximately 90% of all our meat is presently inspected and it is our hope that the Legislature will review the Milk Price-Setting Bill of the last session and repeal at least that portion dealing with retail price fixing.

Education. We will recommend continuance of state aid to local school districts at the present level. Education costs will continue their upward spiral unless we learn to do more with what we have in financial, teacher and classroom resources. Enrollment in many institutions of higher learning in Nebraska, as well as across the Nation, has leveled. The enrollment in others is down considerably: still others are closing their doors. It is a time for us to pursue both prudence and intelligent planning in our worthy pursuit of better quality education at all levels. We should seek new ideas and consider more realistic proposals to streamline our systems. Let us focus more attention on educational output and less on input.

The Less Fortunate and The Senior Citizens. Some members of our society unfortunately are impaired physically or otherwise. Still others are in their golden years and depend on us now just as we depended on them only a few years ago. We must be more compassionate and understanding and be prepared to better meet their needs with both our talent and tax dollars.

Welfare. Welfare costs have been skyrocketing in such fantastic proportions, that the needs of the legitimate underprivileged, temporary and otherwise, are being threatened by the very weight of numbers. It is time that people take over the programs rather than programs taking over the people. Here is a problem that threatens the financial stability of most State Governments. We will take care of those in legitimate need, seeking Federal help in correcting abuses and funding.

Agricultural and Industrial Development. You will discover this administration an especially active administration in furthering the interests of agriculture and industrial expansion. You have begun an important effort for attracting industry by the establishment of several new Vocational Education Schools. These should be strengthened.

Crime and Drug Abuse. We will be working closely with the Legislature to institute stepped-up programs to fight crime and drug abuse. We need "Get Tough Laws" in many areas, in others we need education and medical attention. This will cost money and this administration will recommend re-arranging spending priorities to assure a reasonable increase in manpower and the advancement of sound proposals for needed Legislation.

Roads. Generally this administration concurs with the principal of the so-called six year road building program. It is a fascinating document. We are discouraged in that no plans were made to pay for the total package. We will carry forward basically an accelerated "Pay As You Go Road Program," shunning additional bonded debt unless there is no reasonable alternative.

In maintaining and facing up to the legitimate needs of Nebraska, while living within our means, I call upon all state employees to join me, where possible, in accomplishing our individual tasks with not more, but less employees. We must eliminate waste and duplication. We will be making recommendations to raise the wages of those dedicated state employees at the lower echelons of State Government.

Restraint is a virtue that should not be forgotten. Recognizing it takes more courage to say "No" than "Yes," we are approaching our new responsibilities with determination. We expect others to join us in cutting costs of Government.

In the Executive Department we will demand innovative administrators, extra effort on the part of all employees, and excellence in service rendered the public.

The next four years, God willing and with his blessing, will be the most challenging and I pray rewarding to both the people of Nebraska and to myself as your Governor.

I have always cherished the satisfaction and the blessing of heading a wonderful family united in love and the unselfish dedication to what was best ultimately for the family collectively. My only desire is that four years from today, through your assistance and the backing of the citizens of this great state, I will cherish a similar feeling of satisfaction that our mission as Governor was good for Nebraska and the Nation.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FOURTH DAY

Legislative Chamber, Lincoln Nebraska
Monday, January 11, 1971

Pursuant to adjournment, the Legislature met at 10:00 a.m. President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father, before we become involved in the routine of another day, we stop to seek Thy help. Experienced in the ways of men so well, we know all too little of the ways of God. But Thou knowest each one of us, by name and by need. Therefore turn our wayward minds and hearts to Thee. Forgive our faults and failures that we have committed in the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in others or to see the evil in ourselves. In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us and through us in our beloved state. For Jesus' sake. Amen.

PRAYER

O God, stop us for a minute of prayer. Stop our anxious minds from wandering, and our wearied spirits from desiring anything but to know Thy will. Let us stand at attention before Thee and hear what Thou hast to say to us. We believe that Thou canst tell us not only what to do, but also how to do it. If it needs making up our minds, Thou who didst make our minds can show us how to make them up. If it needs changing our minds, Thou canst work that miracle too. Speak, O Lord, and make us hear, for Jesus' sake, Amen.

Thursday, January 14, 1971

Pursuant to adjournment, the Legislature met at 10:00 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father who art in heaven, we acknowledge that Thou dost govern in the affairs of men. And if a sparrow cannot fall to the ground without Thy notice how can we think Thou art indifferent to what we say and do here?

If this day Thou dost want us to do or not to do any particular thing, we pray that Thou wilt make it plain to us, for Thou knowest how blind we can be and how stubborn, in our own intentions. We pray for Thy help in our thinking and Thy love in our hearts. Through Jesus Christ. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 6.

Introduced by Richard Maresh, District 32; Thomas C. Kennedy, 21st District; Orval Keyes, 3rd District.

A resolution relating to concern for the "set-aside eligibility" clause of the United States Department of Agriculture new farm program.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA STATE LEGISLATURE IN EIGHTY—SECOND, FIRST SESSION. ASSEMBLED:

WHEREAS, the Nebraska Legislature is interested in the conservation of soil and grassland resources and in improving and maintaining the environment, prevention of soil erosion, pollution control, protection of watersheds and water resources, maintenance of cover food and cover for wildlife, improving and maintaining recreational opportunities and the protection of land resources, and

WHEREAS, the Nebraska Legislature is extremely concerned with the effect of the "set-aside eligibility" of cropland acres which by the present definition of the United States Department of Agriculture new farm program may result in the plowing of many cropland acres now protected by established grass cover, and

WHEREAS, compliance with current regulations of the new farm program pertinent to the "set-aside eligibility" would place the United States Department of Agriculture in the position of encouraging and fostering farmers in this state to plow up grassland which will result in soil and wind erosion and the pollution of our water resources by sediment,

NOW THEREFORE, the members of the Nebraska Legislature assembled in the First Session of the Eighty-Second Session, urgently recommend that the Secretary of Agriculture effectuate a change in his farm program regulations which will continue to make established stands of grass on cropland acres eligible for set-aside acres and enable a farmer to comply with the new farm program in such a manner as to prevent the environmental problems set forth herein.

Laid over.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, January 20, 1971

Pursuant to adjournment, the Legislature met at 10:00 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Gracious God, we admit how often we stumble because we are afraid. Some of us fear those who try to pressure us into conforming to what they want done. Others of us fear those who have an uncanny ability to discover our weaknesses so they can try to get the best of us. Others of us fear we won't be able to handle the new problems that come our way. Give us courage, O God, not to fear others or our own inadequacies, but a courage that comes because our only fear is the fear of not doing our duty. Amen.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, January 21, 1971

Pursuant to adjournment, the Legislature met at 10:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father, as we come before Thee this day, we would not weary Thee with our constant begging. We thank Thee for lessons to learn and work to do. May we apply ourselves to both. As Thy servants here sincerely seek to do right, make the right plain to them. Knowing that criticism will come, help them to take from it what is helpful and to forgive what is unjust and unkind. Amid all the pressures brought upon them, may they ever hear Thy still small voice and follow Thy guidance for the good of all the people, that Thy will may be done in this State, through these servants, for Jesus' sake. Amen.

RESOLUTIONS

RESOLUTION NO. 11.

LR 11 found in the Legislative Journal on page 142 for the Ninth Day was adopted with 46 ayes, 0 nays and 3 not voting.

ANNOUNCEMENT

Mr. Swanson announced that members of Retirement Committee, Holmquist, Orme, Whitney, Swanson and Proud had checked action of Executive Board in accepting federal grant to fund Ombudsman Bill. Dr. Rodgers says he can find nothing which precludes such action by Executive Board even though Legislature is in session.

Mr. Swanson reported the Executive Board had authorized Dr. Rodgers to employ Mrs. Betty Warner to assist in drawing census maps for use by Senators in preparing suggestions for reapportionment. Any member of the Legislature who wants information and assistance in matters of reapportionment should contact Dr. Rodgers in the Legislative Council's office.

Mr. Swanson reported the Reference Committee may be assigning bills to various committees even though subject matter is not exactly appropriate to responsibilities of that committee. This will be done to distribute work load.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

ELEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, January 25, 1971

Pursuant to adjournment, the Legislature met at 10:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Eternal God--our Heavenly Father; We acknowledge Thee as Sovereign in the universe. We admit that Thou art Infinite and we are finite. We realize how great Thou art, and how insignificant we are. Realizing these facts we realize we are dependent upon divine help, and appreciate the fact that even in our weaknesses we are invited to become partners with God in the administration of the affairs of men. Thou hast said: "If any man lack wisdom, let him ask of God who giveth liberally". Solomon, when coming into his kingdom, asked for wisdom, and receiving it from the divine source, became one of the wisest men of all time. So we pray at the beginning of this session to grant us wisdom for the day.

In these days when human genius has made it possible to split the atom, and put men on the moon, and invent machinery sufficiently powerful to annihilate the human race, we find ourselves sitting in the saddles of government. Grant that we may ever be building up and not tearing down; Make us members of a construction crew and not a wrecking gang; May we be true Builders of the State.

Help us to make every effort to improve the "status quo" by using righteousness and justice, and exercising judiciously the talents with which thou hast endowed us. We would be volunteers in a crusade for "Better Days Ahead."

In the struggle that goes with all progress, grant us wisdom, concern, patience and insight--without partiality or prejudice, and may we ever serve Thee, our fellow men, our state and our nation, acceptably and with Godly fear.

We ask these favors in the name of the greatest of all leaders. He who reigns over the greatest of all kingdoms, even Jesus Christ our Lord, who is the ever blessed and only Potentate, King of kings and Lord of lords. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Savage who was excused until 10:20 and Mr. Nore who was excused until 10:30 a.m.

VISITOR

Mr. Klaver introduced Richard Frederick Wood of Forest Park, Illinois, who was a member of the 1924 Legislature.

PRESIDENT SIGNS

While the Legislature was in session and capable of transacting business, the President signed LR 9, LR 10 and LR 11.

RESOLUTIONS

LR 12 was adopted with 32 ayes, 8 nays, and 9 not voting.

LR 13 was adopted with 34 ayes, 2 nays and 13 not voting.

LEGISLATIVE RESOLUTION 14. Introduced by Richard Proud, 12th District.

WHEREAS, a resolution of our nation's myriad and diverse problems is contingent upon a viable partnership between the federal government and strengthened state governments, and

WHEREAS, the federal government, by its extensive reliance on the graduated income tax as a revenue source, has virtually preempted the use of this source from state and local governments, thereby creating a disabling fiscal imbalance between the federal government and the state and local governments, and

WHEREAS, increasing demands upon state and local governments for essential public services have compelled the states to rely heavily on highly regressive and inelastic consumer taxes and property taxes, and

WHEREAS, federal revenues based predominantly on income taxes increase significantly faster than economic growth, while state and local revenues based heavily on sales and property taxes do not keep pace with economic growth, and

WHEREAS, fiscal crisis at state and local levels has become the overriding problem of intergovernmental relations and of continuing a viable federal system, and

WHEREAS, the evident solution to this problem is a meaningful sharing of federal income tax resources, and

WHEREAS, the United States Congress, despite the immediate and imperative need therefor, has failed to enact acceptable revenue sharing legislation, and

WHEREAS, in the event of such Congressional inaction, Article V of the Constitution of the United States grants to the states the right to initiate constitutional change by applications from the legislatures of two-thirds of the several states to the Congress, calling for a constitutional convention, and

WHEREAS, the Congress of the United States is required by the Constitution to call such a convention upon the receipt of applications from the legislatures of two-thirds of the several states,

NOW, THEREFORE, BE IT RESOLVED by the Legislature of the State of Nebraska that, pursuant to Article V of the United States Constitution, the Legislature of the State of Nebraska does hereby make application to the Congress of the United States to call a convention for the sole and exclusive purpose of proposing to the several states a constitutional amendment which shall provide that a portion of the taxes on income levied by Congress pursuant to the sixteenth amendment of the United States Constitution shall be made available each year to state governments and political subdivisions thereof, by means of direct allocation, tax credits, or both, without limiting directly or indirectly the use of such monies for any purpose not inconsistent with any other provision of the Constitution of the United States, and

BE IT FURTHER RESOLVED that this application shall constitute a continuing application for such convention pursuant to Article V until the Legislatures of two-thirds of the states shall have made like applications and such convention shall have been called by the Congress of the United States unless previously rescinded by this Nebraska Legislature, and

BE IT FURTHER RESOLVED that certified copies of this resolution be presented forthwith to the President of the Senate and the Speaker of the House of Representatives of the United States and to the Legislatures of each of the several states attesting the adoption of this resolution by the Legislature of the State of Nebraska.

Referred to the Reference Committee.

MEMBER EXCUSED

O God, let the light of Thy spirit dwell within the minds and hearts of Thy servants in this place of responsibility and decision, that all who sincerely seek the truth may find it, and finding it may follow it, whatever the cost, knowing that it is the truth that makes men free. When we have the truth, let us not hit each other over the head with it, but rather use it as a lamp to light the dark places, in order that we may see where we are going. This we ask the name of Christ, our Lord. Amen.

Clerk of the Legislature

FOURTEENTH DAY—JANUARY 28, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FOURTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, January 28, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, as we look out upon a land of white this morning, yet realize it is composed of millions of individual grains, so we know that Thou, who dost look on three billions of Thy creatures all over the earth, art as concerned about each of us here as if we were an only child. Thou dost understand how hard it is for these Thy servants to keep in mind the thousands of their fellow citizens for whom they must legislate. Thou knowest the clamor of voices in their ears, the constant tugging at their sleeves, forever trying to influence them; to small voices of the little men without money or names; the blatant voices of aggressive pressure groups; the big voices of selfish men and those working for personal gain, even the whispering inner voices of personal ambition, those insinuating voices holding out the lure of unmerited reward. Amid all the din of voices, give these Thy servants the willingness to take time to listen to Thy voice, knowing that if they follow the still small voice within, all Thy people will be served fairly, and all groups will get what they deserve. For Jesus' sake. Amen.

The roll was called and all members were present except Mr. Schmit who was excused.

FIFTEENTH DAY — JANUARY 29, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FIFTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday January 29, 1971

Pursuant to adjournment, the Legislature met at 10:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Forgive us, O God, that in this land so richly blessed by Thee, we, Thy people have been wasteful. We have wasted the treasures of the earth, stolen the virtues of the soil, in failing to restore after we had received. But we have been wasteful of ourselves. We have wasted our strength in enterprizes not inspired of Thee. We have wasted our talents in unworthy causes, wasted our love in loving the unlovely. We have wasted our money for that which satisfieth not. We have wasted our time and activities that profiteth nothing. Forgive us all wherein we have been prodigal, and, like the younger son, help us to come to ourselves, that we may come to Thee, to be forgiven and restored. This we ask in Jesus' name. Amen.

SIXTEENTH DAY—FEBRUARY 1, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, February 1, 1971

Pursuant to adjournment, the Legislature met at 10:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Eternal God and Everlasting Father—in whom we live, and move, and have our being— help us to realize that without Thee we are nothing, and without Thee we can do nothing.

Likewise let us be assured, that with Thee we can be much and do much. Help us to be sustained, not by the arm of the flesh, but by the arm of the Spirit.

May we ever profit by the admonition given by the greatest of all law-givers, even Moses, the great patriarch of old who encouraged the people with these words: "The eternal God is thy refuge, and underneath are the everlasting arms." (Deut. 33:27.)

As we discuss the issues of state today, we pray that Thou wilt warm our hearts, clarify our minds, motivate our actions, and help us to be true statesmen rather than prejudiced politicians. To the end that the status quo of Nebraska might be improved, bless us with the directing influence of Thy spirit, and may we be governed by the living presence of Thyself.

As we were praying a year and a half ago, we pray again: "with patriotic fervor and from the depths of sincere hearts, bless our

men at home and abroad, bless them on land and sea and in the air. Bless our men in outer space and enroute to the moon, and may Thy will be done on earth as it is done in heaven."

We would ask today that Thou wouldst be especially near to the families of the astronauts, so personally and sentimentally concerned, and sustain them in their days and hours of watchful waiting.

These favors we ask in the name of Christ our Lord. Amen.

ROLL CALL

The roll was called and all members were present.

House Concurrent Resolution No. 9, West Virginia Legislature, relating to revenue sharing was read by the Clerk. Retained on file in the Office of the Clerk of the Legislature.

SEVENTEENTH DAY—FEBRUARY 2, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, February 2, 1971

Pursuant to adjournment, the Legislature met at 10:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Most Gracious and Ever living God: May we be stimulated by that power which is far above our own this day. Help us to appropriate the truth that: "God is our refuge and strength a very present help." (Psa. 46:1)

We need wisdom far above our own. Thou hast promised in Thy word: "If any man lack wisdom, let him ask of God, that giveth to all men liberally." (James 1:5) Help us to understand that knowledge is not enough, and that the right application of knowledge -which is wisdom-is essential.

May we labor today with enthusiasm and unction. Ever being rightly equipped for ideal statesmanship. So give us discerning minds, open hearts, quickened spirits, and may we ever by commended for our fidelity to the task and never condemned for our infidelity to it.

Not only for ourselves do we pray, but also for the higher courts of the nation. We pray for all that are in places of authority in government. We claim Thy promise that if we acknowledge Thee in all our ways, Thou wilt direct our paths. (Proverbs 3:6) So

guide us as a nation, direct us as a people, deliver us from the pitfalls that have sent nations into oblivion, and preserve us for beneficent service to mankind.

When there are outside pressures that would weaken us, strengthen our inner braces of resistance that we might continue to be preserved to serve and to function as benefactors.

We pray in the words of the hymn so precious to us all:

“Our Father’s God to thee,
Author of liberty,
To Thee we sing:
Long may our land be bright
With freedom’s holy light:
Protect us by Thy might,
Great God our King.”

Amen.

EIGHTEENTH DAY—FEBRUARY 3, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, February 3, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Eternal God and Blessed Redeemer: We acknowledge Thee as omnipotent, omniscient, and omnipresent. We know that Thou hast all power and art almighty; that Thou hast all knowledge and art all wise; and that Thou art everywhere present at all times. We cannot escape from Thee no matter where we go in the universe. We believe that Thou givest wisdom and strength to all that seek it. We praise Thy name this day for Thy goodness unto the children of men.

Looking back over 1500 years of time we hear the ancient patriarch Job saying to his friends: "With God is all wisdom and strength, he hath counsel and understanding." (Job 12:13)

We know that the public looks to us to make decisions that will result in prosperity to the masses. They who enjoy the constitutional rights of life, liberty and the pursuit of happiness, look to us to make these blessing not just a theory but a reality.

Help us to be salesmen of the loftier and nobler things of life and human experience, and not be selfish carpet-baggers exploiting human weaknesses and misfortunes.

Give us deeper insight that we may not be guilty of "straining at gnats and swallowing camels" (Matt. 23:24) Give us an increase of faith that will enable us to remove mountains" (Matt. 17:20) Truly there are mountains of difficulties and obstacles and knotty problems before us.

May our wills be submissive to the divine will so as to make it consistent for God almighty to do those things amongst us that he cannot do without our cooperation.

Widen our interest in human betterment, help us to be champions of human improvement, and make us more charitable, more benevolent and more tolerant.

We ask it in the name of him who would have us all to be Good Samaritans, even our Lord Jesus Christ. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Kime and Messrs. Carstens and Kokes who were excused until 9:30 a.m.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

NINETEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, February 4, 1971

Pursuant to adjournment, the Legislature met at 9:33 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Our Father who art in heaven: Truly thy name is to be hallowed because of what thou art and what thou art able to do for thy children. We, who have been created in thine own image, read in thy word that thou cans't do: "exceeding abundantly above all that we ask or think".

Thou hast told us that thou art mindful of us. Even though thy greatness and power is such that the machinery of the universe is run by Thee, thou art still mindful of man. We are told that not even a sparrow falls to the ground or is forgotten before God, and that we are worth more than many sparrows. We therefore become justified in singing: "For his eye is on the sparrow, and I know he cares for me."

Grant us this day the grace of sincerity so we may be trusted by our contemporaries, and be honored for the integrity of our minds. Send us into this days work with courage to face the issues and wisdom to attack the problems to be solved.

Help us to distinguish between the important and the unimportant, and help us keep our sense of values straight.

Thou hast admonished us to pray for all who are in places of authority and influence. According to the processes of the divine economy, men hold their positions and are ordained in them by the permissive will of God. We therefore pray for our new

governor in these early days of his regime that he might be guided in the performance of his duties in this high office in directing the affairs of the state.

Enable all of us, O Lord, to accept the roles we must play from day to day, and keep us mindful that this work is very important and truly significant. Above all, help us to remember that our greatest reward is in the satisfaction that comes from doing our jobs well.

We ask these favors in the name of Jesus Christ our Lord. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Kime and Chambers who were excused.

BUDGET MESSAGE OF GOVERNOR J. JAMES EXON

February 4, 1971

Mr. President, Mr. Speaker, Members of the 82nd Legislature, First Session, Ladies and Gentlemen:

Let me thank the Legislature for interrupting their busy schedule to allow me to present the Executive Budget today as required by statute.

In the preparation of a budget we must define our goals. We want to provide leadership to reality, leadership with vision, leadership that asks "how much do we get from our tax dollars rather than how many tax dollars can we get". On November 25, 1969, I called for a "return to reason" in state government. This budget is the beginning of a fresh, realistic approach and a return to reason that Nebraskans have demanded. This budget is for the people and by the people. It is a budget that will assure positive growth and assure confidence in state government.

This state has been on a crash program to out-do itself on spending and taxation. Your new administration has assumed the controls and is applying the brakes of no tax increases at the state level. We are setting a new tone for responsible action. We have carefully, deftly but deeply employed the surgeon's scalpel as opposed to the meat axe in trimming off layer after layer of fat from the most monstrous budget proposals ever presented a new administration. Yet we have not fled from legitimate needs and are recommending the largest budget in the state's history but one that can be financed, with intelligent and prudent administration, without a sales and income tax increase.

I ask the members of the Legislature to join with me to stave off demands for tax increases despite the unbelievable pressure that will surely come.

With this budget message and the detailed printed budget document that I am presenting today are the recommendations of the administration. In the next few days we will be presenting, for your consideration, the budget in the form of a bill or bills. This is a new innovation but after considerable discussion, we have concluded that this is the best manner in which to expedite the budget-making process.

Due to the limited time we have had to prepare our budget, we concede that this is not a perfect document and it is not presented as such. We encourage its review by the Legislature and its Budget Committee. The Executive Department will cooperate completely with the Legislature in your review of this budget and will consider shifting of priorities, programs, and appropriations if it is the will of the Legislature; provided, however, that the overall total budget appropriations fit within the limits of our tax framework.

We have reviewed the economic outlook for Nebraska and its impact on probable revenues. Agricultural production will increase but we would be less than frank if we did not concede that unless substantial changes are instituted by the Department of Agriculture in Washington, changes that are not now in prospect, we might expect further reduction in the net farm income with resulting low in tax revenue from this important segment of our economy. With determination we will fight at the local and national level to improve the income of our Nebraska farmers. When we consider appropriations, however, it is well for us to recognize that the general well-being of our basic industry leaves much to be desired. However, overall opportunities for our state are unlimited. We envision a substantial increase in industrial expansion under new approaches that will be put into practice by this administration.

Members of the Legislature, Ladies and Gentlemen, let us be realistic and reasonable as we approach our budget-making and appropriation duties. Fiscal responsibility, coupled with a new awakening that restraint is still a virtue, should be kept in perspective. Please allow me a few minutes to discuss my philosophy.

While there were and still are those "disciples of spending" who said it could not be done, we present you a budget in specifics today that meets the vital needs of Nebraska and all Nebraskans while "holding the line" as per our commitment on the sales and income tax rates. We will hold to the present 2 1/2% sales, 10% personal, and 2% corporate income tax rates for calendar 1971. Our projections are, as we anticipated and predicted, that we will have to return to the tax rates of calendar 1970 during calendar 1972. This will require continuing the sales tax rate at 2 1/2%, but placing personal and corporate income tax rates back to their 1970 levels.

They said we could not hold the line. We say we can. You have proof of that today in this budget.

There were and are those who contemplate the new administration with foreboding. Some who should know better considered our inaugural message one of "retrenchment". If prudence in spending and taxation is retrenchment, then we are guilty. If the halt to established tendencies to write a blank check to every special interest group, good or bad, worthy or questionable, regardless of its impact on the pocket of Nebraska taxpayers is retrenchment, then this Governor is prepared to accept such as a description of his administration with enthusiasm and thanks. The fears of the big spenders and their dreams of higher taxes and special projects are not likely to be calmed by this budget. The "retrenchment prognosticators" will persist even after today as your Governor presents you a budget that balances necessary spending with income—without sales and income tax increases.

This has been accomplished only by an austere approach to many outlandish programs. It has not been easy, but anything that is worthwhile seldom is. We have made full use of cash incomes, surpluses, and projected tax revenues. We have also provided for meeting all of the deficits that this administration inherited.

This budget is unique not only because we have authored "a hold the line" tax program but have actually offered every Nebraskan a tax cut totalling four million dollars each year with the elimination of the sales tax on food. Inequities now exist with the present and proposed system of credits on the income tax due to the variance of sales tax rates between some rural and urban residents. We will be furnishing members of the Legislature and the public further detailed information proving the need to eliminate the tax on food as 16 other states have successfully recognized and accomplished.

With the rapid changes that have been taking place in the last few years in Nebraska's tax structure, we believe this is a time for only careful reflection and refinement at best. It is the recommendation of the Governor that other than the elimination of the sales tax on food and the closing of loopholes in the income tax we should take no action this session on other exemptions or new taxes.

In this regard let me spell out a concern. While selling the people of this state on a so-called "broadened tax base" we have been narrowing that base steadily rather than broadening it ever since. Will you please reflect on that fact. The sales and income taxes are not a panacea for all tax problems. The continued pressure from some sources, day in and day out, for further unbridled advancement in these taxes, for pet projects or exemptions, must be stopped now if we are to have the flexibility likely to be needed in the future from such tax sources.

You have heard the lament—"Nebraska's tax rates are still among the lowest in the nation." When you look at the overall tax situation in Nebraska, this argument simply does not hold water. But let's assume for a moment that it does. Are low tax rates in themselves some kind of a disgrace? What is happening to our sense of values? Are our goals legitimate when they are directed towards increasing taxes because others have done so? Many of those dreaming of higher taxes have cited examples by saying "look at Pennsylvania, look at New York, look at California" and others where they "enjoy" a 5 or 6% sales tax and much higher income taxes. Their misleading sales pitch would pretend to imply all is well in those states. My fellow Nebraskans, please don't be fooled. The problems in New York, in California, and in Pennsylvania are manifoldly worse than ours. Read of their pitiful financial situations. Listen to their frank discussion of possible state bankruptcy. Our future is bright if we don't take the bait as others have that we spend our way to the good life. Let's avoid the traps of the tax happy troubadours.

I ask that the Legislature and the people of this state tax only where taxes are necessary to do what we must do for our great state. I also ask all of those in government to join with me in recognizing once and for all and forever that the taxation authority is a sacred trust. I say again that it takes more courage to say "NO" than "YES". We must reject the alarming tendency I note in some select but influential circles that higher sales and income taxes, bonded debt whether we need it or not at whatever the interest rate, and similar proposals are good for Nebraska. I submit that the people of this state have been pushed as far as they want to be pushed. It is time for real leadership to reassert itself once again in Nebraska rather than to falsely equate leadership with the ability to tax and spend.

The specifics of the budget are that we propose a 471 million dollar expenditure for fiscal 1971-72, and 486.4 million dollar expenditure for fiscal 1972-73. In capsule form the 1971-72 recommended General Fund appropriations increase is up 16.6 million over the 1970-71 estimated General Fund expenditures. Here are some of the areas where these additional funds will go:

201.6 Available Revenue 1971-72 in millions

185.0 Estimated General Fund expenditures for 1970-71

\$16.6 General Fund Increase

4.0 Reduction in revenue due to elimination of sales tax on food

6.6 To match Federal Funds to attack water pollution problems in secondary sewage treatment thereby relieving our cities of necessary local tax increases

1.5 Additional aid for mental health and mental retardation, area vocational technical schools and state vocational schools

4.1 To meet federal welfare requirement

These expenditures alone use up all of the 16.6 General Fund increases.

We hope that all can therefore appreciate, considering increases in other critical areas, that our task and now your task of establishing priorities among many areas of need was and is a most difficult one.

The University of Nebraska is a great university by any reasonable standard and we have programmed a budget that we are convinced will keep it in the forefront. While drastically reducing what we considered excessive budget requests we have provided an overall increase from all funds of over 8% for the 1971-72 year, from 71.9 million currently to 78 million next year. This has been accomplished despite a reduction of some 1.5 million from General Fund appropriations of last year.

The time for higher education to streamline, to innovate, to break through the time worn precepts is here. Students are becoming bored with humdrum approaches in education practiced in the days of yesteryear.

I am challenging the Board of Regents, the Administration, the faculty and students at the University of Nebraska to review their goals; to look at educational output not just input; to realize that educational costs will become prohibitive unless educators and officials charged with such responsibilities look and act on recommendations of the Carnegie Report and others calling for educational reform to restructure their thinking along the line of getting more value out of existing dollars. To create a top-flight University by channeling thought to concentration on present appropriations rather than to seek unreasonable spending goals.

Let the University of Nebraska become Number One also in furnishing the needed dramatic evolution in higher education. We have begun the "new day" by funding a requested Black Studies Program, \$150,000 for a Regents Commission Study on an Urban University, and a one million dollar discretionary fund for the Board of Regents. These are but the seeds. With care and nurturing they can grow dramatically.

We have also provided increases for medical school research, additional interns and residents at University Hospital, designed to encourage more doctors to remain in Nebraska.

The Department of Institutions historically is one of our larger spending agencies but no one can measure the tremendous return in satisfying human needs by those who care for and heal our less fortunate Nebraskans. We must be ever compassionate to their needs and our biennial budget in the field of institutions is up from \$69.8 million to \$79.3 million from all funds.

In the Department of Education we have recommended an overall increase of \$3.5 million from the General Fund for the biennium. This includes the strengthening of special education in addition to more aid to vocational and junior colleges. Both in the education and institution budgets we have recognized the need for further required investments in improved mental health and mental retardation services.

The State Colleges are receiving increases in General Fund appropriations of over 15% for fiscal 1971-72. While this is far below their requested 70% budget increase, we have begun the trend that must be continued to give these fine institutions a better break in comparison with other institutions of higher learning. We have also provided some capital construction funds for certain campuses where they are badly needed.

Public Welfare is an area of double concern. Meeting the human needs of those suffering from infirmities and lack of income by others to sustain themselves will always be an understanding consideration of the vast majority of Nebraskans. However, with the unbelievable increase in demands on welfare we are dangerously close to the point where we may be forced to take drastic steps in an effort to assure financial resources to

meet the needs of the legitimate recipients. Shockingly, despite the tight budget that you are being presented today, Welfare has the highest dollar increase of all departments with a \$9.4 million dollar all fund increase over last year. In view of this, your Governor, following the revelation of abuses in the State of Nevada and a new court decision allowing more leeway on investigations has ordered 162 trained welfare personnel into the field starting next Monday to ascertain how many currently on welfare can be legitimately removed from such rolls. We also appeal to the bonafide recipients of any type of welfare to cooperate with state and county officials and report abuses. It is time for those who receive legitimate help from the system to protect their current and future payments. Welfare is threatening to bankrupt many states and it must become an increasing concern for all Nebraskans while safeguarding the rights of the worthy recipients.

We salute the excellent and dedicated efforts of the men and officers of the Nebraska Patrol. Budget limitations prevent this administration from allowing as much needed increase as may seem justified. We are increasing the Patrol's budget over the next two years some \$1.5 million which, among other things, will provide 9 additional troopers and 6 new men in the Criminal and Drug Investigation Division. This fight must be stepped up, and it will be receiving top priority from the Exon Administration. We believe that additional funds to assist needed increases in the budget of this department can be made available through the Crime Commission under funds available from the Federal Safe Streets Act.

Last, but not least, we want to comment, with some pride, on our Department of Roads. This is historically one of the largest spending agencies in government but is seldom mentioned in a Budget Message because it operates principally from Cash Funds, gasoline taxes, excise taxes, user fees, etc. But this is not a department that should be considered "out of sight, out of mind". Certainly not with the attention it will receive from the new administration: We will be road builders, not just planners. This administration has, through cutting millions of dollars in layers of fat out of the budget left by the last administration, come up with a legitimate ten million dollar savings that can be used for road construction or matching Federal Funds in lieu of further bonded debt at this time; provided, of course, such funds are, in fact, needed. This ten million dollars was saved from non-building and non-construction funds. We will persist in handling highway matters in a business-like manner and this administration will keep its finger off the panic button.

Our Capital Construction recommendations total 14.9 million for the next biennium. This is approximately the same as the valid capital construction budget of the last biennium. Included is 3.5 million dollars for library additions on the Lincoln Campus of the University, 1.5 million dollars for a new and badly needed Home Economics Building on the Agriculture

Campus, and 1 million dollars for land acquisition on the UNO Campus to relieve their critical parking situation. In addition there is required construction and equipment to meet necessary fire safety standards on state-owned buildings throughout Nebraska and other high priority construction projects.

We recommend continuation of state aid to school districts, counties and municipalities at the same amounts currently in effect.

The problems of water and air pollution have basically been ignored in Nebraska save for words of concern by those in high positions. We must act now. A key budget expenditure of this administration, another first in Nebraska, is our recommendation for a total of 9.9 million dollars to allow Nebraska municipalities to match available Federal Funds for secondary water sewage treatment facilities. Because the matter was ignored last year, we are hereby requesting an emergency appropriation of 6.6 million dollars to meet Federal Matching Funds that are otherwise scheduled to expire in May and June of this year. We will request another \$3.3 million for the second year of the biennium next January to continue this program.

Included in our budget for all agencies is a salary increase of \$300 for fiscal 1971-72 for each state employee. This is particularly needed in the lower echelons of state government where those individuals have not shared in the recent handsome advances awarded many others. However, we are leaving the determination of these increases to the discretion of the department heads. There are no blanket increases directed, rather we simply providing the funds. Furthermore, we will direct a review of state employees presently rated over the median scale in job classifications by the Personnel Department. Merit increases must still be a vital consideration of state government.

There is so much to do. There is so much to be concerned about. This administration will direct its effort to providing sound business practices. We are shocked, for example, to learn just this week from the State Personnel Officer that Nebraska ranks near the top of all states on the ratio of state employees to population. The national average of state employees per 10,000 population is 105. Nebraska amazingly has 135 employees per 10,000 in population. We pledge to the Legislature and the people that our administration will investigate this apparent glaring inefficiency.

While there will be differences, we seek the counsel and advice of the Legislature on the suggestion we have outlined in this message, and in the budget details submitted today. We have labored hard to present a workable package that undoubtedly leaves something to be desired in

some areas. This we concede. We have attempted to be entirely realistic and fair. We will stand firmly behind the tax maximums we have outlined. We would not be fair with the Legislature if we did not make this very clear. It is our belief and certainly our hope that our budget is reflective of the thinking of the majority of the Legislature. We are certain this budget is representative of the thinking of most Nebraskans. Let us pray that men of good will, even with differing points of view, can debate this document with discretion and logic.

The Committee escorted the Governor from the Chamber.

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, our heavenly Father, as we resume our duties, restore our faith in the ultimate triumph of Thy plan for the world Thou hast made. In spite of present difficulties, our disappointments and our fears, reassure us that Thou art still in control; and though we become frustrated and give up, remind us that Thou art still holding things together, waiting and working and watching. When we make mistakes, help us to remember that Thou dost not give up on us. Forbid it, Lord, that we should give up on Thee and forget that all things work together for good to them that love Thee. Through Jesus Christ our Lord. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, February 9, 1971

Pursuant to adjournment, the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Dear Lord and Father of mankind, forgive our foolish ways; reclothe us in our rightful mind. In purer lives Thy service find, in deeper reverence praise. Take from our souls the strain and stress and let our ordered lives confess the beauty of Thy peace. Deliver us, O Lord, from the foolishness of impatience. Let us not be in such a hurry as to run on without Thee. We know that it takes a lifetime to make a tree; we know that fruit does not ripen in an afternoon and Thou Thyself didst take a week to make the universe. May we remember that it takes time to build the State that can truly be called God's own country. It takes time to find out what we should do; what is right and what is best. Slow us down, O Lord, that we may take time to think, time to pray, and time to find out Thy will. Then give us the sense and the courage to do it, for the good of our State and the glory of Thy name. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Chambers who was excused until 9:45 a.m.

COMMUNICATION

RESOLUTIONS

LEGISLATIVE RESOLUTION 19.

LR 19 was adopted with 45 ayes, 0 nays, and 4 not voting.

LEGISLATIVE RESOLUTION 20.

Introduced by Terry Carpenter, 48th District.

WHEREAS, the agricultural middle west was basically responsible for the election of this Administration, it does not necessarily mean that we will forever be that way when the Secretary of Agriculture is being used as a "hatchet man" to destroy, in whole or in part, the very programs necessary for our nationwide prosperity,

AND WHEREAS, the farm population is gradually and consistently diminishing for the reason that, under the present programs and the present Secretary of Agriculture, this exodus can only be continued. If people are going to be taken off welfare and re-established on the farms, a sympathetic change must be effective immediately in order to reverse the trend,

AND WHEREAS, abundant food production and maintenance of an efficient and prosperous agricultural economy are basic elements in the preservation of our domestic security and free world defense,

AND WHEREAS, the dimensions of world food and population problems are unprecedented in the history of man,

AND WHEREAS, this country has the capacity to feed the world,

NOW THEREFORE BE IT RESOLVED that the proposed dismantling of the United States Department of Agriculture is contrary to the national interest and would deny agriculture its rightful rank as a basic cabinet level participant in Federal government councils.

The President has the power, with the stroke of the pen, to make mandatory 90 percent of parity on farm products under the act and we recommend that he does just that,

That the President direct the Secretary of Agriculture to establish for the 1971 crop season at 20 percent on the feed grain program which is now stalled in the Administration.

Mr. Carpenter moved to suspend the rules and consider LR 20 today.

The motion prevailed with 41 ayes, 0 nays and 8 not voting.

The amendment was adopted with 45 ayes, 2 nays and 2 not voting.

Mr. Schmit offered the following amendment which was adopted:

Insert the word "1910-14" after the word "of" in the 1st line of page 2 of Resolution 20.

PRAYER

Forbid it, Lord, that we should walk through thy beautiful world with unseeing eyes. Forgive us, Our Father, for taking our good things for granted, so that we are in danger of losing the fine art of appreciation. With such great need in every other part of the world, make us so grateful for the bounties we enjoy that we shall try, by Thy help, to deserve them more. Where we are wrong, make us willing to change; and where we are right, make us easy to live with. For Jesus' sake. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, February 11, 1971

Pursuant to adjournment, the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father in Heaven, be gracious unto Thy servants, the legislators of this state. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. "A different world cannot be built by indifferent people." Let us never give up hope of the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou art never in a hurry and wilt not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and do Thy will. Amen.

STANDING COMMITTEE REPORTS

Judiciary

LEGISLATIVE BILL 89. Placed on General File as amended.
Standing Committee amendments to LB 89:

1. Amend the bill by adding a new section 1 to read as follows:

"Section 1. That section 77-2712, Revised Statutes Supplement, 1969, be amended to read as follows:

77-2712. (1) (a) If any person is delinquent in the payment of any sales or use tax required under the provisions of sections 77-2701 to 77-27,135 to be paid by him or in the event a determination has been made against him which remains unpaid, the Tax Commissioner may, not later than three years after the payment became delinquent or within three years after the last recording of a certificate under subsection (2) of this section, give notice thereof personally or by registered or certified mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the delinquent, or owing any debts to the delinquent or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person.

(b) After receiving the notice provided for in subdivision (1) (a) of this section, the person so notified shall neither transfer nor make any other disposition

23 of the credits, other personal property, or debts in
24 their possession or under their control at the time they
25 received the notice until the Tax Commissioner consents
26 to a transfer or disposition, or until sixty days elapse
27 after the receipt of the notice, which ever period expires
28 earlier.

29 (c) All persons so notified shall, within twenty
30 days after receipt of the notice, report in writing to
31 the Tax Commissioner all such credits, other personal
32 property, or debts in their possession, under their control,
33 or owing by them.

34 (d) If such notice seeks to prevent the transfer
35 or other disposition of a deposit in a bank or other
36 credits or personal property in the possession or under
37 the control of a bank, the notice, in order to be effective,
38 shall be delivered or mailed to the office of such bank
39 at which such deposit is carried or at which such credits
40 or personal property is held.

41 (e) If, during the effective period of the notice
42 to withhold, any person so notified makes any transfer or
43 disposition of the property or debts required to be with-
44 held under the provisions of this subsection, he shall be
45 liable to the state to the extent of the value of the
46 property or the amount of the debts thus transferred or
47 paid for any indebtedness due under the provisions of
48 sections 77-2701 to 77-27,135 from the person with respect
49 to whose obligation the notice was given.

50 (2) (a) If any sales or use tax amount required
51 to be paid to the state under sections 77-2701 to 77-27,135
52 is not paid when due, the Tax Commissioner may, within
53 three years after the amount is due, file for record in
54 the office of any county register of deeds a certificate
55 specifying the amount, interest, and penalty due, the name
56 and address as it appears on the records of the Tax Com-
57 missioner of the person liable for the same, and the fact
58 that the Tax Commissioner has complied with all provisions
59 of sections 77-2701 to 77-27,135 in the determination of
60 the amount required to be paid.

61 (b) (i) When the certificate provided for in
62 subdivision (2) (a) of this section is filed with any
63 register of deeds it shall constitute a lien from the
64 time of filing upon all real property of the named indi-
65 vidual located in such county. Upon the filing of such
66 certificate, the register of deeds shall enter the same
67 in an alphabetical state tax lien index, showing on one
68 line the name and residence of the taxpayer named in
69 such notice, the Tax Commissioner's serial number of such
70 notice, the date and hour of filing, and the amount due.

71 The fee for filing and indexing each notice of lien
72 shall be one dollar. All original notices shall be

73 retained in numerical order in a file designated state
74 tax lien notices; and

75 (ii) When a certificate of discharge of any
76 tax lien issued by the Tax Commissioner is filed in the
77 office where the original notice of lien is filed, the
78 appropriate county official shall enter the same with the
79 date of filing in the state tax lien index on the line
80 where notice of the lien so discharged is entered, and
81 shall permanently attach the original certificate of
82 discharge to the original notice of lien. The fee for
83 filing and indexing each certificate of discharge shall
84 be fifty cents.

85 (c) From the time of filing for record, the amount
86 required to be paid together with interest and penalty
87 shall constitute a lien upon all real property in the
88 county owned by the person or afterwards and before the
89 lien expires acquired by him. The lien shall have the
90 force, effect, and priority of a judgment lien and shall
91 continue for five years from the time of the filing of
92 the certificate unless sooner released or otherwise dis-
93 charged.

94 (d) The lien may, within five years from the date
95 of the filing of the certificate or within five years
96 from the date of the last extension of the lien in the
97 manner provided in this subsection, be extended by filing
98 for record a new certificate in the office of the county
99 register of deeds of any county, and from the time of
100 such filing, the lien shall be extended to the real prop-
101 erty in such county for five years, unless sooner released
102 or otherwise discharged. The fee for filing and indexing
103 each new certificate shall be one dollar.

104 (e) The Tax Commissioner may at the request of
105 the person involved at any time release all or any portion
106 of the property subject to any lien provided for in sections
107 77-2701 to 77-27,135 from the lien or subordinate the lien
108 to other liens and encumbrances if he determines that the
109 amount, interest, and penalties have been paid or are
110 secured sufficiently by a lien on other property or that
111 the release or subordination of the lien will not jeopardize
112 the collection of the amount, interest, and penalties.
113 The fee for filing and indexing each certificate of release
114 shall be one dollar.

115 (f) The register of deeds of each county shall bill
116 the Tax Commissioner on a quarterly basis for fees for
117 documents filed by them for the Tax Commissioner.

118 ~~(f)~~ (g) A certificate by the Tax Commissioner
119 to the effect that any property has been released from the
120 lien, or that the lien has been subordinated to other liens
121 and encumbrances, shall be conclusive evidence that the
122 property has been released, or that the lien has been
123 subordinated as provided in the certificate.

124 (3) (a) At any time within three years after
125 any amount of sales or use tax to be collected under the
126 provisions of sections 77-2701 to 77-27,135 becomes due
127 and payable or within three years after the last recording
128 of a certificate under subsection (2) of this section,
129 the Tax Commissioner may bring an action in the courts of
130 this state, or any other state, or of the United States,
131 in the name of the people of the State of Nebraska, to
132 collect the amount delinquent together with penalties and
133 interest.

134 (b) The Attorney General shall prosecute the
135 action, and the rules of civil procedure relating to
136 service of summons, pleadings, proofs, trials, and appeals
137 shall be applicable to the proceedings.

138 (c) In the action a writ of attachment may issue,
139 and no bond or affidavit previous to the issuing of the
140 attachment shall be required.

141 (d) In the action a certificate by the Tax Com-
142 missioner showing the delinquency shall be prima facie
143 evidence of the determination of such tax or the amount
144 of such tax, the delinquency of the amounts set forth,
145 and of the compliance by the Tax Commissioner with all
146 the provisions of sections 77-2701 to 77-27,135 in relation
147 to the computation and determination of the amounts.

148 (e) In any action relating to the use tax
149 brought under the provisions of sections 77-2701 to
150 77-27,135, process may be served according to the rules
151 of civil procedure or may be served upon any agent or
152 clerk in this state employed by any retailer in a place
153 of business maintained by the retailer in this state.
154 In the latter case, a copy of the process shall forthwith
155 be sent by registered or certified mail to the retailer
156 at his principal or home office.

157 (f) (i) The sales and use tax amounts required
158 to be paid by any person under the provisions of sections
159 77-2701 to 77-27,135 together with interest and penalties
160 shall be satisfied first in any of the following cases:
161 Whenever the person is insolvent; whenever the person makes
162 a voluntary assignment of his assets; whenever the estate
163 of the person in the hands of executors, administrators,
164 or heirs is insufficient to pay all the debts due from
165 the deceased; or whenever the estate and effects of an
166 absconding, concealed, or absent person required to pay
167 any amount under sections 77-2701 to 77-27,135 are levied
168 upon by process of law; and

169 (ii) The state sales tax and the use tax shall be
170 collected by the retailer, as agent for the State of
171 Nebraska, on any transaction as set forth in section 77-2703,
172 which taxes shall constitute a trust fund in the hands
173 of the retailer and shall be owned by the state as of
174 the time they are owing to the retailer.

175 (g) When a judgment has been obtained for the
176 recovery of any sales or use tax, interest, and penalties
177 as provided in sections 77-2701 to 77-27,135, the Tax
178 Commissioner shall cause such judgment to be enforced and
179 collected in the same manner as provided by the laws of
180 this state for the enforcement and collection of other
181 judgments for the recovery of money.

182 (4) (a) At any time within three years after any
183 person is delinquent in the payment of any sales or use
184 tax under the provisions of sections 77-2701 to 77-27,135,
185 the Tax Commissioner may forthwith collect the amount in
186 the following manner: The Tax Commissioner shall seize
187 any personal property, other than property exempt from
188 execution under the laws of this state, of the person and
189 sell the property, or a sufficient part of it, at public
190 auction to pay the amount due together with any interest
191 or penalties imposed for the delinquency and any costs
192 incurred on account of a seizure and sale. Any seizure
193 made to collect a sales tax due shall be only of property
194 of the vendor not exempt from execution under the laws of
195 this state.

196 (b) Notice of the sale and the time and place
197 thereof shall be given to the delinquent person in
198 writing at least twenty days before the date set for the
199 sale in the following manner: The notice shall be enclosed
200 in an envelope addressed to the person, in case of a sale
201 for retail sales taxes due, at his last-known address or
202 place of business, and, in case of a sale for use taxes
203 due, at his last-known residence or place of business in
204 this state. It shall be deposited in the United States
205 mail, postage prepaid. The notice shall also be published
206 for at least ten days before the date set for the sale in
207 a newspaper of general circulation published in the
208 county in which the property seized is to be sold. If
209 there is no newspaper of general circulation in the county,
210 notice shall be posted in three public places in the county
211 twenty days prior to the date set for the sale. The notice
212 shall contain a description of the property to be sold, a
213 statement of the amount due, including interest, penalties,
214 and costs, the name of the delinquent, and the further
215 statement that unless the amount due, interest, penalties,
216 and costs, are paid on or before the time fixed in the
217 notice for the sale, the property, or so much of it as may
218 be necessary, will be sold in accordance with law and the
219 notice.

220 (c) At the sale the Tax Commissioner shall sell
221 the property in accordance with law and the notice and shall
222 deliver to the purchaser a bill of sale for the personal
223 property. The bill of sale shall vest the interest or
224 title of the person liable for the amount in the purchaser.

225 The unsold portion of any property seized may be left
226 at the place of sale at the risk of the person liable for
227 the amount.

228 (d) Whenever any property which is seized and
229 sold under the provisions of this subsection is not
230 sufficient to satisfy the claim of the state for which
231 distraint or seizure is made, the sheriff, constable,
232 or deputy commissioner may thereafter, and as often as
233 the same may be necessary, proceed to seize and sell in
234 like manner any other property liable to seizure of the
235 taxpayer against whom such claim exists, until the amount
236 due from such taxpayer, together with all expenses, is
237 fully paid.

238 (e) If upon the sale the money received exceeds
239 the total of all amounts, including interest, penalties,
240 and costs due the state, the Tax Commissioner shall return
241 the excess to the person liable for the amounts and obtain
242 his receipts. If any person having an interest in or lien
243 upon the property files with the Tax Commissioner prior to
244 the sale notice of his interest or lien, the Tax Commissioner
245 shall withhold any excess pending a determination of the
246 rights of the respective parties thereto by a court of
247 competent jurisdiction. If for any reason the receipt
248 of the person liable for the amount is not available, the
249 Tax Commissioner shall deposit the excess money with the
250 State Treasurer, as trustee for the owner, subject to
251 the order of the person liable for the amount, his heirs,
252 successors, or assigns. No interest earned, if any, will
253 become the property of the person liable for the amount.
254 (5) No injunction or writ of mandamus or other
255 legal or equitable process shall issue in any suit,
256 action, or proceeding in any court against this state
257 to enjoin the collection under the provisions of sections
258 77-2701 to 77-27135 of any tax or any amount of tax
259 required to be collected."

TWENTY-FOURTH DAY—FEBRUARY 12, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, February 12, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

God of our fathers, their stay in trouble, their strength in conflict, their guide and deep resource, we worship Thee. Be Thou to us what our fathers have said Thou wert to them, a fortress, a high tower, a refuge in the day of trouble. We, too, are tossed about by the vicissitudes of life and the uncertainties of fate. We need security. We long for peace. We would find the things that endure. We need strength greater than our own.

God of our fathers, we pray Thee today for the nation that the fathers founded. We thank Thee for the heritage that has come down to us, bought by other toil and other tears than ours. For great character, that has been woven into the fabric of this nation, blessed be Thy name! For great leaders whom in crucial times Thou hast lifted up to direct our paths, blessed be Thy name! Help us today with vivid vision to see the heroes of old who feared Thy name. Steady our hands to grasp the torch of the nations's righteousness, which they bequeathed to us. Make stable and wise our minds to understand the high entrustment, that the light of this people may not fail.

So bless us and all who like us seek Thy grace this day, that upon the President and all the humblest members of the commonwealth Thy benediction may rest until at last to us and all other peoples may come the day of brotherhood and peace. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. DeCamp, Carpenter, Proud and Savage who were excused.

STANDING COMMITTEE REPORTS

Miscellaneous Subjects

LEGISLATIVE BILL 234. Placed on General File as amended.

Standing Committee amendment to LB 234:

- 1 1. Strike section 1 and insert 22 new sections
- 2 to read as follows:
- 3 "Section 1. It is the declared policy of the
- 4 State of Nebraska that it is necessary to regulate and
- 5 control the agreements, franchises and relationships
- 6 between manufacturers of beer and their distributors for
- 7 the purpose of fostering and promoting temperance in
- 8 consumption thereof and to promote respect for and
- 9 obedience to the laws controlling the distribution and
- 10 sale of beer. It is necessary to accomplish the
- 11 declared policy in order to eliminate the undue
- 12 stimulation of sales of beer in this state by
- 13 manufacturers inducing, coercing or attempting to induce
- 14 or coerce distributors of beer to do acts detrimental to
- 15 the orderly and lawful distribution thereof by
- 16 threatened or actual termination of the manufacturer and
- 17 distributor relationship, directly or indirectly, or by
- 18 the establishment of dual distributors of a brand or
- 19 brands thereof in a territory presently served by a
- 20 distributor. It is the further declared policy of the
- 21 State of Nebraska that temperance and the obedience to
- 22 the laws controlling the distribution and ultimate sale
- 23 of beer is promoted by legislation encouraging
- 24 distributors of to make investments in their facilities
- 1 to serve retail licensees by providing for the
- 2 succession of their distributorships and to protect them
- 3 against the terminations of such distributorships or

4 other acts described herein without the manufacturers
5 establishing good cause for such termination or other
6 such acts in proceedings before the Nebraska Liquor
7 Control Commission or before the courts of this state,
8 as the case may be. The Legislature further recognizes
9 the distinction between the nature of the distribution
10 of beer and other alcoholic liquors in that the other
11 distributors are franchised by manufacturers to
12 distribute many brands of various kinds of alcoholic
13 liquors and, therefore, are not as vulnerable to the
14 economic pressures of the manufacturers as beer
15 distributors, which traditionally handle mainly one
16 brand of beer or, in rare instances, only two or three
17 brands of beer in their distributorships.

18 Sec. 2. That section 53-103, Revised Statutes
19 Supplement, 1969, be amended to read as follows:

 19 distributorship with which it has a franchise or
 20 agreement, as defined in section 53-103, or cause a
 21 distributor to resign from such franchise or agreement,
 22 unless such manufacturer has first established under the
 23 provisions of this act, that the manufacturer has good
 24 cause for the termination, noncontinuation or causing
 25 such resignation; Provided, that such good cause shall
 26 exist if a distributor's license to do business in the
 27 state is revoked under the provisions of Chapter 53.

1 Sec. 5. No manufacturer shall enter into any
 2 franchise or agreement for the purpose of establishing
 3 an additional distributor for its brand or brands in the
 4 territory being served by a licensed distributor unless
 5 the provisions of this act are complied with by the

 7 such manufacturer's brand or brands.

8 Sec. 6. In the event that a manufacturer seeks
 9 to terminate or not continue, by causing a resignation
 10 or otherwise, to do business with its distributorship in
 11 the sales territory in Nebraska served by such
 12 distributorship as of the commencement of the licensing
 13 year, May 1, 1970, and such manufacturer desires to

 23 replacement or additional distributorship for that
 24 manufacturer's brand or brands.

25 Sec. 7. Upon receiving such applications, the
 26 commission shall enter an order fixing a time, which
 27 shall be within ninety days of the date of the order,
 1 and a place of hearing, and shall by certified or
 2 registered mail, with return receipt requested, send a
 3 copy of such order to the applicants and the involved
 4 existing distributorship. The commission may also give
 5 notice of the applications to any other persons who the
 6 commission may deem to be interested parties, with such

7 notice to be in the form and substance and given in the
8 manner the commission deems appropriate.

9 Any person who can show an interest in the
10 applications may become a party to the hearing, whether
11 or not such a person receives notice thereof; Provided,
12 that a party not receiving notice shall be limited to
13 participation at the hearing on the question of the
14 public interest in the termination or noncontinuation of
15 the distributor or in the establishment of a new,
16 replacement or additional distributorship for the sale
17 of the manufacturer's brand or brands, as the case may
18 be.

19 Sec. 8. If the commission finds it desirable
20 it may continue the date of hearing for a period of
21 ninety days, and may upon application, but not ex parte,
22 continue the date of hearing for an additional period of
23 ninety days.

24 Sec. 9. The hearings on applications provided
25 for in section 6 of this act shall be held at the same
26 time and place and on a consolidated record. Upon
27 hearing, the manufacturer and applicant for the selling
1 of the manufacturer's brand or brands shall have the
2 burden of proof to establish under the provisions of
3 this act that the applications should be granted and
4 that as a result thereof the existing distributor's
5 commission license should be terminated, by a caused
6 resignation or otherwise, or not renewed and that the
7 application of the new, replacement or additional
8 distributor to sell the manufacturer's brand or brands
9 should be granted. Nothing contained in this act shall
10 be construed to require any investigation not renewed
11 and that the application of the new, replacement brand
12 or brands should be decision solely upon the record so
13 made.

14 Sec. 10. The rules of civil procedure relating
15 to discovery and inspection shall apply to hearings held
16 under the provisions of this act, and the commission may
17 issue orders to give effect to such rules.

18 In the event issues are raised which would
19 involve violations of any state or federal antitrust or
20 price-fixing law, all discovery and inspection
21 proceedings which would be available under such issues
22 in a state or federal court action shall be available to
23 the parties to the hearing, and the commission may issue
24 orders to give effect to such proceedings.

25 Evidence which would be admissible under the
26 issues in a state or federal court action shall be
27 admissible in a hearing held by the commission.

1 Sec. 11. Notwithstanding the terms, provisions

2 or conditions of any agreement or franchise, the
 3 following shall not constitute good cause for the
 4 termination or noncontinuation, by caused resignation or
 5 otherwise, of a distributorship by a manufacturer or for
 6 the entering into a new agreement by such manufacturer or for
 7 for the establishment of a new, replacement or
 8 additional distributorship for its brand or brands in
 9 the sales territory of the existing distributorship:

10 (1) The sole fact that the manufacturer desires
 11 further sales penetration of the market of its brand or
 12 brands;

13 (2) The fact that the distributor is selling
 14 allied or other products;

15 (3) The change of ownership of the existing
 16 distributorship or the change of executive management of
 17 such distributorship unless the manufacturer, having the
 18 burden of proof, proves that such change of ownership or
 19 executive management will be substantially detrimental
 20 to the distribution of the manufacturer's brand or
 21 brands in such distributorship's sales territory; or

22 (4) The fact that the distributorship refused to
 23 purchase or accept delivery of any products or any other
 24 commodity or service not ordered by the existing
 25 distributorship or has not entered into promotional
 26 devices of such manufacturers which are unacceptable to
 27 such distributorship.

1 Sec. 12. In determining whether good cause has
 2 been established by the manufacturer for terminating or
 3 not continuing a distributorship by causing the
 4 resignation thereof or otherwise, the commission shall
 5 take into consideration the existing circumstances,
 6 including, but not limited to:

7 (1) Amount of businesss transacted by such
 8 distributorship;

9 (2) Investment necessarily made and obligations
 10 incurred by the distributorship in the performance of
 11 the distributor's business;

12 (3) Permanency of the investment;

13 (4) Whether the distributorship has adequate
 14 warehouse facilities, truck equipment and personnel to
 15 reasonably provide customer service for the
 16 manufacturer's brand or brands;

17 (5) Except as provided in section 11 of this
 18 act, failure by the distributor to substantially comply
 19 with the requirements of the manufacturer which are
 20 determined by the commission to be reasonable and
 21 material; and

22 (6) Except as provided in section 11 of this
 23 act, bad faith of the distributor to comply with those

24 requirements which are determined by the commission to
25 be reasonable and material.

26 If the manufacturer has established good cause
27 as required herein for the termination or not continuing
1 a distributorship, by causing a resignation or
2 otherwise, then the manufacturer shall have the further
3 burden of proof to show that it gave to such
4 distributorship notice of the grounds for such good
5 cause and the distributor failed to reasonably correct
6 the matters constituting such grounds.

7 Sec. 13. In determining whether good cause has
8 been established by the manufacturer for placing an
9 additional distributorship in an existing distributor's
10 sales territory for the same manufacturer's brand or
11 brands, the commission shall take into consideration the
12 existing circumstances, including, but not limited to:

13 (1) Amount of business transacted by other
14 distributorships of the same brand or brands, as the
15 case may be, in comparable sales territories in the
16 state or in comparable sales territories in neighboring
17 states if the involved manufacturer's brand or brands
18 are not distributed by another distributorship in the
19 state;

20 (2) Investment necessarily made and obligations
21 incurred by the existing distributorships as compared to
22 the investments of other distributorships of the same
23 brand or brands in comparable sales territories in the
24 state or comparable sales territories in neighboring
25 states, if the involved manufacturer's brand or brands
26 are not distributed by another distributorship in the
27 state;

1 (3) Permanency of the investment made by the
2 existing distributorship;

3 (4) The effect on the existing distributor of
4 the adding of an additional distributorship in the same
5 sales territory; and

6 (5) Whether the existing distributorship is
7 providing adequate customer care in selling the brand or
8 brands, of the manufacturer, which shall include service
9 facilities and qualified personnel for such
10 distribution.

11 If the manufacturer has established good cause
12 as required herein for placing an additional distributor
13 in an existing distributor's sales territory for the
14 same manufacturer's brand or brands, then the
15 manufacturer shall have the further burden of proof to
16 show that it gave such distributorship notice of the
17 grounds for such good cause and the distributor had
18 failed to reasonably correct such grounds.

19 Sec. 14. Any party to a hearing before the
 20 commission may take an appeal from any final order
 21 entered by the commission after the hearing provided for
 22 in this act in the manner provided for in section
 23 53-1,116.

24 Sec. 15. In the event that a manufacturer
 25 enters into or attempts to enter into a franchise or an
 26 agreement of any nature, whether upon termination by
 27 caused resignation or otherwise, or refusal to continue
 1 an existing distributorship or upon the establishment of
 2 an additional distributorship in the same sales
 3 territory of an existing distributorship, or attempts to
 4 have its brand or brands of alcoholic liquors sold in
 5 such sales territory by a person other than such
 6 existing distributorship without complying with the
 7 requirements of the act, such act shall constitute
 8 grounds for revocation or suspension by the commission
 9 of such manufacturer's shipping permit and other
 10 commission licenses to do business in the state. Prior
 11 to such revocation or suspension, the commission shall
 12 notify in writing the manufacturer at its licensed place
 13 of business that it is in violation of the provisions of
 14 this act and the time and place of the hearing on the
 15 charged violation. The commission's hearing shall be
 16 held within twenty days after the commission has so
 17 notified the manufacturer by certified or registered
 18 mail, return receipt requested. In the event any
 19 person, including the existing distributorship, shall
 20 file a written complaint with the commission of a
 21 violation of this section of the act by a manufacturer,
 22 then the hearing on such written complaint shall be held
 23 not less than twenty days from the time of the filing
 24 thereof.

25 Sec. 16. Any party to a hearing before the
 26 commission, as provided in section 15 of this act, may
 27 take an appeal from a final order of the commission
 1 entered as a result of the hearing in the manner
 2 provided in section 53-1,116. If the commission revokes
 3 or suspends the license or permit, then, on appeal, the
 4 court, with which the appeal is filed, shall immediately
 5 restrain and enjoin the manufacturer from any further
 6 violations of section 15 of this act until the court
 7 finally determines the appeal.

8 Sec. 17. Notwithstanding the terms, provisions
 9 or conditions of a franchise or an agreement of any
 10 kind, it shall be unlawful for any manufacturer to not
 11 approve the transfer or change of ownership of a
 12 franchise, agreement or distributorship by the formation
 13 of a corporation wherein the present ownership owns the
 14 controlling interest in the corporation by sale thereof,

15 or by succession by inheritance thereof; Provided, that

February 11, 1971

Senator Fern Hubbard Orme
Nebraska State Legislature
State House
Lincoln, Nebraska 68509

Dear Senator:

Our reply to your February 11 letter regarding LB 140 will be directed only to the last question, where you ask whether our laws make provision

for those suffering from loss of hearing or speech, or both, so that they can effectively understand and participate in court proceedings affecting them. It is our view that existing law in this state fully take care of any problem in this regard.

Ever since we became a state, our law has provided that, "Interpreters and translators may be allowed such compensation for their services as the court shall certify to be reasonable and just, to be taxed and collected as other costs, but the same shall not exceed two dollars per day." (Sec. 33-142) That section has been effectively and successfully used over the years to overcome language and other communication barriers, when the circumstances require it.

There is some risk in going beyond this and making the use of interpreters compulsory. This what our Court has had to say on the matter:

"While practical necessity can require the intervention of an interpreter between counsel, witness, and the jury, the need for such an appointment is left to the sound discretion of the trial court."

"But the danger of mistakes in legal proceedings is such that nothing but practical necessity can justify the intervention of an interpreter between counsel and witness or witness and jury, although it is well settled that on a proper occasion it is allowable, and the occasion must be judged of by the trial court." (Prokop v. State, 148 Neb. 582)

Even in civil cases, courts will take the proper steps to protect handicapped individuals, and in the case of a handicapped individual charged with a law violation, we feel certain that you would find the courts to be doubly solicitous in this respect.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

TWENTY-SEVENTH DAY—FEBRUARY 17, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, February 17, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Today I'm not going to pray. There are certain things every man must do for himself: blow his own nose, make his own love, and say his own prayers.

I am going, therefore, to suggest two or three ideas as they come to my mind, and I'm going to pause for a few seconds in which you will do your own thinking and praying, not I.

So, the first thought is this: am I conscious to the magnificent responsibility that has been given to me to share in the authority of God in making laws? For one day the Lord said to Pilate, "you would not have this power unless it were given to you from above." Do I ever think of that?

And in my public relations, in my talk about the rights and liberties of the people, am I conscious of their origin? Rights and liberties of people do not come from government. If they did, the government could take them away. They do not come from the will of the majority, because the majority is only the custodian of the minorities' rights.

The second paragraph of the Declaration of Independence answered the questions about the rights and origins with reference to liberties. It is the "self-evident principle" that the Creator has endowed man with certain inalienable rights—the right to life, liberty and the pursuit of happiness.

In all of my discussion, in all of my debates, am I conscious of this origin of our rights and liberties?

And finally, do I ever thank God that I am given a part in the government of the greatest nation on the face of the earth? This wonderful country of our has at one time been a sanctuary for the persecuted; and then against dictatorships it was an arsenal; now it is the greatest strength in the world, and I am a part of it! The State of Nebraska, and this country of America, are thrust somewhat into the role of Simon of Cyrene, the African who helped Christ with his cross, taking it up, and bearing it. He did not want to do it, but he could follow His Master's footsteps.

I see that America, and those of us in positions of responsibility in this State, are cast once more in this role in which providence is saying to us: in the face of the hunger, of the want, of the injustices of our time, take this cross of people in need, and bear it. So perhaps we are, in our service to the State, doing a finer work than we know.

What a magnificent destiny it is to be a lawmaker in this great country, a legislator in this pioneer State. So let us all thank God for our high privilege and great responsibility. Amen.

TWENTY-EIGHTH DAY—FEBRUARY 18, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, February 18, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Eternal Father of our souls, grant to the members and officers of this body a sacred moment of quiet ere they take up the duties of the day. Turn their thoughts to Thee, and open their hearts to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments. Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day. Rather, from these moments of heart searching may there come such a sweetness of disposition that all may know Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction: well done, good and faithful servant. So help us all this day, through Jesus Christ our Lord. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 22.

Introduced by Terry Carpenter, 48th District; Robert L. Clark, 47th District; Leslie A. Stull, 49th District.

WHEREAS, President Nixon has proposed to Congress a plan for sharing Federal revenues with the state and local governments, which plan calls for the allocation of 5 billion dollars for this purpose in fiscal year 1972; and

WHEREAS, figures released by the United States Treasury Department indicate that Nebraska's share of this allocation would be approximately \$39 million; and

WHEREAS, present indications are that opposition to this proposed revenue-sharing plan in the House Ways and Means Committee and elsewhere in Congress will jeopardize the chances of its passage during the present session; and

Whereas, some members of Congress, including some of the principal opponents to the revenue-sharing proposal, have expressed interest in the Federal government assuming the total costs of the welfare programs; and

WHEREAS, many of the states, including Nebraska, face imminent financial crises because of the mounting costs of these welfare programs; and

WHEREAS, the financial relief to Nebraska resulting from the Federal government's assumption of all welfare costs would nearly approximate its proposed benefits under the revenue-sharing proposal.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Congress proceed to give constructive consideration immediately to a plan for the Federal government to assume all the costs of the various welfare programs, and that positive action be taken in this direction as soon as possible.

2. That the members of the Nebraska congressional delegation be urged to support such a proposal and do all in their power to enact it into law at the earliest possible time.

Laid over.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

TWENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, February 19, 1971

Pursuant to adjournment, the Legislature met at 9:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, our Father, in these days when men freely judge and condemn each other, remind us all of the great judgment before which we must someday appear.

Thou knowest whether we have been voices or merely echoes, whether we have done thy will or our own, or worst still, have done neither.

Teach us, O Lord, that only Thy "well done" will afford peace and everlasting happiness.

May we strive for that rather than the approval of men, which is but for a little while. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Simpson, Stromer and F. Carstens who were excused and Mr. Goodrich who was excused until 9:30 a.m.

COMMITTEE MEETING

Mr. Syas asked unanimous consent to use the Chamber for Constitutional Revision Committee meeting. No objections. So ordered.

RESOLUTIONS

LEGISLATIVE RESOLUTION 22. Read.

Mr. Carpenter asked that an embossed copy be sent to the President of the United States and to Congressman Wilber Mills, Chairman of the Ways and Means Committee; and a copy to be sent to the Nebraska Congressional delegation. No objections. So ordered.

Mr. Keyes asked and received unanimous consent to include all state governors.

LR 22 was adopted with 38 ayes, 3 nays and 8 not voting.

LEGISLATIVE RESOLUTION 23.

Introduced by John W. DeCamp, 40th District.

WHEREAS, on February 18, 1971, some two hundred students from the University of Nebraska visited the Nebraska State Capitol and wrote several hundred letters to the Nebraska State Legislature and to individual senators which letters expressed the students' concern over the Board of Regents' action relative to a teacher at the University of Nebraska named Dr. Rozman; and

WHEREAS, these students' letters generally asked that the Legislature take some form of action or express the Legislature's sentiment or feeling relative to the Rozman case; and

WHEREAS, the Legislature feels it is reasonable on this matter of the apparent concern to the students to formally express the Legislature's sentiment on this matter.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature absolutely and completely supports the Board of Regents of the University of Nebraska in the Regents' authority to decide the Rozman case.

2. That the Legislature has no reason to believe that the Nebraska Board of Regents exercised anything other than good judgment or fair play in the determination of the Rozman case, and makes no judgment on the merit of the case.

3. That because the Legislature believes the Regents had the authority to reach a decision and, because the Legislature believes fair treatment and good judgment were in fact exercised, the Legislature finds no reason whatsoever to interfere with or upset the findings and determination of the Board of Regents.

4. The Eighty-second Legislature, First Session goes on record to caution and remind those who are students at the University as follows:

(a) The student in Nebraska who attends the University of Nebraska pays for only a small fraction of the actual cost of educating said student;

(b) The bulk of the cost of education of the student at the University of Nebraska is paid by the Nebraska taxpayers who are not in fact attending the University—in the majority of the cases;

(c) That the Board of Regents and the Legislature are responsible to all the people of the State of Nebraska and not just to the students at the University of Nebraska; and

(d) That at that time that the students actually pay all of their educational costs independent of any state aid might be the more proper time for students to challenge who the Board of Regents hires and fires.

Mr. DeCamp moved to Suspend the Rules and take up LR 23 and consider at this time. The motion prevailed with 38 ayes, 3 nays and 8 not voting.

Laid over temporarily.

MEMBER EXCUSED

Mr. F. Carstens asked unanimous consent to be excused Wednesday, February 24, 1971 until 10:30 a.m. No objections. So ordered.

UNANIMOUS CONSENT—Withdraw LB 748

Mr. Carpenter renewed his pending motion to withdraw LB 748 found in the Legislative Journal on page 559 for the Twenty-Eighth Day. No objections. So ordered.

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to print the following amendments in the Journal:

Amendment to LB 234:

1. At page 4, 1.12 after the word "whatsoever," insert the word, "used" in lieu of the word "sed"
2. At page 9, 1.25 add at the end of the line after the word "the" the following: "relationship whereby the" and at page 9, 1.27 after the word "the" insert the words "relationship whereby the"
3. At page 13, 1.3 after the word "involved" add the words "manufacturer and".
4. At page 15, 1.14 after the word "Allied" strike the word "or" and insert a comma ","; and after words "other" strike the word "products" and insert the words "products or other brands of beer;"
5. Page 17, 1.6 after the word "grounds" strike the period "." and add the words "within a reasonable time."
6. Page 18, 1.24 after the word "manufacturer" insert a comma and the following: "without complying with the requirements of this act," and at page 19, lines 6 and 7 strike the words "without complying with the requirements of the act," and also at line 7 after the word "such" strike the word "act" and in lieu thereof insert the word "conduct"
7. At page 22 at 1.20 after the words "section 1" strike the words "and 2" and at page 22 at 1.21 after the word "and" strike the word "4" and in lieu thereof insert the word "3" and at the end of line 22 strike the period "." and add: and "nothing in this act shall prevent any manufacturer newly licensed under this act from appointing original distributorships in this state."

Explanation of amendments:

The Standing Committee report on L.B. 234 was not ready at time of the preparation of the amendments to the Standing Committee Amendments, therefore, the amendments were prepared from the Standing Committee starting at page 473 of the Legislative Journal.

The majority of the amendments are merely "housecleaning" amendments to correct typographical errors and place bill in better language.

Amendment - by - Amendment explanations:

1. At page 4, line 12 the word "used" is mis-spelled as "sed" after the word "whatsoever"
2. At page 9, lines 25 and 27, the "phrase" relationship whereby" is inserted for better language, because the section deals with what constitutes the relationship between a franchisor and franchisee.
3. At page 13 l 3 after the word "involved" the word "manufacturer" is inserted so as to make sure the manufacturer is given notice of the commission hearings.
4. At page 14, l.14 the word "products" is mis-spelled as "prodicts" and to clarify language there is added the words "or other brands of beer." This provision stops a termination based on the beer distributor's going into the pop business and protects the distributor from termination because he handles more than one brand of beer. This protects present situations where small wholesalers distribute more than one brand of beer and if this were not allowed to continue small brewers wouldn't be able to have a distributor.
5. There is inserted the phrase "within a reasonable time" after the word "grounds" on page 17, l 6 and page 18 at l.18, so that the brewer and wholesaler would both be protected by the wholesaler having a reasonable time to clean-up deficiencies. As written there is no time limitation. **IMPORTANT:** Can't be a day limitation, such as 30 days, because one of the brewers demands might include the wholesaler to construct a new building.
6. At page 18, l.24, for better draftsmanship we move the phrase "without complying with the requirements of this act" from the middle of the section at lines 6 and 7 and place them at the beginning of the section.
7. At page 22, line 20 we strike the reference to section 2, because it is the definition section. This section provides that the act applies to beer only and also to answer the committee question by Senator Duis as to whether the act would prevent Coors from coming into

the state, we have specifically provided the language and “nothing in this act shall prevent any manufacturer newly licenses under this act from appointing original distributorships in this state.”

Section - by - Section Analysis of LB 234:

Section (1) sets forth the declared policy of the bill and the necessity for stopping the coercion and threats by brewers to wholesalers of terminating their franchise agreements in the event that the whoealer will not “wheel and deal” as a brewer wants him to do by giving away merchandise and by directly or indirectly buying retail accounts. All of these acts amount to the undue stimulation of the sales of beer in the state. Further, there is distinction made between beer and other liquors that ordinary liquor wholesalers have many brands or various kinds of liquor that they sell and cancellations and terminations don’t affect beer wholesalers, who ordinarily have only one brand of beer, or at the most two or three brands of beer and a cancellation of the franchise puts the wholesalers out of business.

Section (2) is the definition section and merely sets forth in sub-section (11) that the distributor or wholesaler is one who is in business on May 1, 1970, and since that date has been licensed by the Liquor Commission and in sub-sections (24) through (28) merely defines the terms of a franchise agreement and franchisor and franchisee.

Section (3) sets forth that the brewer shall not induce or coerce its wholesaler by threatening to cancel the distributorship or to force the distributor to resign from its franchise arrangement or to attempt to cause such termination or resignation by refusal or slowing down delivery of beer to the distributor which would have the same effect as putting the distributor out of business.

Section (4) provides that it will be unlawful for the brewer to terminate a wholesaler’s franchise arrangement without establishing good cause for the termination and Section (12) at page 16 of the Standing Committee Amendments, sets forth the grounds for good cause which shall be considered by the Liquor Commission and these grounds include:

- (1) Amount of business transacted by the distributor;
- (2) Investment made by the distributory to do business with the brewer and the permanency of that investment;
- (3) A determination of whether the distributor has adequate warehouse facilities, truck equipment and personnel to reasonably provide customer service for the brewer;
- (4) The bad faith of the distributor to comply with the reasonable requests of the brewer.

These standards for good cause are necessary because the franchise agreements merely provide that the franchises can be terminated for good cause at the complete discretion of the brewery and placing standards

in the act merely would result in the brewer having to have some cause which justifies the termination or cancellation of the wholesaler's franchise.

In addition to the termination of franchises the brewers can accomplish this same end result by setting up its own distributorship in the same territory as an existing distributor and, therefore, make it impossible for the existing distributor to stay in business. Therefore, in section (13) at page 17 of the Standing Committee Report, the brewer must establish good cause for the establishment of an additional distributorship and substantially the same standards for good cause are used which are set forth above for establishing good cause for termination.

PROCEDURES FOR TERMINATION AND REPLACEMENT OF WHOLESALER:

The Standing Committee Amendment is lengthy for the reason that court decisions now require that the grounds for determinations must be definitely set forth in the statutes and much of the Standing Committee Amendment involves setting forth procedures for hearings before the Nebraska Liquor Control Commission and then proceedings for appeals to the courts which hearings and appeal protect not only the rights of the wholesaler but also the rights of the manufacturer. Basically, in section (5), (6), (7), and (8) at page 12 and 13 of the Standing Committee Report, the proceedings set forth whereby the brewer and its new distributor shall apply to the Commission for the termination of the existing franchisee and approval of the new franchisee and all affected parties must be given notice of the hearing date by certified or registered mail and the hearing must be held within ninety (90) days of the Commission order setting the matter for hearing.

Section (16) provides for the appeals to be taken to the courts by either the brewer or wholesaler.

Section (17) provides that distributorships can be sold and can also be a part of a deceased distributor's estate and gives the right to the brewer to approve the transfer of ownership by either means but also provides that the brewer cannot deny the change of ownership if the applicant meets the Liquor Commission's requirements for a distributor's license and the change will "not be substantially detrimental to the representation of the manufacturer's brand or brands in the involved sales territory."

Section (18) and (19) merely amend the existing laws insofar as beer distributor's licenses and provides the brand or brands of beers and the sales territory shall be described in the beer distributor's licenses.

SECTION (20) SPECIFICALLY LIMITS THE ACT TO AFFECT BEER ONLY. THE AMENDMENT TO THE STANDING COMMITTEE REPORT WOULD ALLOW NEW MANUFACTURER'S TO COME INTO THE STATE AND SET UP ORIGINAL BEER DISTRIBUTORSHIPS WITHOUT BEING AFFECTED BY THE ACT.

Section (22) is the emergency clause.

PRAYER

Prayer was offered by the Chaplin.

Lord God, as we pray for the members of this body, its officers, and all those who share in its labors, we remember that Jesus was never in a hurry and never lost his inner peace even under pressure greater than we shall ever know. But we are only human. We grow tired. We feel the strain of meeting deadlines, and we chafe under frustration. We need poise and peace of mind, and only Thou canst supply the deepest needs of tired bodies, and jaded spirits, and frayed nerves. Give to us Thy peace and refresh us in our weariness, that this may be a good day with much done and done well, that we may say with thy servant Paul: "I can do all things through Christ, who gives me strength." Amen.

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

We thank Thee, O Lord, that this land is still governed by the people's representatives. Let democratic processes be seen at their best in this time of testing. As these chosen men and women discharge their duties, guide them, O God, in the decisions they must make today. Give them the grace of humility, and shed now thy guiding light into every mind. Break down every will that is stubborn against thine, or that has ignored Thee. May what is done be so clearly right that it needs no incendiary justification. Soothe our still smoldering hearts and minds with the spirit of forgiveness. Let us be swayed not by emotion or ambition but by calm conviction. This we ask in Jesus' name. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Moylan who was excused and Mr. Warner who was excused until 9:45 a.m.

PRAYER

Prayer was offered by the Chaplain.

We are glad, our Father, that troubles are like cannibals - the big ones eat up the little ones. But may it not be so with our duties and responsibilities. Help our Senators to keep a sane perspective, lest the big issues overshadow the lesser ones, and they fail to do Thy will with them. In all things, big and little, reveal to us Thy wisdom and Thy love. Through Jesus Christ our Lord. Amen.

PRAYER

Prayer was offered by Ardean J. Edgar.

God of our Forefathers, you who was their strength in the hour of need, their stay in the time of discouragement, and their guide and deep resource in their search for life, it is to you we come in this hour. We are celebrating this day the beginning of our Statehood. We only ask that you will be to each of us what you were to each one of our Forefathers, a mighty fortress, a high tower, a refuge in the time of trouble. Today our society in parts of our state is tossed about by troubled waters. We are shaken by the force of human need. We are plagued by problems that call for the best that is within us.

Our Pioneers said as in the long ago, that you were to them a pillar of cloud by day and a cloud of fire by night; that you did lead them through the wilderness to fields of plenty. In those trying hours you gave our own pioneers insight, endurance, courage and determination.

And now, O God, we as members and friends of this legislature come together to pay tribute to those who have gone before us, to dedicate ourselves anew to the present and to dream of the future. May the actions and laws enacted by this body be a tribute to those who so nobly gave their all that those who follow might live.

This day we reverently pause to give Thanks for our heritage and to ask that we may prove worthy of so great a beginning. Let not, our Father, their sufferings, their hardships, their efforts to have been in vain.

We are very much aware that these are difficult days also. We do not ask to be released from them but rather we pray that we may be equal to this hour to which we are called. Help us to put on the whole armour and to fight the good fight and to keep the faith, so that when the long hard day is over, and the shadows length, and the sun is gone down on another day, and we are called to lie down for rest, that we may be assured in our own minds that we have done our best and that we have not betrayed our trust.

O God, keep us from taking our heritage for granted. Bless this our State its Governor and all men and women who are in places of authority and responsibility. May we the citizens of this great state never lose sight or the fact that "the salvation of the state is in the watchfulness of its citizens."

We ask, O God, this day, for strength to take the torch from our Forefathers and run the course and keep the faith as it would please them to have us do. Let us remind ourselves again that they have given unto us "a great unfinished task which they so nobly began."

With fervor and deep desire, we pray, that the ideals of our Pioneers so adequately expressed in this Great Capitol, be taken from the symbol on its lofty tower and make it a reality in the hearts and minds of all of us and as we go forth to sow, as they went forth to sow, may the coming generations call our names blessed. Amen

Former Governors Crosby, Burney and Governor Exon spoke briefly to the members.

A Nebraska State flag, flown over the North Pole, was presented to Governor Exon by Captain Clifford.

At 9:46 a.m., the Legislature recessed.

UNANIMOUS CONSENT—Print in Journal amendments to LB 74

Mr. Carpenter asked unanimous consent to have the following printed in the Journal. No objections. So ordered.

February 22, 1971

Senator Terry Carpenter
State House
Lincoln, Nebraska

Dear Sir:

After my conversation with you and Ralph Nelson, special council for the City of Lincoln, I have prepared a copy of L.B. 74 as it would read with the amendments prepared by the Large Cities section of the Nebraska League of Municipalities and Senator Stull.

I have also prepared a second copy of L.B. 74 with the Large Cities amendments modified to incorporate your desire to reduce the matching requirements for Second Class Cities and Villages.

This second proposal is the one which the representatives of the First Class Cities, which I talked to over the week end, feel is acceptable to them, except as noted. The following people are the ones whom I have found home and talked with this week end.

Alliance - W. Miel Colerick, Mayor--favors Stull Amendment
Blair - Roy Brown, City Administrator
Chadron - Carleton Rhembrandt, City Manager
Fairbury - Dr. C. B. Schwab, Mayor--Favors Stull Amendment
Falls City - M. O. Armbruster, Mayor
Grand Island - John M. Carpenter, City Manager
Holdrege - Herbert Bierhaus, Mayor
Kearney - Ray Lundy, City Manager
Lexington - Terry Henry, City Manager
Norfolk - Paul Harm, City Administrator
North Platte - Robert Phares, Mayor
Omaha - Greg Stuve, Legislative Coord.
Plattsmouth - James F. MacMillan, Mayor
Scottsbluff - Frank U. Koehler, City Manager
Sidney - John Baudek, City Manager
South Sioux City - Ernest L. Albertson, Mayor
York - Jack Kidder, City Administrator

Most of these men worked with Senator Warner's committee prior to the submission of the "roads package" which was adopted in 1969 and they feel that the compromise which was reached then is fair.

Most of them feel that the needs for street construction in their first class cities are such that the present matching requirements will not create problems for them. They are compassionate enough to want to help the second class cities and villages if this need exists.

Thank you,
(Signed) John M. Carpenter
City Manager (Grand Island, Nebraska)

6 match the second one-third, on the basis of one dollar for each dollar it
7 receives, with funds provided locally for street purposes, and shall be
8 required to match the final one-third, on the basis of one dollar for each
9 two dollars it receives, with funds so provided, and ~~each incorporated first~~

14 the preceding calendar year failed to provide the matching funds required by
15 this subsection shall, except as provided in subsection (2) or (3) of this
16 section, forfeit so much of its allocation as it fails to match. Any amount
17 so forfeited shall be reallocated and distributed to the municipalities which
18 have met the full matching provisions of this subsection. Such reallocation

33 county subject to the same matching as would have been required of the
34 municipality had it not relinquished such funds and without regard to the
35 provisions of sections 39-2501 to 39-2510. Any relinquishment under this
36 subsection shall be made pursuant to an agreement between the relinquishing
37 municipality and the county, to which other political subdivisions may also

THIRTY-FIFTH DAY—MARCH 2, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

THIRTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 2, 1971

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, be merciful when we pray with half our heart or listen with half our mind, and pity us that we are torn as we are, and bedeviled with compromises. Vainly we long for life without such difficult decisions, yet we know that we have only ourselves to blame for the tensions in which we live. We need to pray that our own eyes be opened to the truth. Deliver us from the reservations that would pray: "Thy Kingdom come - but not yet; Thy will be done on earth - by other people." Help each one of us to see that if Thou art to lead our State, Thou must be permitted to lead us. If Thy will is to be done, we must do it. O God, most merciful, consider not our cowardice but forgive our failings. Harken to those prayers of our hearts which come to us in high moments when we forget ourselves and think of Thee. Amen.

THIRTY-SIXTH DAY—MARCH 3, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

THIRTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 3, 1971

Pursuant to adjournment, the Legislature met at 9:05 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, we turn to Thee in the faith that Thou dost understand and art very merciful. Some of us are not sure concerning Thee; not sure how Thou dost reveal Thy will to us; not sure that it is possible for us to know, in every decision, just what Thou desirest Thy servants to do. But if we could say, "This is what God wants us to do," none would vote against it, and how much time and temper and money would be saved. Make each one of us willing to yield himself to Thee in prayer and obedience. Come and deliver us, O Holy Spirit, for we have no hope in ourselves. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Mahoney and Skarda who were excused.

Pursuant to adjournment, the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

We pray, O God, that thou wilt fill this sacred minute with meaning, and make it an oasis for the refreshment of our souls, a window cleaning for our vision, and a recharging of the batteries of our spirits. Let us have less talking and more thinking, less work and more worship, less pressure and more prayer. For if we are too busy to pray, we are far busier than we have any right to be. Speak to us, O Lord, and make us listen to thy broadcasting station that never goes off the air. Through thy Holy Spirit, who is waiting to lead us into all truth. Amen.

MESSAGE FROM THE GOVERNOR

March 4, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Dear Senators:

This is to advise your honorable body of my return to you with my objections and without my signature Legislative Bill 131 attached hereto. While I share the concern and appreciate the basic motive of those who support the principle of needed food tax relief embodied in LB 131, I direct your attention to what the Governor, the vast majority of Nebraskans, and a substantial number of the members of your body believe to be the much better and fairer approach by simply eliminating the sales tax on food at the source. This is provided in LB 567.

LB 567 meets the problem headon rather than skirting it. All the unfairness is eliminated, and we will thereby follow the time-tested method well established and proven by years of experience with this problem by other states.

Let me once again emphasize that there is no real problem of administration when we exempt the sales tax on food at the time of purchase of such food.

It is therefore appropriate that as elected officials we squarely face up to the proposition and not fail the people of this state again by going back on the initial representation that food would not be taxed.

My letter to you of March 1, 1971, a copy of which I attach hereto, clearly outlines my reasons for preferring LB 567 for which I respectfully urge your favorable consideration.

Yours very truly,

(Signed) J. James Exon
Governor

JJE:fw
Enc. 2

March 1, 1971

Dear Senator:

I wish to take this opportunity to discuss with you LB 567, the bill to exempt food products from the sales tax. I am requesting that you join me and the majority of citizens of Nebraska in supporting LB 567. After having given this matter extensive thought and research, I am convinced that only through enactment of LB 567 can we in government together keep the commitment which was initially made to the people of the State of Nebraska to the effect that food consumed in the home would not be subject to a sales tax. If ever there were a need for legitimate tax relief for every Nebraskan, it is properly encompassed in this bill.

The merit of the sales tax on food need not be debated in the State of Nebraska. That commitment is already a fact of both the intent and spirit of the law. However, we are engaged in a review of the inequities of the present tax refund system, seeking agreement that the best way to avoid the sales tax on food is to simply not tax the housewife at the grocery counter. The present tax credit totally ignores the actual tax paid, and in some magic way seeks to reward the average Nebraskan who exists only in the mathematician's mind and not in a Nebraskan's home.

Let us consider some of the inequities in the present "flat rate" tax refund system:

1. Cost of food fluctuates from one community to another, and there is no accommodation in the present refund credit system for this fact.
2. There is no magical average which realistically reflects the actual food expenses of Nebraskans. And so we can agree, we are shortchanging a great many of our citizens, and perhaps giving too much back to others.
3. The refund system does a gross injustice to citizens living in some cities now, and others in the future whose cities may be forced to utilize their local sales tax options. Outstate Nebraskans pay a 2 1/2% sales tax on food, Lincoln residents are paying a 3% tax for their food, and Omaha citizens are paying a 3 1/2% tax on their food. This situation leads us down a path of possible complicated formulas and many headaches as we try to clarify the situation. An example of the injustice is to note that last year Omaha citizens paid 40% more in sales tax on

food, and did not receive back approximately \$1.3 million which should have been refunded to them last year. This was true since the "flat rate" system gives all the same dollar refund, regardless of the amount of sales tax on food actually paid. Lincoln residents were also unfairly treated as will other municipal residents in the future.

4. The present refund system does not necessarily depend on the payment of any tax in the first place. Example, a bonafide Nebraska citizen vacationing out of state for... say six months or longer... is eligible for a full refund as if he had been buying his groceries in the State of Nebraska for a full year.
5. Those citizens most greatly in need are at a great disadvantage in getting their money returned, particularly if they are not familiar with the tax system and the mechanics involved in obtaining a refund. This is especially true with regard to senior citizens. The only way to insure that as a state we do not exploit the needy is by insuring that the tax is not corrupted in the first instance.
6. Under our present system and some proposed we find the state operating on monies of its citizens interest free. If this additional money was left to the citizen for the purpose of buying necessary food as opposed to advancing it to the state to receive a part of it back later, the well-being of our citizens would be enhanced. What rationale is there in taking it away, and giving a portion of it back later?
7. The present "flat rate" refund system and all the proposed extensions of that system can be defended from only the position of the food retailer. Yet his colleagues in other states, and some right here in Nebraska, have told me there is no real problem and that the tax on food is unfair. However, the Nebraska food retailer will collectively "lose" approximately \$400,000.00 he presently collects and keeps as collection fees on food taxes. The objective food retailer recognizes the benefit he receives on sales tax "breakage" on smaller amount food purchases... for example, one loaf of bread... and also knows the basic unfairness of the resultant higher percentage sales tax to the purchaser on such small purchases.

Some suggestion has been made that the exemption of the food from sales tax will result in a nightmare of administration for both the consumer and merchant. This simply is not true!

LB 567 is the accepted standard in the United States where exemptions are allowed. The actions suggested are not without precedent, nor is it untested. In a host of other states, including New York, California, Texas, Wisconsin, New Jersey, and Minnesota, only to name a few, a full exemption of food has been instituted. These states have found that there is no great difficulty in its administration, and that its citizens are more equitably treated. At least seventeen other states use this system we

propose. This should dispel any sincere fears regarding effectiveness or ease of administration that have been fanned out of all reasonable proportion by a few but vocal opponents.

Citizens of the State of Nebraska are familiar with, and I can assure you that as Governor, I intend to see that they are further informed, of the inequities of both the sales tax on food and any continuation of any of the "gimmick" formulas for a tax credit on the income tax in lieu of the sales tax on food. I respectfully direct the attention of the Legislature to the fact that Nebraskans, including those not required to file an income tax form, numbering in the thousands of instances, never obtain a refund. Those that do so file for a refund require the state the additional expense of issuing them a check for the amount due them which should have never been collected in the first place. What reasonable person can justify such impositions on our citizenry?

The strength of any government lies in the fact that the government keeps faith with the people and follows through on promises made. In view of the promises made to the people of Nebraska at the time of the enactment of the Nebraska sales tax and for the additional reasons that I have outlined herein, we are left with no reasonable alternative but to exempt all food from the sales tax as outlined in LB 567. I urge you to join with me in strengthening the faith of our citizens in our government by supporting and adopting LB 567.

Sincerely,
(Signed) J. James Exon

PRAYER

Prayer was offered by the Chaplain.

We open our hearts unto thee, our Father, and pray that thy spirit may indwell in each one of us and give us poise and power. We believe in thee, O God, Give us the faith to believe what thou hast said. We trust in thee, O God. Give us the faith to trust thee for guidance in the decisions we have to make. Help us to do our very best this day and be content with today's troubles, so that we shall not borrow the troubles of tomorrow. Save us from the sin of worrying, lest stomach ulcers be the badge of our lack of faith. Amen.

March 4, 1971

The Honorable P. J. Morgan
State Senator
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senator Morgan:

This is to respectfully advise you that I support LB 423.

It is my feeling that law enforcement will not be seriously affected by one rather than two license plates.

Many other states are using the one plate approach with success.

It is my belief that the Legislature, in its wisdom, should make the determination as to where a single license plate should be displayed on a vehicle.

It is my understanding that ordinarily the license plate should appear on the rear of a vehicle, except in the case of certain vehicles where the requirement of displaying on the rear of the vehicle would not be practical because of its unusual construction and specifically designed use. In such cases, a front display on the vehicle would seem to be in order.

I am sure that the Legislature can come up with a workable solution to this display problem.

Yours very truly,

(Signed) J. James Exon
Governor

Senator P. J. Morgan
Senator Roland A. Luedtke
Nebraska State Legislature

Dear Senators:

Per your request of March 4, 1971, pertaining to two pending Legislative Bills relative to the number of license plates which should be issued to

motor vehicles in Nebraska, the following information is furnished.

As a law enforcement official, I would be remiss if I were to give any opinion other than that two license plates should be displayed on all motor vehicles of the passenger car class and all trucks with the exception of those identified as truck tractors. The reason being that it makes identification much easier for those charged with law enforcement responsibilities, as well as concerned citizens who may witness some unlawful act in which a motor vehicle was involved and would desire to promptly report same by a license plate number.

I am aware that there is possibly an economy factor involved in the one plate system. The importance of this factor as compared to the convenience of the two plate system to enforcement operations is a decision that must be determined by the Legislative branch of Government. Enforcement operations will continue with either system in effect.

Respectfully,

(Signed) James E. Kruger, Colonel
Superintendent

March 5, 1971

MEMBERS OF THE EIGHTY-SECOND LEGISLATURE

I have this day asked Senator Richard Marvel, as Chairman of the Budget Committee, to introduce two bills on my behalf. These bills contain my budget recommendations for operating costs and assistance to local subdivisions. A later bill will be introduced for capital construction.

You will note in the bill that I have recommended appropriating at the agency level rather than by program, because I feel that when we have a tight budget, which I believe we have this time, agencies should be given the maximum amount of flexibility and descretion in using these dollars. However, agencies must also be responsible for achieving results with these dollars and accountable for the uses of the dollars. Furthermore, I feel that it is necessary that the Governor and the Legislature have an opportunity to express their intent as to the level of funding of various programs, subprograms, and activities. I will, therefore, file with the Clerk of the Legislature, a complete detailed copy of the amounts which comprise the several agencies budgets. Although agencies will not be expected to live

within the exact amounts shown within these documents, I do feel that it expresses the intent of this office for expenditures and that in general, deviations from this intent should occur only for good and sufficient reason and should be justified at the next budget hearing.

I realize that agency level appropriation is a deviation from the previous practice of appropriating at the program level. However, I do not feel that it is desirable to penalize all agencies by taking away their flexibility for the abuses of a few agencies. I would hope that by giving all agencies this flexibility this time, and placing them on their honor, that they would respect this and we would not have to go next year, to a very detailed level of appropriation. Nevertheless, if I do find that the agencies are abusing this freedom and flexibility and not accepting their responsibility, I will not hesitate to recommend to this body next year an appropriation bill for those agencies which will be not only at the program level, but also in some cases, at the subprogram and activity level, with potential earmarkings by major objects of expenditure.

It is time that all agencies realized that the elected officials of this state are the ones responsible for overall expenditures and policy guidelines. It is important that appointed administrators and department heads follow the dictates of elected officials and adjust their personal opinions to conform to policies reflecting the desires of the electorate.

Sincerely yours,

(Signed) J. James Exon
Governor

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

THIRTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, March 8, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father, help us to understand that when we try to live without Thee, we are unable to live with ourselves; and when we say no to Thee we are denying our own best interest. Whatever other rewards or punishments Thou hast ordained, we are finding out that we cannot do wrong and feel right, for there is a law within Thy universe that acts around us and in us. Give to each one of us, we pray, that intelligent self-interest that shall persuade us to do Thy will. Teach us that obeying Thee and Thy will is a forced option - like eating. We do not have to eat, but if we do not, we cannot live. We are not forced to obey Thee, but if we do not, we hurt ourselves. Convict us of the folly of walking against Thy lights, that we may live longer and better. By the mercy and grace of Jesus Christ our Lord. Amen.

ROLL CALL

The roll was called and all members were present.

INVITATION

The Clerk read an invitation from George S. Round, University of Nebraska, inviting the members and their wives to attend the high school basketball tournament that will be held in Lincoln on March 11, 12, and 13.

Mr. Stahmer announced he authorized a letter from the Attorney General's office to be placed on each desk relative to LB 413.

1. Insert a new section to be known as section
11 and to read as follows:

"Sec. 11. That section 79-403, Revised Statutes Supplement, 1969, be amended to read as follows:

79-403. (1) Any freeholder or freeholders, person in possession or constructive possession as vendee pursuant to a contract of sale of the fee, holder of a school land lease under section 72-232, or entrant upon government land who has not yet received a patent therefor may file a petition with a board consisting of the county superintendent, county clerk, and county treasurer, asking to have any tract of land described therein set off from a Class I or Class II district in which it is situated and attached to some other district. The petition shall state the reasons for the proposed change and shall show with reference to the land of each petitioner: (a) That the land therein described is either owned by the petitioner or petitioners or that he or they hold a school land lease under section 72-232, are in possession or constructive possession as vendee under a contract of sale of the fee simple interest, or have made an entry on government land but have not yet received a patent therefor; (b) that the land is located in a district that adjoins the district to which it is to be attached; (c) that the land proposed to be attached has children of school age who have resided thereon with their parents or guardians for not less than forty days; and (d) either that they are each more than two miles from the school house in their own district, and at least one half mile nearer to the schoolhouse or a school bus route of the adjoining district, which distance shall be measured by the shortest route possible upon section lines or traveled roads open to the public or that the route to the schoolhouse in the adjoining district is more practicable and, for at least half its distance, over hard-surfaced roads and the distance to the schoolhouse in the adjoining district does not exceed the distance to the schoolhouse in their own district by more than six miles or that they have personally paid tuition for one or more of their children to attend school in the other district over a period of two or more consecutive years, or that they reside in a Class I or Class II district and own, or lease under section 72-232, have possession or constructive possession under a contract of sale as vendee or have made entry on government land but have not yet received a patent therefor, not less than eighty acres of land in an adjoining Class II, III, IV, or V district to which they wish to transfer additional land. For purposes of this subsection, children of school age shall mean children who are attending a public school in the school district from which the land is to be set

51 off or children who are not attending a public school in
52 such district but who will attend a public school in the
53 district to which the land will be attached, except chil-
54 dren whose parents or guardians have personally paid
55 tuition for such children to attend school in the other
56 district for two or more consecutive years. Failure of
57 such children to attend a public school in the district
58 to which the land is attached shall invalidate the trans-
59 fer from the date of approval. ~~If the land sought to be~~
60 ~~transferred pursuant to this subsection is also situated~~
61 ~~in a Class VI school district, the land shall not be set~~
62 ~~off from such Class VI district unless the requirements~~
63 ~~of subsection (2) of this section have also been met.~~
64 The petition shall be verified by the oath of the peti-
65 tioner or petitioners. The board may, after a public
66 hearing on the petition, thereupon change the boundaries
67 of the districts so as to set off the land described in
68 the petition and attach it to such adjoining district as
69 is called for in the petition whenever they deem it just
70 and proper and for the best interest of the petitioner
71 or petitioners so to do. Notice of the filing of the
72 petition and hearing thereon before the board shall be
73 given at least ten days prior to the date of such hear-
74 ing, by one publication in a legal newspaper of general
75 circulation in each district, and by posting a notice
76 on the outer door of the schoolhouse in each district
77 affected thereby, which notice shall designate the ter-
78 ritory to be transferred. Petitions requesting trans-
79 fers of property across county lines shall be addressed
80 jointly to the county superintendents of the counties
81 concerned, and the petitions shall be acted upon by the
82 county superintendents, county clerks, and county treas-
83 urers of the counties involved as one board, with the
84 county superintendent of the county from which the real
85 estate is sought to be transferred acting as chairman of
86 the board. Appeals may be taken from the action of such
87 board, or when such board fails to agree, to the district
88 court of the county in which the real estate is located
89 within twenty days after entry of such action on the
90 records of the board by the county clerk of the county
91 in which the real estate is located or within twenty
92 days after March 15 if the board fails to act upon such
93 petition as provided in section 79-1103.05, in the same
94 manner as appeals are now taken from the action of the
95 county board in the allowance or disallowance of claims
96 against the county.

97 (2) Any freeholder or freeholders, person in
98 possession or constructive possession as vendee pur-
99 suant to a contract of sale of the fee, holder of a

100 school land lease under section 72-232, or entrant upon
101 government land who has not yet received a patent
102 therefor may file a petition with a board consisting of
103 the county superintendent, county clerk, and county treas-
104 urer, asking to have any tract or tracts of land described
105 therein set off from a nonaccredited Class I, II, III or
106 VI district in which it is situated and attached to an
107 accredited district in the county of the residence of the
108 petitioner or an adjoining county thereto, and when such
109 petition is for transfer of land from a Class I district
110 which is part of a Class VI district, the petitioner shall
111 be allowed to have such land attached to an adjoining
112 accredited Class II, III, IV or V district. The petition
113 shall state the reasons for the proposed change and shall
114 show with reference to the land of each petitioner: (a)
115 That the land therein described is either owned by the
116 petitioner or petitioners or that he or they hold a school
117 land lease under section 72-232, are in possession or con-
118 structive possession as vendee under a contract of sale
119 of the fee simple interest, or have made an entry on
120 government land but have not yet received a patent there-
121 for; (b) that the land proposed to be attached has children
122 of school age who have resided thereon with their parents
123 or guardians for not less than forty days prior to filing
124 the petition; (c) that the land described therein is located
125 in a Class I, II, III or VI school district as provided in
126 this subsection (2), and is to be attached to an accredited
127 school district in the county of the residence of the
128 petitioner or an adjoining county thereto; and (d) that
129 such petition is approved by a majority of the members
130 of the school board or board of education of the district
131 to which such land is sought to be attached. If the land
132 sought to be transferred pursuant to this subsection is
133 to be set off from a Class I, II, III or VI district and
134 attached to an accredited Class VI district, the land
135 shall not be set off and attached to such Class VI dis-
136 trict unless the petition states that the land is to be
137 attached to a Class I district located within the bound-
138 aries of such Class VI district, and majority of the
139 members of the school board or board of education of both
140 such Class VI and Class I districts approve such petition.
141 All procedures as provided in subsection (1) of this sec-
142 tion including provisions for the transfer or property
143 across county lines shall apply to this subsection except
144 that the board shall in this instance change the bound-
145 aries where it is found that all provisions as herein set
146 forth have been met. For purposes of this subsection,
147 children of school age shall mean children who are attend-
148 ing public school or children who are not attending a
149 public school in such district but who will attend a

150 public school in the district to which the land will be
151 attached. Failure of such children to attend a public
152 school in the district to which the land is attached
153 shall invalidate the transfer from the date of approval.”.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FORTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 9, 1971

Pursuant to adjournment, the Legislature met at 9:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father in heaven, as we unite in prayer for Thy blessings upon the members of this body, we know that Thou are lovingly concerned about the way we live and how we wear ourselves out, taking less care of ourselves than we do of our cars. Bless Thy servants, the Senators, with good health and good sense to preserve it. Bless the members of their families. May they commit them all to Thy care, that no anxiety shall keep any man from doing his best work. We feel that we have to do so many things that we would rather not do, as we plea that we have no time to do some things we know very well we should do. Help us to make wise choices and proper use of our time. We wait upon Thee for the continual answer to our prayers. In the name of Christ, thy Son. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Proud who was excused until 9:30 a.m.

COMMUNICATION

March 4, 1971

Dear Mr. Brown:

This is in reply to your letter of February 10, enclosing Legislative Resolution 20 adopted by the Nebraska Unicameral concerning the President's proposal to reorganize the Executive Branch of the Federal Government and the United States Department of Agriculture farm programs.

The proposal to reorganize the Executive Branch of the Federal Government has long been needed to improve efficiencies, reduce the span of control, and make programs more responsive to real needs. Certain groups, accustomed to dealing over the years with particular individuals in the Government, understandably might feel some apprehension about the proposed changes. It is important to remember that the President's proposals do not call for the elimination of any program or the people who operate them. They do call for a change in the way that agencies reach the President and in the way he communicates with them. It is intended that the programs be administered more effectively than ever, and to improve the delivery of Government services to the public.

With reference to increasing the level of price support for farm products, the price support program is not an income guarantee, but is for the purpose of providing interim financing to farmers who wish to hold their crops so as to take advantage of a more favorable market. One of our objectives is to help farmers to be more reliant on the marketplace rather than upon the Government for their income. A number of factors are considered in determining the loan rate for grains. One of the more important ones is exports. Our grain prices in the export market must be competitive with world prices. Currently, a fifth of the total U. S. exports are farm products. If it were not for this, we would have a greater excess supply of farm commodities, resulting in lower farm income and less acreage needed for agricultural purposes. The direct payment portion of the price support program, coupled with the commodity loan or the market price, whichever is higher, should help to ensure a fair level of income for program cooperators.

Secretary Hardin announced on February 11 that the set-asides for feed grain for the 1971 crops would be 20 percent of the feed grain base, and for wheat, 75 percent of the domestic allotment. A copy of that announcement is enclosed.

Sincerely,

(Signed) John C. Whitaker

PRAYER

Prayer was offered by the Chaplain.

Our Father, we know that we, by ourselves are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen Presence. May Thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these Senators, who represent us, represent Thee, and, in Thy spirit be courageous enough to begin anew, fearless enough to make mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud. To the end that we may help to establish Thy way of life for the people of this state. So may all of us do the best we can by Thy help, and be willing to leave the issue in Thy hands, through Christ our Lord. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FORTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, March 11, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Save this moment, O Lord, from being merely a gesture to custom or convention, and make it a real experience for each of us in this place, as we call upon Thee for guidance and for help. We have felt Thee near and beside us in the exalted experiences of worship in Church; make us now to feel Thy nearness in the business of the day — the unseen Delegate, present and voting. Vote through these men and women, we pray Thee, that what they say and what they do may be in accordance with Thy will for this land that we love so much. Thou hast said: "when ye stand praying, forgive, if ye have aught against any." Give us the grace to lay aside all bitterness or resentment we may be nursing in our hearts, lest their acid eat into our peace and corrode our spirits. Thou hast said, "It is more blessed to give than to receive." Give us the grace today to think not of what we can get but of what we can give, that a new spirit may come into our work here with a new mission and a new purpose, that Thou will delight to bless. We ask these things in Thine own name and for Thy sake. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Luedtke and Skarda who were excused.

Dear Senator Carpenter:

Reference your amendment to LB-334 adopted 3/4/71, and pursuant to our conversation on March 9, 1971, we would like to recommend the following changes to this amendment, which, in our opinion, will meet the limiting requirements to the basic statute which you desire and at the same time permit us to continue our operation in a manner acceptable to all concerned:

Change Line 8, subdivision (1) to read: "for the purchase of equipment and stock for vending stands or business enterprises, which do not employ more than three full-time people or the equivalent if part-time employees are utilized to be operated by blind persons under the supervision of the department,".

Change Line 16 to read: "Gross proceeds from the operation of enterprises annotated in subdivisions (1) and (2) of this section shall accrue to the blind operator,".

Thank you for your cooperation in this matter.

Sincerely,

Friday, March 12, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Give to us open minds, O God, minds ready to receive and to welcome such new light of knowledge as it is Thy will to reveal. Let not the past ever be so dear to us as to set a limit to the future. Give us the courage to change our minds, when that is needed. Let us be tolerant of the thoughts of others, for we never know in what voice Thou wilt speak. Wilt Thou keep our ears open to Thy voice, and make us a little more deaf to whispers of men who would persuade us from our duty, for we know in our hearts that only in Thy will is our peace, and the prosperity of our land. We pray in the loving name of Jesus. Amen.

**EIGHTY-SECOND LEGISLATURE
FIRST SESSION**

FORTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 16, 1971

Pursuant to adjournment, the Legislature met at 9:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, show us the way to go that we cannot find alone. Help us to see how our colleagues and constituents look to Thee, and put out of our mind how they may seem to us at times. Keep us on the right track; let us never feel so sorry for ourselves that we lose our way. We want more than anything to keep our relationship with people direct, warm, and steady. We know that we cannot always do this; we know we have not always done it. But help us this day to know what is right, give us the spirit of love for those with whom we work and for whom we are responsible, and then give us the power to do the right as we see it by Thy spirit. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FORTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 17, 1971

Pursuant to adjournment, the Legislature met at 9:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, who hast set before us so many and such great choices, Thou knowest that we are divided often in our own hearts and we do not know which way to go. There seems to be some good in so many of the bills before us, yet how can we be expected to understand all the implications of each measure? Help us therefore to remember that there are some things that are wrong and some things that are right and that the responsibility for what we do ultimately rests upon ourselves—our wills, our mind, and our hearts. So give us that awareness of right and wrong which shall enable us to do a good work for the people. In Thy name. Amen.

The roll was called and all members were present except Mr. DeCamp who was excused until 10:00 a.m. and Mr. Swanson who was excused until 10:30 a.m.

MESSAGE FROM THE GOVERNOR

March 17, 1971

Mr. President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Dear Senators:

It is with regret that I find it necessary to return to you without my signature, LB 77.

While I share the general intent of this bill with the vast majority of the Legislature and the people which would in effect curtail welfare payments to reasonable maximums while continuing to help the most needy, we are powerless to take this action now. If we allow LB 77 to become law, Nebraska would be cited almost immediately as out of compliance by Washington officials.

By the first of April our welfare program very likely would be in shambles thereby affecting most unjustly the majority of our fellow citizens

legitimately drawing welfare compensation. Here again is a typical example of where a state of these supposedly sovereign states is thwarted on the administration of welfare by the Federal government.

Myself, and almost all other Governors, are pressing for legislation in Washington to modify present Federal standards....or we are demanding that the Federal Government assume the financing burden that their policies presently force on the states. For your information we cite the following telegram, received yesterday, which is self-explanatory:

Confirming telephone conversation, LB 639 if passed and when implemented by the Nebraska Department of Public Welfare will raise maximums for AFDC grants sufficiently to comply with section 402(A)(23) of the Social Security Act. However, LB 77 would violate two provisions of the Social Security Act and raise questions whether existing section 402(A)(23) issue can be resolved prior to cutoff of Federal funds on April 1, 1971. LB 77 prevents application of thirty-three and one-third disregard of earned income in the manner specified by section 402(A)(8). Congress is considering amendments to this provision, but ultimate proposal not yet known. In addition, LB 77 appears to impose new maximum on AFDC payment and thus appears contrary to 402(A)(23) of the Act. I urge therefore your taking all appropriate action to assume passage of LB 639 and your veto of LB 77 to allow resolution of compliance issue and to avert raising additional issue.

Signed: John D. Twiname, Administrator, Rehabilitation Service Admin., DHEW, Washington, D.C."

I respectfully request you sustain my wishes in this matter, while expediting passage of LB 639.

Yours very truly,

(Signed) J. James Exon
Governor

3 vote in favor of the election of any teacher when such
4 member of the board is related by blood or marriage to
5 such teacher. At any time during the term of the
6 contract of employment, a board of education may
7 discharge a teacher or administrator and terminate a
8 contract of employment for any of the following reasons;
9 (1) incompetence; (2) physical disability of sickness of

any type which interferes with the performance of duty:
(3) insubordination, which shall be deemed to mean a willful refusal to obey the school laws of this state, the rulings of the State Board of Education, or reasonable rules and regulations prescribed by the government of the schools of the district by the school board; (4) neglect of duty; or (5) immorality. Each such district shall establish reasonable and objective criteria and procedures for evaluating its teachers and administrators for the purpose of determining continuation in or termination of employment. Such evaluation procedures shall provide for continuing evaluation of performance, which evaluation shall be recorded, and shall provide that the superintendent of schools shall make recommendations concerning employment of administrators and teachers. Any teacher or administrator who is judged unsatisfactory shall receive notice in writing of the alleged areas of deficiency within five days after each such evaluation. No less than fifteen days following a notice of deficiency the teacher or administrator shall be reevaluated to determine whether the alleged deficiency has been eliminated, however, if the alleged deficiency is either (1) immorality or (2) insubordination, such deficiency need not be subject to reevaluation, and the procedures set out hereinafter shall be followed. If after such reevaluation the board of education determines that the deficiency continues and such deficiency may constitute a reasonable and just cause for termination of the contract of employment, the board of education shall give notice in writing to the teacher or administrator of a hearing to be held not less than ten days subsequent to such notice for the purpose of hearing evidence relevant to the deficiency of the teacher or administrator and the continuation of his contract of employment. Such teacher or administrator shall have the right to provide counsel of his own choosing, to cross-examine adverse witnesses and to call witnesses on his own behalf. Not more than five days after that hearing, the board of education shall determine whether there is reasonable and just cause to terminate the contract of employment. In doing so, the board's decision must be based solely upon the deficiency reported in the evaluation and the evidence presented at the hearing. Notice of the decision of the board of education shall be given to the teacher or administrator in writing not more than five days after the decision is rendered. The decision of the board shall set forth the

4 reason for the termination of the contract of employment
5 and the effective date of the termination. The
6 determination of the board of education to terminate the
7 contract of employment shall be subject to review by the
8 district court by petition in error. The secretary of
9 the school district shall provide, on request, a
10 transcript of the proceedings of the board of education
11 as provided by section 25-1906. A teacher or
12 administrator employed by any such school district may
13 give notice of his election to terminate the contract of
14 employment effective upon completion of the existing
15 contract; Provided, such notice of termination shall be
16 given not less than sixty days prior to such effective
17 date. If neither the board of education nor teacher or
18 administrator act to terminate a contract of employment
19 in the manner herein provided, the contract of
20 employment shall continue and the teacher or
21 administrator shall continue in the employment of the
22 school district under the terms of the contract of
23 employment, subject to any adjustments in compensation,
24 terms or conditions of employment; Provided, any
25 contract between a district and an administrator or
26 teacher can be terminated or modified by mutual
27 agreement. Nothing herein contained shall prohibit a
1 school district from terminating contracts of employment
2 effective upon completion of an existing contract when
3 it is necessary to decrease the number of teaching
4 positions or when a change in curriculum requires
5 teachers with different qualification."

Introduced by P. J. Morgan, 4th District; Terry Carpenter, 48th District.

WHEREAS, the use of drugs appears to be increasing in the State of Nebraska, with a corresponding increase in problems connected with such use; and

WHEREAS, the increase in drug use may be contributing to increasing costs for medical care, hospitalization, and insurance; and

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FORTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, March 22, 1971

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father, we open our hearts to Thee, and pray that Thy spirit may indwell in each one of us and give us poise and power for the day. We believe in Thee, O God. Give us the faith to believe what Thou hast said. We trust in Thee, O God. Give us the faith to trust Thee for guidance in the decisions we yet must make. Help us to do our very best this day and be content with today's troubles, so that we shall not borrow the troubles of tomorrow, nor carry a grudge concerning anything of yesterday. Save us, therefore, from the sin of worrying, and teach us how to trust in Thee. Amen.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FIFTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 23, 1971

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

It is good, O Lord, that it is not custom that brings us again into this sacred moment of prayer, but our deep sense of need. Forgive us all that we talk too much and think too little. Forgive us all that we worry so often and pray so seldom. Most of all, O Lord, forgive us that, so helpless without Thee, we are yet so unwilling to seek Thy help. Give us grace to seek Thee with the whole heart, that seeking Thee we may find Thee, and finding Thee may love Thee, and loving Thee may keep Thy commandments and do Thy will. Through Jesus Christ our Lord. Amen.

EASE

The Legislature was at ease for 10:56 until 11:00 a.m.

GOVERNOR EXON'S REMARKS TO THE LEGISLATURE ON LB 639

Mr. Speaker, Mr. President, Members of the Legislature:

It is only because of our joint concern for proper and continued implementation of welfare programs in our state that I feel it necessary to interrupt your busy schedule this morning for these remarks. We have been, since last year, under citation from the Federal Government for being out of compliance because of past and present welfare laws in effect. We have been granted only until the end of this month to correct our laws, and unless accomplished, needy recipients will suffer.

The honest concern that we share for those in need is certainly not in question. However, we do recognize that the mechanics and formulas are both complicated and confusing at times. We do want to do the right thing.

Welfare payments are intended, and should be so recognized, as supplemental: To aid those in need over the rough spots, and not to be considered as a "way of life." We must move with dispatch and not become bogged down in theoretical controversy. The Welfare Program as dictated from Washington has many complicated formulas. Often times well meaning individuals are misled as to total benefits. Let me cite you a factual example, based on an average. Let's take a mother with one ADC child who has no other income. On average, such a welfare family of two would receive under LB 639, as introduced by Senators Whitney and Wallway, as follows:

	\$ 124.00	Cash base
	<u>56.00</u>	Value in food stamps
	180.00	
plus	<u>12.00</u>	Average monthly medical services
Total	192.00	Plus the assurance that any medical expenses would be paid

If the mother goes back to work, part time or full time, this monthly figure would naturally increase.

This is the reason your Governor, under good and qualified counsel from experts in this field, has supported LB 639 as introduced by Senator Wallway and Senator Whitney. I urgently request that the Legislature act

with all possible haste in restoring that bill to its original form, without the amendment passed here last Thursday, and rush it to my desk for approval.

LB 639 in its original form will bring us into compliance as established by three telegrams received from Mr. John D. Twiname, Administrator, Rehabilitation Service Administration, Department of Health, Education and Welfare, Washington, D. C.

I quote from part of his wire to me of March 16:

"Confirming telephone conversation, LB 639 if passed and when implemented by the Nebraska Department of Public Welfare will raise maximums for AFDC Grants sufficiently to comply with section 402(A)(23) of the Social Security Act."

And his telegram of last Friday, March 19 which reads in full:

"In order to avert cutoff of Federal Funds, LB 639 must be in effect on April 1, 1971; therefore an emergency clause must be attached to this bill."

And his follow-up telegram to me of yesterday which reads in full:

"As indicated in my telegram of March 15, LB 639 as proposed by Senators Wallwey and Whitney would, if passed and implemented, bring Nebraska into conformity with sections 402(A)(23) of the Social Security Act."

If you will please pass such legislation as introduced by the named senators without amendment, we will see that it is implemented and avoid probable and unnecessary adverse consequences.

The implication of remarks made on this floor last week were that Nebraska was not recognizing the problems of its legitimate welfare recipients. The facts do not support this claim.

Let me emphasize that the budget that we have recommended to you included over a 50 million dollar increase in welfare to a mushrooming 180 million dollars for the next biennium. It is important to recognize that my budget recommended to you provides by far the largest dollar increase for welfare than any other function of state government.

Let us take a look at the record when we evaluate the history of Nebraskans and their appropriations in total welfare dollars.

APPROPRIATIONS—ALL FUNDS

1963 - 65 to Present

	<u>All Funds</u>	<u>Amount of increase Over Previous Biennium</u>
1963-65	47,933,742	
Spec. Sess.	49,400	
	<u>47,983,142</u>	
1965-67	59,855,256	11,872,114
1967-69	84,576,417	
Supp.	4,171,148	
	<u>88,747,565</u>	28,892,309
1969-71	110,694,040	
Supp.	17,055,195	
	<u>127,749,235</u>	39,001,670
1971-73		
Gov.'s Rec.	180,484,831	52,736,596

I submit that under any reasonable standards, by reasonable people, this is a record that we need not be ashamed of, nor one which justifies the hint that we are not concerned with our legitimate welfare recipients. Most Governors, including myself, have joined in requests for welfare reform or at least financial relief from the Federal Government. I ask the members of the Legislature to give us the time we need, working with our congressional delegation and directly with Washington officials to accomplish these goals. Speaking very frankly, I need your support at this time.

As to pro-rating standards of welfare payments, we hope that no reduction of standards will be necessary under our recommended budget increase for the biennium of over 50 million dollars. I cannot honestly tell you at this time that we will not have to reduce standards, but we will resist such action if at all possible. Any reductions would be minimal.

This administration does not intend to accept deficit financing of welfare should the increase in recipients force such action. We have made no secret of the fact that this administration is committed to working within our Budget.

The amendment that you accepted here by just 26 votes last Thursday would be contrary to the accepted standards of the right of the state to prorate when the Treasury, supported by the taxpayers, appears to be running low because of increasing demands. Furthermore, the amendment approved would allow a blank check for the future, saying in effect, that whatever amount of money is dictated from Washington will be paid Nebraska welfare recipients. Nebraska would automatically be forced to accept deficit financing or additional drain on the taxpayers of this state.

The amendment as proposed to LB 639 surrenders an important right, and abrogates our responsibility to exercise reasonable management decisions at the state level. I earnestly request your thoughtful reconsideration.

Not only is it necessary that LB 639 pass, but it is mandatory that it pass with the emergency clause attached. Passage without the emergency clause will jeopardize the continued receipt of Federal Funds beginning April 1st. I trust that this Legislation will therefore receive the required 33 affirmative votes. I ask you to consider passage of LB 639 as originally proposed. Not to do so would steal from other necessary programs, and only further foster the unacceptable concept of deficit financing to solve welfare problems.

Governor J. James Exon was escorted from the Chamber.

Mr. Swanson asked unanimous consent to have the following printed in the Legislative Journal. No objections. So ordered.

March 23, 1971

Questions Posed to H.E.W. Relative to LB 639

1. Must LB 639 be enacted prior to April 1 to avoid a cut-off of federal funds for ADC?
2. Must LB 639 be in effect as of April 1, that is, must LB 639 carry the emergency clause?
3. Can the state adopt a policy of prorating need standards simultaneous to the effective date of LB 639?
4. Is there any objection to proration at a future date?

TELEGRAM

 Honorable William Swanson, Dly 75

State House, Lincoln, Nebraska

In response to the questions raised in your communication of March 23: 1. LB 639 must be enacted and in operation by April 1, in order to over the cut-off of Federal Funds. 2. Unless the law is in effect on April 1, Federal Funds will be withheld. Therefore an emergency clause is necessary. 3. Ratable reduction of the need standard, so long as the percentage is uniformed for all families, is in compliance with section 402(A)(23) of the Social Security Act. 4. A state may under federal requirements impose a ratable reduction on the need standard if funds are not available to pay full need provided state law permit.

RESOLUTIONS

LEGISLATIVE RESOLUTION 32.

Introduced by John W. DeCamp, 40th District.

WHEREAS, Nebraskans overwhelmingly supported the President in 1968 partially due to his pledge to wind down the Vietnam War; and

WHEREAS, since the President has taken office the United States has played a major role in the invasion of Cambodia and Laos, thus widening the war in Indochina; and

WHEREAS 392 Nebraskans have died in the conflict to date; and

WHEREAS, those Nebraskans have demonstrated heroic valor in the Indochina War, as well as the bereaved families of the dead, wounded and disabled; and

WHEREAS, it is estimated that Nebraskans will pay seventy million dollars in individual federal income taxes alone to support the Indochina war effort in 1971;* and

WHEREAS, a Gallup Poll taken in mid-January 1971 indicates that seventy-three per cent of the American people are in favor of bringing home all United States troops from Indochina before the end of the

present year; and

WHEREAS, the establishment of a definite and final date for the withdrawal of all American personnel from Vietnam has been a factor preventing the release of the 1600 American prisoners of war in North Vietnam, and in fact has resulted in a situation where ill-treated prisoners of war are held as hostages to influence American policy; and

WHEREAS, we reject the counsel of isolationism and reaffirm our legitimate international commitment we also believe that those commitments that directly affect the security and national interests of the United States are seriously undermined by our involvement in Indochina.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. Memorializes the Congress of the United States that unless the President publicly requests and receives the support of Congress through joint resolution for further expenditures, no part of any funds appropriated pursuant to any law should be expended in Vietnam after January 1, 1972, for any purpose arising from military conflict; Provided that, funds should be expended as required for the exchange of prisoners, for the safe and systematic withdrawal of all United States military personnel, the termination of United States military operations, the provision of assistance to South Vietnam in amounts and for purposes specifically authorized by the Congress, and the arrangement of asylum for Vietnamese who might be physically endangered by the withdrawal of United States military forces; and Provided further, that the withdrawal of all United States military personnel from Vietnam should be completed no later than April 1, 1972, unless the President indicates that an additional stated period of time is required to insure the safety of such personnel during the withdrawal process.

2. Memorializes the Congress of the United States that unless the President publicly requests and receives the support of Congress through joint resolution for further expenditures, no part of any funds appropriated pursuant to any law should be expended after thirty days after the date of enactment of this resolution to furnish to Laos or Cambodia any military personnel or to support military operations by the forces of the United States in or over Laos or Cambodia.

3. Memorializes the Congress of the United States that unless the President publicly requests and receives the support of Congress through joint resolution for further expenditures, no part of any funds appropriated pursuant to any law should be expended after the date of enactment of this resolution to furnish any military personnel whatsoever to support any military operations by the forces of the United States in or over North Vietnam.

*The Indochina war effort represents approximately fourteen per cent of the total Federal Budget. The 1971 estimate for the total amount of Individual Federal Income Taxes that Nebraskans will pay, \$500,547,000 was multiplied by this figure.

Laid over.

LEGISLATIVE RESOLUTION 33.

Introduced by William H. Hasebroock, 18th District.

WHEREAS, Edward F. Carter was elected to serve as a Justice of the Supreme Court of Nebraska at the election in 1934 and has continued to serve as a Justice of the Supreme Court since he qualified in January, 1935; and

WHEREAS, during the many years of his service to the people of Nebraska while serving on the Supreme Court, his record shows that he was a fair and impartial Judge, and always considerate of his many colleagues on the court; and

WHEREAS, Judge Carter retires this month from a long and eventful career as a Judge of the Supreme Court; and

WHEREAS, Judge Carter is held in high esteem for his judgment in rendering opinions and will be missed by judges, lawyers and the public when he retires.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. The Legislature commends Judge Edward F. Carter for the many years of service to the State of Nebraska while serving as a Justice of the Supreme Court of Nebraska.

FIRST SESSION

FIFTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 31, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., Speaker Hasebroock presiding.

PRAYER

Our Father, before we become involved in the routine of this day—with our committees and hearings, our meetings and decisions, and the many interests which clamor for our attention and the people who want us to vote this way and that — we pause to seek Thy help. Experienced in the ways of men, we know all to little of the ways of God.

Thou knowest us, each one, by name and by our need. Turn our wayward minds and hearts to Thee. Forgive the faults and failures of the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in our fellows and to see the evil in ourselves.

In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us, and through us in our common service. For Jesus' sake, Amen.

FIRST SESSION

FIFTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 1, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAAYER

Our Father, in the midst of the complicated situations of life in the unsolved problems of our State, deliver thy servants from any sense of futility. Let them feel the support and the prayers of the many citizens of this state who are sincerely interested in the best interests of all, and above all, the uplift of the everlasting arms.

Cause them to understand that God's power has never been obstructed by difficulties, nor His love limited by the confusion of human plans. May the very failures of man's best resources lead us to seek the resources of God.

Cleanse our hearts of selfishness. Grant that all questions immediately before us may be made so plain that we shall have no forebodings as we make our decisions nor vain regrets after they are made. For Jesus' sake. Amen.

PRAYER

Our Father, we in this place are weighted down by the problems which confront us. Convict us of our share of personal responsibility for the situation in which we find ourselves. May we confess our part in creating our dilemmas, lest we feel no obligation to solve them. Help us to quit waiting for the other fellow to change his attitude and his ways, lest we never give Thee the chance for which Thou hast been waiting to change us. This we ask in the lovely name of Him who came to change us all, even Jesus Christ our Lord. Amen.

PRAYER

O Lord Jesus, who having loved Thine own, loved them to the end, who art the same yesterday, today and forever, hear our prayers as we contemplate the meaning of this Holy Week. Show us again Thy love, teach us humility, draw us near to Thee and to one another. For Thou who didst break the bread and give Thy body, turn away our eyes from beholding vanity, draw our wandering eyes to Thyself. For Thou who didst give the cup and give Thy life, write the new covenant within our hearts, "a new commandment I give to you that you love one another." Help us to remember this commandment and to live by it. Amen.

RESOLUTIONS**LEGISLATIVE RESOLUTION 36.**

Introduced by Terry Carpenter, 48th District.

WHEREAS, there is now pending before this body Legislative Bill 87 which proposes an increase in the cigarette tax; and

WHEREAS, retailers have sharply increased their orders for cigarettes from wholesalers, which if permitted to continue would partially defeat the purpose of the tax increase;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Tax Commissioner of the State of Nebraska is instructed to inform the wholesale dealers involved in the affixing of cigarette revenue stamps and those agencies responsible for the setting of meters and sale as agents of the state of such stamps to the wholesale dealers, that as of 9:00 A.M. Monday, April 5, 1971, the sale of the amount of tax stamp impressions is limited to and shall not exceed the average weekly sales of

such stamps computed on the average weekly amount of stamps purchased by the respective wholesale dealers in the year 1970.

2. That no wholesale dealer will be allowed to purchase more than one week's supply of the weekly average allotted to him in any given week and may not purchase stamps based on future weekly allotments. In the event that a wholesale dealer has been in business for a period less than the past twelve months, his allotment of stamp purchases will be based on the average of the last four weeks of purchases.

3. That the Tax Commissioner is directed to instruct the agencies responsible for the setting of meters to cease the setting of all meters until the individual wholesaler's average weekly allotment figure is received from him. Wholesale dealers may receive their allotment setting each week, but in the event of missing a setting in any given week may not the following week receive any of the forfeited allotment.

4. That all departments, agencies, and wholesale dealers involved shall be notified by the Tax Commissioner by phone and registered mail as to the contents of this declaration.

5. That the emergency giving rise to this resolution shall exist until such time as LB 87 has become law or has been rejected by this Legislature and ceases to exist.

RESOLUTIONS

LEGISLATIVE RESOLUTION 39.

Introduced by Duke Snyder, 14th District.

WHEREAS, Governor J. J. Exon has proclaimed April, Nebraska Environmental Action Month; and

WHEREAS, air, noise, water, land and sight pollution are destroying our natural resources; and

WHEREAS, one tree fights five environmental problems by absorbing harmful gasses and carbon dioxide; producing clean oxygen to breathe; moderating temperatures; helping to reduce noise levels and creating homes for wildlife; and

WHEREAS, all it takes is a tree, a spade and one person to take action to put fresh air in a neighborhood, and to help replace the thousands of trees that have recently been lost.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. Nebraskans are urged to act promptly by joining the PLANT TREES NOW program to alleviate ecological deterioration.

2. Each capable Nebraskan is hereby appointed Chairman of: The Committee-Of-One-To-Get-Things-Done; to plant trees now; to work in a thorough, statewide clean-up at home, in alleys, vacant lots and streets.

3. April should be highlighted with special honors as Nebraska is the founding state of Arbor Day established by J. Sterling Morton of Nebraska City and further, famous as, "The Tree Planter State."

4. Every Nebraskan is urged to take personal action to understand and work for environmental correction programs and legislation to control large problems.

5. Every Nebraskan is urged to make an effort to applaud positive action and urge progressive programs, while continuing to pick up his own personal clutter.

6. Nebraskans are urged to remember while working now, that we enjoy long lives, economic and healthful abundance because pioneer families used common sense and action to develop our natural resources, and even while their problems were larger than they were in technical resources, they faced them every Spring and conquered.

7. Nebraskans are urged to start again this Spring to take personal action by recognizing Nebraska Environmental Action Month now and during every month of the year.

Laid over.

UNANIMOUS CONSENT—Print in Journal—LB 389

Mr. Syas asked unanimous consent to print the following letter in the Journal. No objections. So ordered.

March 10, 1971

Senator George Syas
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Syas:

You have inquired concerning the constitutionality of a committee amendment to L. B. 389 of this Legislative Session. The amendment strikes the words "and villages" in line one of the bill and substitutes in lieu thereof "of the metropolitan class." This makes the first sentence of the section read, "Cities of the metropolitan class shall be liable in damages for false arrest, assault and battery, making an illegal entry into property without a warrant, and illegal searches and seizures." You have questioned the constitutionality of having the liability pertain to only one area of the state and have suggested that this seems to be the making of local laws.

Article III, Section 18, of the Constitution of Nebraska provides:

"The Legislature shall not pass local or special laws in any of the following cases, that is to say:

"* * * *

"Incorporating Cities, Towns and Villages, or changing or amending the charter of any Town, City, or Village.

"* * * *

"* * *. In all other cases where a general law can be made applicable, no special law shall be enacted."

The Supreme Court of Nebraska has held on several occasions, the latest being *Campbell v. City of Lincoln*, 182 Neb. 459, 155 N. W. 2d 444:

"* * * : 'The Classification of the cities of the state into classes and sub-classes, and the conferring upon them of corporate powers by acts of the legislature of a general nature, yet the provisions of which are applicable to but one of such classes or sub-classes, is not repugnant to any provision of the constitution.' "

Generally it may be said that an act of the Legislature is presumed to be valid until it clearly appears to contravene some provision of the Constitution. It has further been held that the power of classification rests with the Legislature; nevertheless, it would appear that the committee amendment to L. B. 389 would be a violation of the constitutional provisions. In *United Community Services v. The Omaha National Bank*, 162 Neb. 786, 77 N. W. 2d 576, the Court said:

"The rule established by the authorities is that while it is competent for the legislature to classify, the classification, to be valid, must rest on some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to the objects classified. *** , *** ,"

Where there is a real difference of situation and circumstances surrounding a city or village of one class from that of another, the

Legislature may differentiate between these various classes; but this must be a classification based upon real differences where a general law cannot be made applicable.

The question then is whether this limiting of liability to cities of the metropolitan class rather than to all cities and villages is based upon a real difference of situation and circumstance between the city of the metropolitan class and these other cities and villages. Is this a case where a general law could not be made applicable? We fail to perceive any real difference in this situation between the various cities and villages, and as is stated in *Metropolitan Utilities Dist. v. City of Omaha*, 171 Neb. 609, 107 N. W. 2d 397:

“* * *: “The power of classification rests with the legislature, and this power cannot be interfered with by the courts, unless it is clearly apparent that the legislature has by an artificial and baseless classification attempted to avoid and violate the provisions of the Constitution prohibiting local and special legislation.” ” ”

The limiting of liability to cities of the metropolitan class and not for other cities and villages does not appear to be based upon a special situation where a real difference between these classifications exists, nor why a general law would not be applicable, as required where possible by the constitutional mandate, hence, we are of the opinion that the constitutionality of the bill as it now stands is, at the best, questionable.

Yours very truly,

CLARENCE A. H. MEYER
Attorney General

FIRST SESSION

SIXTY-THIRD DAY—APRIL 15, 1971

Legislative Chamber, Lincoln, Nebraska
Thursday, April 15, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O God, our Father, believing that Thou hast created us in Thine image, with a vast potential for growth and creativity, grant us now courage to stand for what is right; give us perseverance to contend against the wrongs of society; and afford us the wisdom to discern the difference.

We are painfully aware that most issues, by and large, cannot be discussed in terms of black or white, for they contain strands of gray. Therefore, when we are often called upon to make compromises, may they be not in the nature of giving up our principles but of trying to understand the other person's principles the better.

May we not lose confidence because of the intricate problems of discretion and decision, but know this is one reason why we have been put here on earth—to make decisions, for ourselves and others.

Give us, therefore, the incentive to lean toward the truth, toward the right, and toward the good. We pray in our Lord's name. Amen.

- 5 in prompt disposition of criminal cases, insofar as is
- 6 practicable:
- 7 (1) The trial of criminal cases shall be given
- 8 preference over civil cases; and
- 9 (2) The trial of defendants in custody and

10 defendants whose pretrial liberty is reasonably believed
11 to present unusual risks shall be given preference over
12 other criminal cases. It shall be the duty of the
13 county attorney to bring to the attention of the trial
14 court any cases falling within subdivision (2) above,
15 and he shall generally advise the court of facts
16 relevant in determining the order of cases to be tried.

17 Sec. 2. Applications for continuance shall be
18 made in accordance with section 25-1148, Reissue Revised
19 Statutes of Nebraska, 1943, but in criminal cases in the
20 district court the court shall grant a continuance only
21 upon a showing of good cause and only for so long as is
22 necessary, taking into account not only the request or
23 consent of the prosecution or defense, but also the
24 public interest in prompt disposition of the case.

1 Sec. 3. (1) Every person indicated or informed
2 against for any offense shall be brought to trial within
3 six months, and such time shall be computed as provided
4 in this section.

5 (2) Such six-months' period shall commence to
6 run from the date the indictment is returned or the
7 information filed. As to indictments or informations or
8 orders for a new trial pending on the effective date of
9 this act, such six-months' period shall commence to run
10 from the effective date of this act.

11 (3) If such defendant is to be tried again
12 following a mistrial, an order for a new trial, or an
13 appeal or collateral attack, such period shall commence
14 to run from the date of the mistrial, order granting a
15 new trial, or the mandate on remand.

16 (4) The following periods shall be excluded in
17 computing the time for trial:

18 (a) The period of delay resulting from other
19 proceedings concerning the defendant, including but not
20 limited to an examination and hearing on competency and
21 the period during which he is incompetent to stand
22 trial; the time from filing until final disposition of
23 pretrial motions of the defendant, including motions to
24 suppress evidence, motions to quash the indictment or
25 information, demurrers and pleas in abatement and
26 motions for a change of venue; and the time consumed in
27 the trial of other charges against the defendant;

1 (b) The period of delay resulting from a
2 continuance granted at the request or with the consent
3 of the defendant or his counsel. A defendant without
4 counsel shall not be deemed to have consented to a
5 continuance unless he has been advised by the court of
6 his right to a speedy trial and the effect of his
7 consent;

8 (c) The period of delay resulting from a

9 continuance granted at the request of the prosecuting
10 attorney, if:

11 (i) The continuance is granted because of the
12 unavailability of evidence material to the state's case,
13 when the prosecuting attorney has exercised due
14 diligence to obtain such evidence and there are
15 reasonable grounds to believe that such evidence will be
16 available at the later date; or

17 (ii) The continuance is granted to allow the
18 prosecuting attorney additional time to prepare the
19 state's case and additional time is justified because of
20 the exceptional circumstances of the case;

21 (d) The period of delay resulting from the
22 absence or unavailability of the defendant;

23 (e) A reasonable period of delay when the
24 defendant is joined for trial with a codefendant as to
25 whom the time for trial has not run and there is good
26 cause for not granting a severance. In all other cases
27 the defendant shall be granted a severance so that he
1 may be tried within the time limits applicable to him;
2 and

3 (f) Other periods of delay not specifically
4 enumerated herein, but only if the court finds that they
5 be for good cause.

6 Sec. 4. If a defendant is not brought to trial
7 before the running of the time for trial, as extended by
8 excluded periods, he shall be entitled to his absolute
9 discharge from the offense charged and for any other
10 offense required by law to be joined with that offense.

11 Sec. 5. Failure of the defendant to move for
12 discharge prior to trial or entry of a plea of guilty or
13 nolo contendere shall constitute a waiver of the right
14 to speedy trial.

15 Sec. 6. That sections 29-1201, 29-1203 and
16 29-1204, Reissue Revised Statutes of Nebraska, 1943, are
17 repealed.

18 Sec. 7. Since an emergency exists, this act
19 shall be in full force and take effect, from and after
20 its passage and approval, according to law.

RESOLUTIONS

LEGISLATIVE RESOLUTION 44.

Introduced by Orval Keyes, 3rd District.

WHEREAS, on October 14, 1969, Sarpy County had a special federal census and this census showed a population of 63,282; and

WHEREAS, on April 1, 1970, the federal census of Sarpy County showed a population of 65,007; and

WHEREAS, this shows a growth of 11 people per day or over 4000 people a year; and,

WHEREAS, it appears by projecting post federal census figures that Sarpy County will have a population of 91,400 by the 1976 election; and

WHEREAS, Douglas County population increases at a rate corresponding to that of Sarpy County; and

WHEREAS, voting districts in various parts of the United States have had population disparities of twelve per cent and have not been challenged in the courts when all factors have been considered, and in other instances disparities of two per cent have been challenged when no factors other than population were considered; and

WHEREAS, because of the rapid growth in Sarpy and Douglas counties and the county boundary lines, it is impossible to establish legislative districts affecting those counties that are within the percentage of total population within the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That legislative districts be established for Sarpy and Douglas counties, solely within the boundaries of each county, taking into consideration the growth pattern of each county.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 16, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Eternal God, for the members of this Legislature who are serving the people of this state, sometimes accepting personal abuse, misunderstandings, and often sacrificing home and family, we are grateful. May they feel that their service has been worthwhile. And may they be given a time of spiritual, mental, and physical re-creation, so again they may face problems too intricate to solve, yet which require a vote nevertheless.

Give to each one of these senators a righteous purpose from which no alluring incentives may cause them to deviate. Give them a toughness of will that no tribulation can destroy. Give them a coolness of mind, which can think objectively, and a warmth of heart which has compassionate logic as well as deep understanding that as we come to the end of this session we may merit thy benediction, "Well done, good and faithful servant." Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Holmquist, Klaver, Kokes, Proud, Swanson and Waldo who were excused and Mr. Chambers who was absent.

ANNOUNCEMENT

Speaker Hasebroock announced that Mr. Everroad's wife has passed away and asked that an expression of sympathy be extended. So ordered.

MEMBER EXCUSED

Mr. Fred Carstens asked unanimous consent to be excused at 11:00 until 12:00 noon and at 3:00 p.m. today. No objections. So ordered.

April 8, 1971

Senator Terry Carpenter
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Carpenter:

In your letter of April 2, 1971, you have asked several questions concerning the validity and effect of L. B. 152 and several proposed amendments which you attached to your letter. L. B. 152, as originally introduced, would amend Section 72-1246, R. S. Supp., 1969, to add to the investments authorized for the State Investment Officer to make, "long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state." Section 2 of the bill would require the Nebraska Investment Council to make such loans, and Section 3 would require the Council to give priority to such loans, and to liquidate other investments if necessary to meet the demand for such loans. The proposed amendments you have submitted would strike Section 2 of the original bill. The new Section 2, as submitted to us, provides that the Council "may" purchase such loans, and shall give preference to such loans when an investment in such loans would be equally as good as any other investment. Sections 3 and 4 make provisions for the administrative handling of such loans. Section 5 of the amendments provides that if the Nebraska Investment Council shall deem it to be in the best interest of the State of Nebraska, it may purchase up to one hundred per cent participation in such student loans from any qualified lending agency described in Section 2 of the act. These are the pertinent provisions of the bill and the proposed amendments which we feel are relevant to a discussion of the questions you raise.

Before engaging in a detailed discussion of your questions, we should set out our general approach to this problem. First, we point out that the 1968 amendment of Article XIII, Section 3, of the Nebraska Constitution authorized the state to guarantee or make long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state. There is therefore no question of such loans being in violation of the prohibition against lending the credit of the state in aid of any individual, as there would have been prior to the amendment of that section of the Constitution.

Second, we point out that a large number of funds are subject to the investment powers of the State Investment Officer, many of which are accumulated from sources other than tax dollars, and that the state holds these funds as trustee for the particular purpose for which they were created. In state ex rel. Ebke v. Board of Educational Lands and Funds, 154 Neb. 244, 47 N. W. 2d 520, the Court said:

"* * *. A trustee is required to dispose of trust property upon the most advantageous terms which it is possible for him to secure for the benefit of the cestui que trust whom he represents. The rule is no different in the leasing of property of a trust estate. A trustee is required to accept the highest bid in the absence of

cogent reasons for not so doing. It is a breach of trust for a trustee to knowingly handle the property of a trust estate for the benefit of any person at the expense of the trust estate. *Rettinger v. Pierpont*, 145 Neb. 161, 15 N. W. 2d 393; *Clark v. Provident Trust Co.*, 329 Pa. 421, 198 A. 36; *Kane v. Girard Trust Co.*, 351 Pa. 191, 40 A. 2d 466. It is a fundamental principle that a trustee owes beneficiaries of a trust his undivided loyalty and good faith, and all his acts as such trustee must be in the interest of the cestui que trust and no one else. * * *"

With these principles in mind, let us look at L.B. 152 and the proposed amendments. Your first question is whether the Nebraska Investment Council has the authority to engage in the activities set forth in Section 2, 3, 4, 5 and 6 of the proposed amendments. In general, we see no objections to the authorization for the Council to make such loans, so long as the making of such loans is made discretionary with the Council. However, we point out that Section 5 of the proposed amendments provides that the Council may purchase such loans if it "shall deem it to be in the best interest of the State of Nebraska," to do so. We believe this is an improper test for the exercise of discretion by the Council. Its first duty with respect to the investment of the trust funds in its possession is the best interests of the trusts, or the beneficiaries of the trusts, and not the best interest of the State of Nebraska. For it to make its decision on the basis of the best interests of the State of Nebraska is to authorize the Council to deviate from its duty of undivided loyalty to the beneficiaries of the trusts. We believe this to be improper.

Your second question is whether the Council can be given authority to purchase such loans from permanent school funds, retirement funds, and other funds at its disposal. The Council is required to invest such funds, and we see no objection to authorizing it to invest in such loans, in its discretion.

The answer to your second question, we believe, answers your third question, which was whether it would be necessary to appropriate specific funds for such loans, in the event that the funds itemized in your second question could not be utilized. Since we feel that they could be utilized, it would not be necessary to appropriate specific funds for such purpose, although to do so would not be objectionable. Your fourth question is whether Section 2 of the proposed amendment can require the Nebraska Investment Council to make such loans, or whether it must be made discretionary with the Council. In our opinion, the use of the word "shall" instead of "may" would raise serious question as to the validity of this section. As previously stated, the first obligation of a trustee is to the beneficiaries of the trust. If the loans in question are advantageous to the trust, it would be perfectly proper for the Council to make such loans. If, on the other hand, other types of investment would be more advantageous to the beneficiaries of the trust, either because of greater return or greater safety, it would be a violation of the Council's duty as trustee to make such loans. If the statute requires that the Council shall make such loans, it may be requiring the Council to violate its duty as trustee, and hence would be invalid.

Your fifth question concerns Section 2 of the proposed amendment, a portion of which provides that the Council shall give preference to such loans "when an investment in such loans would be equally as good as any other investment." We do not believe this provision to be objectionable. Assuming the premise of this provision, that such loans are as good as any other authorized investment, we cannot say that it would be a violation of the Council's duty as trustee to require it to give preference to such loans over other investments which were no better than the loans in question. We do not see how the beneficiaries of the trust could be prejudiced by such a provision.

Your last question deals with the propriety of renumbered Section 9 of the proposed amendment, which is Section 3 of the original bill. This section provides:

"The Nebraska Investment Council shall give priority to the loans required by section 2 of this act and shall liquidate other investments if necessary to meet the demand for such loans. All interest received on such loans shall be credited to the fund from which the loan was made."

This section, in the context of the original bill, is, we believe, objectionable, because it would require the Council to give priority to these loans and liquidate other investments to meet the demand, regardless of whether this was to the advantage or disadvantage of the beneficiaries of the trusts involved. However, if this section is read in conjunction with Section 2 of the amendment, it would appear that under the act, as it is proposed to be amended, the priority to these loans would be given only if they were equally as good as any other investment. If this factual situation is true, then we do not believe it would be a violation of the Council's duty to the beneficiaries of the trusts to require it to give priority to the loans, and, if necessary, to liquidate other investments to meet the demand for such loans.

Very truly yours,

Clarence A. H. Meyer

It is a special honor and privilege for me to have been asked to express on behalf of my diplomatic colleagues our sincere appreciation for the gracious hospitality that you, Sir, and the people of Nebraska have extended to us.

It is the privilege and the challenge of those, with responsibilities in public life, to be particularly involved with the changes which are the milestone of our times. Many references have been made to turbulent events as a special characteristic of the days in which we are living.

I believe that the history of mankind has repeatedly proved that evolution of human societies or political bodies is very dynamic indeed. I wonder if we, in our preoccupation with the problems of our era, are not over-emphasizing this dynamism which may have ebbed and flowed but has always loomed large throughout history. Concern has continually been

expressed by distinguished men of our nations over the problems that confront them.

This nation is no exception, and concern and even anxiety over the rapid changes in values that we see on all sides seems to be shared by citizens and leaders - alike.

We foreign observers are perhaps in a special position, and I, as one of them, feel very confident about the future of this nation which I love so much. The United States of America is a pluralistic society, it is a vibrant, dynamic and strong political body.

I believe that perhaps one of the important sources of your strength lies in the diversity of the components of the American society. I do not know many other instances in history where men of different races, creeds and beliefs have merged together in this joint venture which in less than 200 years changed 13 small colonies into a great power.

I am conscious that diversity sometimes brings confrontation, but let us not forget that the superior forms of biological life come from complex associations of very different cells and not from static monolithic structures.

We are proud of the special relationship between Latin America and the United States and Canada. We are proud of our common tradition of independence and, our common faith in the future of young nations.

We are proud of our own identity as sovereign Nations but we are conscious of the solidarity of our hemisphere. The United States of America has given repeated proof of their solidarity, as no nation in the Hemisphere and indeed in the world that suffered from a natural disaster has ever failed to receive the generous support of the Government and the people of this country, regardless of political attitudes or differences in approaches to specific problems.

This and many other factors are strong ties to bind us together in the future, as they have bound us together in the past.

A mature relationship of Nations based upon mutual respect and understanding can only mean a positive contribution to the progress of all mankind.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 20, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father, we know that we, by ourselves, are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen delegate. May Thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these senators, who represent us, represent Thee and, in Thy spirit be courageous enough to begin anew, fearless enough to admit mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud, to the end that we may help to establish Thy way of life for the people of this state. So may we all do the best we can, by Thy help, and be willing to leave the issue in Thy hands, through Jesus Christ our Lord. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Morgan, Stromer and Ziebarth who were excused.

RESOLUTIONS

LEGISLATIVE RESOLUTION 45.

Introduced by Terry Carpenter, 48th District; J. W. Burbach, 19th District.

Be it resolved that since federal statute concerning daylight saving time affords the States no choice except to repeal State Daylight Saving Time Statutes or follow the calendar dates set for commencement and closing of the annual daylight saving time schedule under federal laws, and,

Whereas the calendar schedule set by federal statute works a hardship on the agricultural segment of our population and adds to the hazards attending the transportation of children long distances for school purposes,

Now be it resolved that this 82nd Legislature of the State of Nebraska, First Session, supports measures now pending action in the Congress and endorsed by Nebraska's Congressional Delegation which would amend federal statute and provide for the annual calendar schedule of daylight saving time to begin on Memorial Day and end on Labor Day.

Laid over.

LEGISLATIVE RESOLUTION 46.

Introduced by J. W. Burbach, 19th District; William Swanson, 27th District.

WHEREAS, the State of Nebraska imposes a tax on aircraft fuels that most states surrounding Nebraska do not; and

WHEREAS, sixteen states impose a special excise tax on aircraft fuels and thirty-four states do not; and

WHEREAS, the Department of Aeronautics authorizes the

disbursement of a substantial portion of the aircraft fuel tax collected to local airports; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

MESSAGE FROM THE GOVERNOR

April 21, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I am writing to you today with regard to Legislative Bill 87 which has been presented to me for my signature. I wish to share with you my thinking in regard to LB 87 and the action which I am presently contemplating. My inclination is to veto LB 87.

I am hopeful that perhaps by directing these matters to your attention today, you may, still pursuant to your legislative rules, reconsider LB 87 and perhaps make such necessary amendments as to eventually accomplish a portion of your stated goals while allowing me, in good conscience, to sign the amended measure. We all want to be fair on tax matters. This measure deserves further consideration.

Let me caution against hasty discussions on capital construction commitments. While I do not rule out the eventual need for either a field house or a state office building, I recommend our joint reflection and consideration for nine months until next January on the specific projects.

It would be my belief that an activities building at the Beatrice State Home would be the prior consideration for construction of the three projects mentioned in LB 87.

By ear-marking tax funds for specific construction projects, we tend to fragment and fractionalize our tax base. May I respectfully urge a more thoughtful and reasonable approach.

It would seem consistent if we were to allocate 2 1/2% of the suggested cigarette tax increase to a permanent sinking fund for capital construction to be allocated by the Legislature as it reviews priorities. The remaining 2 1/2% might go to the general fund.

I hope you will see fit to consider these suggestions.

Sincerely,

(Signed) J. James Exon
Governor

RECESS

At 11:02 a.m., on a motion by Speaker Hasebroock, the Legislature recessed until 2:00 p.m.

PROGRAM

A ceremony honoring Dr. John G. Neihardt on the occasion of his fiftieth year as Nebraska's Poet Laureate was presented. Dr. Robert E. Knoll gave the following address:

In its century of existence, Nebraska's support for the life of the spirit has been uneven; but on April 18, 1921—fifty years ago this week—the Senate and House of Representatives of the Nebraska Legislature passed a joint and concurrent resolution naming John G. Neihardt Poet Laureate of Nebraska. Dr. Neihardt—in 1917 he had received an honorary doctor of letters from the University in the company of Willa Cather, Theodore Roosevelt, and General John J. Pershing—Dr. Neihardt was the first poet laureate to be appointed by any state; and he remains to this day the only poet laureate so designated by legislative action. A copy of the 1921 resolution is in your hands, printed in your program. On June 18th, 1921, two months after the legislative resolution, official notification ceremonies were conducted in the Temple theatre. A picture of some of the dignitaries

in attendance that day is before you. Dean L. A. Sherman, famous Shakespearean scholar, professor English, and acting chancellor, made the introductory remarks that day, and they deserve repeating now:

"We have unique grounds for congratulating ourselves upon the occasion which calls us together on this eighteenth of June, 1921. It is an auspicious date and day for the Commonwealth of Nebraska. No other state, it appears, has by legislative recognition, a poet laureate. No other state, we may fairly say, has such a reason. Nature has not shaped for us, in this paradise of prairie country, mountains that might become by myth or fancy, the home of gods or muses. There is, there can be, no Olympus, no Parnassus here. But we have that which has given fame to all the sacred groves and mountains and fountains of spiritual history. We have the poet himself in presence with us now.

"The ceremonial that we are assembled to witness is by no means a novel one. In the days when Parnassus was, in the youth time of the arts, sons of Apollo were crowned publicly with his laurel. And so at the end of the middle age was Petrarch crowned at the Capitol in Rome. Were our own great new Capitol finished, it would have been fitting that the first Poet Laureate of Nebraska be honored at or within its portals...."

Happily that Capitol is complete—we are in it—and fortunately Dr. Neihardt is also here, "craggy, quick-eyed (ninety) and alive as spring." We have met to commemorate the action of fifty years ago.

Our fathers' high aspirations are marked by splendid dreams as in this building, by generosity of spirit characteristic of William Jennings Bryan, and by wisdom like that of Senator George Norris. Dr. Neihardt belongs in this company. For three generations he has held up to us a vision of what we might become—if we lift our eyes above the necessary machinery of daily business. Through the dignity of his life and the scope of his books, he reminds us that we live for more than a moment. He would not have us overwhelmed in the sweep of time.

Dr. Neihardt has been called the Poet of Courage. He celebrates that virtue in his great poem, A Cycle of the West. Years ago I asked him one day, "Which of all the virtues is chief, Dr. Neihardt?" and without a moment's hesitation, he replied, "Courage, young man, courage"—this was some time back, before my hair was gray—"Courage, for without that no other virtue can come to anything." We would do well to heed him.

What Dr. Neihardt said about Willa Cather, in dedicating the Willa Cather Museum in Red Cloud in 1962, can be equally well said of himself:

"...it is for us, the living, and for the living who shall follow us, generation after generation, that we set this...Memorial against the flowing years, lest we forget the precious heritage that is ours through /him/. " Dr. Neihardt speaks to us, and, we trust, for us. We must not desert his heroic vision of the courageous West. He calls us to valor: courage and the far horizon, aspiration and a noble place in time.

Last week Dr. Neihardt found himself drawn, as though by ESP, to a single volume among many volumes on his shelves. Within a school edition of *The Song of Hugh Glass* he found a long mislaid letter from Mari Sandoz. Miss Sandoz had been unable to be in the State House when Dr. Neihardt's bust was placed in the rotunda outside that door behind you, and now she has joined Old Jules and lies under the prairie sod. What she wrote in 1961 can be repeated; indeed it is as though she had prepared for

this occasion when she wrote on that other occasion: "The State of Nebraska and all its citizens are honored this day by your gracious presence among us--those who must be far away as well as those gathered before you."

AFTER RECESS

The Legislature reconvened at 2:05 p.m., President Marsh presiding.

Eternal God, our Father, may this be a day of high visibility for us. So often our mental and emotional ceiling is zero. We try to think clearly and see accurately, but are often fogged in. Standing Committee amendment to LB 256:

- 1 1. Strike sections 1 and 2 and insert:
- 2 "Section 1. That section 77-2715.01, Revised
- 3 Statutes Supplement, 1969, be amended to read as
- 4 follows:
- 5 77-2715.01. (1) On or before November 15 of
- 6 each year, the State Board of Equalization and
- 7 Assessment shall set the rate of the income tax imposed
- 8 by section 77-2715 for the taxable year beginning in the
- 9 subsequent calendar year, and the rate of the sales tax

10 imposed by subsection (1) of section 77-2703 which will
11 be effective from January 1 through December 31 of
12 succeeding year.

13 (a) In fixing the rates, the State Board of
14 Equalization and Assessment shall first determine the
15 status of all fixed ~~appropriations~~ obligations for the
16 biennium which must be financed from the receipts from
17 the sales and use taxes, the individual and corporation
18 income and franchise taxes and other miscellaneous
19 receipts to the General Fund, from a certified statement
20 of all appropriations made by the most recent regular
21 session of the Legislature, which statement the Director
22 of Administrative Services shall prepare and furnish
23 prior to the convening of such board.

1 (b) If the Legislature should meet in a special
2 session during any year, the board shall add to the
3 appropriations as certified pursuant to subdivision (a)
4 of this subsection, the appropriation for the
5 legislative session, all miscellaneous claims,
6 deficiency bills, and all emergency appropriations.

7 (c) The board shall then determine the balance
8 of the General Fund at the beginning of the period under
9 consideration and the estimated receipts to the General
10 Fund from all sources other than the sales, use, income,
11 and franchise taxes for this period.

12 (d) The board shall then set the rates of the
13 sales tax and income tax so that the estimated funds
14 available pursuant to subdivision (c) of this subsection
15 plus estimated receipts from the sales, use, income, and
16 franchise taxes will be not less than five per cent in
17 excess of the appropriations as determined pursuant to
18 subdivisions (a) and (b) of this subsection.

19 (e) The rates of the sales and income taxes
20 shall be fixed so that the total sales and use taxes
21 levied will as nearly as possible equal the total income
22 and franchise taxes levied for the calendar year for
23 which the rates so fixed will be effective.

24 (f) For purposes of this subsection, total sales
25 and use taxes levied shall mean the total state sales
26 and use tax liability of all taxpayers for the relevant
27 period minus total food sales tax credits attributable
1 to the same period. Total income and franchise taxes
2 levied shall mean the total state income and franchise
3 tax liability of all taxpayers for the relevant period,
4 before deduction of food sales tax credits.

5 (g) The sales tax rate so fixed by the board
6 shall be an increment of one half of one per cent, and
7 the income tax rate so fixed shall be an increment of
8 one per cent.

9 (2) The board shall meet within thirty days

10 after each special session of the Legislature, and also
11 within thirty days after receiving a report from the Tax
12 Commissioner that there have been significant changes in
13 the provisions of the Internal Revenue Code of 1954 and
14 amendments thereto, other provisions of the laws of the
15 United States relating to federal income taxes, or the
16 rules and regulations issued under such laws, and shall
17 determine whether the rates for sales tax and income tax
18 must be changed. In making such determination the board
19 shall recalculate the requirements pursuant to the
20 formula set forth in subsection (1) of this section,
21 taking into consideration the appropriations for such
22 special session, all miscellaneous claims, deficiency
23 bills, and all emergency appropriations.

24 In the event the board determines the rates must
25 be changed as a result of such special session or as a
26 result of a change in the provisions of the Internal
27 Revenue Code of 1954 and amendments thereto, other
1 provisions of the laws of the United States relating to
2 federal income taxes, and the rules and regulations
3 issued under such laws, such sales tax rate shall be
4 made effective at the beginning of any calendar month
5 within the current calendar year and such income tax
6 rate shall be effective for the current taxable year.

SIXTY-NINTH DAY—APRIL 23, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 23, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

O Lord of our lives, wilt Thou teach us true discrimination, that we may be able to discern the difference between faith and fatalism, between activity and accomplishment, between humility and an inferiority complex, between a passing salute to God, and a real prayer that seeks to find out God's will. We can stand criticism. We can stand a certain amount of pressure. But we cannot stand the necessity of making grave decisions with nothing but our own poor human wisdom. Our heads are not enough and our hearts fail us. Cabbages have heads, but they have no souls. We, who are created in the image of God, are restless and unhappy until we know that we are doing Thy will by Thy help. This is what we pray for, through Jesus Christ our Lord. Amen.

10 Statutes Supplement, 1969, be amended to read as
11 follows:

12 81-263.84. (1) It shall be the duty of
13 the board to make a thorough study of the dairy
14 industry within this state and, based on all
15 relevant information, to determine based on all
16 relevant information available to the board
17 the minimum basic cost to the distributor, which
18 shall be a weighted average of such costs of
19 distributors and the minimum basic cost to the
20 jobber which shall be a weighted average of such
21 costs of jobbers, and the minimum basic cost to
22 the retailer of the various dairy products (a)
23 where delivery service is made complete to the
24 dairy display case of the retailer by or on
25 behalf of the distributor, (b) where delivery to
26 the retail store performed by or on behalf of the
27 distributor does not include service of the dairy
1 display case, and (c) where delivery to the
2 retail store is not performed by or on behalf
3 of the distributor. Different minimum basic
4 costs to the retailer shall be determined for
5 the various types and natures of the businesses
6 wherein dairy products shall be sold or may be
7 sold at retail. In making such determinations,
8 there shall be considered the distributor cost
9 to the distributor, and the jobber cost to the
10 jobber, and the cost to the retailer which,
11 under any system of cost accounting which is in
12 accordance with sound accounting principles and
13 reasonably adapted to the business of such dis-
14 tributor, or jobber, or retailer, is fairly
15 allocable to each dairy product or the sale
16 thereof to its customers or to a particular
17 class thereof. Such cost shall include, but
18 not be limited to, expenses for labor, adminis-

19 tration, rent, interest, depreciation, power,
20 raw and process ingredients, materials, supplies,
21 maintenance of equipment, selling, local and
22 national advertising, trading stamps not in
23 excess of the number given in normal trade,
24 transportation, delivery, credit losses, licenses
25 and other fees, taxes other than income taxes,
26 and insurance. The board shall also determine
27 different costs for the different natural
1 marketing areas which it may find within the
2 state.
3 (2) After making such determinations of
4 cost, the board shall determine, for the different
5 natural marketing areas which it may find within
6 the state, the minimum wholesale price, the
7 minimum retail price at which the various dairy
8 products may be sold, taking into account the
9 various methods of delivery specified in sub
10 section (1) of this section, and further taking
11 into account different types of packaging. In
12 determining the minimum retail price, the board
13 shall take into consideration the various types
14 and natures of the businesses wherein dairy pro-
15 ducts shall be sold or may be sold at retail in
16 any natural marketing area and may establish a
17 different minimum retail price for each such
18 type of business. Such prices shall be so
19 determined as to best protect the dairy industry
20 in the state, insure a sufficient quantity of
21 pure and wholesome dairy products, and be most
22 in the public interest. The board shall take
23 into consideration the balance between production
24 and consumption of dairy products, the cost of
25 production and distribution, a reasonable return
26 on the necessary investment, the purchasing power
27 of the consumers, and prices in adjacent natural
1 marketing areas and states, so that minimum
2 prices which are fair and equitable to the dairy
3 industry, retailers, and the consumer will result.
4 The board may, also, if evidence warrants it,
5 establish discount rates on a cost-justified
6 basis resulting from volume sales, credit
7 practices, the utilization of central billing,
8 and other relevant factors. The minimum prices
9 determined by the board shall not apply to sales
10 to the class of customers comprised of nonprofit
11 charitable, educational, and religious organi-
12 zations, licensed hospitals, or governmental
13 agencies, but sales shall not be made at a price
14 below minimum basic cost as determined under the

15 provisions of subsection (1) of this section.

16 (3) The board shall from time to time
17 review and change its determinations made under
18 the provisions of subsections (1) and (2) of this
19 section.

20 (4) The determinations or redeterminations
21 required by the provisions of subsections (1) to (3)
22 of this section shall be made only after a public
23 hearing notice of which has been given to all inter-
24 ested parties by publication once in one or more
25 newspapers of general circulation throughout the
26 state or natural marketing area concerned not less
27 than ten nor more than thirty days prior to the
1 hearing. Any determination or redetermination
2 shall be based solely on the evidence adduced at
3 such hearing.

4 (5) In determining or redetermining
5 minimum ~~prices~~ basic cost, the board shall order
6 the date when such prices shall become effective,
7 which date shall be not less than thirty nor
8 more than forty-five days after the date of the
9 order.

10 Sec. 5. That original sections 81-263.39,
11 81-263.41, 81-263.42, and 81-263.86, Revised
12 Statutes Supplement, 1969, are repealed.

13 Sec. 6. Since an emergency exists, this
14 act shall be in full force and take effect, from
15 and after its passage and approval, according to
16 law."

EIGHTY-SECOND LEGISLATURE

SEVENTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, April 26, 1971

Pursuant to adjournment, the Legislature met at 9:01 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Eternal God, we know Thou art high above us, yet deep within us. Wilt Thou give to this Senate, before facing this day, the strategic issues of finance confronting our state, a moment of composure and perspective by thinking on Thee, who dost face the problems of the universe.

May we not be apathetic, but rather filled with a desire to finish the work before us. Help us to understand what our state needs to do, and prepare us to evaluate the cost of this doing.

May we ever seek peace and harmony, but never a selfish peace, and with wider vision may we, steadfastly and faithfully, work to meet the imperative needs facing the people of our state. In our Lord's name. Amen.

MESSAGE FROM THE GOVERNOR

April 26, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
State House
Legislative Chambers
Lincoln, Nebraska

Dear Senators:

I am returning herewith LB 87 without my signature and with my objections. Despite strong sentiment in the Legislature to the contrary, I cannot agree to the fragmentation and fractionalization of the tax base as proposed. To earmark the expenditure of 30 millions of dollars which is to be extracted from a limited number of citizens is unacceptable by any standards. In my opinion, LB 87 is, for the most part, a hastily conceived measure; an unsound and unfair adventure in taxation and appropriation techniques.

I respectfully submit that should this proposal become law you would be setting a precedent that at first blush appears attractive, but one which eliminates reasonable approaches to fiscal management.

The Governor, most of the members of this Legislature, and certainly the overwhelming majority of the people of this state desire to hold the line on the primary source of state revenues.

We seriously jeopardize the prospects of holding the line on the sales and income taxes if we dilute, as proposed in LB 87, possible supplemental revenues of 30 millions of dollars as provided for special earmarking in this measure. Most of this revenue should be available to meet this state's future basic requirements. Have you, as Senators, considered what this amount of money could do in the next five years to reduce property tax loads by additional state aid to education with properly spelled out safeguards to reduce local taxes? I think not!

To me it is shocking that we seem to have some difficulty in this Legislature of passing a measure to eliminate the sales tax on food for the good of all the people while you exercise an unprecedented dash towards passage of LB 87 which would result in a multi-million tax dollar expenditure of unproven and non-priority needs.

I have advised you by letter last Wednesday, April 21, 1971, of a suggested compromise measure which adds reason and some sense of equality to the proposal. That was to place any such cigarette tax increases in the general fund or a sinking fund for capital construction. I remain open-minded with regard to some acceptable solution.

I call to your attention that you are committing construction of a field house, costing millions of dollars, without knowing even how many millions are required. The field house dollar needs should be reviewed and some plan developed, rather than the issuance of a blank check authorization.

Let us review, for the record, the situation with regard to field houses, and their financing, at the other Big Eight Conference institutions.

The following universities are using field houses that are not new:

Colorado
Kansas State
Oklahoma
Oklahoma State

The University of Kansas has recently completed a major addition to their facility all financed out of University athletic funds.

Similarly, Iowa State has just completed a new field house also financed by athletic funds and gifts.

Missouri, who is in the process of completing a new field house, used a combination of 12 million dollars in tax supported funds plus athletic funds. However, Missouri has been fair enough with their citizens not to tax only a minority for such an expensive undertaking.

It would seem reasonable to explore how much in funds might be expected and generated from the athletic programs of the University for such an endeavor. We should recognize that major additions were accomplished to Memorial Stadium without tax dollars through revenue bonds that are about to be completely retired. Could not such continuing revenue be employed for at least a portion of the costs of a new field house?

This administration is consolidating some of the scattered state offices presently renting space outside the Capitol Building. We will continue this effort in our search for realistic economics. The proposed state office building you have approved is not an economy measure.

We do not abandon the proposition that a new state office building may be advisable at some future date on the proposed site. We do reject the idea that it must be done now! We also reject the present state office building proposal for a structure estimated to cost approximately \$35.00 per square foot when the most recent luxurious downtown office building in Lincoln was constructed for approximately \$25.00 per square foot.

I do not take issue, but applaud your recommended expenditure of \$695,000 for a recreational building at the Beatrice State Home. However, the natural emotionalism of support for this facility should not be issued to assist in the "selling" of this 30 million dollar package.

With the demand by Nebraska citizens that we proceed with prudence and caution; with the recent actual figures indicating earlier income projections were overly optimistic; and with an obvious need to consider in the future an attempt at some type of property tax relief, I urge caution.

I ask your thoughtful reconsideration of this recently conceived proposal and obligation of committing such dollars to projects that obviously are not critical and should be funded only in a rational and orderly manner.

To, on the one hand be compelled because of fiscal responsibility to hold state government to a carefully developed budget, and on the other

to commit construction as specified in LB 87 while other priority needs are asked to wait, is a position as Governor I cannot take. On behalf of the citizens you represent, I urge you to unemotionally reconsider the magnitude of your acts.

Sincerely yours,

(Signed) J. James Exon
Governor

FIRST SESSION

SEVENTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 28, 1971

Pursuant to adjournment the Legislature met at 9:05 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

We acknowledge Thee as the Ever-Living one, ever present with the children of men, to direct, guide and sustain, according to thine own promises.

Help us to keep off the paths on which we might go astray. Keep us on the roads that lead to righteousness and justice and abiding prosperity.

In these days of national and international discord, and times of war and rebellion within and without the country, preserve us from national calamities, and from those national sins that lead to social disintegration and ultimate destruction.

Make us all strong in the fear of God and the love of human brotherhood, and cause this nation to be a blessing to the less blest nations of the world.

We ask these favors in the name of Jesus Christ our Lord.
Amen.

PRAYER

Prayer was offered by Rev. Ronald L. Bump.

O God, with the fever of life all around us we struggle to give meaningful form to our living . . . We rejoice with a solemn joy when we've been able to weave the tough fiber of love into the fabric of our society; we agonize, O God, over those moments when the needed answer seemed lost in our own inability to understand or to communicate . . . Thank you for the moments when we've been helpful; forgive us for those times when we've been in the way . . . And walk among us now, we pray, that what we do in word and deed may anticipate that day when Thy will shall be done in all places by all people . . . Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE

SEVENTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 30, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Rev. Ronald L. Bump.

Our Father, we think again this morning about your mighty acts on behalf of the human spirit. . . . A Pharaoh stands helpless as a remnant of people escape his clutches, and all the power of an Empire cannot overcome a single Man. To resist Thy Power is surely disaster . . . Therefore, help us, we pray, to pledge again eternal hostility against all that would tyrannize or belittle the human spirit and rekindle within us, we humbly ask, unfaltering vigilance for that Truth which can only come from Thee . . . We pray in response to Thy generous Love. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 3, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Eternal Father, grant to the members and officers of this Legislature a meaningful moment of prayer before they take up the duties of this day. Turn their thoughts to Thee, and open their hearts to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments. Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day. Rather, from these moments of hard searching may there come such a sweetness of disposition that all may know that Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, "well done, good and faithful servant." So help us all this day. Through Christ our Lord. Amen.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, May 4, 1971

Pursuant to adjournment the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father in heaven, today we pray for Thy gift of contentment, that we may not waste our time desiring more, but learn to use and enjoy what we have.

We may not know everything, but we may know Thee and Thy will. We need not be rich to be generous, nor have all wisdom to be understanding. Our influence may not be great, but it can be good. Our speech may not be eloquent, but it can be truthful and sincere. We cannot all have good looks, but we can have good conscience, and having that, we shall have peace of mind and need fear no man.

May we be kind one to another, tender-hearted, forgiving one another, even as Thou, for Christ's sake, hath forgiven us. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Skarda and Mrs. Craft who were excused and Mr. DeCamp was absent.

COMMUNICATION

May 4, 1971

Mr. Vincent D. Brown
Clerk of the Legislature
State House
Lincoln, Nebraska

Dear Mr. Brown:

You have called our attention to a motion adopted this morning which provides that, "The Attorney General be instructed that when an opinion is made as a request from a member of the Legislature that a copy be sent to the Clerk and printed in the Journal."

We are glad to receive guidance from the Legislature in carrying out our work with them, but we need some clarification of the motion. During 1969 and 1970 we prepared over 500 written communications to members of the Legislature. With annual sessions, this number will undoubtedly increase. Almost all of these communications involve legal advice in connection with legislative matters, because we will not advise members on questions which are not legislative in character. Some were written in connection with legislation being developed by your committees, and revelation of their contents by filing copies with the Clerk would in some cases upset community relations for Senators seeking solutions to problems. Others would involve cases pending in court but dealing with problems which require legislative attention. These are only a few of the problems which suggest themselves if we were to literally follow the motion.

Section 84-205 of the statutes provides in part that the Attorney General is, "To give when required, without fee, his opinion in writing

upon all questions of the law submitted to him by the Governor, the head of any executive department * * * or the Legislature." There is no requirement that we answer the questions of individual Senators, but we have done so because we wanted to be of help to you. We regret that our efforts in this regard have caused a problem.

We would like to have you refer this matter to a group of your members with whom we could work to find a solution satisfactory to all concerned.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

SEVENTY-SEVENTH DAY—MAY 5, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 5, 1971

Pursuant to adjournment the Legislature met at 9:02 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

Eternal God, as our inward thoughts in this moment reveal our souls, so also shall the words we speak on this floor, and the decisions we make as leaders of the people. May these Senators, therefore, have about them a sense of history and a knowledge of the past. May they remember how others have acted in similar times of crisis and decision, but free us from a mere worship of old decisions so that we may not be coasting in a day like this, but rather marking new trails of needed action today.

In thinking of Thee, no thought is lost; may we think on. In talking with Thee, no words are lost; may we talk on. In working for Thee, no energy is lost; may we work on, by the power of Thy Spirit. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Schmit who was excused and Mr. Chambers who was absent until 11:20 a.m.

CORRECTION FOR JOURNAL

8. Amend the bill by striking all of Secs. 21 through 40 commencing at page 36, line 16 and ending at page 50, line 14 and in lieu thereof insert:

"Sec. 21. Notwithstanding the terms, provisions or conditions of any agreement or franchise, no franchisor shall terminate or refuse to continue any franchise unless the franchisor has first established, in a hearing held under the provisions of this Act, that:

1. The franchisor has good cause for termination or noncontinuance, and

2. Upon termination or continuance, another franchise in the same line-make will become effective in the same community, without diminution of the franchisees' service formerly provided, or that the community cannot be reasonably expected to support such a dealership; provided however, a franchisor may terminate a franchise for a particular line-make if the franchisor discontinues that line-make and a franchisor may terminate a franchise if the franchisee's license as a motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer is revoked pursuant to the provisions of this Act."

"Sec. 22. In the event that franchisor is permitted to terminate or not continue a franchise, and is further permitted not to enter into a franchise, for the line-make in the community, no franchise shall thereafter be entered into for the

sale of a motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer of that line-make in the community, unless the franchisor has first established, in a hearing held under the provisions of this Act, that there has been a change of circumstances so that the community at that time can be reasonably expected to support the dealership."

"Sec. 23. No franchisor shall enter into any franchise for the purpose of establishing an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership in any community in which the same line-make is then represented, unless the franchisor has first established in a hearing held under the provisions of this act that there is good cause for such additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership under such franchise, and that it is in the public interest."

"Sec. 24. Every franchisor and franchisee shall fulfill the terms of any express or implied warranty concerning the sale of a motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer to the public of the line-make which is the subject of a contract or franchise agreement between the parties. If it is determined by the district court that either the franchisor or franchisee, or both, have violated an express or implied warranty, the court shall add to any award or relief granted an additional award for reasonable attorney fees and other necessary expenses for maintaining the litigation."

"Sec. 25. In the event that a franchisor seeks to terminate or not continue any franchise, or seeks to enter into a franchise establishing an additional motor vehicle, combination motor vehicle and trailer, motorcycle or trailer dealership of the same line-make, the franchisor shall file an application with the board for permission to terminate or not continue the franchise, or for permission to enter into a franchise for additional representation of the same line-make in that community."

"Sec. 26. Upon receiving an application, the board shall enter an order fixing a time, which shall be within ninety days of the date of such order, and place of hearing, and shall send by certified or registered mail, with return receipt requested, a copy of the order to the franchisee whose franchise the franchisor seeks to terminate or not continue. If the application requests permission to establish an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership, a copy of the order shall be sent to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The board may also give notice of franchisor's application to any other parties whom the board may deem interested persons, such notice to be in the form and substance and given in the manner the board deems appropriate. Any person who can show an interest in the application may become a party to the hearing, whether or not he receives notice; provided however, a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise or in the establishment of an additional motor vehicle dealership."

"Sec. 27. If the board finds it desirable it may upon request continue the date of hearing for a period of ninety days, and may upon application, but not ex parte, continue the date of hearing for an additional period of ninety days."

"Sec. 28. Upon hearing, the franchisor shall have the burden of proof to establish that under the provisions of this Act he should be granted permission to terminate or not continue the franchise, or to enter into a franchise establishing an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership."

Nothing contained in this Act shall be construed to require or authorize any investigation by the board of any matter before the board under this Act. Upon hearing, the board shall hear the evidence introduced by the parties and shall make its decision solely upon the record so made."

"Sec. 29. The rules of civil procedure relating to discovery and

inspection shall apply to hearings held under the provisions of this Act, and the board may issue orders to give effect to such rules.

In the event issues are raised which would involve violations of any state or federal antitrust or price-fixing law, all discovery and inspection proceedings which would be available under such issues in a state or federal court action shall be available to the parties to the hearing, and the board may issue orders to give effect to such proceedings.

Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the board. The board shall apportion all costs between the parties."

"Sec. 30. Notwithstanding the terms, provisions or conditions of any agreement or franchise, the following shall not constitute good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchisor desires further penetration of the market,
2. The change of ownership of the franchisee's dealership or the change of executive management of the franchisee's dealership, unless the franchisor, having the burden or proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of franchisor's motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer in the community,

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee."

"Sec. 31. Notwithstanding the terms, provisions or conditions or any agreement of franchise, subject to the provisions of subsection two (2) of section thirty (30) of this Act, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer or in the event of change in the executive management of the franchisee's dealership the franchisor shall give effect to such a change in the franchise unless the transfer of the franchisee's license under this Act is denied or the new owner is unable to obtain a license under this Act as the case may be."

"Sec. 32. The board may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents, and all other evidence. The board may apply to the district court of the county wherein the hearing is being held for a court order enforcing this section."

"Sec. 33. In the event that a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership in a community where the same line-make is then represented, without first complying with the provisions of this Act, no license under this Act shall be issued to that franchisee or proposed franchisee to engage in the business of selling motor vehicles, combination motor vehicles and trailer, motorcycles, or trailers manufactured or distributed by that franchisor."

"Sec. 34. In determining whether good cause has been established for terminating or not continuing a franchise, the board shall take into consideration the existing circumstances, including, but not limited to:

1. Amount of business transacted by the franchisee.
2. Investment necessarily made and obligations incurred by the franchisee in the performance of his part of the franchise.
3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the franchisee to be disrupted.
5. Whether the franchisee has adequate motor vehicle, combination motor

vehicle and trailer, motorcycle, or trailer service facilities, equipment, parts and qualified service personnel to reasonably provide consumer care for the motor vehicles, combination motor vehicles and trailers, motorcycles, or trailers sold at retail by the franchisee and any other motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer of the same line-make.

6. Whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee, provided that the franchisor reimburses the franchisee for such warranty work performed by the franchisee.

7. Except as provided in section thirty (30) of this Act, failure by the franchisee to substantially comply with those requirements of the franchise which are determined by the board to be reasonable and material.

8. Except as provided in section thirty (30) of this Act, bad faith by the franchisee in complying with those terms of the franchise which are determined by the board to be reasonable and material."

"Sec. 35. In determining whether good cause has been established for entering into an additional franchise for the same line-make, the board shall take into consideration the existing circumstances, including, but not limited to:

1. Amount of business transacted by other franchisees of the same line-make in that community.

2. Investment necessarily made and obligations incurred by other franchisees of the same line-make, in that community, in the performance of their part of their franchises.

3. Permanency of the investment.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, May 6, 1971

Pursuant to adjournment the Legislature met at 9:05 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

O Lord, Our God, in the midst of the perplexities which confuse us, doubts which torment us, and rivalries which divide us, give us a faith and a compassion which will unite us.

We are grateful for the differences represented in this legislature; differences which alone can focus new light on our issues. May we debate with fervor and disagree with understanding, but underneath our differences wilt Thou show us anew that a house that remains divided cannot stand, let alone lead our people to unity and peace and prosperity.

With all our differences, may we still be "one people under God, indivisible, with liberty and justice for all." Amen.

ROLL CALL

The roll was called and all members were present except Mr. Schmit who was excused.

"Sec. 2. Notwithstanding any other provision in the Constitution, the Legislature may authorize any county, incorporated city or village, including cities operating under home rule charters, to acquire, own, develop, and lease real and personal property suitable for use by manufacturing or industrial enterprises and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued. The acquiring, owning, developing, and leasing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by mortgage upon such property. No such governmental subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

"Sec. 81. Since an emergency exists, this act
2 shall be in full force and take effect, from and after
3 its passage and approval, according to law."

Mr. Carpenter offered the following amendments which were adopted:

~~In the years that a President and Vice President are to be elected there shall be elected, at the primary election, delegates and alternates to the national convention. The number of delegates shall be governed by the rules of the national political party holding such convention. Two of such delegates for each political party shall be elected from each congressional district.~~

In each Presidential election year, delegates to the national conventions of the political parties shall be elected in the following manner:

(1) The number of delegates shall be governed by the rules of the national political party holding the convention. The total number

of delegates thus authorized shall be allocated between delegates at large and delegates representing the congressional districts, in the following manner:

(a) The electors shall elect three delegates at large and there shall be at least one delegate at large for each congressional district; any remaining delegates after the delegates to be elected and the allocation of district delegates shall also be district delegates at large.

(b) The number of delegates representing congressional districts shall be determined by first subtracting from the total number of delegates, the three delegates to be elected at large, and the number of congressional districts then existing in the state; the remaining number shall then be divided as equally as possible by the number of Congressional Districts then existing in the state. The quotient is the number of delegates from each Congressional District. Any remainder shall be added to the number of district delegates at large.

(2) (a) The three delegates at large to the National Convention shall be elected at the statewide primary and the remaining delegates shall be selected at the party's post-primary state convention in accordance with a procedure adopted by the party's State Central Committee for such purpose. A statement setting forth such procedure and certifying its adoption shall be filed in the office of the Secretary of State by the state chairman of the party not later than March first of each Presidential election year. The names of those delegates selected at the post-primary convention shall be certified to the Secretary of State.

(b) The delegates elected at large and from the congressional district shall be elected in the primary election as provided in Section 32-542.01.

FIRST SESSION

SEVENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, May 7, 1971

Pursuant to adjournment the Legislature met at 9:02 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father God, again at the dawn of a new day we turn unfilled to Thee. Take Thou the dimness of our souls away. Facing fresh duties, we would first search our own souls. May Thy holy powers of renewal be felt in every heart, and may all that has been withered in us be spiritually restored. May weights of despair be changed to wings of hope. May disappointments be changed into radiant expectations. May any bitterness of selfishness lurking in our hearts be transformed into a love that thinketh no evil and seeketh not its own. Scorning expediency and false compromise, may we be true to all truth the world denies, not tongue-tied by any lies, or persuaded by the wrong pressures, but faithful to the light which Thou hast placed within us. Amen.

LEGISLATIVE JOURNAL

**EIGHTY-SECOND LEGISLATURE
FIRST SESSION**

EIGHTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 10, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

Our Father God, who art the light of all our seeing, we thank Thee for this quiet moment when facing human issues, with heavy responsibilities committed to our hands, trusting a strength and a wisdom not our own, we can look away from things seen to things unseen and confidently express our faith - in God we trust. In the secret places of the inner life may there be those spiritual deposits, that strength of conviction, that loyalty to ideals, that vision splendid of faith and hope that shall give poise and courage and undeviating devotion to the right, as Thou dost give us to see the right. May we highly resolve to give all and to dare all, and may our glad hearts thrill at the beckoning challenge of being partners with Thee, our Redeeming God, in building a society where righteousness and justice shall one day cover the earth as the waters cover the sea. Amen.

LEGISLATIVE BILL 717. Placed on General File

UNANIMOUS CONSENT—Print in Journal

Mr. Syas asked unanimous consent to print the following letter in the Journal. No objections. So ordered.

April 8, 1971

Senator George Syas
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Syas:

In response to your recent letter Legislative Bill 866 has been reviewed. By its terms, it proposes to create a single administrative commission whose concern would be post high school education, including junior colleges, vocational technical schools, the State Colleges and the University of Nebraska. As proposed, this commission would be granted a broad advisory function. However, along with this advisory function L. B. 866 grants rule-making power to the commission. As examples, Section 7(1) provides that no new programs may be established in any post high school institution without the prior approval of the commission, Section 7(6) authorizes a unified program of extension offerings, and Sections 8(5) and 9 authorize the commission to accept grants and to administer federal educational funds.

These and other rule-making functions proposed in L. B. 866 appear to conflict directly with the Nebraska constitutional provisions, found in Article VII, Section 10 and Article VII, Section 13, which place the general government of the University of Nebraska and the State Colleges in their respective boards. If the matter were before our Court it is extremely questionable whether it would uphold any attempt to remove from the Board of Regents and the Board of Trustees of the Nebraska State Colleges their constitutionally imposed duties to govern their respective schools

without constitutional authority. This constitutional authority would require amendments to Article VII, Section 10 and Article VII, Section 13.

The possibility of dissecting from L. B. 866 those portions which impose affirmative duties rather than advisory duties on the proposed Nebraska Commission on Higher Education and which conflict with the constitutional provisions already mentioned, has been considered. This does not appear feasible, as the evident intent of the bill is to consolidate functions pertaining to higher education in this state, and excepting from such provisions the University and the State Colleges would emasculate the bill. Another possibility is that the bill might be revised in order to constitute the proposed Nebraska Commission on Higher Education as a solely advisory board. The conflict then between such a revised bill and the constitutional provisions might be harmonized.

You have inquired, further, whether the bill as proposed contains an unlawful delegation of legislative power to the proposed commission. In view of the foregoing discussion that question need not be reached, but it appears that there are good reasons for our court to uphold the delegation contained therein as being based on sufficient legislatively declared standards.

In sum, it is our opinion that insofar as L. B. 866 attempts to grant governmental powers to a new commission which have been already granted to the Board of Regents and the State College Board, it rests on questionable constitutional grounds.

Very truly yours,
CLARENCE A. H. MEYER
Attorney General

WHEREAS, the citizens of the State of Nebraska and the various governmental units have historically supported and approved the principle that all persons should have available to them quality education through a public school system; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislative Council appoint a committee to study:

LEGISLATIVE RESOLUTION 67.

Introduced by Loran Schmit, 23rd District.

WHEREAS, pesticides have been developed which are very effective against the pests they are designed to eradicate or control but may also be harmful to desirable species including man; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Enrollment and Review amendments to LB 751:

1. In lieu of the Carpenter amendments adopted 4/16/71, strike sections 1 and 2 and insert nine new sections to read:

"Section 1. It is the declared policy of the State of Nebraska that it is necessary to regulate and control the manufacture, sale, and distribution of alcoholic liquors within the state for the purpose of fostering temperance in their consumption and respect for and obedience to the law. The advertising material furnished by suppliers of alcoholic liquor to retail licensees is an integral part of the distribution and the sale of alcoholic liquor together with the pricing by the suppliers of their products to retail licensees. In the supplying of advertising materials to retail accounts certain confusion has resulted from the enactment of conflicting legislation and failure to clarify the regulation of advertising materials which can legally be supplied may result in the placing in retail establishments of advertising materials which are not primarily for advertising purposes, but which would, in fact, give to the retail licensee matters of considerable value resulting in a tied-house between suppliers and retailers. There is a need to clarify existing legislation regulating advertising matters to be furnished retail licensees to promote an orderly marketing of alcoholic liquor which, in turn, will serve to promote temperance. To further accomplish these objectives and the declared legislative policy of the state in the manufacture, distribution and sale of alcoholic liquor, it is necessary that legislation be enacted to provide for the suppliers of alcoholic liquor to file with the Nebraska Liquor Control Commission schedules of prices at which the suppliers' brands of alcoholic liquor are available for purchase by retail licensees. This act is not for the purpose of fixing the wholesalers' prices to be charged to retailers but is for the purpose of making known to retail licensees the price at which alcoholic liquor will be sold to any

15 retailer in the state. The further requirement that
16 such schedules be posted thereof, at the supplier's
17 place of business will promote the orderly marketing of
18 alcoholic liquor. In part, this legislation will also
19 implement section 53-168. In this implementation it is
20 recognized that there are marketing factors which differ
21 between beer and other alcoholic liquors. Some of these
22 factors are the more frequent turnover of a retailer's
23 beer inventory, the fact that wholesalers of other
24 liquors handle more brands of their products than beer
25 wholesalers, most of whom distribute only one of two
26 major brands of beer, the shelf life of beer, and other
27 factors. Because of these differences it is the
1 declared policy of this state to have this act apply to
2 beer only as it pertains to the initial filing of price
3 schedules and then have the marketing of beer governed
4 by the provisions of section 53-168. Recognizing the
5 marketing requirements of alcoholic liquor, except beer,
6 it is the legislative intent to require the filing of
7 price changes and in order to promote a more orderly
8 marketing of alcoholic liquor, except beer, to allow
9 only the posting down of the pricing of each brand
10 thereof not more than two times each year. These
11 provisions will enable the retail licensees to be
12 advised of price changes and enable the Nebraska Liquor
13 Control Commission to adequately enforce the provisions
14 of section 53-168.

15 Sec. 2. Within fifteen days after the
16 effective date of this act each wholesales, distributor,
17 or manufacturer selling alcoholic liquor to retail
18 licensees in the state shall file with the commission,
19 in such form as prescribed by the commission, a complete
20 schedule of all prices to be charged to retail licensees
21 by such form as prescribed by the commission, a complete
20 schedule of all prices to be charged to retail licensees
21 by such manufacturer, distributor, or wholesaler from
22 the point of shipment for each brand of alcoholic liquor
23 sold to retail licensees in the state by such
24 manufacturer, distributor, or wholesales. Such schedule
25 shall be duly verified by the manufacturer, wholesaler,
26 or distributor or his duly authorized agent and shall
27 set forth: (1) The unit price per case for all such
1 alcoholic liquor of each brand; and (2) the unit price
2 per bottle, or other container, for all alcoholic liquor
3 of each brand sold in broken case lots, the size of the
4 bottle or container to be specified.

5 Sec. 3. Any such manufacturer, distributor, or
6 wholesaler of alcoholic liquor, except beer, at any time
7 after the filing of its schedules of prices charged to
8 retail licensees, may amend the same by filing with the
9 Nebraska Liquor Control Commission an amendment in

10 writing on a form to be prescribed by the commission and
11 specifically setting forth each item for which a change
12 in price is made and stating the new price to be charged
13 and the effective date of the price change, which shall
14 in no case be less than thirty days after the date of
15 filing the amendment with the commission and shall
16 specify the period of time that the price change will be
17 effective, which shall in no case be less than thirty
18 days after the effective date thereof. For any brand or
19 brands that have not previously been sold to retail
20 licensees in this state by such manufacturer,
21 distributor, or wholesaler, the price schedule may be
22 amended for such brand or brands to become effective
23 upon the filing of the amendment. If such manufacturer,
24 distributor, or wholesaler has not previously sold such
25 a brand in the state and has not previously filed a
26 schedule of prices, then the prices of such brand or
27 brands shall become effective immediately on filing of
1 such a schedule and shall remain in effect for at least
2 thirty days. If the price is increased thereafter, the
3 price shall remain in effect for a period of one hundred
4 fifty days before it can be reduced.

5 No manufacturer, distributor, or wholesaler
6 shall make amendments of its price schedules to effect a
7 discount in prices because of a retailer licensee's
8 quantity purchases or to discriminate between retailers.
9 To aid in the prevention of such discounts or
10 discriminations, it shall be unlawful for any
11 manufacturer, wholesaler, or distributor to reduce its
12 price to retail licensees on a brand more than twice in
13 any twelve-month period, and in the case of an increase
14 in the price of a brand after a reduction, the increased
15 price cannot be reduced again for one hundred fifty days
16 thereafter.

17 Sec. 4. Any manufacturer, distributor, or
18 wholesaler hereafter licensed shall, before commencement
19 of business to sell alcoholic liquor at retail under
20 such license, file its schedule with the Nebraska Liquor
21 Control Commission, the same to be effective immediately
22 upon filing, and shall thereafter proceed with regard to
23 amendments as provided for in section 3 of this act.

24 Sec. 5. That section 53-169, Revised Statutes
25 Supplement, 1969, be amended to read as follows:
26 53-169. (1) No manufacturer, distributor, or

4 this act to sell alcoholic liquor at retail, either for

6 such license, or advance, furnish, lend, or give money
7 for payment of such license; ~~(3)~~ (c) purchase or become
8 the owner of any note, mortgage, or other evidence of
9 indebtedness of such licensee or any form of security
10 therefor; ~~(4)~~ (d) be interested in the ownership,
11 conduct, or operation of the business of any licensee
12 authorized to sell alcoholic liquor at retail; or ~~(5)~~
13 (e) be interested directly or indirectly, or as owner,
14 part owner, lessee, or lessor thereof, in any premises
15 upon which alcoholic liquor is sold at retail.

16 (2) No manufacturer, distributor, or wholesaler
17 shall, directly or indirectly or through a subsidiary or
18 affiliate, or by any officer, director, or firm of such
19 manufacturer, distributor, or wholesaler, furnish, give,
20 lend, or rent any interior decorations other than
21 advertising signs, or furnish, give, lend, or rent any
22 signs or displays, for inside ~~or outside~~ use, costing in
23 the aggregate more than one hundred dollars in any one
24 calendar year for use in or about or in connection with
25 any one establishment on which products of the
26 manufacturer, distributor, or wholesaler are sold;
27 Provided, nothing in this act contained shall be
1 construed as affecting existing signs that if such
2 advertising signs are illuminated in any manner, they
3 will be disconnected from their source of electrical
4 energy during all times the retail premises are closed
5 for business. Lawful advertising signs or displays
6 shall include the following: (1) Pole displays, pole
7 merchandisers, and stackers made of cardboard with or
8 without metal feet, including cardboard bins designed to
9 merchandise and advertise products and having no
10 secondary value; (b) counter and floor racks, which are
11 furnished by the manufacturer and are specifically
12 identified with the manufacturer's brand; and (c) items
13 and calendars advertising schedules of entertainment
14 events or holidays and having no other secondary value.
15 No person, engaged in the business of manufacturing,
16 distributing, or wholesaling alcoholic liquors shall
17 directly or indirectly pay for or advance, furnish any
18 items for the individual use of the retail licensee's
19 customers, or lend money for the payment of any licenses
20 for another.

21 Sec. 6. The Nebraska Liquor Control Commission
22 may revoke or suspend the license of any manufacturer,
23 wholesaler, distributor, or retailer found violating the
24 provisions of this act and all proceedings under this
25 act shall be governed by the provisions of Chapter 53
26 governing the suspension or revocations of licenses and
27 the appeals to the courts from any orders of the
1 commission.

2 Sec. 7. If any section in this act or any part

3 of any section shall be declared invalid or
 4 unconstitutional, such declaration of invalidity shall
 5 not affect the validity of the remaining portions
 6 thereof.

7 Sec. 8. That original section 53-169, Revised
 8 Statutes Supplement, 1969, is repealed.

9 Sec. 9. Since an emergency exists, this act

MESSAGE FROM THE GOVERNOR

May 12, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska 68509

Dear Senators:

I return herewith LB 573 without my signature and with my objections.

Lengthy discussion in this message will serve no useful purpose. You are aware of my opposition to this measure.

We all recognize that there are legitimate concerns in some areas with regard to local taxes on business and agricultural inventory. Myself and others have suggested alternative proposals that should be considered in future sessions.

Equality in taxation will not allow raising the sales and/or income taxes on

the average citizen of this state in order to benefit, for the most part, a select group.

I simply ask that you sustain my action because LB 573 is unfair legislation under any reasonable standards.

Yours very truly,

(Signed) J. James Exon
Governor

Pursuant to adjournment the Legislature met at 8:31 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

In this, the day that the Lord hath made, help us to appreciate its beauty and to use aright its opportunities.

Deliver us from the tyranny of trifles during these closing days of the Legislature. May we give our best thought and attention to what is important, that we may continue to accomplish those things which are worthwhile. Teach us how to listen to the prompting of Thy spirit, and thus save us from floundering in indecision that wastes time, subtracts from our peace, divides our efficiency, and multiplies our troubles. In the name of Christ. Amen.

LEGISLATIVE RESOLUTION 73. LR 73 found in the Legislative Journal on page 1872 for the Eighty-Second Day was adopted by a vote of 37 ayes, 0 nays and 12 not voting.

LEGISLATIVE RESOLUTION 74.

Introduced by Loran Schmit, 23rd District; Fred Carstens, 30th District; Terry Carpenter, 48th District.

WHEREAS, the members of the Nebraska Unicameral Legislature, being the highest body in the State of Nebraska, are to take the responsibility for development of programs to meet the needs of the rural communities and in so doing have given this charge to the Medical College of the University of Nebraska; and

WHEREAS, the senators, recognize the fact that Nebraska has the lowest average of retained medical school graduates from the state medical colleges in the United States of America and are making the fact known that if our medical college wants to remain funded by the state money at its present level, we are expecting the promises of our medical administration to be kept in the upcoming year.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Unicameral Legislature recognize the severe shortage of physicians in our rural communities of the great State of Nebraska and the attempt by the members of this great body to alleviate that shortage by increased appropriations to the medical school over the past ten years

2. That the Medical College of the University of Nebraska be cognizant of the promises made to the members of this body in that regard and that adequate steps be taken to substantiate the promises this body has received in the past eight years concerning this difficult and critical problem.

3. That the Medical College of the University of Nebraska recognize the fact that Nebraska native sons, not those transposed and given temporary residency status, since the native sons are those that are most likely to remain in the great State of Nebraska, be given top priority to the admissions status of the medical college starting with the class of 1975.

4. That the curriculum of the Medical College of the University of Nebraska stress general practice and not specialization in order to give more emphasis to the needs of the State of Nebraska.

5. That internships at the Medical College of the University of Nebraska are directed toward general practice and that specialization internships be minimized or discontinued.

6. That future faculty hired be of the frame of mind to encourage general practice rather than specialization.

EIGHTY-FOURTH DAY—MAY 14, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, May 14, 1971

Pursuant to adjournment the Legislature met at 8:35 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

As we take these moments to pause in Thy presence, we know that in our relations with others there is a time to speak and a time to keep silent. Help us to tell the one from the other. When we should speak, give us the courage of our convictions; when we should keep silent, restrain us from speaking lest in our desire to appear wise we give ourselves away. Teach us the sacraments of silence that we may use them to know ourselves, to understand one another, and above all else to know Thee. Then we shall truly be wise, through Christ our Lord. Amen.

WHEREAS, on May 5 a hearing was held by some members of the Judiciary Committee concerning Resolution 32 in which a voluminous amount of testimony was heard, giving reasons for setting a definite date in regard to the Vietnam War, which hearing being attended by many young people as well as older Nebraskans from around the state, all of whom acted in a very courteous and attentive manner; and

WHEREAS, the representatives from the North Vietnamese Government and the People's Revolutionary Government have said that negotiations concerning American prisoners of war would begin as soon as the U.S. sets a date for total withdrawal from Vietnam; and

WHEREAS, the setting of that date would demonstrate to the Saigon government that it must begin to function on its own and begin to serve its

people by ending its own corruption, by ending the repression of its own citizenry, and, in fact, by listening to its own people; and

WHEREAS, a recent poll in Vietnam conducted by the Pentagon indicates that only five per cent of the South Vietnamese people favor a continued American military presence there, and that, in fact, 65% oppose our military presence*; and

WHEREAS, other state legislatures, notably Massachusetts, New York, Illinois, Iowa, and Wisconsin have also dealt with national issues—particularly the war—either by resolution or other legislation; and

WHEREAS, this legislature has already set the precedent of introducing resolutions concerning national issues such as Vietnam in LR 10 and LR 35; and

WHEREAS, this is the concern of the Nebraska Unicameral since Nebraskans will pay 70 million dollars in taxes for the war in 1971.**

THEREFORE, BE IT RESOLVED THAT WE, THE MEMBERS OF THE 82ND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Encourage the President and Congress of this United States to set a date as soon as reasonably possible for total and complete withdrawal of all U.S. forces and military support monies from Vietnam, which date shall be within one year after the enactment of this resolution.

* Rep. Robert L. Leggett, "How to Bring Them All Home". The Nation, March 29, 1971, p. 396.

** The Vietnam War represents approximately 14% of the total Federal Budget. The 1971 tax estimate for total amount of Individual Federal Income Taxes that Nebraskans will pay, \$500,547,000 was multiplied by this figure.

LEGISLATIVE BILL 661. Mr. Snyder and Mr. Barnett moved to return LB 661 to Select File for the following specific amendments:

~~In the years that a President and Vice President are to be elected there shall be elected, at the primary election, delegates and alternates to the national convention. The number of delegates shall be governed by the rules of the national political party holding such convention. Two of such delegates for each political party shall be elected from each congressional district.~~

In each Presidential election year, delegates to the National Convention of the political parties shall be elected in the following manner:

(1) The number of delegates shall be governed by the rules of the National Political party holding the convention. The total number of delegates thus authorized shall be elected as delegates at large and delegates representing the Congressional Districts.

(a) The electors shall elect three delegates at the state wide primary. The number of delegates representing Congressional Districts shall be determined by taking:

(1) The total number of delegates authorized by the party.

(2) Subtracting the three delegates to be elected at large at the state wide primary.

(3) After the subtraction of the delegates to be elected at the state wide primary, the remainder shall be divided by the number of Congressional Districts existing in the State. The quotient will be the number of delegates to be elected at the state wide primary from each Congressional District.

(4) After the division any remaining delegates become delegates at large and shall be elected at the state wide primary.

The delegates elected at large and by Congressional Districts shall be elected in the primary election as provided in Section 32-542.01.

Explanation:

The intent of this amendment is to shorten the primary election ballot. Three delegates shall be elected by the electors at the state wide primary. Delegates shall be elected at the state wide primary to represent Congressional Districts. The following formula shall be used in determining delegates to be elected at large by Congressional Districts at the state wide primary. Republicans—sixteen total.

familiar; increases the numbers of delegates from districts allowing a
more accurate showing of presidential preferences, both in the district
and statewide.

MESSAGE FROM THE GOVERNOR

May 14, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

It is with regret that I find it necessary to return herewith LB 369 without my signature and with my objections. While I share the serious and expressed concern of the Legislature for motorcycle safety, I cannot become convinced that all features of LB 369 are fair and do not violate some basic values.

In our legitimate desires to protect from possible death and injury certain classes of our citizens, have we, perhaps, gone too far?

The record would indicate that far more Nebraskans are killed or injured as a result of not wearing seat belts in automobiles than those not wearing helmets when operating motorcycles. Records indicate that for the year 1970, 198 automobile fatalities were recorded where seat belts were installed but not in use, and another 155 fatalities in automobiles were recorded where no seat belts at all had been installed. While it is true that the number of motorcycle fatalities appears to be increasing, one must further recognize that the number of operators has substantially increased in the past several years.

Would these figures not indicate that if good safety practices dictate that motorcycle operators be compelled to wear safety helmets required by law, that similar good safety practices dictate that automobile operators be compelled to fasten their seat belts? Yet we quickly recognize that to demand to operators of motor vehicles such a requirement is not likely to be accepted.

It would appear that it is more important to require that drivers of motorcycles be properly trained to operate such vehicles. It is for that reason that I quickly signed into law LB 962 on April 23, 1971. I am hopeful that the proper enforcement of LB 962 will result in a sharp decline in motorcycle fatalities.

I have considered LB 369 at some length and concede that the expedient action on my part would be to allow this measure to become law effective immediately upon my signature. However, in good conscience, this is an action I cannot take. This in and of itself would work a severe financial hardship on many operators of motorcycles that is not commensurate with the safety sought.

Moreover, many motorcyclists that I have discussed this proposition with concede that in most instances they do wear protective headgear and

recommend it. They primarily object to that portion of the act which is mandatory.

Moreover, operators of motorcycles have in large numbers explained to me that the use of a helmet in city traffic may under certain circumstances be more dangerous than operating without. Many present helmets impair both necessary sight and sound. I feel that this aspect should be more thoroughly investigated before making the failure of wearing a helmet a requirement.

As passed by the Legislature, LB 369, with the emergency clause, would allow no reasonable time for many citizens to comply with the law that would become effective immediately.

Many motorcyclists own protective headgear that do not meet the worthy standards for such devices that you have approved and is set forth in the American Standards Association specifications for protective headgear.

The fact remains that we should thoughtfully consider some regulations, with proper penalty provisions, for motorcyclists and passengers on such vehicles. These might include requiring young persons to wear headgear who are passengers, or to require headgear on highways when vehicles are operated at high rates of speed, or other important regulations.

I am, therefore, having introduced in the Legislature today a compromise measure that, in essence, would authorize the Director of the Department of Motor Vehicles to hold hearings, investigate proper protective headgear for safety factors including protection, visibility, and hearing, and institute such rules and regulations governing motorcycles and attendant protective devices that would be enforced through such promulgated rules and regulations as opposed to the strict confines as dictated in LB 369.

It is my hope that such action will be approved by the Legislature as the best possible alternative available to all at this time.

Yours very truly,

(Signed) J. James Exon
Governor

Mr. Carpenter offered the following amendments which were adopted:

1 Strike all of the bill and insert:

2 "Section 1. That section 77-2715.01, Revised
3 Statutes Supplement, 1969, be amended to read as
4 follows:

5 77-2715.01. (1) On or before November 15 of
6 each year, the State Board of Equalization and
7 Assessment shall set the rate of the income tax imposed
8 by section 77-2715 for the taxable year beginning in the
9 subsequent calendar year, and the rate of the sales tax
10 imposed by subsection (1) of section 77-2703 which will
11 be effective from January 1 through December 31 of the
12 succeeding year.

13 (a) In fixing the rates, the State Board of
14 Equalization and Assessment shall first determine the
15 status of all fixed ~~appropriations~~ obligations for the
16 biennium which must be financed from the receipts from
17 the sales and use taxes, the individual and corporation
18 income and franchise taxes and other miscellaneous
19 receipts to the General Fund, from a certified statement
20 of all appropriations made by the most recent regular
21 session of the Legislature, which statement the Director
22 of Administrative Services shall prepare and furnish
23 prior to the convening of such board.

1 (b) If the Legislature should meet in a special
2 session during any year, the board shall add to the
3 appropriations as certified pursuant to subdivision (a)
4 of this subsection, the appropriation for the
5 legislative session, all miscellaneous claims,
6 deficiency bills, and all emergency appropriations.

7 (c) The board shall then determine the balance
8 of the General Fund at the beginning of the period under
9 consideration and the estimated receipts to the General
10 Fund from all sources other than the sales, use, income,
11 and franchise taxes for this period.

12 (d) The board shall then set the rates of the
13 sales tax and income tax so that the estimated funds
14 available pursuant to subdivision (c) of this subsection
15 plus estimated receipts from the sales, use, income, and
16 franchise taxes will be not less than five per cent in
17 excess of the appropriations as determined pursuant to
18 subdivisions (a) and (b) of this subsection.

19 (e) The rates of the sales and income taxes
20 shall be fixed so that the total sales and use taxes
21 levied will as nearly as possible equal the total income

22 and franchise taxes levied for the calendar year for
23 which the rates so fixed will be effective.

24 (f) For purposes of this subsection, total sales
25 and use taxes levied shall mean the total state sales
26 and use tax liability of all taxpayers for the relevant
27 period minus total food sales tax credits attributable
1 to the same period. Total income and franchise taxes
2 levied shall mean the total state income and franchise
3 tax liability of all taxpayers for the relevant period,
4 before deduction of food sales tax credits.

5 (g) The sales tax rate so fixed by the board
6 shall be an increment of one half of one per cent, and
7 the income tax rate so fixed shall be an increment of
8 one per cent.

9 (2) The board shall meet within thirty days
10 after each special session of the Legislature, and also
11 within thirty days after receiving a report from the Tax
12 Commissioner that there have been significant changes in
13 the provisions of the Internal Revenue Code of 1954 and
14 amendments thereto, other provisions of the laws of the
15 United States relating to federal income taxes, or the
16 rules and regulations issued under such laws, and shall
17 determine whether the rates for sales tax and income tax
18 must be changed. In making such determination the board
19 shall recalculate the requirements pursuant to the
20 formula set forth in subsection (1) of this section,
21 taking into consideration the appropriations for such
22 special session, all miscellaneous claims, deficiency
23 bills, and all emergency appropriations.

24 In the event the board determines the rates must
25 be changed as a result of such special session or as a
26 result of a change in the provisions of the Internal
27 Revenue Code of 1954 and amendments thereto, other
1 provisions of the laws of the United State relating to
2 federal income taxes, and the rules and regulations
3 issued under such laws, such sales tax rate shall be
4 made effective at the beginning of any calendar month
5 within the current calendar year and such income tax
6 rate shall be effective for the current taxable year.

LEGISLATIVE BILL 799. Title read. Explained.

Standing Committee amendments found in the Legislative Journal on page 953 for the Forty-Seventh Day were adopted.

Mr. Stahmer asked unanimous consent to have his name added to LB 799. No objections. So ordered.

Mr. F. Carstens offered the following amendment which was adopted:

1. Amend the bill by adding two new sections to be known as section 9 and 10 and to read as follows:

“Sec. 9. The availability of scientific knowledge,
2 skills and materials for the transplantation, injection,
3 transfusion or transfer of human tissue, organs, blood
4 and components thereof is important to the health and
5 welfare of the people of this state. The imposition of
6 legal liability without fault upon the persons and orga-
7 nizations engaged in such scientific procedures inhabits
8 the exercise of sound medical judgment and restricts the
9 availability of important scientific knowledge, skills
10 and materials. It is therefore the public policy of this
11 state to promote the health and welfare of the people by
12 limiting the legal liability arising out of such scien-
13 tific procedures to the instances of negligence or will-
14 ful misconduct.

Sec. 10. No physician, surgeon, hospital, blood
2 bank, tissue bank or other person or entity who donates,
3 obtains, prepares, transplants, injects, transfuses or
4 otherwise transfers, or who assists or participates in
5 obtaining, preparing, transplanting, injecting, trans-
6 fusing or transferring any tissue, organ, blood or com-
7 ponent thereof from one or more human beings, living or

8 dead, to another human being, shall be liable in damages
9 as a result of any such activity, save and except that
10 each such person or entity shall remain liable in damages
11 for his or its own negligence or willful misconduct only.”.

2. Renumber original sections 8 and 9 as sections
11 and 12 respectively.

Mr. Stull offered the following amendments which were adopted:

1. On page 3, line 3, strike “eighteen” and
insert “twenty”.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 17, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Eternal God-Our Father in heaven: We acknowledge Thee as our Creator, as our Sustainer, as our Provider, and as our willing Director. We would with true resignation yield our wills to Thine this day.

We would not only pray for the leaders of our state, but we would also pray for the leaders of our nation and all who are in places of authority and responsibility. In these days of stress and concern man cannot successfully meet the issues of the day without divine help. May divine direction be given the American people that they may not fall into the pitfalls of destruction. We would seek peace with honor, and righteousness with justice. So we pray that we might be preserved in order that we might be of universal service to all mankind.

So bless us this day according to Thy will, and may Thy will be done in us, for we ask it in the name of Jesus Christ our Lord. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 77.

Introduced by Terry Carpenter, 48th District; Sam Klaver, 9th District.

WHEREAS, it is in the interest of the People of The State of Nebraska, and of all people everywhere that the danger of general war arising from events in the Middle East be avoided, that armed conflict in the area be ended, and that a just and lasting peace be established; and

WHEREAS, a dangerous situation now exists in the Middle East, which situation is due in large measure to the efforts of the Soviet Union and its allies who, in order to further their own interests, have perpetuated hostilities between different states and peoples in the area, and have given encouragement to those with aggressive designs by supplying massive

amounts of arms and the services of Soviet military personnel; and

WHEREAS, the State of Israel has been a steadfast symbol of democracy in an area beset by communism, feudalism and dictatorship, and has been a beacon of progress and hope in a part of the world darkened by poverty, disease, illiteracy and despair; and

WHEREAS, the people of Israel have consistently expressed and maintained their friendship for the people of the United States, and this Country, in turn, and every President and every Congress for the last 23 years have given their support and friendship; and

WHEREAS, we now reaffirm that friendship and support, and, further, applaud the courage the people of Israel have demonstrated in the defense of their liberty and in the defense of the common ideals and Judeo-Christian heritage which we share; and

WHEREAS, we believe that it is in the best interest of the United States that the people of Israel be able to dwell in freedom within safe and secure boundaries, and that they have the means to defend their liberty, and to deter Soviet aggression, and that great powers not impose upon them political settlements which would jeopardize their future.

NOW THEREFORE BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION: That we hereby urge the government of the United States to (1) Do all that is possible to facilitate a just and lasting peace for all nations and all peoples in the Middle East (2) Keep and maintain the mutual friendship of the people of these United States and the people of the State of Israel, (3) Condemn the Soviet Union and its allies for the massive arms buildup in the area and the unrelenting encouragement of hostility towards the State of Israel, (4) Allow the people of Israel to defend their liberty by giving them the necessary military and economic aid to deter aggression by those seeking destruction of their country, (5) Encourage direct negotiations between Israel and its neighbors to effectuate a permanent end to armed conflict, with recognition of the sovereignty of all parties, and the right of Israel to have secure and recognized boundaries, (6) Establish the freedom of the seas for all nations in the area and in all waterways, including the Suez Canal and the Straits of Tiran, (7) Impose no pressure upon Israel to withdraw or to sacrifice any territory without the establishment of a true peace, (8) Encourage all peoples in the Middle East to seek the dignity of peaceful progress in harmony with each other, rather than the bitterness and frustration of continuous enmity and hostility, and thus, to turn their swords into plow shares and their spears into pruning hooks.

Laid over.

LEGISLATIVE RESOLUTION 78.

Introduced by Terry Carpenter, 48th District.

WHEREAS, the Congress of the United States has found and declared that the erection and maintenance of outdoor advertising signs, displays, and devices in areas adjacent to the Interstate System and the Primary System should be controlled in order to protect the public investment in such highways, to promote the safety and recreational value of public

travel and to preserve natural beauty, and

WHEREAS, the Congress of the United States passed an Act commonly referred to as the Highway Beautification Act of 1965 also known as Public Law 89-285, and

WHEREAS, the Act further states that Federal-Aid Highway Funds apportioned on or after January 1, 1968, to any state which the Secretary determines has not made provision for the effective control of the erection and maintenance along the Interstate System and the Primary System of outdoor advertising signs, displays, and devices which are within six hundred and sixty feet of the nearest edge of the right-of-way and visible from the main traveled way of the system, shall be reduced by amounts equal to 10 per centum of the amounts which would otherwise be apportioned to such state under Section 104 of this title, until such time as such state shall provide for such control, and

WHEREAS, the Act further states that whenever he determines it to be in the public interest, the Secretary of Transportation may suspend, for such periods as he deems necessary, the application of the above mentioned reduction, and

WHEREAS, the Secretary has permitted such suspension and

WHEREAS, the Secretary has now lifted the suspension on the reduced apportionment, and

WHEREAS, the Director-State Engineer of the Nebraska Department of Roads has now received the attached April 16, 1971, Federal Highway Administration Notice EV-30, titled "Guidelines for Outdoor Advertising Control-Highway Beautification Act of 1965", which outlines procedures for the implementation of the outdoor advertising provisions of the Highway Beautification Act of 1965, and

WHEREAS, the State of Nebraska desires to provide effective control of the erection and maintenance of outdoor advertising in areas adjacent to the Interstate System and the Primary System, and desires to protect the public investment in such highways, and desires to promote the safety and recreational value of public travel, and desires to preserve natural beauty,

THEREFORE BE IT RESOLVED, that the Legislature of the State of Nebraska hereby believes that a sincere effort should be made to study Public Law 89-285 in the interim period, and to formulate legislation to be considered at the Legislative Session to be held in 1972.

Referred to the Executive Board.

Mr. Carpenter asked unanimous consent to print the following statement concerning LR 78. No objections. So ordered.

Statement Concerning Resolution for
Interim Study to Develop Legislation for Consideration in 1972,
Relative to Control of Outdoor Advertising
Along Interstate and Primary State Highways

As a result of the Highway Beautification Act of 1965, legislation for control of outdoor advertising was proposed in 1967 but died in committee.

In 1968, the Secretary of Transportation decided to declare a moratorium on his authority to reduce a State's apportionment of Federal Highway Funds by 10 percent in cases where the terms of the 1965 Highway Beautification Act were not being complied with.

In 1969 no legislation was introduced to control outdoor advertising.

In February of 1971, the Secretary of Transportation notified all the states that the moratorium was lifted, and that states would be expected to comply with the terms of the Beautification Act, but no specific deadline for compliance was set, nor were any specific guidelines provided.

On May 11, 1971, the Director-State Engineer was notified by the Nebraska Division Engineer of the Federal Highway Administration that there is a "real possibility" that Nebraska's Federal-Aid Highway Apportionment will be reduced by 10 percent, as provided by the law, unless Nebraska enacts an acceptable advertising control law. Although no specific deadline for such action is yet known, it should be noted that the Secretary of Transportation expressed that he is very sincere in his statements that he intends to invoke the penalty provisions.

It is therefore considered to be in the best interest of the citizens of this State to commit this Legislature to provide for an interim study of this matter for the purpose of proposing suitable legislation for consideration at the 1972 session of the Nebraska Unicameral.

Referred to the Executive Board.

PETITIONS

LEGISLATIVE PETITION 1.

WHEREAS, Senator Jack Miller of Iowa introduced Resolution No. 86 on April 15, 1971 in the Senate of the United States; and

WHEREAS, the said resolution resolves to the Congress of the United States that the United States agree to the complete withdrawal of all American military personnel from South Viet Nam within twelve months following completion, under appropriate international supervision of the exchange of prisoners of war as proposed by the President in his public address of October, 1970 and the accounting for those missing-in-action.

NOW, THEREFORE, THE UNDERSIGNED MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION, 1971:

Petition the Congress of the United States to support said resolution and express our earnest concern for a just conclusion of the Viet Nam conflict that includes the safe return of all American and allied prisoners of war, the accounting for personnel missing-in-action and the accelerated withdrawal of all American military personnel from South Viet Nam.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, May 18, 1971

Pursuant to adjournment the Legislature met at 9:06 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Rev. Bob MacLennan.

Here we are Lord, men and women in the midst of a very important task. Lord we realize that what we are doing here this morning will offset the lives of men and women tomorrow.

This is why we come to you, Lord, we need your counsel. We thirst for your wisdom.

Encourage us today to seek to do that which is right and just, for Lord you know how easy it is to do that which is expedient.

Keep us from making decisions which enhance our private interests. May we be men, this day--Tuesday morning--who seek the interests which serve people.

Disturb us Lord, do not give us comfort until we find ourselves aligned first of all with your interests. May all be students of your way in our world today. May all of us have the courage to risk ourselves in being your people. Amen.

Legislature of the
State of Nebraska
State Capitol
Lincoln, Nebraska

Gentlemen:

Chapter 85, Article 4, Section 85-404, Reissue Revised Statutes of Nebraska, 1943, provides that The Board of Regents of the University of Nebraska (the "Board of Regents") may issue revenue bonds for the purpose of constructing facilities for parking on real estate owned or controlled by the Board of Regents and pay the cost thereof by issuing revenue bonds payable solely out of their revenue. If the Board of Regents proposes to pledge all or any part of the revenues and fees from facilities other than the facilities to be constructed, Section 85-404, Reissue Revised Statutes of Nebraska, 1943, requires that the plans for the facility to be constructed, including financing plans, shall first be submitted for approval to the Legislature if in session, or to the Executive Board of the Legislative Council, if the Legislature is not in session.

The Board of Regents proposes to build a parking facility on its University of Nebraska Medical Center campus in Omaha, Nebraska, and pay for such facility with revenue bonds, pledging the revenues and fees from such parking facility and from other parking facilities now existing on such campus. Accordingly, the Board of Regents requests your approval of the plans for construction of such parking facility, including the financing plans.

PROPOSED PROJECT

General Description.

The parking facility to be constructed (the "Project") will be located on the south side of Emile Street between 41st and 42nd Streets in Omaha, Nebraska. The Project will consist of a three level open-air parking structure of approximately 132,500 square feet covering a ground area of approximately 54,000 square feet extending 200 feet south of Emile Street, and will provide parking space for approximately 402 vehicles. The land upon which the Project will be constructed is owned by the Board of Regents and is a part of its Medical Center campus.

The parking structure will be steel or concrete or combination thereof. Alternate bids will also be taken for (i) a sub-level basement which will add 76 parking spaces, and (ii) a fourth level which will add 124 spaces.

The Project will have cast aggregate panels on the Emile and 42nd Street sides. All decks will be adequately lighted and there will be enclosed

stairwells. The first level entrance will be on 42nd Street and second and third entrances on Emile Street.

Cost of Project.

The total cost of construction, interest on the revenue bonds during the construction period, bond issuance expenses and reserve funds will be approximately \$1,026,650. Of this cost, not to exceed \$1,000,000 would be financed through parking revenue bonds and the balance would come from available funds derived from previous parking revenues. The general fund of the University of Nebraska would be paid \$3,890 from the proceeds of the revenue bonds to reimburse this fund for present value of parking facilities previously paid from such fund.

FINANCING PLANS

Parking revenue bonds of the Board of Regents would be issued under the statutory authority referred to above in an amount not to exceed \$1,000,000. These bonds would mature in not to exceed 20 years with an average net interest cost to absolute maturity of approximately 7½%. From the proceeds of the sale of the revenue bonds, approximately \$93,000 would be placed in a bond reserve fund which would be invested to reduce the overall net interest cost. In addition, during the construction period, bond proceeds would be invested until required to pay construction costs.

The revenue bonds would be payable solely from revenues and fees from the Project and other existing parking facilities on the University of Nebraska Medical Center campus, together with any additional parking facilities that might be added to such campus from the surplus revenues and fees not required to pay principal and interest on the parking revenue bonds.

Under the resolution authorizing the parking revenue bonds, it is proposed that parking rates and fees would be charged so as to maintain 1½ times debt service coverage. Surplus revenues would be used for operation and maintenance of the parking facilities, renewals and replacements of the parking facilities or payment of bonds prior to maturity. The bonds would be optional at any time on or after five years of date of issue.

NEED FOR PROJECT

One of the most critical needs from the physical plant standpoint at the University of Nebraska Medical Center is additional parking facilities for patients, doctors, faculty, students and hospital visitors. The University hospital on such campus is expected to generate substantial income from patients but hospital availability for patients and staff is severely limited by lack of parking facilities.

REQUEST

The Legislature of the State of Nebraska is requested to approve the foregoing plans for construction of the Project, including the financing plans. A resolution for such approval is enclosed. Detailed drawings, specifications and financing feasibility reports are available upon request.

Respectfully submitted,

THE BOARD OF REGENTS OF THE
UNIVERSITY OF NEBRASKA

(Signed) G. Robert Ross
Corporation Secretary

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 19, 1971

Pursuant to adjournment the Legislature met at 9:23 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Rev. Bob MacLennan.

There is a great deal of pressure on us, Father, pressure which comes to us from outside and our own pressure is boiling up inside. Sometimes it is hard for us to know where to turn; we are told one thing, we believe another, we vote still another way. So often we are tempted to let down and go a way which seems easy and delightful—but which is really devastating and ugly. Keep our eyes on being for the just and right actions. Form our hearts and minds with your love and acceptance, so that we might with boldness and courage risk ourselves in the work which we have to do in this day. Grant to us an extra measure of grace, so that we might be gracious to those around us. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Simpson who was excused and Mr. Barnett who was excused until 11:00 a.m. Mr. Chambers was absent.

MOTION—Print in Journal

Mr. Carpenter moved that the speech made by Senator Chambers on Resolution 75, introduced on page 1879 of the Journal on May 13th, and debated on May 14th as outlined on page 1908 of the Journal be printed in the Journal. The speech was taken verbatim from the recording machine, which is a part of the official record on these debates in the Senate Chamber.

SENATOR CHAMBERS: Mr. President, Members of the Legislature, the feeling behind this resolution makes it difficult for me to speak against the resolution. I think that if there are people interested in football, they should have an equal opportunity to see it.

But I look beyond just these problems. The problem of trying to be able to obtain football tickets to watch a team which is extremely popular in this state and this entire region. Everybody loves a winner and nobody loves a loser. Nebraska is going to be a loser again. I have to look at the tremendous amount of pressure being on these young men carrying the football. The people at this University and other places see them only as highly coordinated bundles of muscle fiber. Man, who in a sense, have a football for brains and basketballs for heads. There is little consideration given as to whether or not they will learn anything while in school, which will make it possible for them to function as productive citizens in this society, should they happen to become injured, and unable to play football anymore. So I think that the Legislature should go slow in doing anything else to put more pressure on these young men. I think there should be no additions to the stadium, no resolutions praising the coach, nothing to indicate that football is as important as it has been made in this state. I feel that this, to quote Senator Carpenter "has a long fuse" and I think we should consider it. These young men should not have any more pressure placed on them and for that reason I have to be opposed to the entire resolution. Whatever reasons other people may have for being opposed, I hope it will be defeated this morning.

SENATOR CHAMBERS: Senator Carpenter means well in what he says about having an Indian and a Mexican on the team, to instill pride. But this is not the pride of accomplishment that we as black people need. We need something more than a Joe Lewis who goes out and batters somebody's brains out to make himself a credit to his race. Somebody like Johnny Rodgers, though he is small and very swift and elusive, can leap high into the air and catch a pigskin and run for a touchdown. After this is done, nothing worthwhile or meaningful has been accomplished. The things that are being developed by the game of football are the physical attributes. If we are just trying to develop speed,----- At the University of Nebraska the black athletes don't even have self-respect, because the coach and his staff tell them not to get involved in any efforts by the black students or the minority groups to improve conditions at the University for those students. As a matter of fact in the recruitment program Senator Carpenter for minority students, the black athletes are told not to participate. When statements are put out by the students and others about the number of minority students at the University, they say there are such and such a number, not including the black athletes. These men have been converted into near zero. They are shadow men with no self-determination and no right to determine what their role will be on the University. Senator Whitney pointed out something that I was trying to indicate. He said he taught and he gave these athletes high grades because they were there working for the school---. A grade does not indicate that a man has

learned anything. We need our young men to have something in their minds. Football does not give us the kind of pride that we need, it makes animals out of us. It makes us however, showman, spectacles. They cheer for us on the field when we run the ball but as soon as the football uniform is taken off and civilian clothes are put on, as the song says, its back to the madison. You can walk into a restaurant and if they don't know that you are Joe Orduna, then you may get that cold treatment. You may find it difficult to find a home in Lincoln. So football is not the way to pride for minority groups. We need the chance to determine for ourselves, what path we will follow up to that goal. There are others who have expressed opposition to this resolution for various reasons. I think it ought to be defeated. I agree with the motion to kill the bill.

I told them why certain Senators will not listen to their side of the argument. Does it seem reasonable to you that if a bill at this time is to be framed, that the men and women most concerned with it, namely those who ride motorcycles should be consulted. Perhaps they could give us an idea of what it would take to increase the safety of an individual riding a motorcycle. If it is absolutely 100% foolhardy to ride a motorcycle without a helmet, I am not waving the flag, in fact I do not even salute the flag, and I hope that statement does not cause you to override the Governor's veto. (Well, it might, now if it was my veto you should and this is a man who I understand very well. We have this little thing going back and forth between us all the time, it doesn't offend me, don't let it offend you. This makes him by far the most fascinating personality in this Legislature and sometimes when he sees somebody poaching on his reserve, he naturally like any man is going to defend his territorial prerogative. If a man is a fool to ride a motorcycle without a helmet in this country he has a constitutional right to be a fool as long as it is only his own safety that is involved. Let him have the constitutional right to be whatever he would be, by riding a motorcycle without wearing a helmet.

FIRST SESSION

EIGHTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, May 20, 1971

Pursuant to adjournment the Legislature met at 9:10 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Rev. Bob MacLennan.

Lord, you have said that when we listen to and care for those in jail, those who are sick, those who are poor, those who are hungry---we have listened to and cared for you---because you have identified so intimately with them.

Here we are again today. We have bills to pass, arguments to make, words to hear, feelings to express. In all of these things help us, Lord to remember why we are here and why we make these laws. Help us to remember that many people are counting on us to bring release from unjust burdens and relief from unwarranted pain. Make us into men who daily become aware of ways we can serve you through our fellow man. No matter where he is, be they free or in jail, rich or poor, healthy or sick, for your sake, Lord. Amen.

Dear Senator:

Let this letter serve as confirmation of the price we gave you of \$9,354.00 for furnishing all material and labor briefly described as follows:

The three glassed in areas to consist of doubled glazed walls 32" from the floor to a height that runs in line with the horizontal beam at the present ceiling. Above and below the glass will be an insulated material 1" thick with an aluminum colored skin on both sides to match the bronze anodized metal. Access doors will be included. These would be single doors at each "Lobby-area" and a pair of doors at the main entry at the rear of the chamber. These doors will have a latch-lock that will require a key for entry on one side but can be opened on the other side by means of a handle.

It is understood that all anchoring is to be concealed and none of it into the present wood or face of marble columns. We do have to anchor into the floor at various places but we will hold them to a minimum and at the least conspicuous places.

We thank you for giving us an opportunity of quoting you on this and hope we may be awarded your valued order.

Yours truly,

MESSAGES FROM THE GOVERNOR

May 20, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I regret that I must herewith return to you LB 264 without my signature and with my objections.

While I recognize that it might be easier if I were to simply sign LB 264 into law, I believe that fiscal responsibility compels me to do the contrary and while there may be those who will attempt to improperly brand me as being opposed to education, I believe that my responsibility to the people of the State of Nebraska requires that I not permit them to be misled with the over-worked cliché that more tax dollars automatically mean a better education for young Nebraskans.

It has been suggested that passage of LB 264 will result in a reduction in property taxes for citizens throughout the State. Careful reading of LB 264 will disclose that such is not the case.

The fiscal impact of LB 264 is that some fifty million dollars must be raised by the sales-income tax during the fiscal year 1971-72. Without taking into account other spending measures by this Legislature, this measure would require the state income tax to be raised to 17% (assuming as all seem to concur we are likely to be forced to return to the 1970 figure of 13%) and the state sales tax to be raised to 3 1/2%, with additional sales taxes in those communities having local sales taxes.

While this is in itself contrary to my pledge to the citizens of the State of Nebraska and their apparent desire, the hazards go further. Notwithstanding the increase in sales and income tax, there is no assurance that property taxes will in any manner be reduced and, in fact, if past history is of any value, there is every reason to believe that the property tax could be increased along with the sales and income tax. The reason for this is clear. Under the provisions of LB 264 there are no limitations on the amount of the budget which a school district may develop for the fiscal year 1971-72 in the areas of capital improvements, teachers' retirement, and a host of other non-operational items. Nor is there any way in which I as Governor or you as the Legislature by adopting LB 264 can control the actions of the local school districts. Should these non-operational items be increased, as past history has indicated they could be, then property taxes might be increased. We could find ourselves misleading the people (sic) of this state again as was done by both the 1967 and 1969 Legislatures and the then Executive Branch of state government.

Moreover, the limitations prescribed in LB 264 at best, provide but short term relief. After 1973 there are no penalties imposed on any school district increasing their operational budget up to 8% per year and their non-operational budget by any amount they choose. In very short order the sales and income tax would have to be continually raised in order to meet these budget increases, or the benefits sought by LB 264 in reducing

real property would be totally lost. In light of all that has transpired, this appears not to be the appropriate manner in which to try to solve the problem of education or attempt to give relief to real property taxes in Nebraska. It clearly will not result in a permanent reduction of such taxes.

Experience has already shown that the 35 million dollars heretofore allocated to local school districts through State Aid to Education has not prevented an increase in property taxes by local school districts. To add another 50 million dollars on top of the 35 million dollars already appropriated on the pretext of property tax relief is not a provable fact under LB 264.

I stand committed to the proposition that the state must have an outstanding educational system within our means and our desire to pay for that system. I cannot, however, accept the fact that by shifting the burden from one tax to another without insuring any total tax reduction, is any answer.

In fairness to the constituents of your districts, I urge you to reexamine the effect of LB 264 and permit this veto to stand.

Very truly yours,

(Signed) J. James Exon
Governor

May 20, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I herewith return to you LB 1008 without my signature and with my objections. Recognizing that the purpose of the constitutional amendment authorizing the issuance of highway bonds and the enactment of laws pursuant thereto during the 1969 Legislature was intended for the purpose of providing funds for state highway construction with first priority to the national system of interstate and defense highways, and further recognizing that we are advised by our State Engineer that sufficient funds now exist for accomplishing those purposes, I cannot sign into law a bill which is intended to impose upon the state the payment of unnecessary interest in order to make up for a shift in funds from the counties to the cities created by your earlier enactment of LB 74. Had you intended to

provide these additional \$3,000,000 in funds for the counties, it appears to me that this should have been taken into account in enacting LB 74. LB 1008 must be considered as a subterfuge to fund LB 844 and in violation of the Highway Bond Act.

Moreover, I believe that a serious question of separation of powers is raised when legislation such as LB 1008 is attempted. The statutes enacted in 1969 clearly vested the Executive Branch of government, including the Nebraska Highway Bond Commission, with the authority to determine how, and in what manner, and at what time, the bonds should be issued with the Legislative Branch of government being vested with the authority to determine the total amount to be authorized from time to time. To attempt to compel the Commission to issue \$3,000,000 of bonds on or before a date selected by the Legislature at a time when revenue bond funds are not needed for the continued construction of highways in this state, clearly flies in the face of the Nebraska Highway Bond Act, both in letter and in spirit. Should the Legislature have merely authorized the issuance of the bonds as they did in enacting the Nebraska Highway Bond Act leaving the question of when, and how much to the Highway Bond Commission, I could have accepted this legislation. Having made the act mandatory, an act which raises serious legal questions, I cannot accept the enactment.

Furthermore, the Attorney General advises me that serious constitutional questions are raised as a result of your passage of LB 1008.

I urge you not to jeopardize the ease with which the state might, if needed, issue revenue bonds by enacting legislation which raises serious legal questions and which might impair the validity of the bonds as issued. I, therefore, ask that you permit this veto to stand.

Very truly yours,

Dear Senators:

I return herewith to you LB 1031 without my signature and with my objections.

I think we will all agree that maintaining the necessary separation of powers between the various branches of government is essential. In my opinion, and in the opinion of the Attorney General of this state, serious questions are raised by your enactment of LB 1031. I believe that this bill both interferes with the Executive Branch of government in the administration of funds once appropriated by you and further interferes with the effective operation of government by the Board of Regents and the State Building Commission as provided by law.

I wish to assure you that every good measure will be exercised by the Building Commission, and I must assume by the Board of Regents, in constructing the State Office Building and the Fieldhouse. This guarantee can be accomplished without ceding the authority vested in the Executive Branch of government, the Building Commission, and the Board of Regents.

While your suggestions will always be welcomed, the final determination must, in my opinion, be placed where the Constitution and laws direct. It is for that reason I cannot constitutionally execute LB 1031.

Very truly yours,

(Signed) J. James Exon
Governor

COMMUNICATION

May 25, 1971

Mr. Vincent D. Brown
Clerk of the Legislature
State Capitol Building
Lincoln, Nebraska 68509

Dear Mr. Brown:

This is in response to your communication of May 21, 1971, forwarding legislative resolution regarding the Department of Revenue affixing cigarette tax stamps.

At this time, I am unable to supply cost figures for this type activity. The information needed for a reasonable estimate is too complicated and voluminous to assemble in such short time.

This Department is, however, in the process of planning such a review. This will involve not only a cost accounting approach of present Nebraska operations, but will also include a review of the studies which have been under way for several years in other states.

Sincerely,

(Signed) William E. Peters
State Tax Commissioner

RESOLUTIONS

LEGISLATIVE RESOLUTION 82.

Introduced by Herbert J. Duis, 39th District; Robert L. Clark, 47th District.

WHEREAS, extensive lowland flooding is now occurring along the Platte River system in Nebraska; and

WHEREAS, a major part of the present flooding is caused by clogging of the river channels by man-made dikes and by thick growths of natural river bottom vegetation; and

WHEREAS, the upstream storage spaces in Colorado and Wyoming are nearly full and because of the ever present possibility of locally heavy rains

coupled with a rapid melt of the record Colorado and Wyoming Rocky Mountain snowpack (one hundred eighty-five per cent of normal), an even more serious flooding potential is present in the Platte Valley; and

WHEREAS, Lake McConaughy on the North Platte River in Nebraska is also nearly full and as a consequence its downstream flood protection potential is now greatly diminished.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That this legislative body urge the United States Army Corps of Engineers to begin an immediate study of downstream storage sites to provide for the transfer of storage space from Lake McConaughy to a downstream tributary site so that a flood pool space can be created at Lake McConaughy while at the same time providing replacement storage for saving surplus water for later beneficial use during dry periods in Nebraska.

2. That the Nebraska Soil and Water Conservation Commission in cooperation with the Corps of Engineers immediately begin studies leading toward effective flood plain zoning in the North and South Platte and Platte River valleys to prevent losses from local flooding.

3. That a Legislative Study Committee be authorized to study existing flood plain zoning laws in an effort to determine if changes in these laws are needed to make them more effective.

4. That the Central Nebraska Public Power and Irrigation District, owner and operator of Kingsley Dam and Lake McConaughy, be requested to work with the Nebraska Soil and Water Conservation Commission and with the Corps of Engineers in finding solutions to the flood storage aspects of the problems noted herein.

Mr. Duis moved to suspend the rules and take up LR 82 at this time. The motion prevailed with 41 ayes, 0 nays and 8 not voting.

Mr. Stull asked unanimous consent to have his name added to LR 82. No objections. So ordered.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

NINETIETH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 26, 1971

Pursuant to adjournment the Legislature met at 8:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

Eternal God our Heavenly Father: Help us to understand that without Thee we are nothing and without Thee we can do nothing, for in Thee we live, and move, and have our being.

Although we possess, in record, the wisdom of the ages, the knowledge of the ancient Seers; Although we possess the experiences of the present Scientists, and we can claim Thy promises for the future, still we realize how weak we are, and how inadequate to handle the hard and knotty problems of our day.

Without divine help we miserably fail, and fall far short of the desired ends. So, Lord, give us in this final day of session, a double portion of Thy grace, Thy strength and Thy wisdom, and may Thy will be done here and on this earth, as it is done in heaven. Amen.

ROLL CALL

The roll was called and all members were present.

MESSAGE FROM THE GOVERNOR

May 25, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska 68509

Dear Senators:

I return herewith to you LB 707 without my signature and with my objections.

LB 707 is an attempt by the Legislature to appropriate \$3,000,000.00 for county government to reimburse such governments for money allegedly shorted said county government in favor of city governments by allocations to subdivisions of state government during the 1967 session. This occurred when taxes on intangible, head and household goods were eliminated in the 1967 session and an attempt to correct this situation failed in the 1969 session.

The fact remains that, if anything, such county governments are possibly entitled to rebates from city governments who were the beneficiaries of the change, and not the taxpayers of the State of Nebraska as a whole with additions to the sales and income taxes. While I insist that fairness should be shown all subdivisions of state government, I cannot agree that we follow the philosophy that, because of a possible error by past Legislatures, we ignore the obvious responsibility of the Legislature to enforce equal distribution of state tax funds simply by adding an additional burden on the sales and income taxpayers.

LB 707 would force a raise in the sales and/or income taxes to every citizen of this state and therefore is not acceptable to me.

In vetoing LB 707, I should like to call your attention to the fact that I have signed LB 844, even though I have some reservations regarding that measure. LB 844 will take funds from the state road building program, some \$3,000,000, but it will be spread over a 6 year period and therefore is not likely to have too serious an effect on state road programming.

In the interest of holding the state tax line, I encourage your support of my objections to LB 707.

Yours very truly,

(Signed) J. James Exon
Governor

STANDING COMMITTEE REPORT

Government and Military Affairs

LEGISLATIVE BILL 758. Placed on General File as amended.

Standing Committee amendment to LB 758:

1. Strike sections 1 to 3 and insert the following:

"Section 1. The Legislature finds that bar-
 2 gaining between a gas utility and persons who consume
 3 gas outside the limits of any municipality is frequently
 4 cumbersome, inequitable, and unsatisfactory to either
 5 one or both parties because such persons negotiating
 6 individually lack advisors qualified by education, train-
 7 ing or experience to judge whether a given gas rate is
 8 reasonable and provides a fair return on the investment
 9 of a negotiating utility. Legislation should be pro-
 10 vided whereby a person or a group of persons who buy
 11 gas outside of any municipality can bargain collectively

12 with such utility and pool their resources to hire
13 professional advisors and representatives to balance the
14 professional advisors and representatives generally at
15 the command of such utility and provide that the State
16 Railway Commission shall determine gas rates when requested
17 by such persons to the end that a rate will be set binding
18 on both parties with adequate provision for appeal to
19 the courts.

Sec. 2. Unless the context otherwise requires:

2 (1) Commission shall mean the State Railway
3 Commission.

4 (2) Gas utility shall mean any natural person,
5 partnership, association, cooperative or corporation
6 which sells natural gas at retail in this state.

7 (3) Person shall mean an individual, partner-
8 ship, association, cooperative or corporation, except
9 a municipal corporation, which consumes gas at retail
10 for use outside any municipality.

Sec. 3. The commission shall have sole authority
2 to set retail gas rates in this state subject to review
3 of the Supreme Court as provided in this act. The
4 commission shall receive all applications for service
5 agreements between a gas utility and one or more persons
6 which shall be docketed and set for hearing within
7 thirty days after filing. Notice of the filing of such
8 application shall be given to each person involved by
9 the applicant and proof of service of notice shall
10 accompany each application filed.

Sec. 4. The commission shall hear the evidence
2 for and against any rate in any service agreement for
3 which application is made and within twenty days of
4 the conclusion of such hearing shall make appropriate
5 findings of fact and order the parties to abide by such
6 rates and agreement as the commission shall determine is
7 required in the public interest. A stenographic record
8 shall be made of all evidence adduced at such hearing.

Sec. 5. Persons who are served by the same
2 gas company may join in any application for approval
3 of a service agreement and the commission shall set
4 such joint application for hearing without entertaining
5 any notion to sever the application into several
6 applications or several agreements.

Sec. 6. The commission shall provide such
2 rules, regulations and procedure as it shall determine
3 are required in order to carry out the provisions of
4 this act and comply with the Administrative Procedures
5 Act.

Sec. 7. After the commission delivers its order
2 as required by this act, any party to the agreement sub-
3 mitted in such application may appeal the decision to the
4 Supreme Court which may try the matter de novo on the record.

Sec. 8. The commission shall have authority and
2 jurisdiction to determine and establish priorities of service
3 between the customers of a gas utility, and to determine the
4 order in which gas service to such customers may be curtailed
5 by a gas utility; Provided, that an interruptible fuel
6 user who does not have standby fuel supply, shall be

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to print the following in the Journal. No objections. So ordered.

May 24, 1971

Senator Terry M. Carpenter
Nebraska State Legislature
State Capitol Building
Lincoln, Nebraska

Dear Senator Carpenter:

In your letter of May 12, 1971, you asked three questions. We will answer them in the order in which they were asked. Your first question is whether in establishing the 1972 tax rates the Board of Equalization must take into account the projected cash flow of receipts and disbursements, so as to insure an adequate balance in the State General Fund at all times throughout the year. The procedure for setting the sales and use tax rates and income tax rates is set forth in Section 77-2715.01, R. S. Supp. 1969. We will discuss this procedure in more detail in connection with the answer to your third question, but in answer to your first question we will say that this section neither requires nor authorizes the considerations you mention to be taken into account in fixing these rates.

Your second question is whether there is any statutory or constitutional prohibition against the state's issuing registered warrants for payment of appropriated expenditures during periods that the General Fund balance is exhausted. Article VIII, Section 8 of the Constitution and Sections 77-201 to 77-2206, R. R. S. 1943, make provisions for the issuance of warrants. Article XIII, Section 1 of the Constitution, provides that the state may, to meet casual deficits, or failures in the revenue, contract debts never to exceed in the aggregate one hundred thousand dollars. An argument can be made that this provision constitutes a limitation upon the state's authority to issue registered warrants. In our opinion, however, this constitutional provision is not applicable to the issuance of registered warrants for payment of appropriated expenditures during periods when the General Fund balance is exhausted. The issuance of a registered warrant to cover a debt already incurred does not constitute "contracting" the debt, but the warrant is issued only as evidence of a pre-existing debt. We therefore feel that this portion of Article XIII, Section 1 of the Constitution is not applicable to the situation you inquire about.

Your third question is what the specific statutory and constitutional limitations or requirements are which govern the setting of tax rates by the State Board of Equalization. Section 77-2715.01, R. S. Supp. 1969, provides that the rates shall be set by the State Board of Equalization and Assessment. This section is quite lengthy, and we believe no useful purpose would be served by setting it forth in full herein. In a very general summary of this section, it requires the State Board to determine how much money must be raised during the biennium by the sales and income tax, taking into account appropriations, the amount on hand at the beginning of the period, and estimated receipts from sources other than sales and income taxes. The Board then sets the rates at such figures as will raise not less than five percent in excess of appropriations, and at such rates as will, as nearly as possible, produce equal amounts from the sales and use tax, on the one hand, and the income and franchise tax, on the other. In theory, at least, the function of the State Board is merely one of making mathematical computations, based upon the amount on hand at the beginning of the period, appropriations or fixed obligations, estimate of revenues from other sources of income, and estimates of the amount of revenue that will be realized from different sales and income tax rates.

This system may involve, indirectly, the provision of Article XIII, Section 1 of the Constitution discussed above. If the State Board were to violate its duty under Section 77-2715.01, and fail to set the sales and income tax rates high enough to produce income sufficient to cover appropriations made by the Legislature, the state might find itself in debt in violation of Article XIII, Section 1. We therefore feel that the obligations imposed upon the State Board by Section 77-2715.01 are not only statutory duties, but are constitutional obligations, since a failure to perform these duties could automatically put the state into debt in excess of the limitations of Article XIII, Section 1. Our Court recognized this duty on the part of the State Board by use of the following language in *State v. Searle*, 79 Neb. 111:

"It is contended, however, that there may be no fund provided for the payment of the claim in question because the state board of equalization may not levy the university tax. This contention hardly merits our consideration. The law presumes that officers will perform their duties, and it is not to be believed that the state board will refuse or neglect to make the levy in question; and, if they should do so, they may be coerced by the courts to perform that duty."

The same case contains this language with respect to the registration of warrants:

"Lastly, it is contended that no warrant can be drawn on the fund in question because there is no money in the treasury with which to pay the same. It was well understood by the legislature, and is a matter of common knowledge, that it may often happen that there are no funds actually in the treasury belonging to a specific appropriation, against which warrants can be drawn. And so it was provided by sections 1-3, ch. 93, Comp. St. 1905, that it is the duty of the state treasurer to register warrants in the order of their presentation, when there is no fund in the treasury with which to pay them; and, when a fund is provided for a certain purpose, warrants may be drawn against that fund, whether it is actually in the treasury or not, so long as the warrants drawn do not exceed the amount of the appropriation. If this could not be done the business of the several departments of the state would often be seriously interfered with, and in many instances would have to cease altogether."

Very truly yours,

CLARENCE A. H. MEYER
Attorney General

MESSAGES FROM THE GOVERNOR

May 26, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I return to you herewith LB 759A without my signature and with my objections.

It was my commitment and understanding with leading proponents of LB 759 that, despite some reservations, I would sign that bill for needed coordination of technical and vocational colleges provided LB 759A would be bracketed.

LB 759A not only funded \$61,000 for operation of LB 759, which I would have approved, but also created an additional \$412,000 of spending over my recommendations.

Since that understanding and commitment is not acceptable to at least 26 members of the Legislature, I wish to return 759A to you herewith since its intent is to spend additional tax dollars above my recommendations.

Your sending me for approval LB 759 and forcing my decision on that measure before passage of the companion measure 759A, I respectfully submit, is not a good practice since companion measures should, whenever possible, advance together so that proper scrutiny and consideration can be given each measure simultaneously.

There have been some instances, in fact, when the Legislature has sent to me the "A" bills or the spending and funding portion before the major measure creating the program for which the "A" measure is created in the first instance. Such actions, it seems to me, have the connotation of putting the "cart before the horse."

While I realize that a veto of this bill is not necessary because of court decisions to the effect that any appropriation measure in excess of the Governor's recommendation must receive 33 votes on final passage to be

effective, I wish to take this means of expressing my opposition to LB 759A.

Yours very truly,

Dear Senators:

I return to you herewith LB 945 without my signature and with my objections.

In addition to my concern on LB 945, I am attaching herewith a letter from the Attorney General on this measure which is self-explanatory, and as a result of a conference I had with the Attorney General this morning as we attempted to keep up with the number of bills being passed by the Legislature in these final days of the first session of the 82nd Nebraska Legislature.

It appears that LB 945 would precipitate expensive and extensive litigation and may have a tendency to confuse more than clarify tax equalization matters.

I direct your attention to the fact that the Legislature has already established an interim study committee on the subject of property tax equalization and it is my opinion further legislation in this area should await the results of that study and others.

May I again respectfully request your sustaining this action and allow adequate opportunity to thoughtfully consider this matter next year.

Yours very truly,

(Signed) J. James Exon

May 26, 1971

Honorable J. James Exon
Governor of the State of Nebraska

Capitol Building
Lincoln, Nebraska

Dear Governor Exon:

You have asked our opinion as to the constitutionality of L. B. 945. We can see a number of constitutional difficulties with this bill, particularly sections 7 to 11. The basic idea of these sections is that when a taxing district lies in two or more counties, and the ratios of assessed valuations to actual values are different in the two counties, the mill levy for the overlapping district shall be adjusted in each county to take into account the disparity in assessment ratios. The basic idea has merit, but we see great difficulties in the implementation of the system.

Section 7 of the bill requires a determination of the "equalized valuations" of taxable property in such overlapping district lying in each county. This is to be determined by the application of the "county assessment ratio" developed by the Tax Commissioner. The Tax Commissioner attempts to develop assessment ratios based on various indicators of value, including sales assessment ratios, appraisal studies, agricultural statistics, etc. Even after a full hearing before the State Board of Equalization and Assessment, supporting testimony, corrections and adjustments, and findings by the State Board in conformity with these adjusted figures, the Supreme Court has frequently, if not uniformly, refused to accept the Tax Commissioner's figures as achieving equalization among the counties. Section 7 to 11 of the Act contemplate acceptance of these figures with no hearings to determine their validity. We are confident that the Court would refuse to sustain an action taken on the basis of the Tax Commissioner's figures under these circumstances.

Next, we point out that the Tax Commissioner's ratios deal only with the assessment of real estate, but the varying mill levies provided for by L. B. 945 would be applied to all classes of property, including personal property. There is no guarantee, or even indication, that a low assessment ratio of real estate in a particular county is reflected in a low assessment ratio for personal property in the same county. Nevertheless, the low assessment ratio of real estate in the county would result in a higher mill levy on the personal property in that county, as compared with personal property of the same value in the adjoining county. This would appear to be in violation of Article VIII, Section 1 of the Nebraska Constitution, which requires that taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises. This is particularly apparent with respect to centrally assessed personal property. For example, motor vehicles are centrally assessed but locally taxed. A motor vehicle in the overlapping district lying in the county of low assessment ratio would be subject to a higher mill levy for the overlapping district than an identical motor vehicle located in the same district in the adjoining county.

We also have some question about the propriety of Section 11 of the Act, which provides that the system outlined above shall not be applicable when the mill levy of the overlapping district is five mills or less. If this system is proper, it would appear that the disparity that it attempts to

correct is proportionately as great whether the mill levy is five mills or less than five mills. To deny taxpayers the relief this bill attempts to give simply because the mill levy is five mills or less may be denying them equal protection of the laws, in violation of the Federal Constitution, or may constitute an unreasonable classification, in violation of Article III, Section 18 of the Nebraska Constitution.

Lastly, we point out that Article IV, Section 28 of the Nebraska Constitution requires the State Board of Equalization and Assessment, not the Tax Commissioner, to review and equalize assessments of property for taxation within the state. If the Tax Commissioner's figures can be accepted as absolutely correct, as sections 7 to 11 of this bill contemplate, it would be the duty of the State Board to adjust the assessed valuations in order to achieve equalization. It is because the Supreme Court has refused to do so that this whole problem arises. This bill attempts to achieve partial intercounty equalization by action of the county board having responsibilities for the fixing of the mill levy for the overlapping district, based upon information received from the Tax Commissioner. This might well be held to be in violation of Article IV, Section 28 of the Nebraska Constitution.

Very truly yours,

MOTION—Advise Governor's Office

The Speaker appointed Messrs. Holmquist and Burbach to serve as the committee in the above stated capacity.

UNANIMOUS CONSENT—Print in Journal

Mr. Warner asked unanimous consent to print the following Attorney General's opinion in the Journal. No objections. So ordered.

March 30, 1971

Honorable Jerome Warner
Member of the Legislature
Capitol Building
Lincoln, Nebraska

Dear Senator:

You suggest that with the annual sessions beginning in 1971 that it appears that the Legislature cannot increase appropriations above the revenue which would be raised by the sales and income tax based on the rates in existence at the beginning of the 1971 session, except for a possible increase in revenue which could be obtained by raising said rates from January 1, 1972, through June 30, 1972. You then suggest that in most instances this will not provide sufficient lead time to collect a sufficient amount in the treasury to take care of appropriations. You then ask three specific questions. We will discuss your questions in order.

You ask: "Will the constitution permit the 1971 Legislature to make an appropriation beyond June 30, 1972; If so, how far beyond?"

The 1969 Legislature proposed a constitutional amendment requiring annual sessions of the Legislature of Nebraska, which amendment was adopted by the voters in 1970. (Article III, Section 10, Constitution of Nebraska.) In so doing no amendment was proposed to Article III, Section 22, Constitution of Nebraska, which provides:

"Each Legislature shall make appropriations for the expenses of the Government until the expiration of the first fiscal quarter after the adjournment of the next regular session, and all appropriations shall end with such fiscal quarter. ***"

Nor was Article IV, Section 7, amended, which requires the Governor "after the commencement of each regular session" to present a budget "for the ensuing biennium."

A constitutional amendment becomes an integral part of the instrument and must be so construed. It must be harmonized, if possible, with all other provisions, and effect must be given to every section and clause as well as the whole instrument. *Swanson v. State*, 132 Neb. 82, 271 N. W. 264. It should also be remembered that, while a clause in a constitutional amendment will prevail over a provision in the original instrument inconsistent with the amendment, distinct constitutional provisions are repugnant to each other only when they relate to the same subject, are adopted for the same purpose, and cannot be enforced without substantial conflict. *Swanson v. State*, supra. In 16 Am. Jur. 2d, Constitutional Law, §68, p. 246, the following appears:

"***. At the same time, amendments are usually adopted for the express purpose of making changes in the existing system. Hence, it is very likely that conflict may arise between an amendment and portion of a constitution adopted at an earlier time. In such a case, the rule is firmly established that an amendment duly adopted is a part of the constitution and is to be construed accordingly. ***"

It seems an inconsistency may have been created between Article III, Section 22, and Article IV, Section 7. We are of the opinion that this inconsistency is more apparent than real. Article IV, Section 7, imposes a duty on the Governor to present a budget for the ensuing biennium while Article III, Section 22, is a limitation upon the power of the Legislature. Article IV, Section 7, thus seems to require more of the Governor than actually needs be performed each regular session, but we cannot say that for planning future operations of the state that said requirement is useless

and it certainly does not conflict with Article III, Section 22. By this latter provisions, the Legislature is prohibited from making continuing appropriations. See, *State ex rel. Meyer v. Steen*, 183 Neb. 297, 160 N. W. 2d 164. It is also the duty of the Legislature to make appropriations for the expenses of government until the expiration of the first fiscal quarter after the adjournment of the next regular session of the Legislature. Is also appears, from the floor debate that annual appropriations were considered. Nebraska State Legislature, 80th Session, General Debate, August 29, 1969, at pages 4433, 4434.

Our Court has specifically held that a general appropriation will not lapse until the end of the first fiscal quarter after the adjournment of the next session of the Legislature. *State v. Babcock*, 22 Neb. 33, 33 N. W. 709, *State v. Moore*, 36 Neb. 579, 54 N. W. 866. Under the statute the fiscal year begins on July 1 of each year and ends on June 30 of each year, Section 84-701, R. R. S. 1943. The first fiscal quarter as referred to in Section 22, Article III, of the Constitution is the fiscal quarter beginning after the adjournment of the next regular session. Thus, for example, if the Legislature this year adjourns sine die during June, the first fiscal quarter referred to will be that beginning June 1 and ending on September 30 of this year. Since we cannot anticipate the precise time the next session of the Legislature will adjourn, we cannot be precise in advising you at this time. We also note that all appropriations must terminate with the end of said fiscal quarter so that appropriations could not be extended beyond the end of that fiscal quarter.

You ask if the 1971 Legislature could require the Board of Equalization to establish a sales and income tax rate for 1972 which would provide revenue for appropriations to be made by the 1972 Legislature. We think it possible that provisions could be made, under standards established by the Legislature by a duly enacted law, to require the State Board of Equalization and Assessment to fix such rates, or the rates could be fixed by an act of the Legislature.

Finally you ask: "By what procedure could the 1971 Legislature require the Board of Equalization in 1971 to take authorized expenditure, but as yet not appropriated (items), into account when setting Sales & Income Tax rates for 1972 and when the funds to be raised would not be appropriated until the budget year of July 1, 1972 through June 30, 1973? (This question assumes that the 1971 Session would not require an appropriation beyond September 30, 1972.)" This appears to be primarily a legislative and not a legal question. The procedure to require the State Board of Equalization to consider expenditures which may be authorized by statute for future years, but which cannot yet be appropriated, would necessarily have to be prescribed by statutory enactment by the Legislature.

Yours very truly,

CLARENCE A. H. MEYER

ESCORT GOVERNOR

The President appointed the following committee to escort the Governor to the rostrum: Senators Stahmer, Orme, Kremer, Mahoney, Holmquist and Burbach.

The Governor offered the following message:

Thank you for your invitation to speak to you.

Since this is not, as has been in the past, the end of a legislative session, I am looking forward to seeing you all in January.

I feel that I should reserve formally addressing your honorable body on our joint accomplishments at the end of this 82nd Session of the Legislature which will have completed its deliberations next year.

In the interest of time I am therefore conveying to you in this short talk a hearty thank you, each and every one, in behalf of the citizens of the State of Nebraska for your efforts.

We have not always agreed and probably will not in the future.

However, I am confident that each member of your honorable body did what he thought was best for the citizens. The fact that we agreed on something in excess of 500 measures while disagreeing on a relative few is all the proof we need that our basic system, even with its imperfections and sometimes clash of legitimate issue and personalities, is still interestingly and uniquely proven as the best that man has devised.

From now until you return shortly in seven short months, I would appreciate hearing from you often . . . the door to my office which has nearly swung off its hinges since January 7 remains wide open to all of you. Let me remind you again that you are always welcome.

Enclosures – Objections

May 28, 1971

Mr. Allen J. Beermann
Secretary of State
State House
Lincoln, Nebraska

Dear Mr. Beermann:

I return to you herewith LB 256 without my signature and with my objections.

For reasons that I have clearly spelled out in a series of messages to the Legislature and through public statements, I cannot, in good conscience, allow LB 256 to become law. It is unfair tax legislation.

This measure, along with all its predecessors promoted in the immediate past session of the Legislature, would have caused a raise in the sales and income taxes. My sentiments on this were unalterably clear.

We need further study on this matter with the introduction of legislation that will provide relief where it is needed most in the next session.

I am returning LB 256 to you in accordance with Section 15, Article 4 of the State of Nebraska.

Very truly yours,

(Signed) J. James Exon
Governor
