

SENATOR WHITNEY: Mr. Scott, Frank Scott.

SENATOR HASEBROOCK: Frank Scott of Omaha. Naturally this committee member should probably come from Omaha.

SENATOR WHITNEY: Well, not necessarily because it is a lay member.

SENATOR HASEBROOCK: All right, thank you.

SPEAKER: Anything further Mr. Clerk.

CLERK: We have some new bills Mr. President. LB648 read. LB649. That is all Mr. President.

SPEAKER: If that is all Mr. Clerk I presume that we are ready to go to General File, unless somebody has an objection. I notice that there are certain bills bracketed on General File if there are any motions to take those up, any particular bills, I will entertain such a motion otherwise we will go to the first bill on General File.

CLERK: Mr. President, the brackets were left there simply because they were there last year, and for no other reason.

SPEAKER: Senator Carpenter.

SENATOR CARPENTER: I would like to request to withdraw LB237. I wish that it would be laid over until tomorrow. I move that all the other bills on General File will be unbracketed and we start from the number seven and go down as far as we can with reconsideration of any objection a senator might have to consider a bill at this particular time.

SPEAKER: Senator Carpenter is asking unanimous request to lay over, or to withdraw a bill that will lay over until tomorrow. He has further moved to

(end belt #5)

(start belt #6)

for unanimous request to unbracket all bills and to start with the first bill bracketed which would be LB7, on General File, are there any objections to that motion? Senator Syas.

SENATOR SYAS: No, only I have LB10⁴ up there and I don't want to take it up today, why don't you just put it....

SPEAKER: Where is it Senator?

SENATOR SYAS: It is in the bracket so it would come up today.

SPEAKER: Well when we get to it why don't you just ask to pass it over.

SENATOR SYAS: I will take it up in the next couple of days but I don't want to do it today. I haven't even read it lately, for a year.

SPEAKER: Well that is commendable. Now are you ready...are there any objections to Senator Carpenter's unanimous request? If not, it is so ordered. We will start with LB7 that is a Judiciary Committee, Senator Luedtke.
