LB 184

real estate developer. I would say that that building to construct today would be in the fourteen to fifteen million dollar area. All the windows are steel. The doors are steel. There is tile walls. There is nothing that we would have to do now other than to move in. The kitchen was all remodeled, all stainless steel. It is unbelievable. It is a far better building than I expected. It was my first visit. It is all brick constructed outside. The grounds are beautiful and I think it would just be a disaster if we failed to take advantage of this veterans home, possible veterans home for the eastern part of Nebraska. Thank you.

PRESIDENT: Thank you, Senator Labeledz. I have next to speak, Senator Dworak.

SENATOR DWORAK: Mr. President and colleagues, we don't have this amendment before us yet. Do we? Could I have a question of...

PRESIDENT: The amendment?

SENATOR DWORAK: The amendments are not before us.

PRESIDENT: Well I don't know. The amendment was adopted.

SENATOR DWORAK: I mean we don't have the current fiscal note on the amendment. The only thing we have is the fiscal note on the original bill which calls for an initial construction.

PRESIDENT: I will let Senator Labeledz answer that. I am sure that is right.

SENATOR LABEDZ: Senator Dworak, I just introduced the A bill signed by all the people and I will bring you back a copy. What we are asking for in the A bill, "There is hereby appropriated \$25,000 from general fund to aid in carrying out..."

SENATOR DWORAK: Senator Labeledz, we can talk about the A bill when that is introduced. What I am talking about is the fiscal note and the information shown on a fiscal note which is in more detail than an A bill and I would like to see a fiscal note before I vote on this bill. Is a fiscal note available on the amendment? Senator Labeledz, is there a fiscal note on the amendment?

SENATOR LABEDZ: Can I answer that? No, not yet.

SENATOR DWORAK: And will we have a fiscal note?
