

SPEAKER MARVEL: The motion lost. What is the next item?

CLERK: Mr. President, the next motion is by...Senator DeCamp and Reutzel had amendments found on page 379 of the Journal but I...Senator, do you wish to withdraw these in lieu of your other?

SENATOR DeCAMP: It is a correction.

CLERK: All right, Senators DeCamp and Reutzel now offer amendments to the bill.

SENATOR DeCAMP: Mr. President and members of the Legislature, this puts the grandfather clause in. I am not sure how bright it is but that is one of the things that I guess has been agreed to and so that is fine. It also has some technical things to make sure that the previous Hoagland-Dworak thing is completely struck and there isn't any remaining language. It just repeats that. I move it be adopted.

SPEAKER MARVEL: What page is this on? The motion before the House is the adoption of the DeCamp-Reutzel amendments. Senator Dworak, do you wish to be recognized?

SENATOR DWORAK: Mr. President, a question of Senator Kelly, I guess. Senator Kelly, didn't the original DeCamp amendment strike all of the Hoagland-Dworak amendment? I know you made a point about writing legislation on the floor and I just assumed when you urged us to vote for that, that that was a sound amendment.

SENATOR KELLY: It would be my suggestion to you, Senator Dworak, to talk to the author of that amendment which would be Senator DeCamp, and not to me.

SENATOR DWORAK: Senator DeCamp, the original amendment didn't strike all the...do we still have part of the Hoagland-Dworak amendment intact, and if so, what part is still intact?

SENATOR DeCAMP: I don't know which part is still intact. I don't know how much is there but I want to make sure it is all cleared up. The amendment that I originally put up there was put up there before Hoagland-Dworak was adopted. You may remember I agreed to hold it over till Select File, so when it strikes portions I don't know just which portion is struck. This makes it very clear Hoagland-Dworak is struck and grandfather is in, etcetera. It makes it clear. I would hope that that would make sense to you.
