don't. You either think the bill will pass without it or whatever.

SPEAKER MARVEL: Senator Chambers.

SENATOR CHAMBERS: In order that debate not be prolonged, I would like to ask Senator DeCamp one question. Well, first...

SENATOR DeCAMP: If you do, I will let you have a shot at it.

SENATOR CHAMBERS: Doesn't your amendment, if adopted, leave everything just like it is? The county board now has the power to set salaries and can consider the things you have put in your amendment. Isn't that the way it is now, as a matter of fact and law?

SENATOR DeCAMP: Yes.

SENATOR CHAMBERS: Thank you.

SENATOR DeCAMP: Yes.

SENATOR CHAMBERS: Members, I don't see any point in adding an amendment which does not do anything, so I would ask you to defeat Senator DeCamp's amendment so we can get a vote on the bill.

SENATOR DeCAMP: Well, it does take the mandatory part in your bill out though, you understand that. It keeps it on salaries the way it is now, but it says it is advisory. Do you want to try the bill without even offering the amendment?

SENATOR CHAMBERS: Yes, I do.

SENATOR DeCAMP: Why not? What the heck. I'll pull the amendment one time and let you have a shot.

SPEAKER MARVEL: What are you proposing to do now? Some place along the trail I lost the trend.

SENATOR DeCAMP: Okay, Senator Chambers believes he can pass the bill without changing it. He may be right, I don't know. I am willing to let him find out.

SPEAKER MARVEL: You are withdrawing your amendment?

SENATOR DeCAMP: Yes, I will offer it later after it doesn't
