

develop with the...and the responsibility for the Nebraska Education Data System which is Uniform Data System that has been under way for some time. The next one affects the Policy Research Office indicating that there will be no general fund request for the volunteer office which was established with federal funds last year. It is the intent that it will not have a general fund request. This merely reflects that. This language affecting the Secretary of State, we will be putting in money for some computerization of the corporate records and it carries along with it that there should be a reduction in clerical position reflecting the use of the computer. The language affecting the Department of Education essentially requires that they have maximized the use of federal funds in their administrative costs and do not use some federal funds that may be coming because of past reimbursements until they are appropriated by the Legislature next session. We can use them to reduce the general fund appropriations. The other language refers to the use of Title 6 funds for new handicapped programs, again to maximize the use of federal funds rather than general funds. The language affecting the Board of Pardons merely is a report on how the Parole Board works with community based facilities. The Department of Labor, it merely is language to indicate that included in their appropriation was money for periodic safety inspections of power and irrigation districts. The Department of Public Institutions language directs the agency to include in their '81-'82 request, continuation funding for individuals placed in the community program in previous years. Also be sure that they request continued funding for the care of clients at the various levels of care at Nebraska Development Center, and also included in the request will be any funds if necessary to implement the agreement between the Governor and the United States Department of Justice. In the Department of Welfare it is a similar language that they maximize the use of Title 19 funds in their budget requests for community based facilities and there is a breakdown in the bill on page 6, 7 and part of 8 which is just a breakdown of how the total...for informational purpose, how the total general fund and total fund appropriation was arrived at for the Department of Welfare. Then there is also language on the Infant Development and Encouragement Program that used to be general fund appropriated. We used Title 6 federal funds for that now and it is to indicate that they should continue to do that. This language in Section 10 affecting the Power Review Board requesting a series of information from public power districts. By and large I believe it would be information that all power districts would carry on hand. This language affecting the Game and Parks
