

January 13, 1981

these words can only be expressed in a bill. A bill cannot carry two subjects. An amendment cannot be offered to a bill if it is not germane to the main subject matter of the bill. So there are various types of restrictions of a technical nature that already exist to limit us in terms of what we can do. I think that we should acknowledge that there are differing levels of talents and abilities. There are occasions when some of us will have a great deal to say and other occasions when we will have nothing to say but to try to establish an arbitrary rule which says in all seasons...

SPEAKER MARVEL: You have thirty seconds.

SENATOR CHAMBERS: ...on all issues, regardless of the matters facing the state, only ten bills can be offered, I think is a grievous error. I am in favor of Senator Koch's amendment and I will be in favor of such a proposition anytime it comes before the body.

SPEAKER MARVEL: Senator Cullan.

SENATOR CULLAN: Mr. President, I call the question.

SPEAKER MARVEL: The question has been called for. Do I see five hands? Okay, the question is, shall debate cease? All those in favor of that motion vote aye, opposed vote no.

CLERK: 28 ayes, 3 nays to cease debate, Mr. President.

SPEAKER MARVEL: Debate is ceased. Senator Koch, do you wish to close on your motion? The Chair recognizes Senator Koch.

SPEAKER KOCH: Thank you, Mr. Speaker. I also wish to thank those who have defended this amendment. We often-times talk about Americanism. It is always great, it is patriotic. I agree with my good friend, Senator Beutler, disagree with him. I do think this rule is an infringement upon my right of expression as an elected official and indirectly for all those that I represent, not just for the 12th District but for the State of Nebraska because my title is state Senator and I think too often we forget this. But momentarily this nation was built upon a set of ideals and a couple of those were a passion for justice and a reforming spirit and the only way you get this is through law or at least advancing an idea which may not be accepted immediately. There has been a lot of great ideas advanced and one time they said in the Britannica that an atom was only an idea of man which would never come to fruition. Yet today the atom is one of the most fruitful things that we have going for
