CLERK: 29 ayes, 2 nays on adoption of Senator Johnson's amendment, Mr. President.

SPEAKER MARVEL: Okay, the motion is carried. The amendment is adopted.

CLERK: Mr. President, Senator Fenger now moves to amend the bill and the amendment is found on page 1575 of the Legislative Journal.

SPEAKER MARVEL: Senator Fenger.

SENATOR FENGER: Mr. Speaker, the amendment in question was offered as a companion feature to a previous amendment. The previous amendment was unsuccessful. I would therefore ask unanimous consent to withdraw my proposed amendment.

SPEAKER MARVEL: Hearing no objection, so ordered.

CLERK: Mr. President, the next amendment I have is offered by Senator Haberman.

SPEAKER MARVEL: The Chair recognizes Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the Legislature, I will be real brief as my amendment is real brief. The amendment says that the only people that have to file are the people who are state appointed and elected salaried officials. This means those people who wish to be on the County Weed Board, who wish to be on the County School Board, who wish to be on these hundreds and hundreds of little boards that don't pay any money and that really, they are donating their time. It means they do not have to file all of these reports. They don't have to go through it and get it notarized and they don't have to file it at the county court house. All they want to do is serve and be a public servant and we have a lot of people on the local level that will not take these positions anymore due to all of the Mickey Mouse of having to file these papers. However, it does cover the elected and salaried officials of the state and those are the ones that should file the reports. The guys on the City Council make \$500 a month and he should have to go and file all of this, a year, \$500 a year. Thank you, Senator Nichol. And this is what the people out on the local area, in the local, in Nebraska, they don't like this. So I feel that this amendment takes the people that everybody is, that really wants to look at, and who should file the reports but excludes...for example, people who want to be on the Board of Health. They get \$20 per diem and they have to file out all of these. All of the people on all of these
