LB 134

huge amounts of time or do not have let's say a particular union that will funnel unlimited laborers into a campaign. There are candidates that don't have that and so they solicit and receive campaign contributions, money, so they can hire people to do it, but the essence of the thing is you can give \$100 or you can give a \$100 of labor. All we are saying is, tell us about it. Tell us who is supporting you. If ever there was an amendment that was legitimate and makes the bill workable, and I believe would make it guaranteed passing because we still have the noble people that wouldn't pull off just because a labor union or a teacher told them not to. This is it and I guarantee you I would love to have my name on that bill once this amendment is adopted, because with the basic things in there it corrects some of the loopholes I think were pointed out by me. I couldn't do a lot of the things. Heck no, wouldn't be able to, but we would also have full disclosure from everybody. I am all for it.

SPEAKER MARVEL: Okay, the motion before the House is the adoption of the Schmit amendment. All those in favor vote aye, opposed vote no. Record.

CLERK: 26 ayes, 4 nays, Mr. President.

SPEAKER MARVEL: Okay, the motion is carried.

CLERK: I now have an amendment to the bill, Mr. President, from Senator Nichol.

SPEAKER MARVEL: Senator Nichol.

SENATOR NICHOL: Mr. Chairman, I appreciate the hour is late and I have one little amendment. It was talked about this morning but nothing much was done about it. I passed out about a three or four page section this morning to you and on page 2 if you want to refer to it, you will note that it crosses out the part of one line, and we are now dealing in the lobbyist section of the accountability law, and what the sentence says now is, and we are talking about transportation, "expenditure shall not include payments for transportation by lobbyists or the cost of communicating positions from a principal to a lobbyist or from a lobbyist to a principal". What I have done is crossed out the words "payment for transportation by lobbyists". So what it will say now is, "expenditures shall not include the costs of communication" and so forth. So what we are doing is that payment or transportation by lobbyists for you shall be reported.
