From the Motor Vehicle Industry Licensing Board?

SENATOR WESELY: Yes, that is correct.

SENATOR HOAGLAND: And one of these handouts makes a representation that the Motor Vehicle Industry Licensing Board is going to do a good job of being sure that the public is fully protected in terms of selling pitches that are going to be made at these fairs as people walk around to look at the displays and are suddenly confronted with an auto dealer that wants to sell them a car. Is that right?

SENATOR WESELY: Yes, they will be regulated by the Motor Vehicle Licensing Board.

SENATOR HOAGLAND: Now is that the same Motor Vehicle Licensing Board that has 11 members, 10 of whom are franchise holders of one sort or another?

SENATOR WESELY: Possibly.

SENATOR HOAGLAND: I don't have any further questions, Mr. Speaker. Thank you.

SPEAKER MARVEL: Senator Nichol.

SENATOR NICHOL: Mr. Chairman, I would have a question of Senator Wesely. Are you saying that they may display these cars at these affairs, or they may sell them at these affairs?

SENATOR WESELY: Well, they can display them and I think the change also allows them at the time if desired they can sell them too, I think.

SENATOR NICHOL: Well, what would...where is there any law that would exclude them from selling them anywhere? They can sell them in church if they want to.

SENATOR WESELY: No, well, actually, this change, it's prohibited now from these sport shows to show a car and to...if they wanted to, close the deal on it at that time. I know it sounds hard to believe, Bill, but that's why we are trying to change it.

SENATOR NICHOL: Okay, I thought they had the right to sell a car any time and any place they wanted to.

SENATOR WESELY: No, huh uh.

SENATOR NICHOL: Okay, looks like we are going to make honest people out of them finally.
