CLERK: Quorum present Mr. President.

SPEAKER MARVEL: Before we proceed with some more overrides I would like to introduce underneath the north balcony from Senator Fowler's area, three guests from Shannon, Ireland; three from Toyko, Japan; three from Chicago and Alise Masters from Lincoln. This is an Employees Exchange Program of the MOLEX Inc., Lincoln, Nebraska. Will you hold up your hands so we can see where you are. Yes sir, what is your. . . .

SENATOR VON MINDEN : As you know my wife and Senator Goll's wife is having a party out at Pioneer Park tonight so I would ask for a little cooperation here because if you don't let us go by 5:00 my wife is going to raise heck with me Dick, and I'll be in the dog house the whole week end. SPEAKER MARVEL: The only thing Senator, I would say to start with is to look at the record from the time we started this morning until now and see how how far we have to go. That is my problem. I can't indicate how long that will be.

From Senator Sieck's district it is my privilege to present 35 students from the third grade, Milford Elementary School and one of the students sitting with Senator Maresh is his grandson Jamie Placek of Milford, Nebraska. The teachers are Linda Brettman, Bonnie Smith and Rob McDowel in the north balcony. Will you raise your hands so we can see where you are. Welcome to the Unicameral.

Guests of Senator Jim Goll are underneath the south balcony, Mr. and Mrs. John Peck of Tekamah, Nebraska. Are you folks there? Will you raise your hands so we can see where you are.
