

January 31, 1989

LB 166, 353

emergency clause, did you, Senator Moore? Okay. The question is the Lamb amendment. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on the adoption of committee amendments.

PRESIDENT: The committee amendments are adopted. Senator Lamb, on the bill.

SENATOR LAMB: Mr. President, members, this is a bill I introduced at the request of a constituent who has a fish, commercial fishing permit, wants to clean out his lake which is mostly owned by this constituent, and sell the fish. And currently, he can sell the nongame fish. He can sell the carp is what we are talking about. He can sell the carp but he can't sell the bullheads. So this is merely giving a person in that situation the opportunity to, rather than just destroy the bullheads that come out of those ponds for fish management purposes, currently, because they are... bullheads are considered a game fish, they cannot be sold. And so after consultation with the Game and Parks Commission, this bill was drafted which was supported by Game and Parks. It merely would allow the sale of those bullheads which are seined. It does not change the status of bullheads as a game fish, but it does allow those fish to be sold or to be constructively used rather than destroyed. I would move the advancement of the bill.

PRESIDENT: Any further discussion? If not, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 27 ayes, 0 nays, Mr. President, on the advancement of LB 166.

PRESIDENT: LB 166 is advanced. LB 353, please.

CLERK: LB 353, Mr. President, was a bill introduced by Senator Wesely. (Read title.) The bill was introduced on January 11, referred to the Health Committee, advanced to General File. I have no amendments to the bill, Mr. President.

PRESIDENT: Senator Wesely, please.

SENATOR WESELY: Thank you. Mr. President and members of the
