

that's already been made that some of the programs based on need, no doubt, would also be addressed to the needs of native Americans and that the actual dollars distributed would be something in excess of that amount that was specifically designated to go to the tribal areas. In any event, I would move that the report be advanced. Obviously, there's been many suggestions that other areas could be addressed. As I have indicated earlier, I know of no way that all of the needs that could be suggested could be addressed. Half the funds are contemplated to be a revolving fund, in nature they go back to the low income or needs primarily low in the way of loans which would be repaid and so there is, from that viewpoint, at least, the opportunity for reuse of these funds by many people over a period of time, which, incidentally, was a change from a couple of years ago. You may recall, we then were operating under the impression that these funds had to all be used, gone within a specified period of time, but that restriction seems to have been lifted somewhat and the revolving fund concept, which is being used in the one program, in fact, can exist and is being implemented. So I would move that the report be adopted as written. As several have indicated, it does point out broad areas which are consistent with the pre-disbursement plan that we would hope the Governor's office would take into account in the distribution of these funds' two specific projects.
