Would you folks please stand and be recognized. Thank you for visiting us today. Are you ready to move on to LB 89?

CLERK: Mr. President, I am. LB 89 was a bill that the Legislature discussed yesterday. It was a bill originally introduced by Senators Lynch, McFarland, Ashford and Chizek. (Read title.) The bill was discussed yesterday, Mr. President. The committee amendments were adopted. There was an amendment to the bill by Senator Lynch that was adopted. Senator Moore had two amendments to the bill that were adopted. Senator Schmit then moved to amend, Mr. President. There was an amendment to that amendment by Senator Withem that was adopted. I have pending the Schmit amendment as well as amendments to that amendment. (The Schmit amendment appears on page 1210 of the Legislative Journal.)

SPEAKER BARRETT PRESIDING

SPEAKER BARRETT: Senator Schmit, before we proceed to the next amendment on the desk, would you care to again explain or reexplain your amendment, the pending amendment which we left yesterday?

SENATOR SCHMIT: Mr. President and members, the amendment which I have on the desk today is a corrective amendment. We drew the first amendment rather hurriedly. What this amendment does is it clarifies the fact that the money that the sales tax has collected on the motor vehicles remains with the Highway Trust Fund, it does not go into the proposal of LB 89, and it divides the balance of the money between the Salary Improvement Account and the Property Tax Relief Account. And I believe that's all that it does. I have not seen the most recent one but that's what it was supposed to do.

SPEAKER BARRETT: Thank you, sir. Mr. Clerk, we have an amendment on the desk.

CLERK: Well, Mr. President, Senator Warner would move to amend the Schmit amendment.

SPEAKER BARRETT: Senator Warner, please.
