

SENATOR McFARLAND: Question.

SPEAKER BARRETT: Your...That will not be necessary, Senator McFarland, there are no other lights. Thank you. Senator Goodrich, would you care to close?

SENATOR GOODRICH: Just very briefly. We're talking about four items, so to speak, one is the...dropping the two words "equal and" for the sake of avoiding any lawsuits. Another one...the second one is the public projects, for example, if there are any other public projects other than roads then we should have them...a comment to that effect in there. The third one is the refus...a known relative refusing to pay, we should have that covered so that the county picks it up. In those three points the attorney for the Indian Commission or Indian group out here has said they have no problem with this three. The fourth one is the construction equipment. CLERK: 7 ayes, 14 nays, Mr. President, on adoption of the amendment.

SPEAKER BARRETT: Motion fails. I'd like to advise the body that at this point there are four to five bills on Select File that are not amended and perhaps could be moved before we adjourn for the weekend. If there are no objections, I would like to try to handle 231A, 378A, 408A, and 412A toward the end of the agenda. This might then be a convenient time to adjourn for the weekend, at which point I will recognize Senator McFarland. Senator McFarland, may I recognize the Clerk and then Senator Lindsay for the purpose of moving the bill?

SENATOR McFARLAND: Yes, I would be glad to.

SPEAKER BARRETT: Senator Hall, Senator Hall, would you care to advance LB 231A?

SENATOR HALL: Mr. President, I would be delighted to advance
