LB 84

It is not something that I'm comfortable with. Were it not for the fact that I twitched, in the way that I have in behalf of the renters, I don't believe any reference would have been made to them at all. I doubt that anybody would be willing to consider any type of legislation that would give some relief to renters. But as in so many cases, I have to be in the unfortunate position of bringing the discordant note and letting us know that not all is well with everybody, I've got to do it in connection with this bill. Since "Baron" Hefner is not here, I'd like to ask "Duke" Lamb a question.

SPEAKER BARRETT: Senator Lamb, would you respond?

SENATOR LAMB: Yes, sir.

SENATOR CHAMBERS: Brother "Repelican", are you aware of what the Governor's attitude is toward this bill, if it were passed with the amendment, the general outlines of the amendment that was just adopted?

SENATOR LAMB: The Governor has indicated that she's supportive of her own bill.

SENATOR CHAMBERS: And this would not be her bill.

SENATOR LAMB: This is not her bill.

SENATOR CHAMBERS: Thank you very much. Is Senator Hall here? Is Senator Hall here? There is a call for Senator Hall. (Laughter.) Who has worked...oh, Senator Chizek has worked on the bill. Senator Chizek, would you answer a question?

SENATOR CHIZEK: Yes.

SENATOR CHAMBERS: Senator Chizek, do you have any sensing as to how the Governor would react to this bill?

SENATOR CHIZEK: She hasn't said anything to me, Senator Chambers. (Laughter.)

SENATOR CHAMBERS: Are you and the Governor speaking...are you and the Governor speaking to each other these days?

SENATOR CHIZEK: Oh, we're always friendly, we just disagree on a few things.
