this go on about the possibility down the road of some kind of discussion down the line of the two entities, namely, the local monitoring committee and DEC, under its rules and regs, getting into a dispute over was the money properly expended, and maybe we need a better agreement right up front on how that process is going to work. We are about out of time and we may want to come back to that. That is the question I want to raise and I think we have got, at least, some intent here into the record, and I would not want to see this unnecessarily tie the hands of a local monitoring committee that might have legitimate reasons to wish for more data or a different analysis of data. Thank you.

SPEAKER BARRETT: Time has expired. Any other discussion? Any closing, Senator Schmit?
