have plenty of eyes, we have plenty of ears, we don't have any money, send us money and we will use that money as best we know how. It's a full staffed office. They know how to get federal help, but they're not getting any, it's shut off. They know everything that there is, I think, to know about it. Fortunately our district is one of the better districts, Senator Hefner, and I'll bet you that if we put this office in Norfolk, when a question came to that office, they would call the Norfolk Chamber of Commerce for the answer. Norfolk Chamber of Commerce is up on economic development. So is the chamber of commerce at Blair. We got places we can call, so let them keep their eyes and their ears and let's have money and we know what to do with it. I really, I really think that this office is just a promotion for...

PRESIDENT: Time.

SENATOR KORSHOJ: ...the hierarchy of the State of Nebraska. Thank you. Thank you, Sandy.

PRESIDENT: Thank you. Senator Bernard-Stevens, Senator Dierks.

SENATOR BERNARD-STEVENS: Question.

PRESIDENT: The question has been called. Do I see five hands? I do and the question is, shall debate cease? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 28 ayes, 0 nays to cease debate, Mr. President.

PRESIDENT: Debate has ceased. Senator Haberman, please.

SENATOR HABERMAN: Mr. President, members of the body, very, very good debate, however, one senator said to me when I was talking to them in the back, they said, well if we put one of these people or one of these offices in a small community, who is going to answer the phone? We're going to hire somebody to stick around in the office to answer the phone. Wrong, absolutely wrong. You put one of these offices in a community of 5,000 or less, the city hall, the courthouse, the county sheriff, the local insurance agent, the local bank, they will all be pleased to answer the phone if the representative is out of town. They'll do it for free. If there is an office, I would say that there will be enough volunteers from senior citizens to go down there and man that office in two-hour shifts
