LB 84

CLERK: One item, Mr. President. I have a report from the Department of Health which is filed pursuant to statute. That will be on file in my office, Mr. President. That is all that I have.

SPEAKER BARRETT: Thank you. Members will please take your seats. Proceed to item 6 on the agenda, Final Reading. Members, please take your seats. Mr. Clerk, let's proceed to LB 84.

CLERK: Mr. President, I have a series of motions on LB 84. However, I have a priority motion. Senator Haberman would move to bracket LB 84 until Wednesday, May 10.

SPEAKER BARRETT: Senator Haberman, please.

SENATOR HABERMAN: Mr. President, members of the body, I introduced that amendment for the possibility of slowing this train down a little bit that is going so fast down the track because I was a little concerned it might jump off the track. However, since I introduced the amendment, I have done some research. I haven't finished the research, so at this time I will withdraw the amendment.

SPEAKER BARRETT: Thank you. It is withdrawn.

CLERK: The others as well, Senator.

SENATOR HABERMAN: I beg your pardon.

CLERK: You had other bracketing motions as well. Do you want them all withdrawn?

SENATOR HABERMAN: How many were there or are there?

CLERK: You had four, Senator, filed, as I recall.

SENATOR HABERMAN: Mr. President, members of the body, the reason I had four amendments up there because I really wanted to slow this train down because I think it should be slowed down but, however, at this time I will withdraw them and will do some work on the bill on Final Reading next time. Thank you, Mr. President.
