opposed nay. Please record.

CLERK: 26 ayes, 0 nays to cease debate, Mr. President.

SPEAKER BARRETT: Debate ceases. Senator Hartnett. Thank you.
Again, the motion is to strike original Section 20. If you are
in favor of striking, vote yes; if not, vote no. Those in favor
vote aye, opposed nay. Have you all voted? Record.

CLERK: Record vote, Mr. President. (Read record vote. See
pages 2169-70 of the Legislative Journal.)   18 ayes, 19 nays,
Mr. President.

SPEAKER BARRETT: Motion fails.

CLERK: Mr. President, the next amendment I have is by Senators
Hartnett and Korshoj. They move to strike original Section 21.

SENATOR HARTNETT: Section 21 is program 915, planning for an
additional housing unit at the Lincoln Correctional Center.
Cost in 1989-90 will be $171,000, and then there will be a study
to look at additional housing by the Department of Correctional
Service and approved by the Legislature, and in the year 1990 to
'91, $3,162,000. I would like to give the rest of my opening to
Senator Chambers.

SPEAKER BARRETT: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature,
again, thank you, Senator Hartnett. This would be found on
page 12 of the bill. It is Section 21 and you will see in this
particular proposal that $10,000 is being appropriated to the
Department of Corrections to conduct a study which must be
completed and turned over to the Fiscal Analyst by the middle of
November of this year, 1989. If you are going to ask me if I
need three, point, something million dollars more than what I
have got now, and are going to give me $10,000 to write a
justification as to why you should give it to me, what do you
think the conclusion is going to be? Usually this Legislature
is so hardheaded when it comes to money, so nit picky and
"pecuniarish", then when you come to the Department   of
Corrections, who have given us information that in my opinion is
not correct, not valid, you are going to give them $10,000 to
conduct another study to show you why they should not
spend...why the Legislature should not spend three, point,
