

Select File. You and I both know that this probably will never reach Final Reading because Senator Chambers is very good at what he does. If this suspension does not go through, he has divided the question on every section of LB 769. So if you want to listen to this any further, then vote against me, but if you want to suspend the rules so Senator Chambers will not have the opportunity to put in many, many amendments and divide the question on the entire bill, then you vote no to suspend the rules. I would appreciate your vote and thank those that supported me on the last vote.

SPEAKER BARRETT: Thank you. Senator Chambers.

SENATOR CHAMBERS: I don't know if this should be on a point of personal privilege, but I think I have a right to make the record straight. I had said I would divide the question on the rules suspension. I never said I was going to divide the question on the whole bill and take it section by section. That was stated in error and I just want the record to be clear on that.

SPEAKER BARRETT: Thank you. The point is well taken. The question before the body is the suspension of Rule 6, Section 3, Rule 7, Section 3 and vote on the advancement of LB 769 without any further debate or amendment. Senator Bernard-Stevens, for what purpose do you rise?

SENATOR BERNARD-STEVENS: A point...I guess, you can decide what point it is. I think we're going to have a call of the house and a roll call vote. It will save time. We're going to have to do it anyway.

SPEAKER BARRETT: Are you requesting a call of the house?

SENATOR BERNARD-STEVENS: Yes, sir, and a roll call vote.

SPEAKER BARRETT: Shall the house go under call? Those in favor vote aye, opposed nay. Record.

CLERK: 25 ayes, 1 nay to go under call, Mr. President.

SPEAKER BARRETT: The house is under call. Members, please record your presence. Those outside the Chamber, please return and record your presence. Senator Moore, please. Senator Pirsch, please record your presence. Senator Haberman.
