LB 285A

SENATOR LAMB: Yes, sir.

SENATOR HABERMAN: Senator Lamb, I noticed on the green sheet that this is a \$1,500,000 bill, and I have an amendment up there to postpone the first payment of...or the first General Fund of 308,000 a year. Would you...which is your amendment I'm doing, as I understand, is that correct?

SENATOR LAMB: Yes, that part of that \$306,100 is stricken.

SENATOR HABERMAN: Well your...but then you're putting everything off one year, that's what you're...

SENATOR LAMB: Yes, that's correct.

SENATOR HABERMAN: Would you mind explaining, if you would, please, why this is costing over a million bucks.

SENATOR LAMB: Well, much of it is federal funds. In the amendment...

SENATOR HABERMAN: No, we have General Funds, Senator Lamb, on the green sheet. We have federal...General Funds of \$1,500,000. If you look on the back of the green sheet, under LB 285, it shows a four-year expenditure of \$1,500,000 and I...I am questioning, what's it for?

SENATOR LAMB: Well, the increase in fees is included in that.

SENATOR HABERMAN: That's doesn't... that's \$75,000.

SENATOR LAMB: Yeah.

SENATOR HABERMAN: Seven hundred and fifty people at \$10 apiece, but I am concerned, I would like to, if you can tell me what all that money is for.

SENATOR LAMB: Well, we're going to have to have computer... computerization in the counties to make this workable, Senator. In the A bill, you may notice that there's...in the original A bill, there's \$422,000 from federal funds for the first year. That will be reduced 313,000, and there is a \$228,816 General Fund amount which, of that, \$78,000 is for the...from the increased license fees. And then from July 1, 1990 to June 30,
