

LB 187, it has nothing to do with LB 84, or LB 44, excuse me. The problem lies in that the substantive legislation for which the funding is contained in the A bill is not a part of your amendment. And so you've got funding for a purpose in this A bill that that purpose isn't there. It's in a different bill, and so there are...in a very fine technical sense, there could be two subject matters in the bill. I raise the issue so if it gets vetoed, if the Attorney General would write a letter, you know, the body has been warned and those who drafted the amendment to this bill will know that they may have...you know, it may have been a really fine idea and I don't object to learning fine ideas, I...one of the advantages I have, I've seen so many fine ideas I didn't have to originate hardly any, I just copied a lot. But there still is that potential. And I've also made a decision, because I filed an amendment what's up there that I'm going to withdraw because I think it makes the problem more complex if I don't add an amendment, so...with that, I would urge that the bill be advanced.

SPEAKER BARRETT: Thank you. Any other discussion? Shall the bill be readvanced? Those in favor say aye. Opposed no. Ayes have it, motion carried, the bill is advanced. Senator Warner, did you say you wanted to withdraw the other amendment? Thank you. It is withdrawn. Nothing further on that bill, Mr. Clerk?

CLERK: Nothing further on that bill, Mr. President.

SPEAKER BARRETT: To LB 683.

CLERK: Mr. President, 683, the first motion I have, Senator Scofield, I had amendments from you, Senator, printed on page 1883. I have a note that you'd like to withdraw those.

SPEAKER BARRETT: Withdrawn.

CLERK: Mr. President, the next, I have a note...Senator Warner, the next amendment was from you, Senator, on page 1891. I have a note that you want to withdraw that one.

SPEAKER BARRETT: Withdrawn.

CLERK: Mr. President, Senator Warner would move to return the bill to Select File for a specific amendment. Senator, I have AM1550 in front of me. It is on page 1931 of the Journal.
