

Senator Wesely.

SENATOR WESELY: Just a roll call vote please.

PRESIDENT: Roll call please. Mr. Clerk, would you please call the roll. Please remain in your seats so the Clerk can hear you.

CLERK: (Roll call vote taken. Vote appears on pages 2748-49 of the Legislative Journal.) 25 ayes. 18 nays, Mr. President.

PRESIDENT: The motion fails. Move on to the next one please, Mr. Clerk. The call is raised. Mr. Speaker, may the Chair recognize you for some comments, please.

SPEAKER BARRETT: Thank you, Mr. President and members. As we pass the midpoint in the afternoon I can't resist one more shot. We are now past three o'clock in the afternoon, we have 24 motions remaining before us to address. The governor plans to spend a little time with us, hopefully before midnight, and again Rome continues to burn. We are now reconsidering motions. We have people off of this floor, I think as a matter of courtesy, if nothing else, we should remain in our seats or near our seats or certainly, close to the floor, just as a matter of consideration for our fellow members. Again, I am suggesting that we get on with the business at hand, attend to our business so that we can adjourn sine die and hopefully go home. Thank you.

PRESIDENT: Thank you, Mr. Speaker. Mr. Clerk.

CLERK: Mr. President, Senator Coordsen would move that Section 53, Agency 51, that provision regarding the Entomology Department chinch bug problem become law notwithstanding the objection of the Governor, become law notwithstanding objections of the Governor.

PRESIDENT: Senator Coordsen, please.

SENATOR COORDSEN: Thank you, Mr. President and members of the body. As you recall back before lunch we were talking about the Family Practice Act. This amendment or this proposed override is just like that. It contains no mechanism for funding and that it is only intent language that the university should employ for the next two years, a part-time entomologist to
