SENATOR WESELY: Do you have the chart in front of you?

SENATOR CROSBY: I don't know.

SENATOR WESELY: There is a chart...

SENATOR CROSBY: Well, anyway, just tell me. Oh, well, that. Okay.

SENATOR WESELY: Yeah, the chart that's...

SENATOR CROSBY: I'm sorry.

SENATOR WESELY: If you look at that, it runs across...

SENATOR CROSBY: I wasn't looking at that from that point of view, so...

SENATOR WESELY: Right. Department of Social Services, that's the same situation I'm talking about, the Governor appoints, Legislature confirms; Department of Public Institutions is the same, Department of Education, it's an interdependent agency that is hired and fired by an elected board, so that's unique to this situation. Department of Health is the same, appointed by the Governor, confirmed by the Legislature; Commission appointed by the Governor, confirmed by the Legislature, and I'm simply adding...

SENATOR CROSBY: You're talking about the paid directors, paid directors of something.

SENATOR WESELY: Right, well this is the...

SENATOR CROSBY: Okay, well I'm...

SENATOR WESELY: ...paid director...this is the paid director of this office, so it's the same sort of function, it runs right across.

SENATOR CROSBY: Okay.

SENATOR WESELY: The commission, likewise, is appointed and confirmed by the Legislature.
