

SENATOR KORSHOJ: Mr. President and members, this is not hopefully for needy students, this is for needy students. This little bit of money will help some students who are financially strapped. And, if they do want to get their education, I'm thoroughly convinced that they want this to get their education, not just to go down to these schools and be social people and see how much fun they can have. They really do want their education. And, in fact, we're going to be losing some of this federal money, it even makes it more important at this time. Now, this \$250,000 was proposed by Governor Orr in her budget request last year, but there was a squabble over the statutory formula. So it's probably my opinion, it is my opinion that it probably was left out until we got the squabble settled, to see how this money was going to fit into this program. So I really have no more selling to do to you people, this is not very much money, will not break the budget, and it's a very, very necessary amount of money to help the people who need it the most. That's what it's all about, let's help those that really need it. And I'm going to take an extremely large gamble at this time and have a call of the house. Thank you.

PRESIDENT: Thank you. The question is, shall the house go under call? All those in favor vote aye, opposed nay. Where are your friends, Senator Korshoj?

SENATOR KORSHOJ: I...know where they're (inaudible).
