

yes, as they might make us back in our home districts. But we do not have the luxury, we do not have the ability, I do not think, at this time to delay those decisions until another time. If you will go back and read the news accounts, and Senator Lynch had some here, I believe, yesterday, each time for the last 10 years that we have met in a session or a special session we talked about a temporary solution, a part-time application of a solution to a very difficult problem. We never did address the entire problem. Way back in 1979, I said you cannot patch a totally bad roof one shingle at a time, you must apply a new roof. Ladies and gentlemen, it's time for a new roof. It's time that all 49 of us were working on it and I think we ought to address it in that manner and, Senator Hall, again, I want to emphasize it is not in any way an indication of lack of competence in your committee, it is just an expression of mine that I think we ought to all be involved in the legislative and drafting process. Thank you very much.

The better course would be to delay the public hearing so that there would be adequate time to publish this legislation and make it available for the public who will be affected very profoundly by it, but that is not to be done. And it's clear that it's not the administration's desire that the public know because the administration deliberately withheld even the green versions of the bill from the Legislature. That was done to manipulate the system and maneuver the Legislature into becoming a rubber stamp. But to show that certain news outlets understand the insignificance of what we're doing because it's a done deal, I can't help noticing things and I shouldn't read newspapers like I do, other than the funny papers but I do read something other than the funny paper and the sport section. But here are things that were more important to the Lincoln Star. Doctor. Kitty Dukakis drank rubbing alcohol. Here's another thing that's very important. Eating fish twice a week shown to prolong life. Then the new 84th and "O" project proposed. And here is an international issue that should merit front page coverage. German crisis
