SENATOR WARNER: But it deals with the (inaudible)...

SENATOR HALL: ...the way you have it up there.

SENATOR WARNER: ...Section 3 separately.

SENATOR HALL: Okay, if we could pull 3 out of there, that would just help a lot, and so if we could deal with that individually, maybe even first because I do know you have amendments to that.

SENATOR WARNER: Okay, Section 3, you want the assessment of the unit value taken out, right?

SENATOR HALL: Could we deal with that as a separate division, separate division?

SENATOR WARNER: I have no problem with that.

SENATOR HALL: Okay, thank you very much. That will be enough.

PRESIDENT: Senator Hall, may I get this clear. Then we will leave number two in the first section that we're discussing. Is that correct?

SENATOR HALL: That's correct.

PRESIDENT: Senator Warner, is that correct? Leave two in...we have divided it into four sections now instead of three and we're just simply taking number three out and making it down number four. Is that correct?

SENATOR HALL: Could we make it number one, because I think Senator Warner has...his amendment to that section is the first one. Is that correct?

SENATOR WARNER: It's the first one, yes.

SENATOR HALL: Yeah.

PRESIDENT: Is that agreeable with you, Senator Warner?

SENATOR WARNER: Yes.
