ATTORNEY GENERAL'S OPINION

Opinion No. 91045

DATE: May 22, 1991

SUBJECT: LB 840 - Constitutionality of Including Various Local Government Revenues Within the Term "Local Sources of Revenue" Under the Local Option Municipal Economic Development Act.

REQUESTED BY: Senator Lowell C. Johnson
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the constitutionality of including two specific sources of revenues of cities and villages within the term "local sources of revenue" under LB 840, the "Local Option Municipal Economic Development Act." Generally, LB 840 constitutes the enabling legislation to permit cities and villages in Nebraska to exercise the authority granted by Constitutional Amendment 3 in November, 1990, which authorizes cities and villages to appropriate funds derived from local sources of revenue

for economic or industrial development projects or programs, subject to approval by a majority of the registered voters of the city or village voting upon the question. The constitutional amendment (contained in Neb. Const. art. XIII, § 2), provides the term "local sources of revenue shall mean funds raised from general taxes levied by the city or village and shall not include any funds received by the city or village which are derived from state or federal sources." (emphasis added). Your specific question concerns whether either rent or rents paid for the use and benefit of municipal utilities under Neb.Rev.Stat. § 16-682 (Reissue 1987), or payments in lieu of taxes by public power or irrigation districts made pursuant to Neb. Const. art. VIII, § 11, and Neb.Rev.Stat. §§ 70-651.01 to 70-651.05 (Reissue 1990), constitute "general taxes levied" by a city or village within the meaning of the term "local sources of revenue" as defined under Neb. Const. art. XIII, § 2.

The general rule regarding the characterization of a tax as a "general" tax, as opposed to a "special" tax, is stated in 71 Am. Jur. 2d State and Local Taxation § 21 (1973) as follows:

> Taxes, particularly property taxes, are occasionally classified as general or special. This classification is made most commonly with respect to the distinction between the imposition known as a 'special assessment' and the customary annual tax imposed upon all property within the taxing district to provide revenue for the usual and ordinary day-to-day expenses of the government, the term 'special tax' sometimes being used as synonymous with the term 'special assessment.' With respect to general taxes, the government renders no return of special benefit to any property, but only secures to the citizen the general benefit which results from protection to his person and property and the promotion of various schemes which have for their object the welfare of all; on the other hand, special assessments or special taxes proceed upon the theory that when a local improvement enhances the value of neighboring property that property should pay the improvement.

Similarly, the distinction between "general" and "special" taxes is explained in 84 C.J.S. Taxation § 3a. (1954) as follows:

> 'General' taxes are those imposed throughout the state or some civil division thereof for the purpose of raising revenue for the support of the government and for general purposes, and which are levied on the ground of general public benefits, while 'special' taxes are those which are levied for a special or local purpose for the benefit of a part only of the body politic.

In Farnham v. City of Lincoln, 75 Neb. 502, 106 N.W. 666 (1906), the Nebraska Supreme Court recognized the difference between

"general" and "special" taxes or assessments. In this respect, the court in Farnham stated:

> Special assessments are a peculiar species of taxation, standing apart from the general burdens imposed for state and municipal purposes, and governed by principles that do not apply generally. The general levy of taxes is understood to exact contributions in return for the general benefits of government, and it promises nothing to the persons taxed, beyond what may be anticipated from an administration of the laws for individual protection and the general public good. Special assessments, on the other hand, are made upon the assumption that a portion of the community is to be specially and peculiarly benefited, in the enhancement of the value of property peculiarly situated as regards a contemplated expenditure of public funds; and, in addition to the general levy, they demand that special contributions, in consideration of the special benefit, shall be made by the persons receiving it.

Id. at 506-507, 106 N.W. at 668.

Again, discussing the term "general" taxes, the court in Schulz v. Dixon County, 134 Neb. 549, 556, 279 N.W. 179, 183 (1938), stated:

> Taxes proper, or general taxes, it has been said, 'proceed upon the theory that the existence of government is a necessity; that it cannot continue without means to pay its expenses; that for those means it has the right to compel all citizens and property within its limits to contribute; and that for such contribution it renders no return of special benefit to any property, but only secures to the citizen that general benefit which results from protection to his person and property, and the promotion of those various schemes which have for their object the welfare of all.'

Based on the foregoing, it is our opinion that neither of the impositions referred to in your request properly fit within the phrase "general taxes levied" by a city or village in Article XIII, Section 2, for purposes of determining the "local sources of revenue" which may be utilized by cities and villages to fund economic or industrial programs or projects. As to rents paid for the use and benefit of municipal utilities under Neb.Rev.Stat. § 16-682 (Reissue 1987), the charges imposed are directly related to a specific benefit received by the property owner or resident, as opposed to an exaction for the benefit of the public in general. Indeed, the statute specifically provides that delinquent water rentals remaining unpaid for three months may be assessed against the real estate as a "special assessment." We do not believe these impositions may be characterized as "general taxes levied" by a city or village within the meaning of Article XIII, Section 2.

As to the payments in lieu of taxes made by public power or irrigation districts pursuant to Neb. Const. art. VIII, § 11, and Neb.Rev.Stat. §§ 70-651.01 to 70-651.05 (Reissue 1990), it is our opinion that these payments also do not fall within the term "general taxes levied" as used in Article XIII, Section 2. The precise language employed in Article XIII, Section 2, limits the term "local sources of revenue" to "general taxes levied by the city or village." Payments in lieu of taxes made by public power or irrigation districts do not constitute revenues from any "tax" levied by a city or village; rather, these payments are simply required by Nebraska constitutional and statutory provisions which compel these entities to make payments to local government bodies "in lieu of" other taxes. Therefore, we believe in lieu of tax payments received by cities or villages from public power or irrigation districts do not fit under the term "general taxes levied" by cities or villages in Article XIII, Section 2.

Very truly yours,
DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 91046

DATE: May 21, 1991

SUBJECT: LB 829 - Constitutionality of Amendment Exempting From Property Taxation Certain Personal Property of Transportation Common Carriers.

REQUESTED BY: Senator Jerome Warner
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the constitutionality of a proposed amendment to LB 829 which would provide an exemption from property taxation for certain "personal property of transportation common carriers - railroad rolling stock, motor carriers and airplanes." Your question is whether the establishment of an exemption of this type would cure the constitutional defects found by the court in declaring unconstitutional the exemption of railroad rolling stock under LB 7 in Natural Gas Pipeline Co. v. State Bd. of Equal., 237 Neb. 357, 466 N.W.2d 461 (1991) ("NGPL").

In NGPL, the per curiam majority held, in part, that the exemption of railroad rolling stock established under LB 7 (1989 Neb. Laws, Spec. Sess.) created an unreasonable classification in violation of the prohibition against special legislation in Neb. Const. art. III, § 18, and violated the uniformity clause of Neb. Const. art. VIII, § 1. 237 Neb. at 371, 466 N.W.2d at 470. The court quoted the following language from State ex rel. Cone v. Bauman, 120 Neb. 77, 82-83, 231 N.W. 693, 695 (1930), setting forth the standards to be applied in judging the reasonableness of a legislative classification:

> The rule is well established that the legislature may, for the purpose of legislating, classify persons, places, objects or subjects, but such classification must rest upon some difference in situation or circumstance which, in reason, calls for distinctive legislation

for the class. The class must have a substantial quality or attribute which requires legislation appropriate or necessary for those in the class which would be inappropriate or unnecessary for those without the class.

237 Neb. at 370, 466 N.W.2d at 470.

Applying these principles to the railroad rolling stock exemption created by LB 7, the court stated:

The Legislature's exemption of railroad rolling stock is not based on any real distinction between railroads and other common carriers. If 'size' and 'weight,' mentioned in the Legislature's stated justification for the classification, refer to things which are large and heavy and the 'restrictions or conditions' means that speed is not required, then the expressed legislative justification could just as easily refer to trucks and trucking companies as to railroads. On the other hand, if one thinks in terms of things which are small and light and must be moved quickly, the expressed justification could just as easily refer to airlines and airline companies.

The Legislature's stated justification is illusory. We fail to see any real and substantial difference between personal property used for income production by one type of business and the same type of income-producing personal property used by another type of business.

The Legislature's effort to exempt railroads is not based on a reasonable classification and violates both the proportionality and special legislation requirements of the Nebraska Constitution. There is no reasonable basis for treating railroads differently from other common carriers; therefore, the distinction, as a classification and basis for an exemption from personal property tax, reflected in L.B. 7, results from special legislation prohibited by Neb. Const. art. III, § 18, and violates the uniformity clause of Neb. Const. art. VIII, § 1.

237 Neb. at 371, 466 N.W.2d at 470.

The apparent theory underlying your proposal is that the basis for the court's finding that the exemption of railroad rolling stock under LB 7 was unconstitutional was the court's determination that the classification was unreasonable because it was not "based on any real distinction between railroads and other common carriers." 237 Neb. at 371, 466 N.W. at 470. This interpretation would view the court's declaration that LB 7 was constitutionally prohibited special legislation to be limited to a finding, in effect, that the "class" of railroad rolling stock was unreasonable solely because it was too narrowly drawn due to the non-inclusion of personal property of other common carriers. Your proposed amendment would seek to cure this defect by creating a class of exempt personal property under

the authority vested in the Legislature under Neb. Const. art. VIII, § 2, consisting of personal property of transportation common carriers, specifically, railroad rolling stock, trucks and airplanes.

In our opinion, this proposed "solution" may well rest on an unduly narrow interpretation of the decision in NGPL. First, while it is true the court referred to the absence of any real distinction between railroad rolling stock and trucks and airplanes in striking down the classification in LB 7, it did so in the specific context of discussing how the Legislature's stated justification for the exemption (contained in subsection (3) of LB 7, § 1) was not based on any substantial difference to support the disparate tax treatment of such property. Thus, while the court focused on the expressed justification for the exemption stated in the bill in striking down the rolling stock exemption, it is not at all clear that the court would view exempting all personal property of transportation common carriers as creating a "reasonable" classification for purposes of Neb. Const. art. VIII, § 2. In this regard, we note that, in addition to its discussion of the absence of any justification to differentiate the property of railroads and other common carriers in the manner attempted under LB 7, the court further stated: "We fail to see any real and substantial difference between personal property used for income production by one type of business and the same type of income-producing personal property used by another type of business." 237 Neb. at 371, 466 N.W.2d at 470. This passage may indicate the court views the natural classification requiring uniformity of treatment for property tax purposes as consisting of some broader class of "personal property used for income production," as opposed to your proposal to establish a class of exempt property limited to certain transportation property used by common carriers.[1]

Furthermore, it should be noted that at least three members of the court joined in a concurring opinion in NGPL which reflected the view that the exemption of railroad rolling stock under LB 7 violated Article III, Section 18, for the reason that this exemption, when considered in connection with the extensive exemptions already provided for other commercial and industrial personal property, merely created "even greater discriminatory treatment against that commercial and industrial property which is not exempted." 237 Neb. at 374, 466 N.W.2d at 472 (White and Fahrnbruch, J. J., concurring). The concurrence further stated:

> When property, regardless of whether it is real or tangible personal property, is classified so that it provides exemption from taxation to all but a small amount of property, the classification and exemption may well be unreasonable and arbitrary and may

> fall within the prohibition of Neb. Const. art. III, § 18, which is this state's 'equal protection clause.'

Id. at 375, 466 N.W.2d at 472 (White and Fahrnbruch, J. J., concurring); See also 237 Neb. at 376-77, 466 N.W.2d at 473 (Grant, J. concurring) (joining in concurring opinion of White and Fahrnbruch, J. J.); and 237 Neb. at 381-82, 466 N.W.2d at 476 (Caporale, J., concurring) (stating "there may be merit in much of what the majority has declared with respect to L.B. 7, and perhaps too in much of what Judges White and Fahrnbruch have expressed in that regard, ...").

While the opinions expressed by these members of the court in their concurrences in NGPL are not precedent, and do not represent the holding of a majority of the court, it is nevertheless significant to note that at least three (and possibly four) judges have clearly indicated that, in their view, the invalidity of the exemption for railroad rolling stock under LB 7 extended beyond a mere failure to include such property in a broader class of "personal property of transportation common carriers." Rather, these judges indicated their belief that the classification of property in a manner providing exemption from taxation "to all but a small amount of property" may violate Article III, Section 18. 237 Neb. at 375, 466 N.W.2d at 472 (White and Fahrnbruch, J. J., concurring). In the event that five members of the court were to adhere to this view, it is evident that an attempt to establish as a class of exempt personal property certain property used by transportation common carriers (including railroad rolling stock, trucks, and airplanes), in addition to the various other classifications of exempt personal property currently provided under Nebraska law, would not withstand constitutional scrutiny under Article III, Section 18 and would also likely be viewed as violating the uniformity requirement of Article VIII, Section 1. It is impossible to tell, of course, if five members would adopt this interpretation if squarely faced with this issue.[2]

In sum, while it is possible to narrowly construe the court's basis for declaring the exemption of railroad rolling stock under LB 7 to be unconstitutional special legislation in violation of Neb. Const. art. III, § 18 (and the uniformity clause of Neb. Const. art. VIII, § 1) as being limited to a determination that it was impermissible to establish a class of exempt personal property of this type without including other common carrier personal property, we believe serious questions exist as to the propriety of adopting this limited interpretation. In our view, it is not at all clear that the court would accept as reasonable a classification exempting some personal property used for the production of income (consisting of the types of transportation common carrier personal property previously identified) while other

income-producing personal property remained subject to taxation, at least where the amount of personal property taxed represented a small part of the total amount of personal property of this nature available for taxation.

In light of the views expressed by various members of the court in NGPL relating to this issue, and the nature of the per curiam majority's discussion of LB 7, we cannot provide a definitive answer to the question you have raised. We urge caution, however, in that legislative action taken on the assumption this "narrow" interpretation of the court's basis for declaring LB 7 unconstitutional is correct, such as enactment of your proposed amendment to expand the class of exempt personal property to include other common carrier transportation personal property, would undoubtedly expose substantial future property taxes to risk in the event such action is subsequently declared unconstitutional.

[1] While your amendment seems to contemplate establishing a class exempting "personal property of transportation common carriers," it appears the class would be limited to railroad rolling stock, trucks, and airplanes, as opposed to all personal property owned by railroads, truck companies or air carriers.

[2] Five of the seven judges of the Nebraska Supreme Court must agree to hold a law unconstitutional. Neb. Const. art. V, §2.

Very truly yours,
DON STENBERG

AM2102

(Amendments to AM1909)

1. Strike sections 9 to 22 and insert the following new sections:

"Sec. 9. No importer, manufacturer, or dealer licensed pursuant to 18 U.S.C. 923 shall sell or deliver any handgun to another person other than a licensed importer, manufacturer, dealer, or collector until he or she has:

(1)(a) Inspected a valid certificate issued to such person pursuant to sections 1 to 7 of this act; and

(b) Inspected a valid identification containing a photograph of such person which appropriately and completely identifies such person; or

(2)(a) Obtained a completed consent form from the potential buyer or transferee, which form shall be established by the Nebraska State Patrol and provided by the licensed importer, manufacturer, or dealer. The form shall include only the name, date of birth, gender, race, and social security number or other identification number of such potential buyer or transferee;

(b) Inspected a valid identification containing a photograph of the potential buyer or transferee which appropriately and completely identifies such person;

(c) Requested by toll-free telephone call or other electromagnetic communication that the Nebraska State Patrol conduct a criminal history record check; and

(d) Received a unique approval number for such inquiry from the Nebraska State Patrol indicating the date and number on the consent form.

Sec. 10. (1) Upon receipt of a request for a criminal history record check, the Nebraska State Patrol shall as soon as possible during the licensee's telephone call or by return telephone call:

(a) Review its criminal history records to determine if the potential buyer or transferee is prohibited from receipt or possession of a handgun pursuant to state or federal law; and

(b) Inform the licensee either (i) that its records demonstrate that the potential buyer or transferee is prohibited from receipt or possession of a handgun or (ii) provide the licensee with a unique

approval number.

(2) In the event of electronic failure or similar emergency beyond the control of the Nebraska State Patrol, the patrol shall immediately notify a requesting licensee of the reason for and estimated length of such delay. In any event, no later than the end of the next business day the Nebraska State Patrol shall either (a) inform the licensee that its records demonstrate that the potential buyer or transferee is prohibited from receipt or possession of a handgun or (b) provide the licensee with a unique approval number. If the licensee is not informed by the end of the next business day that the potential buyer is prohibited from receipt or possession of a handgun, and regardless of whether the unique approval number has been received, the licensee may complete the sale or delivery and shall not be deemed to be in violation of sections 9 to 22 of this act with respect to such sale or delivery.

(3) A fee of three dollars shall be charged for each request of a criminal history record check required pursuant to section 9 of this act, which amount shall be transmitted monthly to the Nebraska State Patrol. Such amount shall be for the purpose of covering the costs of the criminal history record check.

Sec. 11. (1) Any records which are created by the Nebraska State Patrol to conduct the criminal history check containing any of the information set forth in subdivision (1) of section 9 of this act pertaining to a potential buyer or transferee who is not prohibited from receipt or transfer of a handgun by reason of state or federal law shall be confidential and may not be disclosed by the patrol or any officer or employee thereof to any person. The Nebraska State Patrol shall destroy any such records as soon as possible after communicating the unique approval number and, in any event, such records shall be destroyed within forty-eight hours after the date of receipt of the licensee's request.

(2) Notwithstanding the provisions of this section, the Nebraska State Patrol shall only maintain a log of dates of requests for criminal history record checks and unique approval numbers corresponding to such dates for not to exceed one year.

(3) Nothing in this section shall be construed

to allow the state to maintain records containing the names of licensees who receive unique approval numbers or to maintain records of handgun transactions, including the names or other identification of licensees and potential buyers or transferees including persons not otherwise prohibited by law from the receipt or possession of handguns.

Sec. 12. The Nebraska State Patrol shall establish a toll-free telephone number which shall be operational seven days a week between 8 a.m. and 10 p.m. for purposes of responding to requests under section 9 of this act. The Nebraska State Patrol shall employ and train such personnel as is necessary to expeditiously administer the provisions of sections 9 to 22 of this act.

Sec. 13. Any person who is denied the right to purchase or receive a handgun as a result of procedures established by sections 9 to 22 of this act may request amendment of the record pertaining to him or her by petitioning the Nebraska State Patrol. If the Nebraska State Patrol fails to amend the record within seven days, the person requesting the amendment may petition the county court of the county in which he or she resides for an order directing the patrol to amend the record. If the person proves by a preponderance of the evidence that the record should be amended, the court shall order the record be amended. If the record demonstrates that such person is not prohibited from receipt or possession of a handgun by state or federal law, the Nebraska State Patrol shall destroy any records it maintains which contain any information derived from the criminal history record check.

Sec. 14. The Nebraska State Patrol shall adopt and promulgate rules and regulations to ensure the identity, confidentiality, and security of all records and data provided pursuant to sections 9 to 22 of this act.

Sec. 15. A licensed importer, manufacturer, or dealer shall not be required to comply with the provisions of subdivision (2) of section 9 and sections 10 to 22 of this act in the event of:

(1) Unavailability of telephone service at the licensed premises due to (a) the failure of the entity which provides telephone service in the state, region,

or other geographical area in which the licensee is located to provide telephone service to the premises due to the location of such premises or (b) the interruption of telephone service by reason of hurricane, flood, natural disaster, other act of God, war, riot, or other bona fide emergency or reason beyond the control of the licensee; or

(b) Failure of the Nebraska State Patrol to comply reasonably with the requirements of sections 9 to 22 of this act.

Sec. 16. Compliance with sections 9 to 22 of this act shall be a defense by the Nebraska State Patrol and the licensee transferring a handgun in any cause of action under the laws of this state for liability for damages arising from the importation or manufacture, or the subsequent sale or transfer, of any handgun which has been shipped or transported in interstate or foreign commerce to any person who has been convicted in any court of any crime punishable by a term of more than one year.

Sec. 17. Sections 9 to 22 of this act shall not apply to any transfer involving an antique handgun.

Sec. 18. Any licensed importer, manufacturer, or dealer who knowingly and intentionally requests a criminal history record check from the Nebraska State Patrol for any purpose other than compliance with sections 9 to 22 of this act or knowingly and intentionally disseminates any criminal history record information to any person other than the subject of such information shall be guilty of a Class I misdemeanor.

LEGISLATIVE BILL 802. Placed on General File as amended.
Standing Committee amendment to LB 802:
AM2028

1. Strike the original sections and insert the following new sections:

"Section 1. That section 81-2025, Revised Statutes Supplement, 1990, be amended to read as

follows:

81-2025. (1) Every officer who has been in the employ of the state as ~~such~~ an officer and who becomes disabled and physically unfit to perform the duties of an officer shall be entitled to retire and receive an annuity as provided by law.

(2) Every officer who has been in the employ of the state as ~~such~~ an officer for twenty years or more ~~and has attained the age of fifty years or more~~ shall be entitled to retire and receive an annuity as provided by law. The right to retire ~~at~~ prior to the age of fifty years shall be at the option of the officer, but such retirement shall be mandatory upon the officer attaining the age of sixty years.

(3) Any officer who has attained the age of sixty years upon his or her separation from state service but who has not been in the employ of the state for twenty years as ~~such~~ an officer shall be entitled to the annuity as provided for in sections 81-2014 to ~~81-2034~~ 81-2036.

(4) Payment of any benefit provided under such sections ~~81-2014 to 81-2034~~ may not be deferred later than the sixtieth day after the end of the year in which the officer has both attained at least age seventy and one-half years and terminated his or her employment with the Nebraska State Patrol.

(5) The effective date of retirement payments shall be the first day of the month following (a) the date a member qualifies for retirement as provided in this section or (b) the date upon which a member's request for retirement is received on an application form provided by the system, whichever is later. An application may be filed no more than ninety days in advance of qualifying for retirement.

Sec. 2. That section 81-2026, Revised Statutes Supplement, 1990, be amended to read as follows:

81-2026. (1)(a) Any officer qualified for an annuity as provided in section 81-2025 for reasons other than disability shall be entitled to receive a monthly annuity for the remainder of the officer's life. The amount of the annuity shall be a percentage of the officer's final average monthly salary. For purposes of this computation, final average monthly salary is

defined to be the sum of the officer's total salary during the final three years of service as an officer divided by thirty-six.

(b) For retirement on or after the fifty-fifth birthday of the member, the percentage shall be three percent multiplied by the number of years of service, as calculated in section 81-2033, except that the percentage shall never be greater than seventy-five percent.

(c) For retirement on or after the fiftieth birthday of the member with at least twenty-five years of service as an officer, the percentage shall be three percent multiplied by the number of years of service, as calculated in section 81-2033, except that the percentage shall never be greater than seventy-five percent.

(d) For retirement on or after the fiftieth but prior to the fifty-fifth birthday of the member with less than twenty-five years of service as an officer, the annuity which would apply if the member were age fifty with twenty-five years of service at the date of retirement shall be reduced by five-ninths of one percent for each month the length of service is less than twenty-five years.

(e) For retirement prior to the fiftieth birthday of the member with more than twenty-five years of service as an officer, the annuity which would apply if the member were age fifty with twenty-five years of service at the date of retirement shall be reduced by five-ninths of one percent for each month by which the early retirement date precedes age fifty.

(f) For retirement ~~on or after~~ prior to the fiftieth birthday of the member ~~but prior to the fifty-fifth birthday of the member~~ with twenty-five or less years of service as an officer, the annuity which would apply if the member were age ~~fifty-five~~ fifty with twenty-five years of service at the date of retirement shall be reduced by five-ninths of one percent for each month by which the early retirement date precedes age ~~fifty-five.~~ fifty or the completion of twenty-five years of service, whichever provides the greater benefit.

(g) Any officer who has completed thirty years of service with the Nebraska State Patrol shall have

retirement benefits computed as if the officer had reached age fifty-five. ~~For purposes of this computation, final average monthly salary is defined to be the sum of the officer's total salary during the final three years of service as an officer divided by thirty-six.~~

(2) Any officer qualified for an annuity as provided in section 81-2025 for reasons of disability shall be entitled to receive a monthly annuity for the remainder of the period of disablement as provided in sections 81-2028 to 81-2030. The amount of the annuity shall be fifty percent of the officer's monthly salary at the date of disablement if the officer has completed seventeen or fewer years of service. If the officer has completed more than seventeen years of service, the amount of the annuity shall be three percent of the final monthly salary at the date of disablement multiplied by the total years of service but not to exceed seventy-five percent of the final average monthly salary as defined in subsection (1) of this section. The date of disablement shall be the date on which the benefits as provided in section 81-2028 have been exhausted.

(3) Upon the death of an officer after retirement for reasons other than disability, the officer's surviving spouse, if married to the officer on the date of retirement, shall continue to receive seventy-five percent of the amount of such officer's annuity for the remainder of the surviving spouse's life or until the surviving spouse remarries. If the surviving spouse has a dependent child or children under the age of nineteen years in his or her care, the benefit shall be one hundred percent of the amount of such officer's annuity until such time as the youngest such dependent child attains the age of nineteen years, after which time the benefit shall be reduced to seventy-five percent of the amount of such officer's annuity. If there is no surviving spouse living at the date of the officer's death, the officer's child or children, if any, shall continue to receive seventy-five percent of the amount of such officer's annuity until such time as the youngest such child attains the age of nineteen years. If there is more than one such child under the age of nineteen years at such time, the amount

thereof shall be divided equally among such children under such age and, as they attain the age of nineteen years, only the other child or children under such age shall participate therein. If there is no surviving spouse or no child under the age of nineteen years at the date of the officer's death, the amount of annuities such officer has received under sections 81-2014 to ~~81-2034~~ 81-2036 shall be computed. If such amount is less than the contributions to the ~~fund referred to in section 81-2018~~ State Patrolmen's Retirement Fund made by such officer, plus regular interest, the difference shall be paid to the officer's designated beneficiary or estate. Upon the death of an officer after retirement for reasons of disability, benefits shall be provided as if the officer had retired for reasons other than disability. (b) ~~if~~ If there is no spouse living at the date of the officer's death, his or her child or children, if any, shall continue to receive seventy-five percent of the amount of such officer's annuity until such time as the youngest child attains the age of nineteen years;

annuity for the remainder of his or her life or until he or she remarries. If no benefits are paid to a surviving spouse or dependent children, benefits will be paid as described in subsection (1) of section 81-2031.

The maximum amount shall be adjusted, when necessary, as follows:

(ii) ~~when~~ When the annual benefit is payable under this system to a member who has less than ten years of service under the system, the maximum amount shall be multiplied by a fraction, the numerator of which is the member's number of years of service under the system and the denominator of which is ten.

Sec. 3. This act shall become operative on July 1, 1991.

Sec. 4. That original sections 81-2025 and

81-2026, Revised Statutes Supplement, 1990, are repealed.

ATTORNEY GENERAL'S OPINION

Opinion No. 91047

DATE: May 24, 1991

SUBJECT: Constitutionality of Legislature Act Providing Tax Credits to Producers of Certain Ethanol and Ethanol Coproduct Fuels (LB 754).

REQUESTED BY: Senator Loran Schmit
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested an Attorney General's opinion as to the constitutionality of Legislative Bill 754, an act relating to ethanol fuel. Specifically, you have expressed concern that provisions of LB 754 as amended, together with proposed amendments, would result in a constitutionally impermissible closed class.

LB 754 (the "Bill") provides, among other things, for certain tax credits to be given for each gallon of ethanol or ethanol coproduct produced at a Nebraska plant and to sellers of such Nebraska-produced products. It is our understanding, as stated in your opinion request, only one Nebraska plant currently qualifies for the credits provided for in the Bill. Thus, we must analyze the Bill under article III, §18 of the Constitution of the State of Nebraska.

Article III, §18 provides "The Legislature shall not pass local or special laws in any of the following cases, that is to say: . . . Granting to any corporation, association, or individual any special or exclusive privileges, immunity, or franchise whatever. . . ." Neb.Const. art. III, §18.

A thorough statement of the operation of article III, §18 was set forth recently by the Nebraska Supreme Court in Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991).

> By definition, a legislative act is general, and not special, if it operates alike on all persons of a class or on persons who are brought within the relations and circumstances provided for and if the classification so adopted by the Legislature has a basis in reason and is not purely arbitrary. {Citation omitted}. A legislative act that applies only to particular individuals or things of a class is special legislation. {Citation omitted}. General laws embrace the whole or a subject, with their subject matter of common interest to the whole state. Uniformity is required in order to prevent granting to any person, or class of persons, the privileges or immunities which do not belong to all persons. See 2 N. Singer, Statutes and Statutory Construction §40.07 (4th ed. 1986). It is because the legislative process lacks the safegrounds of due process and the tradition of impartiality which restrain the courts from using their powers to dispense special favors that such constitutional prohibitions against special legislation were enacted. {Citation omitted}.

> A legislative act can violate Neb. Const. art. III, §18, as special legislation in one of two ways: (1) by creating a totally arbitrary and unreasonable method of classification, or (2) by creating a permanently closed class. See City of Scottsbluff v. Tiemann, 185 Neb. 256, 175 N.W.2d 74 (1970).

Id. at 709.

Unreasonable Classification

> The term "class legislation" is a characterization of legislation in contravention of Neb. Const. art. III, 18. State ex rel. Taylor v. Hall, 129 Neb. 669, 262 N.W. 835 (1935). It is that which makes improper discrimination by conferring privileges on a class arbitrarily selected from a large number of persons standing in the same relation to the privileges, without reasonable distinction or substantial difference. 16B C.J.S. Constitutional Law §682 (1985).

Id. at 710.

The applicable test for determining the constitutionality of legislative classifications has been set out succinctly by prior case law.

> "A legislative classification, in order to be valid, must be based upon some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to objects to be classified. Classifications for the purpose of legislation must be real and not illusive; they cannot be based on distinctions without a substantial difference. . . ." . . . "Classification is proper if the special class has some reasonable distinction from other subjects of like general character, which distinction bears some reasonable relation to the legitimate objectives and purposes of the legislation. The question is always whether the things or persons classified by the act form by themselves a proper and legitimate class with reference to the purpose of the act."

Id. at 711 (quoting State ex rel. Douglas v. Marsh, 207 Neb. 598, 609, 300 N.W.2d 181, 187 (1980)).

We find no unreasonable classification problem with the Bill. The class of beneficiaries is based upon a "reason of public policy" and substantial differences in circumstances. See State ex rel. Douglas v. Thone, 204 Neb. 836, 286 N.W.2d 249 (1979). In Thone, the court held a statute which authorized a plan for the development of alcohol plants and facilities in Nebraska did not violate Article III, §18. The court expressly stated the activity authorized (promotion of the use of gasohol) constituted a public purpose. Id. at 842.

Closed Class

The Nebraska Supreme Court, in Haman, also discussed what constitutes a closed class under article III, §18.

"The rule appears to be settled by an almost unbroken line of decisions that a classification which limits the application of the law to a present condition, and leaves no room or opportunity for an increase in the numbers of the class by future growth or development, is special, and a violation of the clause of the constitution above quoted. . . ." City of Scottsbluff v. Tiemann, 185 Neb. 256, 262, 175 N.W.2d 74, 79 (1970) (quoting State v. Kelso, 92 Neb. 628, 139 N.W. 226 (1912)).

LB 754, on its face, does not restrict the class of beneficiaries of the credits to the existing ethanol plant. Rather, the Bill applies to all qualifying fuels "produced in Nebraska." Thus, on its face, the Bill does not violate article III, §18. However, as the Nebraska Supreme Court stated in Haman.

In determining whether a class is closed, this court is not limited to the face of the legislation, but may consider the act's application. See, Axberg v. City of Lincoln, 141 Neb. 55, 2 N.W.2d 613 (1942); Gossman v. State Employees Retirement System, 177 Neb. 326, 129 N.W.2d 97 (1964). In deciding whether a statute legitimately classifies, the court must consider the actual probability that others will come under the act's operation. If the prospect is merely theoretical, and not probable, the act is special legislation. The conditions of entry into the class must not only be possible, but reasonably probable of attainment. Republic Inv. Fund I v. Town of Surprise, 166 Ariz. 143, 800 P.2d 1251 (1990).

Haman, 237 Neb. at 717-718.

Proposed amendment 1472 (AM 1472) to LB 754 would amend Neb.Rev.Stat. §66-1320 to provide that "No new investment may be made or letters of commitment given to an applicant that has not received approval of its final application by April 1, 1991." Section 66-1320 relates to applications for grants or loans under the Ethanol Authority and Development Act to facilitate the construction, acquisition, or expansion of ethanol facilities.

Clearly, nothing in LB 754 prohibits other interested individuals, associations or corporations from entering the ethanol business and receiving the benefits of the credits provided by the Bill. Indeed, a second ethanol plant is reportedly in progress. The possibility of new plants exists with or without continued funding of grants or loans for construction of new plants under §66-1320. Nonetheless, if the Bill is amended so as to cut off such funding for additional plants, a court could find, upon examination of evidence regarding the feasibility of entering the ethanol fuel business without such assistance, that the Bill creates a closed class in light of the improbability of any person or entity benefiting from the bill other than the existing plant or plants.

Consequently, it is our opinion the bill, if amended so as to effectively provide credits only to one or two ethanol plants while substantially reducing the probability of additional future beneficiaries, would be constitutionally suspect under article III, §18.

Sincerely yours,
DON STENBERG
Attorney General

AM2143

1. In AM5164:

a. Strike section 21 and insert the following new sections:

"Sec. 13. That section 77-1736.04, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-1736.04. (1) If a court of competent jurisdiction by final nonappealable order determines that any property tax or penalty, or any part thereof, is unconstitutional for any reason other than the valuation or equalization of the property, the tax or penalty shall be refunded to the person paying the tax or penalty in accordance with section 14 of this act without the necessity of filing a claim therefor.

A person seeking a refund based upon the improper valuation or equalization of the property for any reason shall have properly protested and appealed such valuation or equalization in the manner provided by law.

(2) When the tax or penalty declared

unconstitutional is applicable either throughout the state or in a political subdivision beyond the geographic jurisdiction of the court making the final order, then a court of competent jurisdiction shall mean the Nebraska Supreme Court or any federal court.

(3) An action seeking the declaration that a tax or penalty is unconstitutional shall be brought within the year that the tax or penalty is levied or assessed. A refund shall be provided only to a person who has instituted legal proceedings to declare the tax or penalty unconstitutional. ~~(1) If by judgment or final order of any court of competent jurisdiction in this state, in an action not pending on appeal or error, it has been or shall be adjudged and determined that any real or personal property tax, assessment, or penalty or any part thereof was unconstitutional for any reason other than the valuation of the property and such judgment or order has not been made in time to prevent the collection or payment of such tax, assessment, or penalty, then such tax, assessment, or penalty, whether expended or not, which has been collected pursuant to such unconstitutional tax, assessment, or penalty for the year such tax, assessment, or penalty is determined to be unconstitutional shall, without the necessity of filing a claim therefor, be repaid and refunded in the county where originally paid to the person paying such tax, assessment, or penalty. When the tax, assessment, or penalty so declared unconstitutional is applicable either throughout the state or in a political subdivision beyond the geographic jurisdiction of the court making such declaration of unconstitutionality, then for the purpose of this section, a judgment or final order shall mean a judgment or final order of the Supreme Court. If the tax, assessment, or penalty has not been distributed by the county treasurer, the refund shall be made as soon as practicable, otherwise the refund shall be made within two years after the final judgment is entered declaring such tax, assessment, or penalty as unconstitutional.~~

~~(2) The county assessor shall determine all such refunds due and certify them to the county board. The county board shall certify the refund to the county treasurer who shall pay the same from funds in his or her possession belonging to any political subdivision to~~

~~the extent that any political subdivision profited from the overpayment of taxes by the taxpayer, except that if the county treasurer does not have sufficient funds in his or her possession belonging to the political subdivision or if the governing body of the political subdivision certifies to the county treasurer that the payment of such refunds at that time would seriously interfere with its governmental functions, then the county treasurer shall register the refund as a claim against such political subdivision and issue the person entitled to the refund a receipt for the registration of the refund, which receipt may be applied upon the payment of any tax falling due after the second next succeeding annual levy is made on behalf of such political subdivision, at which time such registration certificate shall be charged against funds accruing to such political subdivision. It shall be the responsibility of the governing body of each political subdivision to determine the amount of the liability of such political subdivision for refunds and to make provision in its budget therefor. Multiple tax statements issued to a taxpayer may be combined into one claim.~~

~~(3) For purposes of this section, political subdivision shall include the State of Nebraska or any political subdivision thereof, and if the tax, assessment, or penalty was assessed against property valued by the state, county board and county assessor shall mean the Tax Commissioner. The procedure for refund provided for in this section shall be in addition to refund procedures otherwise authorized by law.~~

~~(4) The county treasurer shall mail the refunds or receipts for registered claims by first-class mail to the last-known address of such taxpayer entitled to the refund or registered claim. If a refund or registered claim is not claimed by June 1 of the year following the year of mailing, then the refund or receipt shall be canceled and the resultant amount credited to the various funds originally charged.~~

~~(5) The county treasurer shall not be responsible for seeking out taxpayers entitled to such refunds if the amount of the refund is two dollars or less. A taxpayer requesting a refund or registered claim either by mail or in person in any amount shall be~~

~~paid by the county treasurer.~~

Sec. 14. The following procedure shall apply when making a property tax refund:

(1) Within thirty days of the entry of a final nonappealable order or other action approving a refund, or, for property valued by the state, within thirty days of a recertification of value by the Tax Commissioner pursuant to section 77-1775 or 77-1775.01, the county assessor shall determine the amount of refund due the person entitled to the refund, certify that amount to the county treasurer, and send a copy of such certification to the person entitled to the refund. Within thirty days from the date the county assessor certifies the amount of the refund, the county treasurer shall notify each political subdivision of its respective share of the refund. Notification shall be by first-class mail, postage prepaid, to the last-known address of record of the political subdivision. The county treasurer shall pay the refund from funds in his or her possession belonging to any political subdivision which received any part of the tax or penalty being refunded. If sufficient funds are not available or the political subdivision within thirty days of the mailing of the notice by the county treasurer certifies to the county treasurer that a hardship would result and create a serious interference with its governmental functions if the refund of the tax or penalty is paid, the county treasurer shall register the refund or portion thereof which remains unpaid as a claim against such political subdivision and shall issue the person entitled to the refund a receipt for the registration of the claim. The certification by a political subdivision declaring a hardship shall be binding upon the county treasurer.

(2) The refund of a tax or penalty or the receipt for the registration of a claim made or issued pursuant to this section shall be satisfied in full as soon as practicable, and in no event later than three years from the date the final order or other action approving a refund is entered. The governing body of the political subdivision shall make provisions in its budget for the amount of any refund or claim to be satisfied pursuant to this section. If a receipt for the registration of a claim is given: (a) Such receipt shall be applied to satisfy any tax levied or assessed

by that political subdivision next falling due from the person holding the receipt after the second next succeeding levy is made on behalf of the political subdivision following the final order or other action approving the refund; and (b) to the extent the amount of such receipt exceeds the amount of such tax liability, the unsatisfied balance of the receipt shall be paid and satisfied within the three-year period prescribed in this subsection from a combination of a credit against taxes anticipated to be due to the political subdivision during such period and cash payment from any funds expected to accrue to the political subdivision pursuant to a written plan to be filed by the political subdivision with the county treasurer no later than thirty days after the claim against the political subdivision is first reduced by operation of a credit against taxes due to such political subdivision. If a political subdivision fails to fully satisfy the refund or claim prior to the second next succeeding levy following the entry of a final nonappealable order or other action approving a refund, interest shall accrue on the unpaid balance commencing on the second next succeeding levy following such entry or action at the rate set forth in section 45-103.

(3) The county treasurer shall mail the refund or the receipt by first-class mail, postage prepaid, to the last-known address of the person entitled thereto. Multiple refunds to the same person may be combined into one refund or credit. In the case of a refund of two dollars or less, the county treasurer shall apply the amount as a credit to any tax levied or assessed by the political subdivision next falling due but if no taxes are due, the amount shall be refunded in the manner prescribed in this section.

(4) When the refund involves property valued by the state, the Tax Commissioner shall be authorized to negotiate a settlement of the amount of the refund or claim due pursuant to this section on behalf of the political subdivision from which such refund or claim is due. Any political subdivision which does not agree with the settlement terms as negotiated may reject such terms, and the refund or claim due from the political subdivision then shall be satisfied as set forth in this section as if no such negotiation had occurred.

(5) In the event that the Legislature appropriates state funds to be disbursed for the purposes of satisfying all or any portion of any refund or claim, the Tax Commissioner shall order the disbursement of such refund amount directly to the person entitled to the refund in partial or total satisfaction of such person's claim.

Sec. 15. Section 77-1736.04 and section 14 of this act are expressly intended to apply to all claims for refund of any property taxes currently pending on the operative date of this section.

Sec. 29. There is hereby appropriated (1) $64,642,000 from the General Fund for FY1991-92 and (2) $32,331,000 from the General Fund for FY1992-93 to the State Treasurer, for Program 121, to aid in carrying out the provisions of this act.

No expenditures for permanent and temporary salaries and per diems for state employees shall be made from funds appropriated in this section.

Sec. 30. There is hereby appropriated (1) $600,000 from the General Fund for FY1991-92 and (2) $250,000 from the General Fund for FY1992-93 to the Department of Revenue, for Program 102, to aid in carrying out the provisions of this act.

"Sec. 21. That section 77-3512, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-3512. ~~(1)~~ It shall be the duty of each

owner who applies for the homestead exemption provided in sections 77-3507 to 77-3509 to file an application therefor with the county assessor of the county in which the homestead is located after January 1 and on or before April 1. Failure ~~, and failure~~ to do so shall constitute a waiver of the exemption for that year, except that the county board of the county in which the homestead is located may, by majority vote, extend the deadline to on or before April 20. An extension shall not be granted to an applicant who received an extension in the immediately preceding year.

~~(2) It shall be the duty of each owner who applies for the homestead exemption provided in subdivision (1) of section 77-3509.04 to file an application therefor with the county assessor of the county in which the homestead is located on or before September 1, 1989, for tax year 1989. Failure to comply with this subsection shall constitute a waiver of the exemption.~~

Sec. 22. That section 77-3513, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-3513. (1) ~~For the tax year 1988, it shall be the duty of each claimant who wants a homestead exemption provided in sections 77-3507 to 77-3509 to file an application therefor with the county assessor on or before April 1, 1988, and failure to do so shall constitute a waiver of the exemption for such year. The application shall include a certification of disability status as required by sections 77-3508 and 77-3509.~~

~~(2)~~ Except as required by section 77-3514, if an owner is granted a homestead exemption as provided in section 77-3507 or 77-3509 or subdivision (1)(b), (c), (d), or (e) of section 77-3508, no reapplication need be filed for succeeding years, in which case the county assessor and Tax Commissioner shall determine whether the claimant ~~shall qualify~~ qualifies for the homestead exemption in such succeeding years as otherwise provided in sections 77-3501 to 77-3529 as though a claim were made.

~~(3)~~ (2) It shall be the duty of each claimant who wants the homestead exemption provided in subdivision (1)(a) of section 77-3508 to file an application therefor with the county assessor on or

before April 1 of each year. Failure ~~, and failure~~ to do so shall constitute a waiver of the exemption for such year, except that the county board of the county in which the homestead is located may, by majority vote, extend the deadline to on or before April 20. An extension shall not be granted to an applicant who received an extension in the immediately preceding year.

Sec. 23. That section 77-3514, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-3514. ~~Commencing January 1, 1989, a~~ A claimant who is the owner of a homestead which has been granted an exemption under sections 77-3507 to 77-3509, except subdivision (1)(a) of section 77-3508, shall certify to the county assessor ~~by~~ on or before April 1 of each year that a change in the homestead exemption status has occurred or that no change in the homestead exemption status has occurred. The county board of the county in which the homestead is located may, by majority vote, extend the deadline to on or before April 20. An extension shall not be granted to an applicant who received an extension in the immediately preceding year. For purposes of this section, change in the homestead exemption status shall include any change in the name of the owner, ownership, residence, occupancy, marital status, veteran status, or rating by the ~~Veterans' Administration of the~~ United States Department of Veterans Affairs~~,~~ or any other change that would affect the qualification for or type of exemption granted, except income checked by the Tax Commissioner under section 77-3517. In addition, a claimant who is the owner of a homestead which has been granted an exemption under sections 77-3507 to 77-3509 may notify the county assessor by August 15 of each year of any change in the homestead exemption status occurring in the preceding portion of the calendar year as a result of a transfer of the homestead exemption pursuant to sections 77-3509.01 and 77-3509.02. If by his or her failure to give such notice any property owner permits the allowance of the homestead exemption for any year, or in the year of application in the case of transfers pursuant to sections 77-3509.01 and 77-3509.02, after the homestead exemption status of such property has changed, an amount equal to the amount of the taxes

lawfully due but not paid by reason of such unlawful and improper allowance of homestead exemption, together with penalty and interest on such total sum as provided by statute on delinquent ad valorem taxes, shall be due and shall upon entry of the amount thereof on the books of the county treasurer be a lien on such property while unpaid. Such lien may be enforced in the manner provided for liens for other delinquent taxes. Any person who has permitted the improper and unlawful allowance of such homestead exemption on his or her property shall, as an additional penalty, also forfeit his or her right to a homestead exemption on any property in this state for the two succeeding years.

Sec. 24. That section 77-3516, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-3516. The county assessor shall examine each application for homestead exemption filed with him or her for an exemption pursuant to sections 77-3507 to 77-3509 or section 77-3509.04 and shall determine, except for the income test, whether or not such application should be approved or rejected. If the application is approved, the county assessor shall mark the same approved and sign the application and, for applications under section 77-3509.04, shall also make the proper deduction on the assessment rolls. In case he or she finds that the exemption should not be allowed by reason of not being in conformity to law, the county assessor shall mark the application rejected and state thereon the reason for such rejection and sign the application. In any case when the county assessor rejects an application for exemption, he or she shall notify the applicant of such action by mailing written notice to the applicant at the address shown in the application, which notice shall be mailed not later than the fourth Monday in April of each year, except that in cases of a change in ownership or occupancy from January 1 through August 15, ~~or~~ an application under section 77-3509.04, or a late application authorized by the county board, the notice shall be sent within a reasonable time. The notice shall be on forms prescribed by the Tax Commissioner.

The Tax Commissioner may at any time review all other information in order to determine whether the application should be accepted. If the county assessor's and Tax Commissioner's determination is that the application should be accepted, then the county assessor shall make the proper deduction on the assessment rolls. If the Tax Commissioner's determination is that the application does not meet all the requirements, he or she shall notify the applicant of the action by mailing written notice to the applicant at the address shown on the application. Late applications authorized by the county board shall be processed in a similar manner after approval by the county assessor.

Sec. 26. That original sections 77-3512 to 77-3514, 77-3516, and 77-3517, Reissue Revised Statutes of Nebraska, 1943, are repealed.".

AM2167

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. That at the general election in November 1992 there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska by amending Article III, section 24, which is hereby proposed by the Legislature:

CIII-24 '~~The~~ Except as provided in this section, the Legislature shall not authorize any game of chance~~, nor~~ or any lottery~~,~~ or gift enterprise when the consideration for a chance to participate involves the payment of money for the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time. For purposes of this section, entertainment, or an extension thereof, shall not be considered property or services.

The Legislature~~, except that it~~ may authorize and regulate a state lottery and other lotteries, raffles, and gift enterprises ~~which~~ if such other lotteries, raffles, and gift enterprises are intended solely as business promotions or the proceeds of which are to be used solely for charitable or community betterment purposes without profit to the promoter of such lotteries, raffles, or gift enterprises.

Because of the uncertainty of the amount of revenue to be generated from a state lottery, the revenue received from such state lottery shall be credited to a separate lottery account and shall not be credited to the General Fund. The Legislature may annually appropriate an amount from the lottery account for purposes of establishing, promoting, and maintaining the state lottery and for any other purposes approved by a majority of the members of the Legislature notwithstanding any other provision of this Constitution. To the extent that funds in the lottery account are insufficient in any year to meet the legislative appropriation from the fund, the State of Nebraska shall not be responsible for the shortfall and

the Legislature may not appropriate or pledge any funds from the lottery account in any future year.

Nothing in this section shall be construed to prohibit the enactment of laws providing for the licensing and regulation of wagering on the results of horseraces, wherever run, either within or outside of the state, by the parimutuel method, when such wagering is conducted by licensees within a licensed racetrack enclosure, or to prohibit the enactment of laws providing for the licensing and regulation of bingo games conducted by nonprofit associations which have been in existence for a period of five years immediately preceding the application for license, except that bingo games cannot be conducted by agents or lessees of such associations on a percentage basis.'.

Sec. 2. That the proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

'A constitutional amendment to authorize the Legislature to establish a lottery which is operated and regulated by the state, to provide that the revenue from such lottery be credited to a separate lottery account, and to limit appropriations from the lottery account.

For

Against'.

Sec. 3. That the proposed amendment, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.".

RESOLUTIONS

LEGISLATIVE RESOLUTION 200. Introduced by Landis, 46.

WHEREAS, the strength and vitality of this nation's financial marketplace has depended in large part upon the separate regulation of state and federally chartered banks; and

WHEREAS, the dual banking system has fostered creativity and innovation at the state level which has often led to the development of banking products, services, and laws which ultimately benefit citizens nationwide; and

WHEREAS, these state-originated innovations include checking accounts, interstate banking, NOW accounts, expedited funds availability, truth-in-savings laws, credit card disclosure laws, and electronic funds transfers; and

WHEREAS, state legislatures and state banking regulators are best able to evaluate and respond to the needs and characteristics of local markets, businesses, and communities; and

WHEREAS, the dual banking system has ensured that states have the authority and flexibility to respond to specific local needs, changes in technology, and increased competition from both foreign businesses and nonbanking entities; and

WHEREAS, under this nation's dual banking system, the President of the United States, the Congress, and federal regulatory

officials have traditionally limited their direct regulation of financial institutions to those organized under federal law; and

WHEREAS, in recognition of the primacy of state legislatures and state bank regulators with respect to the regulation of state-chartered financial institutions, federal law has historically been drafted and interpreted so as to not intrude upon the regulatory authority of state legislatures and state bank regulators; and

WHEREAS, the Nebraska Legislature has always emphasized the need to maintain a safe, sound, and healthy banking industry; and

WHEREAS, the Nebraska Department of Banking and Finance has estimated that it regulates two hundred eighty state-chartered commercial banks having aggregate assets of approximately eight billion, four hundred-thirty million dollars; and

WHEREAS, the citizens, industries, and businesses of Nebraska, and of the entire nation, benefit from the dynamics of the dual banking system and its unique and complimentary system of state and federal banks and regulators, which system is similar to our system of government; and

WHEREAS, congressional proposals which hinder the dual banking system would limit these benefits.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature affirms its continued support for and commitment to any proposals which would strengthen or continue the dual banking system.

2. That the Legislature expresses its opposition to any proposals which would weaken or eliminate the dual banking system.

3. That the Legislature urges the Nebraska congressional delegation and the rest of the United States Congress to prevent or defeat any such proposals.

4. That copies of this resolution be sent to the members of the Nebraska congressional delegation.

Laid over.

ATTORNEY GENERAL'S OPINION

Opinion No. 91049

DATE: May 30, 1991

SUBJECT: LB 614; Does Proposed Redistricting Plan Violate the Federal Voting Rights Act or Pertinent State and Federal Constitutional Provisions?

REQUESTED BY: Senator Emil Beyer
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 614 is a current redistricting bill proposing new legislative districts in the State of Nebraska. As amended by the Government, Military, and Veterans Affairs Committee of the Legislature, LB 614 would establish various legislative districts in conformance with the 1990 census, including Legislative District No. 8 with a total population of 31,647, Legislative District No. 11 with a total population of 31,598, and Legislative District No. 13 with a total population of 31,880. Each of those latter legislative districts would be located in Douglas County, and those legislative districts would have the following percentages of African American residents: District No. 8--13.10 percent, District No. 11--73.40 percent, and District No. 13--27.26 percent.

You are apparently concerned that the composition of District 11 might involve the practice of "packing" where protected minority residents are packed into one district so as to diminish their potential influence in other districts. Conversely, you are concerned that the composition of Districts 13 and 8 might involve "cracking" where the voting strength of minority residents is diluted by placing them in separate districts rather than in one particular district where their influence might be maximized. You have, therefore, requested our opinion as to whether either of these practices might violate the Voting Rights Act of 1965, the Federal Constitution, or the Nebraska Constitution. We assume that your question is posed with respect to Legislative Districts 8, 11, and 13 as established by LB 614.

Section 2 of the Federal Voting Rights Act of 1965, as amended in 1982, provides as follows:

> (a) No voting qualification or prerequisite to voting or standard, practice, or procedure shall be imposed or applied by any State or political subdivision in a manner which results in a denial or abridgement of the right of any citizen of the United States to vote on account of race or color, or in contravention of the guarantees set forth in section 4(f)(2), as provided in subsection (b).
>
> (b) A violation of subsection (a) is established if, based on the totality of the circumstances, it is shown that the political processes leading to nomination or election in the State or political subdivision are not equally open to participation by members of a class of citizens protected by subsection (a) in that its members have less opportunity than other members of the electorate to participate in the political process and to elect representatives of their choice. The extent to which members of a protected class

have been elected to office in the State or political subdivision is one circumstance which may be considered: Provided, That nothing in this section establishes a right to have members of a protected class elected in numbers equal to their proportion in the population.

Section 2 is codified at 42 U.S.C. § 1973. The United States Supreme Court had occasion to deal with Section 2 of the Voting Rights Act in Thornburg v. Gingles, 478 U.S. 30 (1986). That case establishes the criteria for proving a violation of Section 2.

In Thornburg, the Supreme Court indicated that Section 2 prohibits states from imposing any voting procedures which result in the denial or abridgement of the right to vote of any citizen who is a member of a protected class of racial or language minorities. Id. at 43. The essence of a Section 2 claim "is that a certain electoral law, practice or structure interacts with social or historical conditions to cause an inequity in the opportunities enjoyed by black and white voters to elect their preferred representatives." Id. at 47. Section 2 is violated when the "totality of circumstances" indicates that the political processes leading to nomination or election are not equally open to members of a protected class. Id. at 43. Whether the political processes are equally open depends upon a "searching practical evaluation" of the "past and present reality" and on a "functional" view of the political process. Id. at 45.

Thornburg and subsequent cases in this area have indicated that three factors must initially be established in a Section 2 action for that case to proceed. Thornburg v. Gingles, supra; Solomon v. Liberty County Florida, 899 F.2d 1012 (11th Cir. 1990) Jeffers v. Clinton, 730 F.Supp. 196 (E.D. Ark. 1989) Neal v. Coleburn, 689 F.Supp. 1426 (E.D. Va. 1988). First, the plaintiff minority must show that it is sufficiently large and geographically compact to constitute a majority in a single-member district. Thornburg, 478 U.S. at 50. Second, the minority group in question must be able to show that it is politically cohesive. Thornburg, 478 U.S. at 51. Third, the minority group must be able to show that the white majority votes sufficiently as a block to enable it, in the absence of special circumstances, to usually defeat the minority's preferred candidate. Thornburg, 478 U.S. at 51.

If this threshold showing is met, then there are a number of other factors which a court may consider in determining whether the "totality of circumstances" indicates that a violation of Section 2 of the Voting Rights Act has occurred. Those factors, set out in the Senate Report which accompanied the 1982 amendment to the Voting Rights Act, include:

{t}he history of voting-related discrimination in the State or political subdivision; the extent to which voting in the elections of

> the State or political subdivision is racially polarized; the extent to which the State or political subdivision has used voting practices or procedures that tend to enhance the opportunity for discrimination against the minority group, such as unusually large election districts, majority vote requirements, and prohibitions against bullet voting; the exclusion of members of the minority group from candidate slating processees; the extent to which minority group members bear the effects of past discrimination in areas such as education, employment, and health, which hinder their ability to participate effectively in the political process; the use of overt or subtle racial appeals in political campaigns; and the extent to which members of the minority group have been elected to public office in the jurisdiction. The Report notes also that evidence demonstrating that elected officials are unresponsive to the particularized needs of the members of the minority group and that the policy underlying the State's or the political subdivision's use of the contested practice or structure is tenuous may have probative value.

Thornburg, 478 U.S. at 44-45 (citations omitted). In sum, the process for determining whether a violation of Section 2 of the Voting Rights Act has occurred is a complex endeavor, and can be described as follows:

> If lines are drawn that limit the number of majority-black single-member districts, and reasonably compact and contiguous majority-black districts could have been drawn, and if racial cohesiveness in voting is so great that, as a practical matter, black voters' preferences for black candidates are frustrated by this system of apportionment, the outlines of a Section 2 theory are made out. Whether such a claim will succeed depends on the particular factual context, including all of the factors that Thornburg, Smith, and the legislative history of Section 2 say are relevant.

Jeffers v. Clinton, supra, 730 F.Supp. at 205.

In the present instance, we believe that "packing" a legislative district or "cracking" minority voters among several legislative districts would constitute a violation of the Voting Rights Act of 1965 if the facts surrounding such activities were to establish the threshold criteria and other factors set out in the Thornburg case and subsequent authorities. However, the factual determination required by those cases is clearly an intense, fact-driven determination.[1] We obviously do not have such detailed facts before us with respect to the proposed legislative districts in Omaha and the "past and present reality" of any discrimination in those areas. As a result, we cannot provide any definitive answer as to whether the proposed legislative

districts in LB 614 violate the Voting Rights Act of 1965. Such a determination would necessarily turn on a multitude of facts that we simply do not have available.

We would note, however, with respect to your concern regarding "packing" in District 11, that, in at least two instances, courts have held that 80 percent minorities in a particular district are not automatically unreasonable or cause for concern with respect to Section 2 of the Voting Rights Act. Latino Political Action Committee, Inc. v. City of Boston, 784 F.2d 409 (1st Cir. 1986) Rybicki v. State of Board of Elections, 574 F.Supp. 1147 (N.D. Ill. E. Div. 1983). On this basis, 73.4 percent minorities in District 11 would appear acceptable.

You have also asked whether the situation involving minority concentrations in proposed Districts 8, 11, or 13 violates the Federal Constitution. As a rule, discriminatory apportionment practices involve a violation of the Fourteenth and Fifteenth Amendments to the United States Constitution dealing with equal protection and the right of citizens to vote. To show a violation of either the Fourteenth or Fifteenth Amendments, it is necessary to establish that there was purposeful discrimination or racially motivated discriminatory intent. City of Mobile, Alabama v. Bolden, 446 U.S. 55 (1980) Whitfield v. Democratic Party of the State of Arkansas, 890 F.2d 1423 (8th Cir. 1989). We have no reason to believe that Legislative Districts 8, 11, and 13 in LB 614 were designed with racially motivated discriminatory intent. In any event, we are aware of no facts which would support such a showing, and, in the absence of such a factual determination, we cannot state whether the districts proposed by LB 614 violate the Federal Constitution.

Finally, you ask whether LB 614 violates our Nebraska Constitution. Article III, Sections 5 and 7 of the Nebraska Constitution deal with redistricting in Nebraska. The various Nebraska cases dealing with those provisions primarily concern numerical equality among legislative districts and the mechanics of drawing district boundaries. See Buller v. City of Omaha, 164 Neb. 435, 82 N.W.2d 578 (1957); Rogers v. Morgan, 127 Neb. 456, 256 N.W. 1 (1934). The proposed legislative districts at issue here have a very slight variance in total population, and we believe that they would comply with the requirements of numerical equality. Beyond those cases dealing with simple numerical equality, we have been unable to find any Nebraska cases which involve violations of the equal protection guarantees of our State Constitution in the context of racial discrimination and redistricting. However, there is at least some indication that such an equal protection violation under our State Constitution would involve purposeful discrimination as is the

case in the federal authorities cited above. State v. Bird Head, 204 Neb. 807, 285 N.W.2d 698 (1979). Absent such purposeful discrimination, there would be no violation of our State Constitution.

[1] For example, in Jeffers v. Clinton, 730 F.Supp. 196 (E.D. Ark. 1989), a case under Section 2, the court heard evidence for twelve days. Id. at 198. Similarly, in Garza v. County of Los Angles, 918 F.2d 763 (9th Cir. 1990), the district court held a three month bench trial. Id. at 766.

Sincerely yours,
DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 91050

DATE: May 31, 1991

SUBJECT: Constitutionality of Bill Appropriating Funds to Pay Commonwealth Depositors After Legally Amending the State Tort Claims Act to Permit Large Tort Claims to be Heard by the Legislature Rather than the State Claims Board.

REQUESTED BY: Senator Loran Schmit
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
John R. Thompson, Deputy Attorney General

In your May 21, 1991 letter you asked for clarification of certain aspects of Opinion No. 91042 to Senator Coordsen dated May 20, 1991. More specifically, you asked whether the Legislature could constitutionally appropriate money to pay certain large tort claims after finding that the State of Nebraska was liable for damages incurred by the claimants. Your question assumes that tort claims of $5 million or more could constitutionally be heard directly by the Legislature and that a process was enacted to do so.

We believe the answer to your question is yes. However, we also believe we should offer some further comments for your consideration.

If a majority of the Legislature wishes to pay additional funds to Commonwealth Depositors to reimburse them for their losses, it should do so in a manner that will be sustained by the courts. Otherwise the result will be additional unsuccessful litigation and disappointment. As we have previously stated, a constitutional amendment would be one way to constitutionally authorize additional payment.

If the Legislature pursues the tort claim process as you have proposed, you should be aware of the following legal issues which you will need to deal with concerning Tort Claim No. 91-310, which is the apparent subject of your proposed appropriation.

1. Under current state law, payment as you suggest in your question would be legal only to the extent that there is tort liability of the State of Nebraska which is not barred by the two-year statute of limitations, Neb.Rev.Stat. §81-8,227 (1990 Cum. Supp.). It would be important that the Legislature in its findings and deliberations make an adequate record to show the specific acts of negligence of the State of Nebraska employees, when these acts occurred, how these acts caused the loss, and a detailed computation of the damages caused by such negligence since the District Court of Lancaster County would still be required to review the legislative appropriation under Neb.Rev.Stat. §81-8,211 (1990 Cum. Supp.) and since a court challenge similar to the one in Haman v. Marsh, 237 Neb. 699, ___ N.W.2nd ___(1991), might also be initiated.

2. State liability for tort claims is limited to negligent or wrongful acts or omissions by employees of the state, Neb.Rev.Stat. §81-8,210(4) (1990 Cum. Supp.). Tort Claim No. 91-310 primarily alleges negligent acts or omissions of the Commonwealth receiver, who for the past four years has been Mr. Badami. Mr. Badami is not and has not been an employee of the state. If the Legislature is of the opinion that the state is liable for Mr. Badami's acts, it should make a factual record to support that determination.

We raise these issues not to stand in the way of any payments to Commonwealth depositors, but to suggest that if a majority of the Legislature sincerely wants to reimburse Commonwealth depositors in some additional amount, it is in the best interests of everyone concerned to find legal and constitutional procedures for doing so. In that context, we would again refer you to Opinion No. 91036 dated May 6, 1991 to Senator Chris Beutler with respect to amendments to LR 24CA which discusses some legal ways for accomplishing that purpose. We also suggest that should any such payment be made, there should be detailed procedures for payment and releases to insure that the interests of the depositors and the State of Nebraska are both adequately protected.

In conclusion, we express no legal opinion regarding the tort liability of the state in this case. That is a decision in the first instance for the State Claims Board, or under your proposal, for the Legislature to make. Mr. Lamb asked unanimous consent to print the following amendment to LB 719 in the Journal. No objections. So ordered.

AM2286

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. The Legislature finds that there are rivers and streams in Nebraska which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values and which should be preserved and protected for the benefit and enjoyment of present and future generations. The Legislature further finds that the Nebraska Natural Resources Commission is the most appropriate agency for providing such protection and that current Nebraska law does not provide the commission with sufficient capability to provide such protection. Current statutory authority needs to be expanded and additional authority needs to be provided to allow the appropriate protective measures.

Sec. 2. (1) The Nebraska Natural Resources Commission may designate as a protected stream all or a

portion of any river or stream which possesses one or more of the values recognized in section 1 of this act and for which the commission concludes that protection of those values is in the public interest. The commission shall make such designation by adopting a resolution specifying the upper and lower ends of the reach or reaches so designated, the reasons and purposes for the designation, and the use restrictions within the protected stream corridor necessary to protect such river or stream.

(2) The designation and the use restrictions shall have the full force and effect of law until changed by the commission or the Legislature.

(3) After the resolution has been adopted, the counties in which all or a part of a protected stream corridor is located shall enforce the use restrictions specified in the resolution. Any city or village which has zoning jurisdiction over all or a part of a protected stream corridor shall enforce the use restrictions specified in the resolution.

(4) For purposes of this section, protected stream corridor shall mean all of the portion of the river or stream and all land within one-half mile of each side of the designated reach of the river or stream as measured from the ordinary high-water mark.

Sec. 3. The Nebraska Natural Resources Commission, on its own motion or upon the request of any county presented in the form of a duly adopted resolution by the county, shall investigate all or any portion of a river or stream to determine if it possesses one or more of the values recognized in section 1 of this act.

Prior to adopting a resolution designating a protected stream pursuant to section 2 of this act, the commission shall hold a public hearing. Public notice of the hearing shall be given at least once each week for two consecutive weeks prior to the hearing date in a newspaper of general circulation.

Sec. 4. That section 2-1507, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1507. In addition to the duties and powers otherwise conferred by law upon the Nebraska Natural Resources Commission, it shall have the following duties

and powers: (1) To offer such assistance as may be appropriate to the Water Management Board and to the supervisors or directors of any subdivision of government with responsibilities in the area of natural resources conservation, development, and use in the carrying out of any of their powers and programs; (2) to keep the supervisors or directors of each such subdivision informed of the activities and experience of all other such subdivisions and to facilitate cooperation and an interchange of advice and experience between such subdivisions; (3) to coordinate the programs of such subdivisions so far as this may be done by advice and consultation; (4) to secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this state, in the work of such subdivisions; (5) to disseminate information throughout the state concerning the activities and programs of such subdivisions; (6) to plan, develop, and promote the implementation of a comprehensive program of resource development, conservation, and utilization for the soil and water resources of this state in cooperation with other local, state, and federal agencies and organizations; (7) when necessary for the proper administration of the functions of the department, to rent or lease space outside the State Capitol; ~~and~~ (8) to assist such local governmental organizations as villages, towns, cities, counties, and natural resources districts in securing, planning, and developing information on flood plains to be used in developing regulations and ordinances on proper use of these flood plains; and (9) to carry out sections 1 to 3 of this act relating to protected streams.

AM2286

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. The Legislature finds that there are rivers and streams in Nebraska which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values and which should be preserved and protected for the benefit and enjoyment of present and future generations. The Legislature further finds that the Nebraska Natural Resources Commission is the most appropriate agency for providing such protection and that current Nebraska law does not provide the commission with sufficient capability to provide such protection. Current statutory authority needs to be expanded and additional authority needs to be provided to allow the appropriate protective measures.

Sec. 2. (1) The Nebraska Natural Resources Commission may designate as a protected stream all or a portion of any river or stream which possesses one or more of the values recognized in section 1 of this act and for which the commission concludes that protection of those values is in the public interest. The commission shall make such designation by adopting a resolution specifying the upper and lower ends of the reach or reaches so designated, the reasons and purposes for the designation, and the use restrictions within the protected stream corridor necessary to protect such river or stream.

(2) The designation and the use restrictions shall have the full force and effect of law until changed by the commission or the Legislature.

(3) After the resolution has been adopted, the counties in which all or a part of a protected stream corridor is located shall enforce the use restrictions specified in the resolution. Any city or village which has zoning jurisdiction over all or a part of a protected stream corridor shall enforce the use restrictions specified in the resolution.

(4) For purposes of this section, protected stream corridor shall mean all of the portion of the river or stream and all land within one-half mile of

each side of the designated reach of the river or stream as measured from the ordinary high-water mark.

Sec. 3. The Nebraska Natural Resources Commission, on its own motion or upon the request of any county presented in the form of a duly adopted resolution by the county, shall investigate all or any portion of a river or stream to determine if it possesses one or more of the values recognized in section 1 of this act.

Prior to adopting a resolution designating a protected stream pursuant to section 2 of this act, the commission shall hold a public hearing. Public notice of the hearing shall be given at least once each week for two consecutive weeks prior to the hearing date in a newspaper of general circulation.

Sec. 4. That section 2-1507, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

2-1507. ATTORNEY GENERAL'S OPINION

Opinion No. 91051

DATE: June 4, 1991

SUBJECT: Legislative Resolution 24CA; Will Certain Proposed Constitutional Language Allow Payment of Industrial Savings Depositors Out of State Lottery Proceeds?

REQUESTED BY: Senator Loran Schmit
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

Legislative Resolution 24CA would propose constitutional amendments to the voters of Nebraska with respect to the operation

of a state lottery. Under Section 1 of Legislative Resolution 24CA, the following language would be added to Article III, Section 24 of our state constitution:

> The Legislature may establish a lottery to be operated and regulated by the State of Nebraska. The proceeds of the lottery shall be appropriated by the Legislature for the costs of establishing and maintaining the lottery and for other purposes as directed by the Legislature. No lottery game shall be conducted as part of the lottery unless the type of game has been approved by a majority of the members of the Legislature.

Section 1 of Legislative Resolution 24CA would also add the following additional language to Article III of the Nebraska Constitution:

> If the Legislature establishes a lottery operated and regulated by the state pursuant to this Constitution, the Legislature may use the proceeds or a portion of the proceeds from such lottery to compensate depositors of industrial loan and investment companies for unreimbursed losses of guaranteed deposits held by industrial loan and investment companies which filed for bankruptcy or entered receivership after November 1, 1983, notwithstanding any other provision of this Constitution. The Legislature shall not be empowered to make appropriations to compensate such depositors pursuant to this provision after July 1, 1997.

Section 2 of Legislative Resolution 24CA apparently contemplates that these two proposed constitutional amendments shall be submitted to the citizens of this state separately, so as to allow the voters to make a decision independently on both provisions.

You have now requested our opinion concerning two questions involving Legislative Resolution 24CA. We received your opinion request at 2:00 p.m. on the afternoon of the 88th day of the current 90-day legislative session. Moreover, your request states, "since this issue will be up almost immediately, please respond as quickly as possible." Obviously, these time frames do not allow any deliberate consideration of the issues which you have raised. Nevertheless, we will endeavor to respond to your opinion request.

You first ask whether the language in Legislative Resolution 24CA which allows the spending of lottery funds "for other purposes as directed by the Legislature" would allow the Legislature to spend lottery money for purposes which would otherwise be prohibited by the constitutional provisions cited in Haman v. Marsh, 237 Neb. 699, ___ N.W.2d ___ (1991). In Haman, our state supreme court indicated that a previous plan for the repayment of depositors who lost funds when certain industrial savings institutions failed was

unconstitutional as a violation of Article III, Section 18 of the Nebraska Constitution prohibiting special legislation, and Article XIII, Section 3 of the Nebraska Constitution prohibiting lending the credit of the state.

In Nebraska, constitutional amendments added to our state constitution must be construed and harmonized with all other provisions of the constitution so as to give effect to every section and clause as well as to the whole instrument. Banner County v. State Board. of Equalization and Assessment, 226 Neb. 236, 411 N.W.2d 35 (1987). As a result, the initial portion of Legislative Resolution 24CA quoted above would be read in conjunction and in harmony with Article III, Section 18 and Article XIII, Section 3 of the Nebraska Constitution. That language would not suspend those constitutional provisions unless it specifically so provided in some fashion. The proposed language at issue allowing payment of lottery funds "for other purposes as directed by the Legislature" does not, standing alone, suspend the operation of Article III, Section 18 and Article XIII, Section 3. Therefore, if only the initial portion of Legislative Resolution 24CA were added to the Nebraska Constitution, those other constitutional provisions would remain in effect, and the Legislature could not spend lottery money for purposes prohibited in Haman.

You next ask if the Legislature would be specifically prohibited from paying money for Commonwealth purposes under the first portion of Legislative Resolution 24CA quoted above should the initial lottery proposal be enacted by the voters and should the provision dealing with Commonwealth fail. For the reasons discussed above, we believe that the initial portion of Legislative Resolution 24CA is insufficient to allow payment of depositors of industrial savings institutions from lottery proceeds. This would be even more true if the voters were to specifically reject the Commonwealth payment proposal in the second part of Legislative Resolution 24CA. Therefore, for depositors to be paid under Legislative Resolution 24CA, the citizens of Nebraska must pass that portion of the proposed constitutional amendments making provision for such payment.

Sincerely yours,
DON STENBERG

Opinion No. 91052

June 3, 1991

Senator Douglas A. Kristensen
District No. 37
State Capitol
Lincoln, NE 68509

Dear Senator Kristensen:

Because of the very short time remaining before adjournment of the Legislature, we have chosen to answer your request letter dated May 30, 1991, with this letter (unofficial) opinion, enclosing copies of certain previous official opinions which we think have bearing on your questions.

Your first question is: What is the nature and status of the Nebraska Railway Council as established by LB 783 of the 1991 session, as amended? Because section 12 there provides that it is a body politic and corporate and not a state agency, we believe the Council is not an agency of the state. Our courts have, in the past, talked of quasi-public entities. This is a term which covers a multitude of situations, and we believe that it is probably the proper terminology for the Council. The term "quasi-public entity", however does not necessarily mean that it is a part of the state.

Your second question is whether the language contained in section 12, together with other sections, suffices to shield the state from liability. We believe that it does, especially with the Beutler amendment (No. 2539). Your attention is directed to Opinion No. 277 dated April 4, 1980, having to do with distribution of gasoline tax revenues. It indicates that it is the activity rather than the name of an organization which determines public or private character and that Legislative intent is to be given great weight. The purpose of the Council is to facilitate the operation of a common carrier, and we believe it goes without saying that this would be a public purpose. This section deals with Article XIII, section 3 rather than Article XI, section 1, but the latter also turns on the question of public or private character. We also believe that the public nature of providing the services of a common carrier is easily distinguished from a private purpose such as was commented upon in Opinion No. 66, dated April 5, 1983, indicating that public funds could not be used for the erection of signs advertising specific private businesses. In any event,

we believe an appropriation to the Council would not be improper. See Opinion No. 89049, dated May 11, 1989, which is attached.

Your third and fourth questions deal with an agency which might be set up to contract with the Council to run a railroad. But LB 783 does not provide for such an agency. It only establishes the Nebraska Railway Council and the Division of Railroads.

Because there is no provision for the operating body, its form cannot be anticipated. It is speculative to presume municipalities or governmental subdivisions would be a part of it. For this reason, we feel that it would be premature to address the third and fourth questions at this time.

We hope that this very rushed response to your inquiry is of assistance to you.

Very truly yours,
DON STENBERG

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, NE 68509

Dear Madam President and Senators:

I have returned LB 843 without my signature and with my objections.

At my inauguration as Governor, I already had a high regard for the Legislature as an institution and for individual Senators. That respect has grown even more during the session as I have watched the Legislature work. Like any major issue, the budget which you have enacted reflects tremendous effort undertaken with the best interests of our citizens uppermost in mind, even though it does not mesh always with my own priorities which I presented to you in January.

The main defect in LB 843 and the other budget bills, collectively, stems not from these differences in priorities but from a clear sense of fiscal realities. The nature of the legislative process makes it difficult for Senators to reject fellow Senators' spending proposals in the face of strong and effective arguments as separate issues. A Governor's duty in the last hectic days of the session is to treat all the spending measures as a single package and make those reductions which are necessary to balance the budget. Accordingly, I have made line-item vetoes in LB 843 which total $3,362,752 in FY92 and $3,101,690 in FY93. These reductions in LB 843, together with other vetoes, are essential if we are to hold spending to a sustainable level. The economy and state general fund revenues are still highly uncertain. Every item added back into the budget increases the chances that we will spend ourselves into a special session for

mid-year budget cuts which are far more disruptive than a budget that is disciplined from the start.

The attached table lists the specific items in LB 843 which are part of my veto. It is not my purpose to chastise the Legislature for wanting to fund them or to assert that none has any merit. Instead, this list represents the outcome of an intense and comprehensive review of all the spending bills that have passed. Those items on this list and other lists pertaining to other bills are there because of a reassessment of their need, questions about their efficacy, a reluctance to expand state government in the current fiscal environment, or a decision that the program just did not rank sufficiently high as a priority.

Without a doubt, there are choices I made which will disappoint individual Senators and citizens. For that, I can only express my regret. As you consider these line-item reductions to the budget, I only request that you keep the total fiscal picture in mind and assign, as I do, the highest priority to fiscally responsible government.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 845 with my signature but with line-item reductions. I have reduced the appropriation to the Legislative Council by the amount added on the legislative floor for legislative employees. The precedent of treating legislative employees differently from other State employees at a time when we are making across-the-board budget reductions and asking unions to live with less is poor public policy. In addition with a proposed reappropriation of nearly $2 million dollars to the Council this additional funding should not be necessary.

I ask your support in sustaining this veto of funds.

Sincerely,

Madam President, Mr. Speaker

Dear Madam President and Senators:

I am signing LB 647 but returning LB 647A with line item reductions.

Nebraska students and their families are finding it increasingly difficulty to finance their educational pursuits. Students who choose to attend an independent college or university, whether because the school fits their needs better or because distances and obligations dictate that option, face a particularly difficult situation providing the higher levels of tuition. It is important to me that we continue to allow needy Nebraskans to have a choice regarding postsecondary education.

Resources available for the biennium, however, are severely limited. For that reason, I am vetoing $125,000 from the appropriation for FY 1991-92 and $375,000 from the amount in FY 1992-93. This will leave a $125,000 program for each year of the biennium. It will be possible for the Coordinating Commission to develop the mechanics for the program and begin providing scholarships to students for the fall of 1991.

Sincerely,
(Signed) E. Benjamin Nelson

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 652 with my signature, but with specific line-item reductions.

LB 652 has been referred to as the "trailer" bill, apparently since the appropriations it includes do not have the same priority as items in the mainline budget bills. For that reason, and because of our overall fiscal situation, I have eliminated most of the items included in LB 652. You have received a summary of my budget vetoes which includes the items in LB 652 that have been reduced or eliminated.

Among the items that have been retained are the regional fiberoptic network that will allow several schools in the Sandhills to access advanced subjects via two-way video. This will provide a valuable test of that technology. Also, I have not eliminated funding for the Rural Health Education Network (RHEN) at the University of Nebraska Medical Center. When combined with our previous investments in NEB*SAT, our ability to deliver education to health professionals will be greatly expanded. These investments in technology represent a wise use of our limited resources to improve the lives of many Nebraskans.

Aside from these limited areas of improvement, the magnitude of the reductions I have made to LB 652 are a good indicator of our need to control State expenses while the economy is recovering. I ask for your assistance in this effort.

Sincerely,

June 4, 1991

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol Building
Lincoln, Nebraska 68509

Dear Madam President and Senators:

I am hereby returning LB 760 with my objections and line-item reductions. The appropriations contained in LB 760 had to be reduced in order to insure some funding will be available before FY 95/96 for necessary construction for the Department of Corrections. The bill would have created over $20.0 million of obligations on the Cigarette Tax Fund and on the State General Fund through FY

94/95, and would have implied a commitment beyond that of at least $17.1 million for the Medical Center's project.

I have therefore left only two projects in the bill: the Beadle project at the University of Nebraska--Lincoln and the Copeland Hall project at Kearney State College. The former project is extremely important to the University's research mission, and is largely funded by over $17.5 million of Federal Funds and over $2.5 million of private and internally reallocated University funds. The $6.5 million of State funds is critical to the successful completion of the project.

Included in the State appropriation for the George W. Beadle Center for Genetics and Biomaterials Research is a fulfillment of the non-federal match requirements, in the form of the Utility Extension and Greenhouses. Any additional funds which may become necessary to fulfill the non-federal match requirements or to complete any additional components of the project should come from private funds, local funds, or funds reallocated by the University from other sources. Within the total State, Federal, Local, Private, and University funds available for this project, there is included funding for the additional chilling capacity necessary for the project. Since the University has indicated additional boiler and generator capacity is not necessary, it is not included in the total funds available for this project, and it is expected that no request for such additional capacity will be forthcoming from the University in the foreseeable future.

The latter project at Kearney is necessary to meet the minimum increased space requirements necessitated by enrollment growth and accompanying increases in the number of faculty. It was an extremely difficult decision to not allow the Institute of Agriculture and Natural Resources' projects to remain in LB 760, but funds are simply not available. Since the planning funds for those projects totals only a little over $76,000, there is no objection to the University using alternative funding sources to complete the plans. The projects could then be reviewed in coming years when funds may become available for construction.

I ask your support in sustaining these reductions in an effort to attain an orderly approach to all the State's construction needs in the coming years.

Sincerely,

Madam President, Mr. Speaker

Dear Madam President and Senators:

I am return LB 410 and LB 410A without my signature and with my objections.

LB 410 places in statute the position of a "deputy public counsel for child welfare services". The bill also indicates certain specific duties for that position, apparently in addition to the existing duties of Public Counsel.

Despite the best intentions of the sponsors of LB 410, this is not a wise course. If the Legislature is of the opinion that the Public Counsel needs additional staff or powers, then that question should be addressed broadly. LB 410, in my opinion, does not provide for prudent use of scare State resources.

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Madam President and Senators:

I am returning LB 433 and LB 433A without my signature and with my objection.

LB 433 expands eligibility for the Medicaid Program beyond current federal requirements. For example, the federal government requires us to include pregnant women and children with incomes less than 133% of the federal poverty level, and allows the states the option of including persons up to 185% of that level. LB 433 establishes the 185% eligibility point as the State minimum. The 185% level is also established for children up to age 18 while the federal requirement for this group is 100% of the poverty level. LB 433 also creates a new State mandate for case management services at a cost of several hundred thousand dollars annually.

We have gradually increased Medicaid eligibility in response to federal mandates for several years. Many additional groups of Nebraskans have been added and reimbursement levels to providers have been increased. Our overall State financial picture simply does not allow for adding new persons at this time. Despite pleas from the National Governors' Association and other groups, Congress continues to plan expansions of the Medicaid program.

It is imperative that we maintain control of those programs that have the greatest impact on our State Budget. Medicaid must be at the top of that list. Let's keep our options open so that we may structure Medicaid in a manner consistent with our fiscal situation.

Sincerely,
(Signed) E. Benjamin Nelson

Dear Madam President and Senators:

I am returning LB 724 and LB 724A without my signature and with my objections.

LB 724 creates in statutes, a position of a school nurse consultant within the Department of Health and LB 724A provides funding for that provision from the State General Fund.

My veto is based both on policy and fiscal considerations. Despite the best intentions of the sponsors of LB 724, the bill, in my opinion, does not provide for the most prudent use of currently available scarce state resources. In addition, statutory changes are not needed to undertake such an activity within the Department of Health provided an alternative funding source can be identified for the state nurse consultant position.

I urge you to sustain my veto.

Sincerely,
(Signed) E. Benjamin Nelson

ENROLLED RESOLUTION

LEGISLATIVE RESOLUTION 194. Introduced by Landis, 46.

WHEREAS, the business of insurance is currently regulated almost entirely by the states; and

WHEREAS, the various states, due to their size, economy, and generally dissimilar needs, require individualized regulation; and

WHEREAS, under the existing regulatory system Nebraska's Director of Insurance has responsibilities to regulate the activities of insurers licensed to transact business in this state; and

WHEREAS, the regulatory responsibilities of the director include issuing certificates of authority to transact business in this state, examining insurers for solvency, regulating unfair trade practices and unfair claims settlement practices, licensing and disciplining agents and brokers, and providing information and assistance to the public; and

WHEREAS, the federal McCarran-Ferguson Act leaves the regulation of the business of insurance to the states; and

WHEREAS, the system of state regulation of the insurance industry has proven to be responsive and effective in its protection of each state's residents; and

WHEREAS, organizations such as the National Conference of Insurance Legislators, the National Conference of State Legislatures, and the National Association of Insurance Commissioners work cooperatively with state legislatures and state insurance commissioners to address common needs and problems; and

WHEREAS, H.R. 9 and S. 430 which are being considered by the Congress would repeal essential provisions of the McCarran-Ferguson Act; and

WHEREAS, H.R. 9 and S. 430 would result in federal bureaucracies usurping much of the regulatory authority of the director and the policymaking authority of the Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature hereby respectfully urges the Congress of the United States to reject H.R. 9 and S. 430 or any similar legislation which would infringe upon the authority of Nebraska and every other state to be the principal regulators of insurance companies.

2. That official copies of this resolution be prepared and forwarded to the Speaker of the House of Representatives and President of the Senate of the Congress of the United States and to all members of the Nebraska delegation to the Congress of the United States.

6. The statutory provisions for authorization of expenditure of revenue bond surplus and the authorization of new revenue bond

issues by the University of Nebraska and the State Colleges in Nebraska; and

7. The impact of across-the-board budget reductions to the 1991-93 biennial budget as proposed by the Appropriations Committee of the Legislature and state agency plans to manage within those constraints in FY1992-93.

Dear Mr. O'Donnell:

Engrossed Legislative Bills 732, 732A, 727e, 825, 825A, 51, 51A, and 207e were received in my office on May 31, 1991.

Dear Mr. O'Donnell:

I have returned LB 170 without my signature and with my objections.

The exclusion from the permit process places the state out of compliance with federal law and thus jeopardizes federal funds.

LB 170 allows overweight trucks to travel on the Interstate. Federal law 23 USCS 127 states that the maximum gross weight on the interstate SHALL be 20,000 lbs on one axle. Further, the federal law states that no federal funds will be authorized to any state out of compliance with the federal interstate weight law.

The other concern is one of safety. Without the information and guidance from the Department of Roads provided in the permitting process, overweight trucks would be traveling routes that might include bridges that would not sustain the weight or consistently travel the same roads causing additional stress when truck traffic might be better distributed by the Department.

Sincerely,
(Signed) E. Benjamin Nelson

Dear Mr. O'Donnell:

Engrossed Legislative Bills LB 830 and 830A were received in my office on June 3, 1991.

I have signed these bills with the understanding that my approval does not commit the State to assume any additional funding responsibility in the 1993-95 biennium and beyond for the entitlement of services or case coordination that is to begin on July, 1993 or 1994.

Implementation of the provisions of LB 830 should identify alternate funding sources or reallocation of resources from the current appropriation to fund services to the new population group covered by the bill.

These bills were signed by me on June 7, 1991 and delivered to the Secretary of State.

State Capitol Bldg.
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 579 and LB 579A without my signature and with my objections.

LB 579 would create the State Election Board to oversee state election laws. While some provisions of the bill may be meritorious, an additional bureaucracy would be created that would be costly. Also, provisions of legislation such as this need to be looked at in conjunction with re-codification of the election laws.

In addition to appropriating funds for the State Election Board, LB 579A included funds for the special election had LR 186CA passed. If funds are needed for a special election, the appropriation authorized in LB 579A could not be used because this appropriation is conditioned upon the passage of LR 186CA. For this reason, I am also return LB 579A without my signature and with my objection.

Dear Mr. O'Donnell:

Engrossed Legislative Bills 615, 616, 617, 618, and 619 were received in my office on June 5, 1991. These bills were signed by me on June 10, 1991, and delivered to the Secretary of State.

I have allowed legislation creating new boundaries for legislative districts, LB 614, to become law without my signature. In reviewing the new district boundaries for members of the Unicameral, a number of questions emerge with respect to the commonality of interest in several districts, particularly those in southwest Nebraska. I have also received a number of complaints from citizens about the configuration of the new districts.

Although there is some justification and sentiment for vetoing LB 614, based on the final legislative vote (37-10) it is unlikely that an improved plan would be developed were I to veto the bill and call the Legislature into special session. I have, therefore, allowed the bill to become law without my signature.

Sincerely,

ATTORNEY GENERAL'S OPINION

Opinion No. 91052

DATE: June 5, 1991

SUBJECT: The status of Attorney General Opinion #20, 1983 and Attorney General Opinion #27, 1983 relating to the authority of the Nebraska Legislature to direct the sale of public school lands.

REQUESTED BY: Senator Cudaback

WRITTEN BY: Don Stenberg, Attorney General
David Edward Cygan,
Assistant Attorney General

You have requested that this office review two earlier Attorney General Opinions relating to the authority of the Nebraska Legislature to direct the sale of public school lands and their application to LB 223.

In Opinion No. 20 (#83020), which became official on February 9, 1983, the question of whether the Legislature could constitutionally direct and limit the sale or rental of School Trust Lands as proposed by certain sections of the then pending legislation was reviewed. The opinion responded in the negative, stating that, to the extent such sections would purport to assume direct control over the public school lands and remove the Board of Educational Lands and Funds' exclusive management and control thereof, said sections would be unconstitutional, null and void.

In Opinion No. 27 (#83027), which became official on February 18, 1983, the issue was whether existing constitutional provisions would allow the Legislature to direct that School Trust Lands be sold "under favorable conditions". The opinion responded in the negative, stating that management and control of Nebraska's School Trust Lands, "including the responsibility for deciding whether or not such lands should be sold," is vested exclusively in the Board of Educational Lands and Funds.

Both of these opinions heavily relied upon the case Belker v. Board of Educational Lands and Funds, 184 Neb. 620, 171 N.W.2d 156 (1969) aff'd on rehearing, 185 Neb. 270, 175 N.W.2d 63 (1970). Belker was a case brought against the State seeking to enjoin the enforcement of two state statutes (Neb.Rev.State. §§72-257 and 72-258 (Rev.Supp. 1967)) as void and unconstitutional. Both statutes directed the Board of Educational Lands and Funds to sell at public auction all lands now owned or hereafter acquired by the State for

educational purposes at the expiration of the present leases. In reviewing the constitutionality of the statute, four of the judges were of the opinion that the statute was unconstitutional as challenged. Three of the judges were of the opinion that it was constitutional. Pursuant to art. V, §2 of the Constitution of Nebraska, no legislative statutes shall be held unconstitutional except by a concurrence of five judges. Thus, although the majority of the court found the act unconstitutional, the requisite number of five judges reaching such a finding was not met. Therefore, the decision of the court was that the statutes were constitutional.

The court's decision in Belker expressly states:

> The central issue in this case, and the only real issue, is whether the Legislature is authorized to direct the sale of all school lands. It is our opinion that the constitutional provision which vests the general management of all school lands and funds and the Board of Educational Lands and Funds 'under the direction of the Legislature' authorized the Legislature to direct the sale of school lands.

Any portion of Opinion 83027 which may be construed to stand for the proposition that the Legislature cannot constitutionally direct the sale of public school lands is incorrect. Therefore, it is within the authority of the Legislature to direct the sale of public school lands under such conditions as the Legislature shall provide. It must be noted, however, the general management of the lands is vested in the Board of Educational Lands and Funds. As noted in Attorney General Opinion #83020, the Legislature may not assume direct control over educational lands. The power of the Legislature to direct the sale of educational lands is not without limits. In directing the sale of trust property, the Legislature may not require the sale in a manner which would cause the Board to violate the fiduciary duties which bind the management of educational lands by the Board. Article VII, §8 of the Constitution of the State of Nebraska states that,

> All funds belonging to the State for educational purposes, the interest and income whereof only are to be used, shall be deemed trust funds . . . notwithstanding any other provision in the Constitution, such funds shall be invested as the Legislature may by statute provide.

Consequently, the State as trustee of the lands and of the income therefrom, is required to administer the trust estate under the rules of law applicable to trustees acting in a fiduciary capacity. Probst v. Board of Educational Lands and Funds, 156 Neb. 226, 55 N.W.2d 653 (1952); See also State ex rel. Ebke v. Board of Educational Lands and Funds, 159 Neb. 79, 65 N.W.2d 392 (1954), and Banks v. State, 181 Neb. 106, 147 N.W.2d 132 (1966).

While LB 223 may be constitutional to the extent that it permits the Legislature to direct the sales of school lands, section 1 of LB 223 is violative of the fiduciary duty placed upon the Board by Article VII, §6 of the Nebraska Constitution. Section 1 of LB 223 directs that the Board of Educational Lands and Funds shall enter into "contracts for the sale" of all Educational Lands over which the Board has general management and control upon the expiration of any leases existing on the effective date of this act. Art. VII, §6 of the Nebraska Constitution provides that no lands now owned or hereafter acquired by the State for educational purposes shall be sold except at public auction under such conditions as the Legislature shall provide. Therefore, sales of these lands by contract as provided by §1 of LB 223 is unconstitutional. The specific procedures for the sale of trust lands already being in the statutes, we cannot give an opinion concerning whether they meet constitutional fiduciary requirements.

Sincerely yours,
DON STENBERG

MESSAGES FROM THE GOVERNOR

June 6, 1991

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Madam President and Senators:

I have returned LB 91 with my signature and LB 91A with my signature, but with line item reductions for Fiscal Year 92/93.

Now that the Legislature has completed its decisions on the State Budget for the next biennium, it has presented me with a document that is not balanced. A number of factors have made it necessary for me to reduce the second year's funding in LB 91A by $8,000,000. These factors include:

a. Net receipts for the current fiscal year have fallen over fourteen million dollars behind projections;

b. The Legislature did not adopt my recommendation for funding LB 829, resulting in a deficit position for that bill alone of four million dollars;
c. The Legislature overrode my vetoes in an amount exceeding $2,500,000 for the next biennium; and
d. The Legislature did not adopt my funding strategy for continuing teacher salary enhancement.

To elaborate on the final point, when I presented my Budget Recommendation to the Legislature in January it included a proposal to fund the costs of continuing teacher salary payments out of the revenues of LB 1059. That proposal was rejected by the Legislature; in fact, specific language was included to prevent that funding option. If the State is to continue the teacher salary enhancements in the future, it may be necessary to examine funding sources again.

The reduction of funding for the second year of the biennium for LB 91A is necessary for us to meet mandatory reserve requirements. The reduction of $8 million is the minimum necessary to balance the budget.

Sincerely,
(Signed) E. Benjamin Nelson
