

longer can they continue to give us that service, and some of the geographic areas and so on, but they do need to be recognized and many, many people appreciate the work and the service that those folks do. I will hope that you would vote for the adoption.

SPEAKER BAACK: Thank you, Senator Nelson. We will now go to Senator Withem.

SENATOR WITHEM: Yes, Mr. Speaker, just, I wanted to stand and speak on this. As the father of the purple ribbon winning snickerdoodle baking individual down at the State Fair this year, I want to also commend Senator Lamb and the 4-H program. My daughter is involved in 4-H, and as an urban dwelling individual who has found the program to be exceptional, I thought maybe to indicate that this is not just a program involving rural people would be somewhat beneficial. So I urge you to support the resolution.

SPEAKER BAACK: Thank you, Senator Withem. Is there any further discussion? Seeing none, Senator Lamb, do you wish to close? Senator Lamb waives closing. We will now proceed to vote on the legislative resolution. All those in favor vote aye, opposed vote no. Have you all voted? Record, Mr. Clerk.

CLERK: 36 ayes, 0 nays, Mr. President, on adoption of LR 28.

SPEAKER BAACK: LR 28 is adopted. We will now proceed to a confirmation report from Senator Rogers.

CLERK: Mr. President, the Agriculture Committee reports on the appointments of Mr. Terrance Terrell and Robert Kelley to the Nebraska Dry Bean Commission. The report is on page 691 of the Journal.

SPEAKER BAACK: Senator Schellpeper, are you going to handle...Senator Schellpeper, are you going to handle this? Okay, Senator Schellpeper.

SENATOR SCHELPEPER: Thank you, Mr. Chairman and members. Senator Rogers is not here this morning. The two people that we have are appointments to the Dry Bean Commission. They are Terrance L. Terrell, and Robert L. Kelley. Mr. Terrell has been a member of the commission since 1987, and Mr. Kelley is a new member of the commission. I would move for their adoption.
