one question for the record, Senator, because I've wound up prosecuting several of those cases and I had an informal rule that I also included some church activities in that. And I realize that probably wasn't (inaudible). Would going to prom be a school sponsored activity?

SENATOR ELMER: Going to a prom?

SENATOR KRISTENSEN: I'm a Minden High School student and I go to the Minden prom.

SENATOR ELMER: It would, if the prom is held on the school premises.

SENATOR KRISTENSEN: Yes. Yes.

SENATOR ELMER: Because that's a school sponsored activity.

SENATOR KRISTENSEN: Would it go to the after party that occurs and sponsored by all the parents that would be at the country club?

SENATOR ELMER: No, it would not.

SENATOR KRISTENSEN: Okay. Would that include a basketball game at Minden High School?

SENATOR ELMER: Yes, it would.

SENATOR KRISTENSEN: Okay. And would that include coming into band practice in the morning?

SENATOR ELMER: Yes, it would.

SENATOR KRISTENSEN: Okay. Would it include going to church for Wednesday night, I don't know, whatever you have, CYO or whatever you might have?

SENATOR ELMER: I would assume only if it was on the direct route home from school.

SENATOR KRISTENSEN: Okay, but it...if it wasn't on the direct route, it wouldn't include that.

SENATOR ELMER: That's right, it would not.
