SPEAKER BAACK: Thank you, Senator Withem.   Any further
discussion? Senator Nelson, do you wish to close?

SENATOR NELSON: I have the answer.   Dealers bring their cars
into them,   and the dealers have a number of cars.   The dealers
only have so many plates, and so they want to keep their plates,
for example, Hamilton Chevrolet, I'll just use as an example,
they only have so many dealers plates and the salesmen, so when
they leave the cars there for them to work on them the dealers
take their plates back.   And so therefore they are without
plates. And that's where the problem is coming in at.   In other
words, the dealer brings the car to them, leaves the car there
for it to be worked on and checked out, the dealer takes his
plate back again because he only has so many plates.   So, in
essence, they are left there without any type plate at all to
test the cars. With that, I hope you can support the amendment.

SPEAKER BAACK: You've heard Senator Nelson's closing. We will
now proceed to vote on the amendment. All those in favor vote
aye, opposed vote no. Record, Mr. Clerk.

you wish to move to readvance the bill.

SENATOR WILL: Mr. Speaker, I move the readvancement of LB 333
to E & R for engrossment.

SPEAKER BAACK: You've heard the motion to readvance. All those

now go back, Senator Warner, who had amendments pending on the
first two bills, is back, so we'll go back to LB 240 and LB 648.
LB 240, first.
