LB 457A, 457

children, that's another problem. Is it being spent down to the local bar, and as you and I know, some of it may be. So they truly do have concerns. But again this is somewhat the case of big brother holding the carrot over our nose, you either do it or there is a possibility of the 7 million dollars. So that's the group, and it's not that I'm bitter towards them in any way, because they are sincere and they just are not able to, in a lot of cases, see their children and still be expected to support them.

PRESIDENT MOUL: Thank you, Senator Nelson. Senator Smith. Senator Schellpeper.

SENATOR SCHELLPEPER: Is there anyone else on the bill?
