

understand will tell them this person was great. Then all of a sudden we're great. That's why we die penniless. We die often in the midst of humiliation. But what I do have to say in this regard, based on the poems that I have been...the rhymes I've been giving to the legislators, I can see why Senator Hall would make his comment. But, based on that comment, the one that I do tomorrow is going to include the name of Senator Hall. Senator Hall, your name will be included in the one tomorrow. And I'm going to find another senator whose last name has one syllable to include with him. I said one. Some people can't count. Senator Kristensen...Senator "Christian" said Wickersham. But, at any rate, I'm glad that Senator Hall supports the amendment. I think it will be accepted. And, as I stated in my presentation, I then will support the attachment of the amendment and the bill.

PRESIDENT MOUL: Thank you, Senator Chambers. We will now vote on the Chambers amendment to the Hall amendment. All those in favor please vote aye, opposed nay. Have you all voted? Please record, Mr. Clerk. Mr. Clerk, would you reopen the board? Have you all voted? Have you all voted? Please record, Mr. Clerk.

CLERK: 25 ayes, 0 nays, Madam President, on adoption of Senator Chambers' amendment.

PRESIDENT MOUL: The amendment to the amendment is adopted. Do you have anything further on the desk, Mr. Clerk? Okay, we will return to debate on the Hall amendment. The senators are to be recognized in the following order. Senator Schmit, Senator Robak, Senator Rasmussen, Dierks, Hartnett and Will. We will go to Senator Robak.

SENATOR ROBAK: Thank you, Madam President, and members of the body, I was going to have a question for Senator Landis but I don't think he is here right now, is he? I wanted to know about his 60 percent/40 percent, I wanted him to lead me through that a little bit more. He kind of lost me there. I do support the Hall amendment. I have, in my district especially, we were talking about...if we're going to talk about loss of revenue to the state, if all my private schools would close up in our district, the cost to our district would be astronomical and the farmers are paying high real estate taxes as it is. We have, one, two, three, four, five, six, seven, eight grade schools and four high schools, Catholic High Schools, so you're talking about a lot of kids and a lot of people that pay taxes. Oh,
