

denied information, and the denial of information to women has been a tactic throughout history to keep them ignorant, docile, superstitious, and controllable. If this information becomes the law, I don't see what could be wrong with informing the woman of the law. So, I will be the fiftieth one, fifty-first one who is necessary to bring about the psychological death of these women, and I will vote no. I will not cast the stone. Senator Labeledz, the only one who is qualified under what Jesus laid down as a standard to cast the stone was the one without sin, that is what he said. Let he that is without sin among you cast the first stone. And notice he said "he". There were no women there because they were the ones being victimized. The only one who met the standard would not cast the stone. I wonder why it is that when people misconstrue the statutes...the scriptures and misread them, it is always on the side of harshness, cruelty, and death. Why is it that those who are the most fundamentalist believers are the ones who want to invoke punishment, terror, and torture...

SPEAKER BAACK: One minute.

SENATOR CHAMBERS: ...on people? They never error on the side of saying that all Jesus came here for was to tell people to love one another, to tell people that you overcome evil with good. You never hear that on this floor. You hear punish, punish, punish. Keep them ignorant, ignorant, ignorant, then punish them for what they do not know because we intentionally keep them ignorant. And that is the Jesus that is being worshipped here, that is the Jesus they pray to every morning. Why, if that is true, you all ought to stay out of here for that prayer every morning the way I do. And if Jesus is more like the one that I touched on, then I'd like to see some of what he taught exemplified here. Because he said you know a tree by the fruit it bears, why do you call me Lord, Lord, and do not the things that I say. So if the tree is known by the fruit it bears, and the fruit is that of cruelty,...

SPEAKER BAACK: Time.

SENATOR CHAMBERS: ...then we know what the tree is.

SPEAKER BAACK: Thank you, Senator Chambers. We will now go to Senator Horgan.

SENATOR HORGAN: Thank you, Mr. Speaker. I, too, would have to
