LB 754, 829, 836, 836A
LR 89

Schellpeper's bill would do it with a little less sales tax, and I don't think we are hurting the people with the income tax. So I would urge you to support Senator Schellpeper's amendment.

SENATOR SCHELLPEPER: Thank you, Senator Robinson. I want to just remind you, again, none of us like to raise any tax. It is not popular to raise anybody's taxes, but we have to do something this year. We have \$90 million we have to make up some way. This is one solution. So I would ask for your support.

SPEAKER BAACK: Senator Schellpeper.

SENATOR SCHELLPEPER: I would ask for a roll call in regular order.

SPEAKER BAACK: We will go ahead and close the board and then reopen again and have everyone check in to make sure they are all here. Everyone please check in. Senator Ashford, would you please record your presence. Senator Chambers, please record your presence. Senator Hillman, please record your presence. Senator Wesely, record your presence, please. We are still looking for Senator Withem and we haven't been able to locate him. He said to go ahead and call the roll. Mr. Clerk, roll call in regular order.

CLERK: (Roll call vote taken. See pages 2158-59 of the Legislative Journal.) 18 ayes, 17 nays, Mr. President.

SPEAKER BAACK: The motion is adopted. Mr. Clerk, do you have items for the record?

CLERK: I do, Mr. President. Mr. President, Enrollment and Review reports LB 836 as correctly engrossed, and LB 836A as correctly engrossed. (See page 2159 of the Legislative Journal.)

A new study resolution by Senator Haberman will be referred to the Executive Board. (See LR 89 on page 2160 of the Legislative Journal.)

Amendments to be printed to LB 754 by Senator Coordsen; and, Mr. President, Senator Schimek would move to reconsider the adoption of the Lamb amendment to LB 829. That is all that I have, Mr. President. (See pages 2160-61 of the Legislative
