

want to say this, people pay the taxes, men, women pay the taxes.

PRESIDENT MOUL: Time.

SENATOR SCHMIT: All the rest of this charade we go through is designed for one purpose and that is for the purpose of shifting from those who do not have influence to do those who do.

PRESIDENT MOUL: Thank you, Senator Schmit. Senator Rogers.

SENATOR ROGERS: Madam President and members, I wholeheartedly endorse this \$50,000. Having served on Revenue Committee ever since I've been down here, we've talked about things like this for years but we've never undertaken a project like this. In regard to Senator Schmit's comments, I hope that the 3-R Committee and who...regardless of who else is on the committee, the other entities, I hope that they won't end up with something like Senator Schmit does and I don't think it will. Like I say, it's something we've talked about for years, where do the taxes come from, who pays the taxes. This is not a committee to actually set the tax policy. It basically, the way I understand it, is to find out where the taxes do come from, then given to this body, then they can act on that as they see fit. Thank you.

PRESIDENT MOUL: Thank you, Senator Rogers. Senator Warner, followed by Senator Hall. Senator Hall.

SENATOR HALL: Thank you, Madam President. Only in response to Senator Schmit's comments about the hearing tomorrow morning, in case I misspoke or did not, I guess, leave a proper perception with individuals, that that hearing begins at eight o'clock but I didn't put a time limit on it and it will last as long as it takes to get input from whomever is able to be there. But, clearly, it will last as long as it needs to and as long as there are people there who want to talk to it. Thank you.

PRESIDENT MOUL: Thank you, Senator Hall. Does anyone else wish to speak to this amendment? Seeing none, do you have closing, Senator Warner?

SENATOR WARNER: Madam President, members of the Legislature, just briefly. This resolution, as has been indicated, actually provides for some data which, whatever happens to the
