LB 142A, 142, 297

expressed by Senator Schmit when we were attempting to do that on LB 142A with a different topic. But I will withdraw my reconsideration motion at this time and we'll discuss this issue at another future time. Thank you.

SPEAKER BAACK: The motion is withdrawn. Do I...we have to have unanimous consent. Is there objection to the withdrawal of the motion? No objection, so ruled. We will now proceed to LB 297, I believe is the next bill with motions on. Is that correct?

CLERK: Mr. President, LB 297, the first motion I have is by Senator Schmit. Senator, you have a motion to return 297 to Select File for a specific amendment. Withdraw? Okay.

SPEAKER BAACK: It is withdrawn. The next item.

CLERK: Mr. President, the next motion I have on the bill is by Senator Robinson. Senator, I had an amendment printed, AM0872. I have a note on that that you wish to withdraw that one and offer AM1080. Is that correct?

SENATOR ROBINSON: No, I want to introduce AM...I want AM1082.

CLERK: 1080.

SENATOR ROBINSON: 1082.

CLERK: 1082.

SENATOR ROBINSON: Do you have a 1082 up there?

CLERK: No, sir, I do not.

SENATOR ROBINSON: It was printed.

CLERK: What page, may I ask?

SENATOR ROBINSON: It's not on here. My aide checked it on the computer this morning.

CLERK: Well, I've got 1080 that's on page 1479 but that's not the one you want.

SENATOR ROBINSON: We can go with that and I can amend that.
