Withem, he makes good points, for myself I don't consider this going beyond today in any way with regard to my relationship to any person in this Legislature and I hope nobody else does. And, secondly, with regard to reaching in and grabbing Omaha districts, the more logical thing to do, of course, is to take the third Sarpy County senator, since two of the Sarpy County senators are in our 1st District, Senator Beyer and Senator Hartnett, and the third Sarpy County senator is Senator Withem who...to whom the offer was made and was rejected. So we made it as logical as we could and perfect logic is not possible in this situation, I assure you, if you start playing around with the people yourself. Thank you.

PRESIDENT MOUL: Thank you, Senator Beutler. Senator Byars.

SENATOR BYARS: Thank you, Madam Chair. I had originally put my light on for a point of clarification from Senator Beutler relative to where Senator Coordsen and I would be living here in the near future, but a point of clarification also. I think under the new redistricting plan I become a Lancaster County senator. Right, Senator Beutler?

SENATOR BEUTLER: If you're not within the city limits of Lincoln, you are close and we like to consider you one, yeah.

SENATOR BYARS: Well, the thing that's important about this is I want to know whether I'm going to have to pick up a share of the tab for the annual Lancaster County party every year.

SENATOR BEUTLER: (Laughter.) I think you probably should continue to share since your constituents will continue to come to the party, hopefully.

SENATOR BYARS: Thank you for that clarification, Senator Beutler.

PRESIDENT MOUL: Thank you, Senator Byars. Senator Lynch.

SENATOR LYNCH: I tell you nobody...Madam President and members, nobody appreciates humor anymore than I do. Here's something that's really funny and I've got to share this with you. Under the four-caucus proposal mentioned by Senator Beutler, which absolutely throws out the integrity of the one-person, one-vote rule, which somebody says isn't necessarily important, I wonder if we could have reorganized our own districts based on anything
