

tax on their vehicle, obviously, that kind of personal property tax is considered different than if you just have a vehicle on your place and all you need it for is to go to town for whatever leisure things might be available for you. If you live in Madison and have to drive to Norfolk and live in North Omaha and have to drive to South Omaha to work, if you live in Beatrice, maybe even have to drive to Lincoln, so simply what this does is remove the personal property on motor vehicles, period. I think it is worth our consideration if we are serious about this personal property tax issue. I think we should want to discuss it, and I think support this effort.

PRESIDENT MOUL: Thank you, Senator Lynch. Before we continue with debate, I would like to call the senators' attention to the area under the north balcony. Special guests today of Senator Coordsen are Marvin Smith and Larry Ernst of Deshler, Nebraska. Please welcome these two men to the Chambers today. Thank you. And seated in the south balcony are special guests of Senator Beyer. They are seven students in grades ten through twelve, who are members of the future problem solvers at Platteview, Nebraska, with their teacher. Would you please stand and be recognized. Welcome to the Chambers. Thank you. I will now recognize Senator Hall, followed by Senators Moore and Morrissey. Senator Hall.

SENATOR HALL: Thank you, Madam President and members. Would Senator Lynch respond to a question real quickly?

PRESIDENT MOUL: Senator Lynch.

SENATOR LYNCH: Sure try, yes, sir.

SENATOR HALL: Dan, does this include any revenue? Do you put the motor vehicle fee back in there or is this just you exempt the personal property and tax that was in place and there is no fee schedule?

SENATOR LYNCH: No, it just takes it off.

SENATOR HALL: Takes it off, thank you very much. Ladies and gentlemen, I rise to oppose the amendment because of the fact that it doesn't include the fee schedule to replace that revenue. It...I am trying to remember what the figures are but it means millions of dollars in terms of...especially some of the more urban areas, it would take and virtually, it's in the
