objections that we've heard about except we have to do it in, what, 12 hours? I suggest that this is not a proposal that ought to be taken seriously. It's a proposal that if we look at where it's coming from, Senator Moore has opposed the amendment consistently from the outset and it is an attempt to oppose the amendment. I don't think that it ought to be viewed as anything other than that because I don't...I think the choices are not good choices to give to the people of the State of Nebraska and I would challenge Senator Moore to suggest that exemption of real estate is a good choice to give to the people of the State of Nebraska. With that, I would urge the rejection of the Moore amendment.
