

isn't realistic at this point?

SENATOR PETERSON: Well, I beg to differ with you. I think trying to make a bad bill, in my estimation, a little better, and I am concerned about, if you are concerned about protecting people, I think you should be just as concerned about protecting the young people that are riding the school buses or any other. Under your bill, right now you got...you may have children that are riding in the back seat of your automobile that are above the child restraint, that are out of a child restraint, 13, 14, 15 year olds, but yet you are not buckling them up, and so you are saying, well, that's fine and to the other children on school buses. So I beg to differ with you. I think this is a good amendment and I'd ask for its adoption. Thank you.

SPEAKER BAACK: You have heard Senator Peterson's closing on his amendment. We will now vote on the amendment. All those in favor vote aye, opposed vote no. Senator Peterson.
