

eyes, is that we're trying to minimize the impact of the overall budget. Obviously, when we're dealing with \$125,000 it's not that major. I think if you adopt my amendment, if Senator Pirsch's amendment...I probably won't vote for it but then it will pass, it will have less impact on the budget. A year from now, in the spring, Senator Lindsay is right, maybe next year we can come up with an overall funding source to fund this program with something other than the General Fund. If not, certainly next year or a year from now we can make a conscious decision on a deficit. At that time, after we know how much has been approved by the Crime Commission, a year from now over and above the \$194,000 which will be in the budget, \$194,000 which will be in the budget, if there's additional claims filed and approved, much like this amendment this year, we could appropriate the money at that time, if that was the decision of the body. Cut Senator Pirsch's amendment in half, appropriate all the money in the first fiscal year to allow the body to fund all those claims that are now pending. And, with that, I would ask for adoption of the amendment.

SPEAKER BAACK: Thank you, Senator Moore. You've heard the closing on the amendment to the amendment offered by Senator Moore. All those in...we will now vote on that amendment. All those in favor vote aye, opposed vote no. Have you all voted? Record, Mr. Clerk.

CLERK: 25 ayes...27 ayes, 1 nay, Mr. President, on adoption of Senator Moore and Bernard-Stevens' amendment.

SPEAKER BAACK: The amendment to the amendment is adopted. Do you have items for the record, Mr. Clerk? Since we have no further amendments on the Pirsch amendment, I think we will try to finish out with this amendment at least to this bill. So we will now be voting on the Pirsch amendment. Senator Pirsch, did you wish to speak to this amendment?

SENATOR PIRSCH: Are there any other speakers?

SPEAKER BAACK: There are no other lights on.

SENATOR PIRSCH: Okay, then I'll make this my closing, if I may, Mr. Speaker.

SPEAKER BAACK: Thank you, Senator Pirsch.
