LB 556, 1022, 1282

And the public believing in the headline writer will say, boy, the Legislature is finally doing something. It goes on across the floor, the Governor signs it unless he thinks this is going to put too big a crimp in him, on him in terms of raising money and spending it.

SENATOR WARNER: One minute.

SENATOR CHAMBERS: So he may not sign the bill, but if he does, then everybody rocks back, the League of Women Voters, Common Cause and all these other groups that are trying to do so much good in the world will sit back, rest in the evening, then lay their head down on the pillow and go to bed and sleep peacefully thinking that something has been done and nothing has been done. I defy anybody who supports this bill to stand on this floor and explain to me how it limits anything and I say nobody on this floor can do that and since it cannot be done, to say that's what the bill does is a gross misrepresentation and I will listen to that person who is going to do that.

SENATOR WARNER: Clerk.

CLERK: Mr. President, amendments to be printed to LB 1282 by Senator Ashford, Senator Lamb to LB 1022. (See pages 1460-61 of the Legislative Journal.)

I have a priority motion. Senator Withem would move to adjourn till Friday morning at nine o'clock.

SENATOR WARNER: The motion to adjourn, Friday morning at nine o'clock. Those in favor signify by saying aye. Opposed nay. Motion is carried. We stand adjourned until 9:00 a.m. Friday morning.
