LB 1138A, 1138

centers is yet to have its rules and regs adopted, five years, you know. We thought maybe a little quicker action on this bill would be in order, so I think the amendment is appropriate. In addition to that, I also thing on the last amendment when we merged the two, it needs to be stated clearly that we do need to further merge the language so there is no questions when this bill is passed with the Attorney General and the department. So Bill Drafting will need to clarify some further language perhaps, but I hope that will be taken care of on E & R because we want no problems with the bill when it is passed. We need to have it moved on quickly and I support this amendment.
