

payments on debts coming due, because of the improper operation of Ak-Sar-Ben. Nobody knows all aspects of that deal, certainly not Senator Will, certainly not myself, certainly not anybody on the floor of this Legislature, because they're not going to tell everything. They know that they have this Legislature under their thumb. They know this Legislature is going to do as it has been directed to do. They know that they have water carriers from Omaha and Douglas County who are going to trot with a bucket of water just where Ak-Sar-Ben tells them to trot. Oh they won't be invited...

SPEAKER BAACK: One minute.

SENATOR CHAMBERS: ...to be king of Ak-Sar-Ben, but they're very capable as water carriers, very capable as messenger persons. They can do that real well. Carrying the mail for the elitists. Carrying the mail for a body of elected officials who said tax money would not be used, and they're using it right now. Oh breh (phonetic) Senator Will, oh breh muchachow (phonetic), mi amigo. I feel sorry for Senator Will because he's so sincere, and I really mean this about Senator Will, I don't think that he's a part of any attempt to run a scam. I think he is an unwitting co-conspirator, but without him it couldn't be done. So, since he's the point person and carrying the water, I have to address some of my comments to him.

SPEAKER BAACK: Time. Senator Abboud.

SENATOR ABOUD: Yes, Mr. President. I have a question for Senator Chambers.

SPEAKER BAACK: Senator Chambers, would you respond, please.

SENATOR CHAMBERS: Yes, I will.

SENATOR ABOUD: Senator Chambers, in the course of this discussion I...I don't know if the body realizes the seriousness of this particular amendment. I just wanted to make it...I wanted to be...clearly understand as exactly what this amendment is. On page 10 of the committee amendment, it strikes...

SENATOR CHAMBERS: Yes.

SENATOR ABOUD: ..."or from operation of the parimutuel system", is that what your amendment does?
