LB 719A, 1063

whatsoever. I'd move that the request the rule be suspended that these items could be considered.

SPEAKER BAACK: Thank you, Senator Warner. Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the body, Senator Warner, do you have any more of your sheets that you say you handed out because I can't find one, thank you. And this was handed out on the what, on the first or second, do you know? Okay, thank...if someone wants this, we can make copies for them. Thank you, Mr. President.

I'm glad to see it in here and I also have another amendment which I would like to incorporate which would address the problem of penalties that will be assessed for those who file improperly. I was in the office until late last night and I received numerous calls from people who were still wondering just exactly when they file and what they file and how do they know what to file and the issue of penalties was raised repeatedly; and so I do have an
