LB 719A, 1063

one of using the current graduated filing...occupation filing fee that we have for a two-year period to raise the amount of money to replace the funds transferred from the Cash Reserve Fund. And, again, it's my impression that this was the concept that was presented to us as a part of the language that was put in LB 1063 in with the ag refund on new and used equipment of sales tax and the elimination of the use of the energy tax and replace that with the fertilizer tax. Again, I would be supportive of the concept as it was proposed to the body at the time that that was done, which I believe is reflected in the Landis amendment.
