

April 3, 1992

LB 719A

this summer on the situation. Maybe if we would do it now, we might find something that would be incorrect at that time. So perhaps it would be best, maybe, to overlook this now and go down the road and study it this summer, come up with the proper solution. We jump into things and we come to a conclusion and I don't like to do this. So, with that I guess, although we know it is probably the best step to change it to the nutrient basis, but I am afraid it might cause more confusion, so, with that, I'd just ask permission for this amendment to be withdrawn. Thank you.

PRESIDENT MOUL PRESIDING

PRESIDENT MOUL: Thank you, Senator Cudaback. The amendment is withdrawn. Next amendment, Mr. Clerk.

CLERK: We are now back to Senator Warner's amendment as amended. Senator Hefner, do you wish to address this? Or, Senator Warner, have you opened on this amendment? Senator Warner.

SENATOR WARNER: Yeah, Madam President, members of the Legislature, just briefly, if I am understanding this correctly, I'd move adoption of the amendment. There are other amendments, which are all drafted to the bill as opposed to the amendment, and with the discussion we have had, I would just move the adoption of this portion, so we can move to those other amendments that are to the bill.

PRESIDENT MOUL: Thank you, Senator Warner. Does anyone else wish to speak to the bill...or to the amendment, itself, the Warner amendment? Senator Wickersham. Senator Schmit. Okay, Senator Warner, was that your closing? Okay, we will now proceed to vote on the Warner amendment. All those in favor please vote aye, opposed nay. Have you all voted on the Warner amendment? Senator Warner.

SENATOR WARNER: Madam President, I guess I'd request a call of the house and a roll call vote to expedite things.

PRESIDENT MOUL: Thank you, Senator Warner. We have a request for a call of the house. All those in favor please vote aye, opposed nay. Please record, Mr. Clerk.

CLERK: 14 ayes, 0 nays to go under call.
